Except as hereinafter provided, every article of foreign origin (or its container, as provided in subsection (b) hereof) imported into the United States shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the article (or container) will permit in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of the article. The Secretary of the Treasury may by regulations—

(1) Determine the character of words and phrases or abbreviations thereof which shall be acceptable as indicating the country of origin and prescribe any reasonable method of marking, whether by printing, stenciling, stamping, branding, labeling, or by any other reasonable method, and a conspicuous place on the article (or container) where the marking shall appear;

(2) Require the addition of any other words or symbols which may be appropriate to prevent deception or mistake as to the origin of the article or as to the origin of any other article with which such imported article is usually combined subsequent to importation but before delivery to an ultimate purchaser; and

(3) Authorize the exception of any article from the requirements of marking if—

(A) Such article is incapable of being marked;

(B) Such article cannot be marked prior to shipment to the United States without injury;

(C) Such article cannot be marked prior to shipment to the United States, except at an

expense economically prohibitive of its importation;

(D) The marking of a container of such article will reasonably indicate the origin of such article;

(E) Such article is a crude substance;

(F) Such article is imported for use by the importer and not intended for sale in its imported or any other form;

(G) Such article is to be processed in the United States by the importer or for his account otherwise than for the purpose of concealing the origin of such article and in such manner that any mark contemplated by this section would necessarily be obliterated, destroyed, or permanently concealed;

(H) An ultimate purchaser, by reason of the character of such article or by reason of the circumstances of its importation, must necessarily know the country of origin of such article even though it is not marked to indicate its origin;

(I) Such article was produced more than twenty years prior to its importation into the United States;

(J) Such article is of a class or kind with respect to which the Secretary of the Treasury has given notice by publication in the weekly Treasury Decisions within two years after July 1, 1937, that articles of such class or kind were imported in substantial quantities during the five-year period immediately preceding January 1, 1937, and were not required during such period to be marked to indicate their origin: *Provided*, That this subdivision shall not apply after September 1, 1938, to sawed lumber and timbers, telephone, trolley, electric-light, and telegraph poles of wood, and bundles of shingles; but the President is authorized to suspend the effectiveness of this proviso if he finds such action required to carry out any trade agreement entered into under the authority of sections 1351, 1352, 1353, 1354 of this title, as extended; or

(A) the exemption under subsection (a)(3)(H) of this section shall be applied by substituting “reasonably know” for “necessarily know”;

(A) Definitions

For purposes of this paragraph:

(i) The term “adverse marking decision” means a determination by the Customs Service which an exporter or producer of merchandise believes to be contrary to Annex 311 of the North American Free Trade Agreement.

(ii) A person may not be treated as the exporter or producer of merchandise regarding which an adverse marking decision was made unless such person—

(I) if claiming to be the exporter, is located in a NAFTA country and is required to maintain records in that country regarding exportations to NAFTA countries; or

(II) if claiming to be the producer, grows, mines, harvests, fishes, traps, hunts, manufactures, processes, or assembles such merchandise in a NAFTA country.

(B) Intervention or petition regarding adverse marking decisions

If the Customs Service makes an adverse marking decision regarding any merchandise, the Customs Service shall, upon written request by the exporter or producer of the merchandise, provide to the exporter or producer a statement of the basis for the decision. If the exporter or producer believes that the decision is not correct, it may intervene in any protest proceeding initiated by the importer of the merchandise. If the importer does not file a protest with regard to the decision, the exporter or producer may file a petition with the Customs Service setting forth—

- (i) a description of the merchandise; and
- (ii) the basis for its claim that the merchandise should be marked as a good of a NAFTA country.

(C) Effect of determination regarding decision

If, after receipt and consideration of a petition filed by an exporter or producer under subparagraph (B), the Customs Service determines that the adverse marking decision—

(i) is not correct, the Customs Service shall notify the petitioner of the determination and all merchandise entered, or withdrawn from warehouse for consumption, more than 30 days after the date that notice of the determination under this clause is published in the weekly Custom Bulletin shall be marked in conformity with the determination; or

(ii) is correct, the Customs Service shall notify the petitioner that the petition is denied.

(D) Judicial review

For purposes of judicial review, the denial of a petition under subparagraph (C)(ii) shall be treated as if it were a denial of a petition of an interested party under section 1516 of this title regarding an issue arising under any of the preceding provisions of this section.

(I) Penalties

Any person who, with intent to conceal the information given thereby or contained therein, defaces, destroys, removes, alters, covers, obscures, or obliterates any mark required under the provisions of this chapter shall—

§ 1305. Immoral articles; importation prohibited

(a) Prohibition of importation

All persons are prohibited from importing into the United States from any foreign country any book, pamphlet, paper, writing, advertisement, circular, print, picture, or drawing containing any matter advocating or urging treason or insurrection against the United States, or forcible resistance to any law of the United States, or containing any threat to take the life of or inflict bodily harm upon any person in the United States, or any obscene book, pamphlet, paper, writing, advertisement, circular, print, picture, drawing, or other representation, figure, or image on or of paper or other material, or any cast, instrument, or other article which is obscene or immoral, or any drug or medicine or any article whatever for causing unlawful abortion, or any lottery ticket, or any printed paper that may be used as a lottery ticket, or any advertisement of any lottery. No such articles whether imported separately or contained in packages with other goods entitled to entry, shall be admitted to entry; and all such articles and, unless it appears to the satisfaction of the appropriate customs officer that the obscene or other prohibited articles contained in the package were inclosed therein without the knowledge or consent of the importer, owner, agent, or consignee, the entire contents of the package in which such articles are contained, shall be subject to seizure and forfeiture as hereinafter provided: *Provided*, That the drugs hereinbefore mentioned, when imported in bulk and not put up for any of the purposes hereinbefore specified, are excepted from the operation of this subdivision: *Provided further*, That the Secretary of the Treasury may, in his discretion, admit the so-called classics or books of recognized and established literary or scientific merit, but may, in his discretion, admit such classics or books only when imported for noncommercial purposes: *Provided further*, That effective January 1, 1993, this section shall not apply to any lottery ticket, printed paper that may be used as a lottery ticket, or advertisement of any lottery, that is printed in Canada for use in connection with a lottery conducted in the United States.

(b)¹ Enforcement procedures

Upon the appearance of any such book or matter at any customs office, the same shall be seized and held by the appropriate customs officer to await the judgment of the district court as hereinafter provided; and no protest shall be taken to the United States Court of International Trade from the decision of such customs officer. Upon the seizure of such book or matter, such customs officer shall transmit information thereof to the United States attorney of the district in which is situated either—

(1) the office at which such seizure took place; or

(2) the place to which such book or matter is addressed;

and the United States attorney shall institute proceedings in the district court for the forfeiture, confiscation, and destruction of the book or matter seized. Upon the adjudication that such book or matter thus seized is of the character the entry of which is by this section prohibited, it shall be ordered destroyed and shall be destroyed. Upon adjudication that such book or matter thus seized is not of the character the entry of which is by this section prohibited, it shall not be excluded from entry under the provisions of this section.

In any such proceeding any party in interest may upon demand have the facts at issue determined by a jury and any party may have an appeal or the right of review as in the case of ordinary actions or suits.

(c)¹ Institution of forfeiture proceedings

Notwithstanding the provisions of subsections (a) and (b) of this section, whenever a customs officer discovers any obscene material after such material has been imported or brought into the United States, or attempted to be imported or brought into the United States, he may refer the matter to the United States attorney for the institution of forfeiture proceedings under this section. Such proceedings shall begin no more than 30 days after the time the material is seized; except that no seizure or forfeiture shall be invalidated for delay if the claimant is responsible for extending the action beyond the allowable time limits or if proceedings are postponed pending the consideration of constitutional issues.

(d) Stay of forfeiture proceedings

Upon motion of the United States, a court shall stay such civil forfeiture proceedings commenced under this section pending the completion of any related criminal matter.

(b)¹ Coordination of forfeiture proceedings with criminal proceedings

(1) Notwithstanding subsection (a) of this section, whenever the Customs Service is of the opinion that criminal prosecution would be appropriate or that further criminal investigation is warranted in connection with allegedly obscene material seized at the time of entry, the appropriate customs officer shall immediately transmit information concerning such seizure to the United States Attorney² of the district of the addressee's residence. No notice to the addressee or consignee concerning the seizure is required at the time of such transmittal.

(2) Upon receipt of such information, such United States attorney shall promptly determine whether in such attorney's opinion the referral of the matter for forfeiture under this section would materially affect the Government's ability to conduct a criminal investigation with respect to such seizure.

(3) If the United States attorney is of the opinion that no prejudice to such investigation will

result from such referral, such attorney shall immediately so notify the Customs Service in writing. The appropriate customs officer shall immediately notify in writing the addressee or consignee of the seizure and shall transmit information concerning such seizure to the United States Attorney² of the district in which is situated the office at which such seizure has taken place. The actions described in paragraphs (1) through (3) of this subsection shall take place within sufficient time to allow for the filing of a forfeiture complaint within 14 days of the seizure unless the United States Attorney² of the district of the addressee's residence certifies in writing and includes specific, articulable facts demonstrating that the determination required in paragraph (2) of this subsection could not be made in sufficient time to comply with this deadline. In such cases, the actions described in paragraphs (1) through (3) of this subsection shall take place within sufficient time to allow for the filing of a forfeiture complaint within 21 days of seizure.

(4) If the United States attorney for the district of the addressee's residence concludes that material prejudice to such investigation will result from such referral, such United States attorney shall place on file, within 14 days of the date of seizure, a dated certification stating that it is the United States attorney's judgment that referral of the matter for forfeiture under this section would materially affect the Government's ability to conduct a criminal investigation with respect to the seizure. The certification shall set forth specific, articulable facts demonstrating that withholding referral for forfeiture is necessary.

(5)(A) As soon as the circumstances change so that withholding of referral for forfeiture is no longer necessary for purposes of the criminal investigation, the United States attorney shall immediately so notify the Customs Service in writing and shall furnish a copy of the certification described in paragraph (4) above to the Customs Service.

(B) In any matter referred to a United States attorney for possible criminal prosecution wherein subparagraph (5)(A) does not apply, the United States attorney shall immediately notify the Customs Service in writing concerning the disposition of the matter, whether by institution of a prosecution or a letter of declination, and shall also furnish a copy of the certification described in paragraph (4) of this subsection to the Customs Service.

(C) Upon receipt of the notification described in subparagraph (A) or (B) of this paragraph, the appropriate customs officer shall immediately notify the addressee or consignee of the seizure and shall transmit information concerning the seizure, including a copy of the certification described in paragraph (4) above and a copy of the notification described in subparagraph (A) or (B) of this paragraph, to the United States attorney of the district in which is situated the office at which such seizure has taken place, who shall institute forfeiture proceedings in accordance with subsection (a) hereof within 14 days of the date of the notification described in subparagraph (A) or (B) above. A copy of the certification described in paragraph (4) above and a

copy of the notification described in subparagraph (A) or (B) of this paragraph shall be affixed to the complaint for forfeiture.

(c)³ Stay on motion

Upon motion of the United States, a court, for good cause shown, shall stay civil forfeiture proceedings commenced under this section pending the completion of any related criminal matter whether in the same or in a different district.

IMPORTATION OF RU-486

Memorandum of President of the United States, Jan. 22, 1993, 58 F.R. 7459, provided:

Memorandum for the Secretary of Health and Human Services

In Import Alert 66-47, the Food and Drug Administration (“FDA”) excluded the drug Mifepristone—commonly known as RU-486—from the list of drugs that individuals can import into the United States for their “personal use,” although the drugs have not yet been approved for distribution by the FDA. (See FDA Regulatory Procedures Manual, Chapter 9-71.) Import Alert 66-47 effectively bans the importation into this Nation of a drug that is used in other nations as a nonsurgical means of abortion.

I am informed that in excluding RU-486 from the personal use importation exemption, the FDA appears to have based its decision on factors other than an assessment of the possible health and safety risks of the drug. Accordingly, I hereby direct that you promptly instruct the FDA to determine whether there is sufficient evidence to warrant exclusion of RU-486 from the list of drugs that qualify for the personal use importation exemption. Furthermore, if the FDA concludes that RU-486 meets the criteria for the personal use importation exemption, I direct that you immediately take steps to rescind Import Alert 66-47.

In addition, I direct that you promptly assess initiatives by which the Department of Health and Human Services can promote the testing, licensing, and manufacturing in the United States of RU-486 or other antiprogestins.

You are hereby authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

- (iii) \$3,000 for each separate negligent violation.

(B) Debarment

The designated authority may prohibit a person from importing, exporting, transporting, distributing, manufacturing, or selling any fur product in the United States, if the designated authority finds that the person has engaged in a pattern or practice of actions that has resulted in a final administrative determination with respect to the assessment of civil penalties for knowing and intentional or grossly negligent violations of any provision of this section or any regulation issued under this section.

(C) Factors in assessing penalties

In determining the amount of civil penalties under this paragraph, the designated authority shall take into account the degree of culpability, any history of prior violations under this section, ability to pay, the seriousness of the violation, and such other matters as fairness may require.

(D) Notice

No penalty may be assessed under this paragraph against a person unless the person is given notice and opportunity for a hearing with respect to such violation in accordance with section 554 of title 5.

(2) Forfeiture

Any dog or cat fur product manufactured, taken, possessed, sold, purchased, offered for sale or purchase, transported, delivered, received, carried, shipped, imported, or exported contrary to the provisions of this section or any regulation issued under this section shall be subject to forfeiture to the United States.

(3) Enforcement

The Secretary of the Treasury shall enforce the provisions of this section with respect to the prohibitions under subsection (b)(1)(A) of this section, and the President shall enforce the provisions of this section with respect to the prohibitions under subsection (b)(1)(B) of this section.

(4) Regulations

Not later than 270 days after November 9, 2000, the designated authorities shall, after notice and opportunity for comment, issue regu-

lations to carry out the provisions of this section. The regulations of the Secretary of the Treasury shall provide for a process by which testing laboratories, whether domestic or foreign, can qualify for certification by the United States Customs Service by demonstrating the reliability of the procedures used for determining the type of fur contained in articles intended for sale or consumption in interstate commerce. Use of a laboratory certified by the United States Customs Service to determine the nature of fur contained in an item to which subsection (b) of this section applies is not required to avoid liability under this section but may, in a case in which a person can establish that the goods imported were tested by such a laboratory and that the item was not found to be a dog or cat fur product, prove dispositive in determining whether that person exercised reasonable care for purposes of paragraph (6).

(5) Reward

The designated authority shall pay a reward of not less than \$500 to any person who furnishes information that establishes or leads to a civil penalty assessment, debarment, or forfeiture of property for any violation of this section or any regulation issued under this section.

(6) Affirmative defense

Any person accused of a violation under this section has a defense to any proceeding brought under this section on account of such violation if that person establishes by a preponderance of the evidence that the person exercised reasonable care—

- (A) in determining the nature of the products alleged to have resulted in such violation; and
- (B) in ensuring that the products were accompanied by documentation, packaging, and labeling that were accurate as to the nature of the products.

(7) Coordination with other laws

Nothing in this section shall be construed as superseding or limiting in any manner the functions and responsibilities of the Secretary of the Treasury under the customs laws of the United States.

(d) Publication of names of certain violators

The designated authorities shall, at least once each year, publish in the Federal Register a list of the names of any producer, manufacturer, supplier, seller, importer, or exporter, whether or not located within the customs territory of the United States or subject to the jurisdiction of the United States, against whom a final administrative determination with respect to the assessment of a civil penalty for a knowing and intentional or a grossly negligent violation has been made under this section.

(e) Reports

In order to enable Congress to engage in active, continuing oversight of this section, the designated authorities shall provide the following:

(1) Plan for enforcement

Within 3 months after November 9, 2000, the designated authorities shall submit to Con-

gress a plan for the enforcement of the provisions of this section, including training and procedures to ensure that United States Government personnel are equipped with state-of-the-art technologies to identify potential dog or cat fur products and to determine the true content of such products.

(2) Report on enforcement efforts

Not later than 1 year after November 9, 2000, and on an annual basis thereafter, the designated authorities shall submit a report to Congress on the efforts of the United States Government to enforce the provisions of this section and the adequacy of the resources to do so. The report shall include an analysis of the training of United States Government personnel to identify dog and cat fur products effectively and to take appropriate action to enforce this section. The report shall include the findings of the designated authorities as to whether any government has engaged in a pattern or practice of support for trade in products the importation of which are prohibited under this section.

FINDINGS AND PURPOSES

Pub. L. 106-476, title I, § 1442, Nov. 9, 2000, 114 Stat. 2163, provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) An estimated 2,000,000 dogs and cats are slaughtered and sold annually as part of the international

fur trade. Internationally, dog and cat fur is used in a wide variety of products, including fur coats and jackets, fur trimmed garments, hats, gloves, decorative accessories, stuffed animals, and other toys.

“(2) The United States represents one of the largest markets for the sale of fur and fur products in the world. Market demand for fur products in the United States has led to the introduction of dog and cat fur products into United States commerce, frequently based on deceptive or fraudulent labeling of the products to disguise the true nature of the fur and mislead United States wholesalers, retailers, and consumers.

“(3) Dog and cat fur, when dyed, is not easily distinguishable to persons who are not experts from other furs such as fox, rabbit, coyote, wolf, and mink, and synthetic materials made to resemble real fur. Dog and cat fur is generally less expensive than other types of fur and may be used as a substitute for more expensive types of furs, which provides an incentive to engage in unfair or fraudulent trade practices in the importation, exportation, distribution, or sale of fur products, including deceptive labeling and other practices designed to disguise the true contents or origin of the product.

“(4) Forensic texts have documented that dog and cat fur products are being imported into the United States subject to deceptive labels or other practices designed to conceal the use of dog or cat fur in the production of wearing apparel, toys, and other products.

“(5) Publicly available evidence reflects ongoing significant use of dogs and cats bred expressly for their fur by foreign fur producers for manufacture into wearing apparel, toys, and other products that have been introduced into United States commerce. The evidence indicates that foreign fur producers also rely on the use of stray dogs and cats and stolen pets for the manufacture of fur products destined for the world and United States markets.

“(6) The methods of housing, transporting, and slaughtering dogs and cats for fur production are generally unregulated and inhumane.

“(7) The trade of dog and cat fur products is ethically and aesthetically abhorrent to United States citizens. Consumers in the United States have a right to know if products offered for sale contain dog or cat fur and to ensure that they are not unwitting participants in this gruesome trade.

“(8) Persons who engage in the sale of dog or cat fur products, including the fraudulent trade practices identified above, gain an unfair competitive advantage over persons who engage in legitimate trade in apparel, toys, and other products, and derive an unfair benefit from consumers who buy their products.

“(9) The imposition of a ban on the sale, manufacture, offer for sale, transportation, and distribution of dog and cat fur products, regardless of their source, is consistent with the international obligations of the United States because it applies equally to domestic and foreign producers and avoids any discrimination among foreign sources of competing products. Such a ban is also consistent with provisions of international agreements to which the United States is a party that expressly allow for measures designed to protect the health and welfare of animals and to enjoin the use of deceptive trade practices in international or domestic commerce.

“(b) PURPOSES.—The purposes of this chapter [chapter 3 (§§1441-1443) of subtitle B of title I of Pub. L. 106-476, see Short Title of 2000 Amendment note set out under section 1654 of this title] are to—

“(1) prohibit imports, exports, sale, manufacture, offer for sale, transportation, and distribution in the United States of dog and cat fur products, in order to ensure that United States market demand does not provide an incentive to slaughter dogs or cats for their fur;

“(2) require accurate labeling of fur species so that consumers in the United States can make informed

choices and ensure that they are not unwitting contributors to this gruesome trade; and

“(3) ensure that the customs laws of the United States are not undermined by illicit international traffic in dog and cat fur products.”

§ 1309. Supplies for certain vessels and aircraft

(a) Exemption from customs duties and internal-revenue tax

Articles of foreign or domestic origin may be withdrawn, under such regulations as the Secretary of the Treasury may prescribe, from any customs bonded warehouse, from continuous customs custody elsewhere than in a bonded warehouse, or from a foreign-trade zone free of duty and internal-revenue tax, or from any internal-revenue bonded warehouse, from any brewery, or from any winery premises or bonded premises for the storage of wine, free of internal-revenue tax—

(1) for supplies (not including equipment) of (A) vessels or aircraft operated by the United States, (B) vessels of the United States employed in the fisheries or in the whaling business, or actually engaged in foreign trade or trade between the Atlantic and Pacific ports of the United States or between the United States and any of its possessions, or between Hawaii and any other part of the United States, or between Alaska and any other part of the United States, or (C) aircraft registered in the United States and actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States; or

(2) for supplies (including equipment) or repair of (A) vessels of war of any foreign nation, or (B) foreign vessels employed in the fisheries or in the whaling business, or actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, where such trade by foreign vessels is permitted; or

(3) for supplies (including equipment), ground equipment, maintenance, or repair of aircraft registered in any foreign country and actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, where trade by foreign aircraft is permitted. With respect to articles for ground equipment, the exemption hereunder shall apply only to duties and to taxes imposed upon or by reason of importation.

The provisions for free withdrawals made by this subsection shall not apply to petroleum products for vessels or aircraft in voyages or flights exclusively between Hawaii or Alaska and any airport or Pacific coast seaport of the United States.

(b) Drawback

Articles withdrawn from bonded warehouses, bonded manufacturing warehouses, continuous customs custody elsewhere than in a bonded

warehouse, or from a foreign-trade zone, imported articles, and articles of domestic manufacture or production, laden as supplies upon any such vessel or aircraft of the United States or laden as supplies (including equipment) upon, or used in the maintenance or repair of, any such foreign vessel or aircraft, shall be considered to be exported within the meaning of the drawback provisions of this chapter.

(c) Articles removed in, or returned to, the United States

Any article exempted from duty or tax, or in respect of which drawback has been allowed, under this section or section 1317 of this title and thereafter removed in the United States from any vessel or aircraft, or otherwise returned to the United States, shall be treated as an importation from a foreign country.

(d) Reciprocal privileges

The privileges granted by this section and section 1317 of this title in respect of aircraft registered in a foreign country shall be allowed only if the Secretary of the Treasury shall have been advised by the Secretary of Commerce that he has found that such foreign country allows, or will allow, substantially reciprocal privileges in respect of aircraft registered in the United States. If the Secretary of Commerce shall advise the Secretary of the Treasury that he has found that a foreign country has discontinued, or will discontinue, the allowance of such privileges, the privileges granted by this section and such section 1317 shall not apply thereafter in respect of aircraft registered in that foreign country.

§ 1311. Bonded manufacturing warehouses

All articles manufactured in whole or in part of imported materials, or of materials subject to

internal-revenue tax, and intended for exportation without being charged with duty, and without having an internal-revenue stamp affixed thereto, shall, under such regulations as the Secretary of the Treasury may prescribe, in order to be so manufactured and exported, be made and manufactured in bonded warehouses similar to those known and designated in Treasury Regulations as bonded warehouses, class six: *Provided*, That the manufacturer of such articles shall first give satisfactory bonds for the faithful observance of all the provisions of law and of such regulations as shall be prescribed by the Secretary of the Treasury: *Provided further*, That the manufacture of distilled spirits from grain, starch, molasses, or sugar, including all dilutions or mixtures of them or either of them, shall not be permitted in such manufacturing warehouses.

Whenever goods manufactured in any bonded warehouse established under the provisions of the preceding paragraph shall be exported directly therefrom or shall be duly laden for transportation and immediate exportation under the supervision of the proper officer who shall be duly designated for that purpose, such goods shall be exempt from duty and from the requirements relating to revenue stamps.

No flour, manufactured in a bonded manufacturing warehouse from wheat imported after ninety days after June 17, 1930, shall be withdrawn from such warehouse for exportation without payment of a duty on such imported wheat equal to any reduction in duty which by treaty will apply in respect of such flour in the country to which it is to be exported.

Any materials used in the manufacture of such goods, and any packages, coverings, vessels, brands, and labels used in putting up the same may, under the regulations of the Secretary of the Treasury, be conveyed without the payment of revenue tax or duty into any bonded manufacturing warehouse, and imported goods may, under the aforesaid regulations, be transferred without the exaction of duty from any bonded warehouse into any bonded manufacturing warehouse; but this privilege shall not be held to apply to implements, machinery, or apparatus to be used in the construction or repair of any bonded manufacturing warehouse or for the prosecution of the business carried on therein.

Articles or materials received into such bonded manufacturing warehouse or articles manufactured therefrom may be withdrawn or removed therefrom for direct shipment and exportation or for transportation and immediate exportation in bond to foreign countries or to the Philippine Islands under the supervision of the officer duly designated therefor by the appropriate customs officer of the port, who shall certify to such shipment and exportation, or lading for transportation, as the case may be, describing the articles by their mark or otherwise, the quantity, the date of exportation, and the name of the vessel: *Provided*, That the by-products incident to the processes of manufacture, including waste derived from cleaning rice in bonded warehouses under the Act of March 24, 1874, ch. 65, 18 Stat. 24, in said bonded warehouses may be withdrawn for domestic consumption on the payment of duty equal to the

duty which would be assessed and collected by law if such waste or by-products were imported from a foreign country: *Provided*, That all waste material may be destroyed under Government supervision. All labor performed and services rendered under these provisions shall be under the supervision of a duly designated officer of the customs and at the expense of the manufacturer.

A careful account shall be kept by the appropriate customs officer of all merchandise delivered by him to any bonded manufacturing warehouse, and a sworn monthly return, verified by the customs officers in charge, shall be made by the manufacturer containing a detailed statement of all imported merchandise used by him in the manufacture of exported articles.

Before commencing business the proprietor of any manufacturing warehouse shall file with the Secretary of the Treasury a list of all the articles intended to be manufactured in such warehouse, and state the formula of manufacture and the names and quantities of the ingredients to be used therein.

Articles manufactured under these provisions may be withdrawn under such regulations as the Secretary of the Treasury may prescribe for transportation and delivery into any bonded warehouse for the sole purpose of export therefrom: *Provided*, That cigars manufactured in whole of tobacco imported from any one country, made and manufactured in such bonded manufacturing warehouses, may be withdrawn for home consumption upon the payment of the duties on such tobacco in its condition as imported under such regulations as the Secretary of the Treasury may prescribe, and the payment of the internal-revenue tax accruing on such cigars in their condition as withdrawn, and the boxes or packages containing such cigars shall be stamped to indicate their character, origin of tobacco from which made, and place of manufacture.

No article manufactured in a bonded warehouse from materials that are goods subject to NAFTA drawback, as defined in section 3333(a) of this title, may be withdrawn from warehouse

for exportation to a NAFTA country, as defined in section 3301(4) of this title, without assessment of a duty on the materials in their condition and quantity, and at their weight, at the time of importation into the United States. The duty shall be paid before the 61st day after the date of exportation, except that upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the article, the customs duty may be waived or reduced (subject to section 1508(b)(2)(B) of this title) in an amount that does not exceed the lesser of—

(1) the total amount of customs duties paid or owed on the materials on importation into the United States, or

(2) the total amount of customs duties paid on the article to the NAFTA country.

If Canada ceases to be a NAFTA country and the suspension of the operation of the United States-Canada Free-Trade Agreement thereafter terminates, no article manufactured in a bonded warehouse, except to the extent that such article is made from an article that is a drawback eligible good under section 204(a) of the United States-Canada Free-Trade Agreement Implementation Act of 1988, may be withdrawn from such warehouse for exportation to Canada during the period such Agreement is in operation without payment of a duty on such imported merchandise in its condition, and at the rate of duty in effect, at the time of importation.

No article manufactured in a bonded warehouse from materials that are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, may be withdrawn from warehouse for exportation to Chile without assessment of a duty on the materials in their condition and quantity, and at their weight, at the time of importation into the United States. § 1312. Bonded smelting and refining warehouses

(a) Bond; charges against bond

Any plant engaged in smelting or refining, or both, of metal-bearing materials as defined in this section may, upon the giving of satisfactory

bond, be designated a bonded smelting or refining warehouse. Metal-bearing materials may be entered into a bonded smelting or refining warehouse without the payment of duties thereon and there smelted or refined, or both, together with metal-bearing materials of domestic or foreign origin. Upon arrival of imported metal-bearing materials at the warehouse they shall be sampled according to commercial methods and assayed, both under customs supervision. The bond shall be charged with a sum equal in amount to the duties which would be payable on such metal-bearing materials in their condition as imported if entered for consumption, and the bond charge shall be adjusted to reflect changes in the applicable rate of duty occurring while the imported materials are still covered by the bond.

(b) Cancellation of charges against bond

The several charges against such bond may be canceled in whole or in part—

(1) upon the exportation from the bonded warehouses which treated the metal-bearing materials, or from any other bonded smelting or refining warehouse, of a quantity of the same kind of metal contained in any product of smelting or refining of metal-bearing materials equal to the dutiable quantity contained in the imported metal-bearing materials less wastage provided for in subsection (c) of this section; except that—

(A) in the case of a withdrawal for exportation of such a product to a NAFTA country, as defined in section 3301(4) of this title, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 3333(a) of this title, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the product, the duties on the materials may be waived or reduced (subject to section 1508(b)(2)(B) of this title) in an amount that does not exceed the lesser of—

(i) the total amount of customs duties owed on the materials on importation into the United States, or

(ii) the total amount of customs duties paid to the NAFTA country on the product, and

(B) in the case of a withdrawal for exportation of such a product to Chile, if any of the imported metal-bearing materials are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation, except that the duties may be waived or reduced by—

(i) 100 percent during the 8-year period beginning on January 1, 2004,

(ii) 75 percent during the 1-year period beginning on January 1, 2012,

(iii) 50 percent during the 1-year period beginning on January 1, 2013, and

(iv) 25 percent during the 1-year period beginning on January 1, 2014, or

(2) upon payment of duties on the dutiable quantity of metal contained in the imported metal-bearing materials, or

(3) upon the transfer of the bond charges to another bonded smelting or refining warehouse by physical shipment of a quantity of the same kind of metal contained in any product of smelting or refining of metal-bearing materials equal to the dutiable quantity contained in the imported metal-bearing materials less wastage provided for in subsection (c) of this section, or

(4) upon the transfer of the bond charges to a bonded customs warehouse other than a bonded smelting or refining warehouse by physical shipment of a quantity of the same kind of metal contained in any product of smelting or refining equal to the dutiable quantity contained in the imported metal-bearing materials less wastage provided for in subsection (c) of this section, and upon withdrawal from such other warehouse for exportation or domestic consumption the provisions of this section shall apply; except that—

(A) in the case of a withdrawal for exportation of such a product to a NAFTA country, as defined in section 3301(4) of this title, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 3333(a) of this title, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the product, the duties on the materials may be waived or reduced (subject to section 1508(b)(2)(B) of this title) in an amount that does not exceed the lesser of—

(i) the total amount of customs duties owed on the materials on importation into the United States, or

(ii) the total amount of customs duties paid to the NAFTA country on the product, and

(B) in the case of a withdrawal for exportation of such a product to Chile, if any of the imported metal-bearing materials are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation, except that the duties may be waived or reduced by—

(i) 100 percent during the 8-year period beginning on January 1, 2004,

(ii) 75 percent during the 1-year period beginning on January 1, 2012,

(iii) 50 percent during the 1-year period beginning on January 1, 2013, and

(iv) 25 percent during the 1-year period beginning on January 1, 2014, or

(5) upon the transfer to another bonded smelting or refining warehouse without phys-

ical shipment of metal of bond charges representing a quantity of dutiable metal contained in imported metal-bearing materials less wastage provided for in subsection (c) of this section of the plant of initial treatment of such materials provided there is on hand at the warehouse to which the transfer is made sufficient like metal in any form to satisfy the transferred bond charges.

If Canada ceases to be a NAFTA country and the suspension of the operation of the United States-Canada Free-Trade Agreement thereafter terminates, no charges against such bond may be canceled in whole or part upon an exportation to Canada under paragraph (1) or (4) during the period such Agreement is in operation except to the extent that the metal-bearing materials were of Canadian origin as determined in accordance with section 202 of the United States-Canada Free-Trade Agreement Implementation Act of 1988.

(c) Allowance on bond for wastage of metals

For purposes of paragraphs (1), (3), (4), and (5) of subsection (b) of this section, due allowances shall be made for wastage of metals other than copper, lead, and zinc, as ascertained from time to time by the Secretary of the Treasury.

(d) Credit for exportation of product other than refined metal

Upon the exportation of a product of smelting or refining other than refined metal the bond shall be credited with a quantity of metal equivalent to the quantity of metal contained in the product exported less the proportionate part of the deductions allowed for losses in determination of the bond charge being cancelled that would not ordinarily be sustained in production of the specific product exported as ascertained from time to time by the Secretary of the Treasury; except that—

(1) in the case of a withdrawal for exportation to a NAFTA country, as defined in section 3301(4) of this title, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 3333(a) of this title, charges against the bond shall be paid before the 61st day after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the product, the bond shall be credited (subject to section 1508(b)(2)(B) of this title) in an amount not to exceed the lesser of—

(A) the total amount of customs duties paid or owed on the materials on importation into the United States, or

(B) the total amount of customs duties paid to the NAFTA country on the product; and

(2) in the case of a withdrawal for exportation to Chile, if any of the imported metal-bearing materials are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, charges against the bond shall be paid before the 61st day after the date of exportation, and the bond shall be credited in an amount equal to—

(A) 100 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 8-year period beginning on January 1, 2004,

(B) 75 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 1-year period beginning on January 1, 2012,

(C) 50 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 1-year period beginning on January 1, 2013, and

(D) 25 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 1-year period beginning on January 1, 2014.

If Canada ceases to be a NAFTA country and the suspension of the operation of the United States-Canada Free-Trade Agreement thereafter terminates, no bond shall be credited under this subsection with respect to an exportation of a product to Canada during the period such Agreement is in operation except to the extent that the product is a drawback eligible good under section 204(a) of the United States-Canada Free-Trade Agreement Implementation Act of 1988.

(e) General bond for two or more warehouses

Two or more smelting or refining warehouses may be included under one general bond and the quantities of each kind of metal subject to duty on hand at all of such warehouses may be aggregated to satisfy the bond obligation.

§ 1313. Drawback and refunds

(a) Articles made from imported merchandise

Upon the exportation or destruction under customs supervision of articles manufactured or produced in the United States with the use of imported merchandise, provided that those articles have not been used prior to such exportation or destruction, the full amount of the duties paid upon the merchandise so used shall be refunded as drawback, less 1 per centum of such duties, except that such duties shall not be so refunded upon the exportation or destruction of flour or by-products produced from imported wheat. Where two or more products result from the manipulation of imported merchandise, the drawback shall be distributed to the several products in accordance with their relative values at the time of separation.

(b) Substitution for drawback purposes

If imported duty-paid merchandise and any other merchandise (whether imported or domestic) of the same kind and quality are used in the manufacture or production of articles within a period not to exceed three years from the receipt of such imported merchandise by the manufacturer or producer of such articles, there shall be allowed upon the exportation, or destruction under customs supervision, of any such articles, notwithstanding the fact that none of the imported merchandise may actually have been used in the manufacture or production of the exported or destroyed articles, an amount of drawback equal to that which would have been allowable had the merchandise used therein been imported, but only if those articles have not been used prior to such exportation or destruction; but the total amount of drawback allowed upon the exportation or destruction under customs supervision of such articles, together with the total amount of drawback allowed in respect of such imported merchandise under any other provision of law, shall not exceed 99 per centum of the duty paid on such imported merchandise.

(c) Merchandise not conforming to sample or specifications

(1) Conditions for drawback

Upon the exportation or destruction under the supervision of the Customs Service of articles or merchandise—

(A) upon which the duties have been paid,
(B) which has been entered or withdrawn
for consumption,

(C) which is—

(i) not conforming to sample or specifications, shipped without the consent of the consignee, or determined to be defective as of the time of importation, or

(ii) ultimately sold at retail by the importer, or the person who received the merchandise from the importer under a certificate of delivery, and for any reason returned to and accepted by the importer, or the person who received the merchandise from the importer under a certificate of delivery, and

(D) which, within 3 years after the date of importation or withdrawal, as applicable, has been exported or destroyed under the supervision of the Customs Service,

the full amount of the duties paid upon such merchandise, less 1 percent, shall be refunded as drawback.

(2) Designation of import entries

For purposes of paragraph (1)(C)(ii), drawback may be claimed by designating an entry of merchandise that was imported within 1 year before the date of exportation or destruction of the merchandise described in paragraph (1)(A) and (B) under the supervision of the Customs Service. The merchandise designated for drawback must be identified in the import documentation with the same eight-digit classification number and specific product identifier (such as part number, SKU, or product code) as the returned merchandise.

(3) When drawback certificates not required

For purposes of this subsection, drawback certificates are not required if the drawback claimant and the importer are the same party, or if the drawback claimant is a drawback successor to the importer as defined in subsection (s)(3) of this section.

(d) Flavoring extracts; medicinal or toilet preparations; bottled distilled spirits and wines

Upon the exportation of flavoring extracts, medicinal or toilet preparations (including perfumery) manufactured or produced in the United States in part from domestic alcohol on which an internal-revenue tax has been paid, there shall be allowed a drawback equal in amount to the tax found to have been paid on the alcohol so used.

Upon the exportation of bottled distilled spirits and wines manufactured or produced in the United States on which an internal-revenue tax has been paid or determined, there shall be allowed, under regulations to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, a drawback equal in amount to the tax found to have been paid or determined on such bottled distilled spirits and wines. In the case of distilled spirits, the preceding sentence shall not apply unless the claim for drawback is filed by the bottler or packager of the spirits and unless such spirits have been stamped or restamped, and marked, especially for export, under regula-

tions prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury.

(e) Imported salt for curing fish

Imported salt in bond may be used in curing fish taken by vessels licensed to engage in the fisheries, and in curing fish on the shores of the navigable waters of the United States, whether such fish are taken by licensed or unlicensed vessels, and upon proof that the salt has been used for either of such purposes, the duties on the same shall be remitted.

(f) Exportation of meats cured with imported salt

Upon the exportation of meats, whether packed or smoked, which have been cured in the United States with imported salt, there shall be refunded, upon satisfactory proof that such meats have been cured with imported salt, the duties paid on the salt so used in curing such exported meats, in amounts not less than \$100.

(g) Materials for construction and equipment of vessels built for foreigners

The provisions of this section shall apply to materials imported and used in the construction and equipment of vessels built for foreign account and ownership, or for the government of any foreign country, notwithstanding that such vessels may not within the strict meaning of the term be articles exported.

(h) Jet aircraft engines

Upon the exportation of jet aircraft engines manufactured or produced abroad that have been overhauled, repaired, rebuilt, or reconditioned in the United States with the use of imported merchandise, including parts, there shall be refunded, upon satisfactory proof that such imported merchandise has been so used, the duties which have been paid thereon, in amounts not less than \$100.

(i) Time limitation on exportation

Unless otherwise provided for in this section, no drawback shall be allowed under the provisions of this section unless the completed article is exported, or destroyed under the supervision of the Customs Service, within five years after importation of the imported merchandise.

(1) If imported merchandise, on which was paid any duty, tax, or fee imposed under Federal law upon entry or importation—

(A) is, before the close of the 3-year period beginning on the date of importation—

(i) exported, or

(ii) destroyed under customs supervision;
and

(B) is not used within the United States before such exportation or destruction;

then upon such exportation or destruction 99 percent of the amount of each duty, tax, or fee so paid shall be refunded as drawback. The exporter (or destroyer) has the right to claim drawback under this paragraph, but may endorse such right to the importer or any intermediate party.

(2) Subject to paragraph (4), if there is, with respect to imported merchandise on which was

paid any duty, tax, or fee imposed under Federal law upon entry or importation, any other merchandise (whether imported or domestic), that—

(A) is commercially interchangeable with such imported merchandise;

(B) is, before the close of the 3-year period beginning on the date of importation of the imported merchandise, either exported or destroyed under customs supervision; and

(C) before such exportation or destruction—

(i) is not used within the United States, and

(ii) is in the possession of, including ownership while in bailment, in leased facilities, in transit to, or in any other manner under the operational control of, the party claiming drawback under this paragraph, if that party—

(I) is the importer of the imported merchandise, or

(II) received from the person who imported and paid any duty due on the imported merchandise a certificate of delivery transferring to the party the imported merchandise, commercially interchangeable merchandise, or any combination of imported and commercially interchangeable merchandise (and any such transferred merchandise, regardless of its origin, will be treated as the imported merchandise and any retained merchandise will be treated as domestic merchandise);

then, notwithstanding any other provision of law, upon the exportation or destruction of such other merchandise the amount of each such duty, tax, and fee paid regarding the imported merchandise shall be refunded as drawback under this subsection, but in no case may the total drawback on the imported merchandise, whether available under this paragraph or any other provision of law or any combination thereof, exceed 99 percent of that duty, tax, or fee. For purposes of subparagraph (A) of this paragraph, wine of the same color having a price variation not to exceed 50 percent between the imported wine and the exported wine shall be deemed to be commercially interchangeable.

(3) The performing of any operation or combination of operations (including, but not limited to, testing, cleaning, repacking, inspecting, sorting, refurbishing, freezing, blending, repairing, reworking, cutting, slitting, adjusting, replacing components, relabeling, disassembling, and unpacking), not amounting to manufacture or production for drawback purposes under the preceding provisions of this section on—

(A) the imported merchandise itself in cases to which paragraph (1) applies, or

(B) the commercially interchangeable merchandise in cases to which paragraph (2) applies,

shall not be treated as a use of that merchandise for purposes of applying paragraph (1)(B) or (2)(C).

(4)(A) Effective upon the entry into force of the North American Free Trade Agreement, the exportation to a NAFTA country, as defined in section 2(4) of the North American Free Trade Agreement Implementation Act [19 U.S.C. 3301(4)], of merchandise that is fungible with and

The preceding sentence shall not be construed to permit the substitution of unused drawback under paragraph (2) of this subsection with respect to merchandise described in paragraph (2) of section 203(a) of the United States-Chile Free Trade Agreement Implementation Act.

(k) Use of domestic merchandise acquired in exchange for imported merchandise of same kind and quality

(1) For purposes of subsections (a) and (b) of this section, the use of any domestic merchandise acquired in exchange for imported merchandise of the same kind and quality shall be treated as the use of such imported merchandise if no certificate of delivery is issued with respect to such imported merchandise.

(2) For purposes of subsections (a) and (b) of this section, the use of any domestic merchandise acquired in exchange for a drawback product of the same kind and quality shall be treated as the use of such drawback product if no certificate of delivery or certificate of manufacture and delivery pertaining to such drawback product is issued, other than that which documents the product's manufacture and delivery. As used in this paragraph, the term "drawback product" means any domestically produced product, manufactured with imported merchandise or any other merchandise (whether imported or domestic) of the same kind and quality, that is subject to drawback.

(l) Regulations

(m) Source of payment

Any drawback of duties that may be authorized under the provisions of this chapter shall be paid from the customs receipts of Puerto Rico, if the duties were originally paid into the Treasury of Puerto Rico.

(n) Refunds, waivers, or reductions under certain free trade agreements

(1) For purposes of this subsection and subsection (o) of this section—

(A) the term "NAFTA Act" means the North American Free Trade Agreement Implementation Act [19 U.S.C. 3301 et seq.];

(B) the terms "NAFTA country" and "good subject to NAFTA drawback" have the same

respective meanings that are given such terms in sections 2(4) and 203(a) of the NAFTA Act [19 U.S.C. 3301(4), 3333(a)];

(C) a refund, waiver, or reduction of duty under paragraph (2) of this subsection or paragraph (1) of subsection (o) of this section is subject to section 1508(b)(2)(B) of this title; and

(D) the term “good subject to Chile FTA drawback” has the meaning given that term in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act.

(2) For purposes of subsections (a), (b), (f), (h), (p), and (q) of this section, if an article that is exported to a NAFTA country is a good subject to NAFTA drawback, no customs duties on the good may be refunded, waived, or reduced in an amount that exceeds the lesser of—

(A) the total amount of customs duties paid or owed on the good on importation into the United States, or

(B) the total amount of customs duties paid on the good to the NAFTA country.

(3) If Canada ceases to be a NAFTA country and the suspension of the operation of the United States-Canada Free-Trade Agreement thereafter terminates, then for purposes of subsections (a), (b), (f), (h), (j)(2), and (q) of this section, the shipment to Canada during the period such Agreement is in operation of an article made from or substituted for, as appropriate, a drawback eligible good under section 204(a) of the United States-Canada Free-Trade Implementation Act of 1988 does not constitute an exportation.

(4)(A) For purposes of subsections (a), (b), (f), (h), (j)(2), (p), and (q) of this section, if an article that is exported to Chile is a good subject to Chile FTA drawback, no customs duties on the good may be refunded, waived, or reduced, except as provided in subparagraph (B).

(B) The customs duties referred to in subparagraph (A) may be refunded, waived, or reduced by—

(1) For purposes of subsection (g) of this section, if—

(A) a vessel is built for the account and ownership of a resident of a NAFTA country or the government of a NAFTA country, and

(B) imported materials that are used in the construction and equipment of the vessel are goods subject to NAFTA drawback,

the amount of customs duties refunded, waived, or reduced on such materials may not exceed the lesser of the total amount of customs duties paid or owed on the materials on importation into the United States or the total amount of customs duties paid on the vessel to the NAFTA country.

(2) If Canada ceases to be a NAFTA country and the suspension of the operation of the United States-Canada Free-Trade Agreement thereafter terminates, then for purposes of subsection (g) of this section, vessels built for Canadian account and ownership, or for the Government of Canada, may not be considered to be built for any foreign account and ownership, or for the government of any foreign country, except to the extent that the materials in such vessels are drawback eligible goods under section 204(a) of the United States-Canada Free-Trade Implementation Act of 1988.

(3) For purposes of subsection (g) of this section, if—

(C) a drawback claim is filed regarding the exported article;

drawback shall be allowed as described in paragraph (4).

(E) In the case of the requirement of subparagraph (A)(iii) or (A)(iv), the exported article is exported within 180 days after the date of entry of an imported qualified article described in subparagraph (A)(iii) or (A)(iv) (whichever is applicable).

(G) The manufacturer, producer, importer, transferor, exporter, and drawback claimant of the qualified article and the exported article maintain all records required by regulation.

(3) “Qualified article” defined, etc.

For purposes of this subsection—

(i) described in—

(I) headings 2707, 2708, 2709.00, 2710, 2711, 2712, 2713, 2714, 2715, 2901, and 2902, and subheadings 2903.21.00, 2909.19.14, 2917.36, 2917.39.04, 2917.39.15, 2926.10.00, 3811.21.00, and 3811.90.00 of the Harmonized Tariff Schedule of the United States, or

The transferred merchandise described in subclause (III), regardless of its origin, so

designated on the certificate of delivery or certificate of manufacture and delivery shall be the qualified article for purposes of this section. A party who issues a certificate of delivery, or certificate of manufacture and delivery, shall also certify to the Commissioner of Customs that it has not, and will not, issue such certificates for a quantity greater than the amount eligible for drawback and that appropriate records will be maintained to demonstrate that fact.

(B) An article, including an imported, manufactured, substituted, or exported article, is of the same kind and quality as the qualified article for which it is substituted under this subsection if it is a product that is commercially interchangeable with or referred to under the same eight-digit classification of the Harmonized Tariff Schedule of the United States as the qualified article. If an article is referred to under the same eight-digit classification of the Harmonized Tariff Schedule of the United States as the qualified article on January 1, 2000, then whether or not the article has been reclassified under another eight-digit classification after January 1, 2000, the article shall be deemed to be an article that is referred to under the same eight-digit classification of such Schedule as the qualified article for purposes of the preceding sentence.

(C) The term “drawback claimant” means the exporter of the exported article or the refiner, producer, or importer of either the qualified article or the exported article. Any person eligible to file a drawback claim under this subparagraph may designate another person to file such claim.

(q) Packaging material

(1) Packaging material under subsections (c) and (j)

Packaging material, whether imported and duty paid, and claimed for drawback under either subsection (c) or (j)(1) of this section, or imported and duty paid, or substituted, and

(4) Employing packaging material for its intended purpose prior to exportation

The use of any packaging material for its intended purpose prior to exportation shall not be treated as a use of such material prior to exportation for purposes of applying subsection (a), (b), or (c) of this section, or paragraph (1)(B) or (2)(C)(i) of subsection (j) of this section.

(r) Filing drawback claims

(1) A drawback entry and all documents necessary to complete a drawback claim, including those issued by the Customs Service, shall be filed or applied for, as applicable, within 3 years after the date of exportation or destruction of the articles on which drawback is claimed, except that any landing certificate required by regulation shall be filed within the time limit prescribed in such regulation. Claims not completed within the 3-year period shall be considered abandoned. No extension will be granted unless it is established that the Customs Service was responsible for the untimely filing.

(2) A drawback entry for refund filed pursuant to any subsection of this section shall be deemed filed pursuant to any other subsection of this section should it be determined that drawback is not allowable under the entry as originally filed but is allowable under such other subsection.

(3)(A) The Customs Service may, notwithstanding the limitation set forth in paragraph (1), extend the time for filing a drawback claim for a period not to exceed 18 months, if—

- (i) the claimant establishes to the satisfaction of the Customs Service that the claimant was unable to file the drawback claim because of an event declared by the President to be a major disaster on or after January 1, 1994; and
- (ii) the claimant files a request for such extension with the Customs Service—

- (I) within 1 year from the last day of the 3-year period referred to in paragraph (1), or
- (II) within 1 year after October 11, 1996,

whichever is later.

(B) If an extension is granted with respect to a request filed under this paragraph, the periods

of time for retaining records set forth in subsection (t) of this section and section 1508(c)(3) of this title shall be extended for an additional 18 months or, in a case to which subparagraph (A)(ii) applies, for a period not to exceed 1 year from the date the claim is filed.

(C) For purposes of this paragraph, the term “major disaster” has the meaning given that term in section 5122(2) of title 42.

(s) Designation of merchandise by successor

(1) For purposes of subsection (b) of this section, a drawback successor may designate imported merchandise used by the predecessor before the date of succession as the basis for drawback on articles manufactured by the drawback successor after the date of succession.

(2) For purposes of subsection (j)(2) of this section, a drawback successor may designate—

(A) imported merchandise which the predecessor, before the date of succession, imported; or

(B) imported merchandise, commercially interchangeable merchandise, or any combination of imported and commercially interchangeable merchandise for which the predecessor received, before the date of succession, from the person who imported and paid any duty due on the imported merchandise a certificate of delivery transferring to the predecessor such merchandise;

as the basis for drawback on merchandise possessed by the drawback successor after the date of succession.

(3) For purposes of this subsection, the term “drawback successor” means an entity to which another entity (in this subsection referred to as the “predecessor”) has transferred by written agreement, merger, or corporate resolution—

(A) all or substantially all of the rights, privileges, immunities, powers, duties, and liabilities of the predecessor; or

(B) the assets and other business interests of a division, plant, or other business unit of such predecessor, but only if in such transfer the value of the transferred realty, personality, and intangibles (other than drawback rights, inchoate or otherwise) exceeds the value of all transferred drawback rights, inchoate or otherwise.

(4) No drawback shall be paid under this subsection until either the predecessor or the drawback successor (who shall also certify that it has the predecessor's records) certifies that—

(A) the transferred merchandise was not and will not be claimed by the predecessor, and

(B) the predecessor did not and will not issue any certificate to any other person that would enable that person to claim drawback.

(t) Drawback certificates

Any person who issues a certificate which would enable another person to claim drawback shall be subject to the recordkeeping provisions of this chapter, with the retention period beginning on the date that such certificate is issued.

(u) Eligibility of entered or withdrawn merchandise

Imported merchandise that has not been regularly entered or withdrawn for consumption

shall not satisfy any requirement for use, exportation, or destruction under this section.

(v) Multiple drawback claims

Merchandise that is exported or destroyed to satisfy any claim for drawback shall not be the basis of any other claim for drawback; except that appropriate credit and deductions for claims covering components or ingredients of such merchandise shall be made in computing drawback payments.

(w) Limited applicability for certain agricultural products

(1) In general

No drawback shall be available with respect to an agricultural product subject to the over-quota rate of duty established under a tariff-rate quota, except pursuant to subsection (j)(1) of this section.

Notwithstanding paragraph (1), drawback shall also be available pursuant to subsection (a) of this section with respect to any tobacco subject to the over-quota rate of duty established under a tariff-rate quota.

(x) Drawbacks for recovered materials

For purposes of subsections (a), (b), and (c) of this section, the term “destruction” includes a process by which materials are recovered from imported merchandise or from an article manufactured from imported merchandise. In determining the amount of duties to be refunded as drawback to a claimant under this subsection, the value of recovered materials (including the value of any tax benefit or royalty payment) that accrues to the drawback claimant shall be deducted from the value of the imported merchandise that is destroyed, or from the value of the merchandise used, or designated as used, in the manufacture of the article.

(y) Articles shipped to the United States insular possessions

Articles described in subsection (j)(1) of this section shall be eligible for drawback under this section if duty was paid on the merchandise upon importation into the United States and the person claiming the drawback demonstrates that the merchandise has entered the customs territory of the United States Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, Guam, Canton Island, Enderbury Island, Johnston Island, or Palmyra Island.

[Whereas clauses omitted]

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, acting under and by virtue of the authority vested in me by the foregoing provision of section 318 of the Tariff Act of 1930 [this section] do hereby authorize the Secretary of the Treasury, until the termination of the national emergency proclaimed on December 16, 1950, or until it shall be determined by the President and declared by his proclamation that such action is no longer necessary, whichever is earlier:

(1) To extend the one-year period prescribed in section 491, *supra*, as amended [section 1491 of this title], for not more than one year from and after the expiration of such one-year period in any case in which such period has already expired or shall hereafter expire during the continuance of the said national emergency;

(2) To extend the three-year period prescribed in sections 557 and 559, *supra*, as amended [sections 1557 and 1559 of this title], for not more than one year from and after the expiration of such three-year period in any case in which such period has already expired or shall hereafter expire during the continuance of the said national emergency; and

(3) To extend further the one-year period prescribed in section 491, *supra*, as amended [section 1491 of this title], and the three-year period prescribed in sections 557 and 559, *supra*, as amended [sections 1557 and 1559 of this title], for additional periods of not more than one year each from and after the expiration of the immediately preceding extension in any case in which such extension shall expire during the continuance of the said national emergency:

Provided, however, that in each and every case under numbered paragraphs (1), (2), and (3) above in which the merchandise is charged against an entry bond the Secretary of the Treasury shall require that the principal

on such bond, in order to obtain the benefit of any extension which may be granted under the authority of this proclamation, shall furnish to the collector of customs at the port where the bond is on file either the agreement of the sureties on the bond to remain bound under the terms and conditions of the bond to the same extent as if no extension had been granted, or an additional bond with acceptable sureties to cover the period of extension; and that, in each and every case in which the merchandise remains charged against a carrier's bond the Secretary of the Treasury shall require that the principal on such bond shall agree to the extension and shall furnish to the collector of customs at the port where the charge was made the agreement of the sureties on the bond to remain bound under the terms and conditions of the bond to the same extent as if no extension had been granted; and

Provided further, that as a condition to the granting of any extension or further extension of the periods prescribed in sections 491, 557, and 559 of the Tariff Act of 1930, *supra*, as amended [sections 1491, 1557 and 1559 of this title], under numbered paragraphs (1), (2), or (3) above the Secretary of the Treasury may require that there shall be furnished to the collector of customs in the district in which the warehouse is located, in connection with the application for such extension, the consent of the warehouse proprietor to such extension or, in the alternative, proof of payment of all charges or amounts due or owing to such warehouse proprietor for the storage or handling of the imported merchandise; and

Provided further, that the extensions of one year authorized by this proclamation shall not apply to any case in which the period sought to be extended expired prior to December 16, 1950, or in which the merchandise in question has been sold by the Government as abandoned.

This proclamation supersedes Proclamation No. 2599 of November 4, 1943, as amended by Proclamation No. 2712 of December 3, 1946, but it shall not be construed (1) as invalidating any action heretofore taken under the provisions of the said Proclamation No. 2599 or under the provisions of that proclamation as amended by the said Proclamation No. 2712, or (2) as imposing the conditions set forth in the second proviso above upon the granting of extensions for which applications are pending on the date of this proclamation.

PART II—UNITED STATES INTERNATIONAL TRADE
COMMISSION

§ 1330. Organization of Commission

(a) Membership

The United States International Trade Commission (referred to in this subtitle as the “Commission”) shall be composed of six commissioners who shall be appointed by the President, by and with the advice and consent of the Senate. No person shall be eligible for appointment as a commissioner unless he is a citizen of the United States, and, in the judgment of the President, is possessed of qualifications requisite for developing expert knowledge of international trade problems and efficiency in administering the duties and functions of the Commission. A person who has served as a commissioner for more than 5 years (excluding service as a commissioner before January 3, 1975) shall not be eligible for reappointment as a commissioner. Not more than three of the commissioners shall be members of the same political party, and in making appointments members of different political parties shall be appointed alternately as nearly as may be practicable.

(b) Terms of office

The terms of office of the commissioners holding office on January 3, 1975, which (but for this sentence) would expire on June 16, 1975, June 16, 1976, June 16, 1977, June 16, 1978, June 16, 1979, and June 16, 1980, shall expire on December 16, 1976, June 16, 1978, December 16, 1979, June 16, 1981, December 16, 1982, and June 16, 1984, respectively. The term of office of each commissioner appointed after such date shall expire 9 years from the date of the expiration of the term for which his predecessor was appointed, except that—

(1) any commissioner appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term, and

(2) any commissioner may continue to serve as a commissioner after an expiration of his term of office until his successor is appointed and qualified.

(c) Chairman and vice chairman; quorum

(1) The chairman and the vice chairman of the Commission shall be designated by the President from among the members of the Commission not ineligible, under paragraph (3), for designation. The President shall notify the Congress of his designations under this paragraph. If, as of the date on which a term begins under paragraph (2), the President has not designated the chairman of the Commission for such term, the Commissioner¹ who, as of such date—

(A) is a member of a different political party than the chairman of the Commission for the immediately preceding term, and

(B) has the longest period of continuous service as a commissioner,

shall serve as chairman of the Commission for the portion of such term preceding the date on

which an individual designated by the President takes office as chairman.

(2) After June 16, 1978, the terms of office for the chairman and vice chairman of the Commission shall be as follows:

(A) The first term of office occurring after such date shall begin on June 17, 1978, and end at the close of June 16, 1980.

(B) Each term of office thereafter shall begin on the day after the closing date of the immediately preceding term of office and end at the close of the 2-year period beginning on such day.

(3)(A) The President may not designate as the chairman of the Commission for any term any commissioner who is a member of the political party of which the chairman of the Commission for the immediately preceding term is a member, or who has less than 1 year of continuous service as a commissioner as of the date such designation is being made.

(B) The President may not designate as the vice chairman of the Commission for any term any commissioner who is a member of the political party of which the chairman for that term is a member.

(C) If any commissioner does not complete a term as chairman or vice chairman by reason of death, resignation, removal from office as a commissioner, or expiration of his term of office as a commissioner, the President shall designate as the chairman or vice chairman, as the case may be, for the remainder of such term a commissioner who is a member of the same political party. Designation of a chairman under this subparagraph may be made without regard to the 1-year continuous service requirement under subparagraph (A).

(4) The vice chairman shall act as chairman in case of the absence or disability of the chairman. During any period in which there is no chairman or vice chairman, the commissioner having the longest period of continuous service as a commissioner shall act as chairman.

(5) No commissioner shall actively engage in any business, vocation, or employment other than that of serving as a commissioner.

(6) A majority of the commissioners in office shall constitute a quorum, but the Commission may function notwithstanding vacancies.

(d) Effect of divided vote in certain cases

(1) In a proceeding in which the Commission is required to determine—

(A) under section 2252 of this title, whether increased imports of an article are a substantial cause of serious injury, or the threat thereof, as described in subsection (b)(1) of that section (hereafter in this subsection referred to as “serious injury”), or

(B) under section 2436 of this title, whether market disruption exists.

and the commissioners voting are equally divided with respect to such determination, then the determination, agreed upon by either group of commissioners may be considered by the President as the determination of the Commission.

(2) If under section 2252(b) or 2436 of this title there is an affirmative determination of the

§ 1336. Equalization of costs of production

(a) Change of classification or duties

In order to put into force and effect the policy of Congress by this chapter intended, the commission (1) upon request of the President, or (2) upon resolution of either or both Houses of Congress, or (3) upon its own motion, or (4) when in the judgment of the commission there is good and sufficient reason therefor, upon application of any interested party, shall investigate the differences in the costs of production of any domestic article and of any like or similar foreign article. In the course of the investigation the commission shall hold hearings and give reasonable public notice thereof, and shall afford reasonable opportunity for parties interested to be present, to produce evidence, and to be heard at such hearings. The commission shall report to the President the results of the investigation and its findings with respect to such differences in costs of production. If the commission finds it shown by the investigation that the duties expressly fixed by statute do not equalize the differences in the costs of production of the domestic article and the like or similar foreign article when produced in the principal competing country, the commission shall specify in its report such increases or decreases in rates of duty expressly fixed by statute (including any necessary change in classification) as it finds shown by the investigation to be necessary to equalize such differences. Commencing thirty days after the date of any presidential proclamation of approval the increased or decreased rates of duty and changes in classification specified in the report of the commission shall take effect.

(e) Ascertainment of differences in costs of production

In ascertaining under this section the differences in costs of production, the commission

shall take into consideration, in so far as it finds it practicable:

(1) In the case of a domestic article

(A) The cost of production as hereinafter in this section defined; (B) transportation costs and other costs incident to delivery to the principal market or markets of the United States for the article; and (C) other relevant factors that constitute an advantage or disadvantage in competition.

(2) In the case of a foreign article

(A) The cost of production as hereinafter in this section defined, or, if the commission finds that such cost is not readily ascertainable, the commission may accept as evidence thereof, or as supplemental thereto, the weighted average of the invoice prices or values for a representative period and/or the average wholesale selling price for a representative period (which price shall be that at which the article is freely offered for sale to all purchasers in the principal market or markets of the principal competing country or countries in the ordinary course of trade and in the usual wholesale quantities in such market or markets); (B) transportation costs and other costs incident to delivery to the principal market or markets of the United States for the article; (C) other relevant factors that constitute an advantage or disadvantage in competition, including advantages granted to the foreign producers by a government, person, partnership, corporation, or association in a foreign country.

(f) Modification of changes in duty

Any increased or decreased rate of duty or change in classification which has taken effect as above provided may be modified or terminated in the same manner and subject to the same conditions and limitations (including time of taking effect) as is provided in this section in the case of original increases, decreases, or changes.

(g) Prohibition against transfers from the free list to the dutiable list or from the dutiable list to the free list

Nothing in this section shall be construed to authorize a transfer of an article from the dutiable list to the free list or from the free list to the dutiable list, nor a change in form of duty. Whenever it is provided in any paragraph of Subtitle I of this chapter, or in any amendatory act, that the duty or duties shall not exceed a specified ad valorem rate upon the articles provided for in such paragraph, no rate determined under the provisions of this section upon such articles shall exceed the maximum ad valorem rate so specified.

§ 1337. Unfair practices in import trade

(a) Unlawful activities; covered industries; definitions

(1) Subject to paragraph (2), the following are unlawful, and when found by the Commission to exist shall be dealt with, in addition to any other provision of law, as provided in this section:

(A) Unfair methods of competition and unfair acts in the importation of articles (other than articles provided for in subparagraphs (B), (C), (D), and (E)) into the United States, or in the sale of such articles by the owner, importer, or consignee, the threat or effect of which is—

- (i) to destroy or substantially injure an industry in the United States;
- (ii) to prevent the establishment of such an industry; or
- (iii) to restrain or monopolize trade and commerce in the United States.

(B) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of articles that—

- (i) infringe a valid and enforceable United States patent or a valid and enforceable United States copyright registered under title 17; or
- (ii) are made, produced, processed, or mined under, or by means of, a process covered by the claims of a valid and enforceable United States patent.

(C) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of articles that infringe a valid and enforceable United States trademark registered under the Trademark Act of 1946 [15 U.S.C. 1051 et seq.].

(D) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consignee, of a semiconductor chip product in a manner that constitutes infringement of a mask work registered under chapter 9 of title 17.

(E) The importation into the United States, the sale for importation, or the sale within the United States after importation by the owner, importer, or consigner, of an article that constitutes infringement of the exclusive rights in a design protected under chapter 13 of title 17.

(2) Subparagraphs (B), (C), (D), and (E) of paragraph (1) apply only if an industry in the United States, relating to the articles protected by the patent, copyright, trademark, mask work, or design concerned, exists or is in the process of being established.

(3) For purposes of paragraph (2), an industry in the United States shall be considered to exist if there is in the United States, with respect to the articles protected by the patent, copyright, trademark, mask work, or design concerned—

- (A) significant investment in plant and equipment;
- (B) significant employment of labor or capital; or
- (C) substantial investment in its exploitation, including engineering, research and development, or licensing.

(4) For the purposes of this section, the phrase “owner, importer, or consignee” includes any agent of the owner, importer, or consignee.

(b) Investigation of violations by Commission

(1) The Commission shall investigate any alleged violation of this section on complaint under oath or upon its initiative. Upon commencing any such investigation, the Commission shall publish notice thereof in the Federal Register. The Commission shall conclude any such investigation and make its determination under this section at the earliest practicable time after the date of publication of notice of such investigation. To promote expeditious adjudication, the Commission shall, within 45 days after an investigation is initiated, establish a target date for its final determination.

(2) During the course of each investigation under this section, the Commission shall consult with, and seek advice and information from, the Department of Health and Human Services, the Department of Justice, the Federal Trade Commission, and such other departments and agencies as it considers appropriate.

(3) Whenever, in the course of an investigation under this section, the Commission has reason to believe, based on information before it, that a matter, in whole or in part, may come within the purview of part II of subtitle IV of this chapter, it shall promptly notify the Secretary of

Commerce so that such action may be taken as is otherwise authorized by such part II. If the Commission has reason to believe that the matter before it (A) is based solely on alleged acts and effects which are within the purview of section 1671 or 1673 of this title, or (B) relates to an alleged copyright infringement with respect to which action is prohibited by section 1008 of title 17, the Commission shall terminate, or not institute, any investigation into the matter. If the Commission has reason to believe the matter before it is based in part on alleged acts and effects which are within the purview of section 1671 or 1673 of this title, and in part on alleged acts and effects which may, independently from or in conjunction with those within the purview of such section, establish a basis for relief under this section, then it may institute or continue an investigation into the matter. If the Commission notifies the Secretary or the administering authority (as defined in section 1677(1) of this title) with respect to a matter under this paragraph, the Commission may suspend its investigation during the time the matter is before the Secretary or administering authority for final decision. Any final decision by the administering authority under section 1671 or 1673 of this title with respect to the matter within such section 1671 or 1673 of this title of which the Commission has notified the Secretary or administering authority shall be conclusive upon the Commission with respect to the issue of less-than-fair-value sales or subsidization and the matters necessary for such decision.

(c) Determinations; review

The Commission shall determine, with respect to each investigation conducted by it under this section, whether or not there is a violation of this section, except that the Commission may, by issuing a consent order or on the basis of an agreement between the private parties to the investigation, including an agreement to present the matter for arbitration, terminate any such investigation, in whole or in part, without making such a determination. Each determination under subsection (d) or (e) of this section shall be made on the record after notice and opportunity for a hearing in conformity with the provisions of subchapter II of chapter 5 of title 5. All legal and equitable defenses may be presented in all cases. A respondent may raise any counterclaim in a manner prescribed by the Commission. Immediately after a counterclaim is received by the Commission, the respondent raising such counterclaim shall file a notice of removal with a United States district court in which venue for any of the counterclaims raised by the party would exist under section 1391 of title 28. Any counterclaim raised pursuant to this section shall relate back to the date of the original complaint in the proceeding before the Commission. Action on such counterclaim shall not delay or affect the proceeding under this section, including the legal and equitable defenses that may be raised under this subsection. Any person adversely affected by a final determination of the Commission under subsection (d), (e), (f), or (g) of this section may appeal such determination, within 60 days after the determination becomes final, to the United States

Court of Appeals for the Federal Circuit for review in accordance with chapter 7 of title 5. Notwithstanding the foregoing provisions of this subsection, Commission determinations under subsections (d), (e), (f), and (g) of this section with respect to its findings on the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, the amount and nature of bond, or the appropriate remedy shall be reviewable in accordance with section 706 of title 5. Determinations by the Commission under subsections (e), (f), and (j) of this section with respect to forfeiture of bonds and under subsection (h) of this section with respect to the imposition of sanctions for abuse of discovery or abuse of process shall also be reviewable in accordance with section 706 of title 5.

(d) Exclusion of articles from entry

(1) If the Commission determines, as a result of an investigation under this section, that there is a violation of this section, it shall direct that the articles concerned, imported by any person violating the provision of this section, be excluded from entry into the United States, unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. The Commission shall notify the Secretary of the Treasury of its action under this subsection directing such exclusion from entry, and upon receipt of such notice, the Secretary shall, through the proper officers, refuse such entry.

(2) The authority of the Commission to order an exclusion from entry of articles shall be limited to persons determined by the Commission to be violating this section unless the Commission determines that—

(A) a general exclusion from entry of articles is necessary to prevent circumvention of an exclusion order limited to products of named persons; or

(B) there is a pattern of violation of this section and it is difficult to identify the source of infringing products.

(e) Exclusion of articles from entry during investigation except under bond; procedures applicable; preliminary relief

(1) If, during the course of an investigation under this section, the Commission determines that there is reason to believe that there is a violation of this section, it may direct that the articles concerned, imported by any person with respect to whom there is reason to believe that such person is violating this section, be excluded from entry into the United States, unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. The Commission shall notify the Secretary of the Treasury of its action under

this subsection directing such exclusion from entry, and upon receipt of such notice, the Secretary shall, through the proper officers, refuse such entry, except that such articles shall be entitled to entry under bond prescribed by the Secretary in an amount determined by the Commission to be sufficient to protect the complainant from any injury. If the Commission later determines that the respondent has violated the provisions of this section, the bond may be forfeited to the complainant.

(2) A complainant may petition the Commission for the issuance of an order under this subsection. The Commission shall make a determination with regard to such petition by no later than the 90th day after the date on which the Commission's notice of investigation is published in the Federal Register. The Commission may extend the 90-day period for an additional 60 days in a case it designates as a more complicated case. The Commission shall publish in the Federal Register its reasons why it designated the case as being more complicated. The Commission may require the complainant to post a bond as a prerequisite to the issuance of an order under this subsection. If the Commission later determines that the respondent has not violated the provisions of this section, the bond may be forfeited to the respondent.

(3) The Commission may grant preliminary relief under this subsection or subsection (f) of this section to the same extent as preliminary injunctions and temporary restraining orders may be granted under the Federal Rules of Civil Procedure.

(4) The Commission shall prescribe the terms and conditions under which bonds may be forfeited under paragraphs (1) and (2).

(f) Cease and desist orders; civil penalty for violation of orders

(1) In addition to, or in lieu of, taking action under subsection (d) or (e) of this section, the Commission may issue and cause to be served on any person violating this section, or believed to be violating this section, as the case may be, an order directing such person to cease and desist from engaging in the unfair methods or acts involved, unless after considering the effect of such order upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such order should not be issued. The Commission may at any time, upon such notice and in such manner as it deems proper, modify or revoke any such order, and, in the case of a revocation, may take action under subsection (d) or (e) of this section, as the case may be. If a temporary cease and desist order is issued in addition to, or in lieu of, an exclusion order under subsection (e) of this section, the Commission may require the complainant to post a bond, in an amount determined by the Commission to be sufficient to protect the respondent from any injury, as a prerequisite to the issuance of an order under this subsection. If the Commission later determines that the respondent has not violated the provisions of this section, the bond may be forfeited to the respondent. The Commission shall

prescribe the terms and conditions under which the bonds may be forfeited under this paragraph.

(2) Any person who violates an order issued by the Commission under paragraph (1) after it has become final shall forfeit and pay to the United States a civil penalty for each day on which an importation of articles, or their sale, occurs in violation of the order of not more than the greater of \$100,000 or twice the domestic value of the articles entered or sold on such day in violation of the order. Such penalty shall accrue to the United States and may be recovered for the United States in a civil action brought by the Commission in the Federal District Court for the District of Columbia or for the district in which the violation occurs. In such actions, the United States district courts may issue mandatory injunctions incorporating the relief sought by the Commission as they deem appropriate in the enforcement of such final orders of the Commission.

(g) Exclusion from entry or cease and desist order; conditions and procedures applicable

(1) If—

(A) a complaint is filed against a person under this section;

(B) the complaint and a notice of investigation are served on the person;

(C) the person fails to respond to the complaint and notice or otherwise fails to appear to answer the complaint and notice;

(D) the person fails to show good cause why the person should not be found in default; and

(E) the complainant seeks relief limited solely to that person;

the Commission shall presume the facts alleged in the complaint to be true and shall, upon request, issue an exclusion from entry or a cease and desist order, or both, limited to that person unless, after considering the effect of such exclusion or order upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, the Commission finds that such exclusion or order should not be issued.

(2) In addition to the authority of the Commission to issue a general exclusion from entry of articles when a respondent appears to contest an investigation concerning a violation of the provisions of this section, a general exclusion from entry of articles, regardless of the source or importer of the articles, may be issued if—

(A) no person appears to contest an investigation concerning a violation of the provisions of this section,

(B) such a violation is established by substantial, reliable, and probative evidence, and

(C) the requirements of subsection (d)(2) of this section are met.

(h) Sanctions for abuse of discovery and abuse of process

The Commission may by rule prescribe sanctions for abuse of discovery and abuse of process to the extent authorized by Rule 11 and Rule 37 of the Federal Rules of Civil Procedure.

(i) Forfeiture

(1) In addition to taking action under subsection (d) of this section, the Commission may

issue an order providing that any article imported in violation of the provisions of this section be seized and forfeited to the United States if—

(A) the owner, importer, or consignee of the article previously attempted to import the article into the United States;

(B) the article was previously denied entry into the United States by reason of an order issued under subsection (d) of this section; and

(C) upon such previous denial of entry, the Secretary of the Treasury provided the owner, importer, or consignee of the article written notice of—

(i) such order, and

(ii) the seizure and forfeiture that would result from any further attempt to import the article into the United States.

(2) The Commission shall notify the Secretary of the Treasury of any order issued under this subsection and, upon receipt of such notice, the Secretary of the Treasury shall enforce such order in accordance with the provisions of this section.

(3) Upon the attempted entry of articles subject to an order issued under this subsection, the Secretary of the Treasury shall immediately notify all ports of entry of the attempted importation and shall identify the persons notified under paragraph (1)(C).

(4) The Secretary of the Treasury shall provide—

(A) the written notice described in paragraph (1)(C) to the owner, importer, or consignee of any article that is denied entry into the United States by reason of an order issued under subsection (d) of this section; and

(B) a copy of such written notice to the Commission.

(j) Referral to President

(1) If the Commission determines that there is a violation of this section, or that, for purposes of subsection (e) of this section, there is reason to believe that there is such a violation, it shall—

(A) publish such determination in the Federal Register, and

(B) transmit to the President a copy of such determination and the action taken under subsection (d), (e), (f), (g), or (i) of this section, with respect thereto, together with the record upon which such determination is based.

(2) If, before the close of the 60-day period beginning on the day after the day on which he receives a copy of such determination, the President, for policy reasons, disapproves such determination and notifies the Commission of his disapproval, then, effective on the date of such notice, such determination and the action taken under subsection (d), (e), (f), (g), or (i) of this section with respect thereto shall have no force or effect.

(3) Subject to the provisions of paragraph (2), such determination shall, except for purposes of subsection (c) of this section, be effective upon publication thereof in the Federal Register, and the action taken under subsection (d), (e), (f), (g), or (i) of this section, with respect thereto shall be effective as provided in such sub-

sections, except that articles directed to be excluded from entry under subsection (d) of this section or subject to a cease and desist order under subsection (f) of this section shall, until such determination becomes final, be entitled to entry under bond prescribed by the Secretary in an amount determined by the Commission to be sufficient to protect the complainant from any injury. If the determination becomes final, the bond may be forfeited to the complainant. The Commission shall prescribe the terms and conditions under which bonds may be forfeited under this paragraph.

(4) If the President does not disapprove such determination within such 60-day period, or if he notifies the Commission before the close of such period that he approves such determination, then, for purposes of paragraph (3) and subsection (c) of this section such determination shall become final on the day after the close of such period or the day on which the President notifies the Commission of his approval, as the case may be.

(k) Period of effectiveness; termination of violation or modification or rescission of exclusion or order

(1) Except as provided in subsections (f) and (j) of this section, any exclusion from entry or order under this section shall continue in effect until the Commission finds, and in the case of exclusion from entry notifies the Secretary of the Treasury, that the conditions which led to such exclusion from entry or order no longer exist.

(2) If any person who has previously been found by the Commission to be in violation of this section petitions the Commission for a determination that the petitioner is no longer in violation of this section or for a modification or rescission of an exclusion from entry or order under subsection (d), (e), (f), (g), or (i) of this section—

(A) the burden of proof in any proceeding before the Commission regarding such petition shall be on the petitioner; and

(B) relief may be granted by the Commission with respect to such petition—

(i) on the basis of new evidence or evidence that could not have been presented at the prior proceeding, or

(ii) on grounds which would permit relief from a judgment or order under the Federal Rules of Civil Procedure.

(l) Importation by or for United States

Any exclusion from entry or order under subsection (d), (e), (f), (g), or (i) of this section, in cases based on a proceeding involving a patent, copyright, mask work, or design under subsection (a)(1) of this section, shall not apply to any articles imported by and for the use of the United States, or imported for, and to be used for, the United States with the authorization or consent of the Government. Whenever any article would have been excluded from entry or would not have been entered pursuant to the provisions of such subsections but for the operation of this subsection, an owner of the patent, copyright, mask work, or design adversely affected shall be entitled to reasonable and entire compensation in an action before the United

States Court of Federal Claims pursuant to the procedures of section 1498 of title 28.

(m) “United States” defined

For purposes of this section and sections 1338 and 1340¹ of this title, the term “United States” means the customs territory of the United States as defined in general note 2 of the Harmonized Tariff Schedule of the United States.

(n) Disclosure of confidential information

(1) Information submitted to the Commission or exchanged among the parties in connection with proceedings under this section which is properly designated as confidential pursuant to Commission rules may not be disclosed (except under a protective order issued under regulations of the Commission which authorizes limited disclosure of such information) to any person (other than a person described in paragraph (2)) without the consent of the person submitting it.

(2) Notwithstanding the prohibition contained in paragraph (1), information referred to in that paragraph may be disclosed to—

(A) an officer or employee of the Commission who is directly concerned with—

(i) carrying out the investigation or related proceeding in connection with which the information is submitted,

(ii) the administration of a bond posted pursuant to subsection (e), (f), or (j) of this section,

(iv) proceedings for the modification or rescission of a temporary or permanent order issued under subsection (d), (e), (f), (g), or (i) of this section, or a consent order issued under this section, or

(v) maintaining the administrative record of the investigation or related proceeding,

(B) an officer or employee of the United States Government who is directly involved in the review under subsection (j) of this section, or

(1) Imposes, directly or indirectly, upon the disposition in or transportation in transit through or reexportation from such country of any article wholly or in part the growth or product of the United States any unreasonable charge, exaction, regulation, or limitation which is not equally enforced upon the like articles of every foreign country; or

(b) Exclusion from importation

If at any time the President shall find it to be a fact that any foreign country has not only discriminated against the commerce of the United States, as aforesaid, but has, after the issuance of a proclamation as authorized in subdivision

(c) Application of proclamation

Any proclamation issued by the President under the authority of this section shall, if he deems it consistent with the interests of the United States, extend to the whole of any foreign country or may be confined to any subdivision or subdivisions thereof; and the President shall, whenever he deems the public interests require, suspend, revoke, supplement, or amend any such proclamation.

Whenever the provisions of this chapter shall be applicable to importations into the United States of articles wholly or in part the growth or product of any foreign country, they shall be applicable thereto whether such articles are imported directly or indirectly.

PART III—PROMOTION OF FOREIGN TRADE

§ 1351. Foreign trade agreements

(a) Authority of President; modification and decrease of duties; altering import restrictions

(1) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

(A) To enter into foreign trade agreements with foreign governments or instrumentalities thereof: *Provided*, That the enactment of the Trade Agreements Extension Act of 1955 shall not be construed to determine or indicate the approval or disapproval by the Congress of the executive agreement known as the General Agreement on Tariffs and Trade.

(B) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder.

(2) No proclamation pursuant to paragraph (1)(B) of this subsection shall be made—

(A) Increasing by more than 50 per centum any rate of duty existing on July 1, 1934; except that a specific rate of duty existing on July 1, 1934, may be converted to its ad valorem equivalent based on the value of imports of the article concerned during the calendar year 1934 (determined in the same manner as provided in subparagraph (D)(ii)) and the proclamation may provide an ad valorem rate of duty not in excess of 50 per centum above such ad valorem equivalent.

(B) Transferring any article between the dutiable and free lists.

(C) In order to carry out a foreign trade agreement entered into by the President before June 12, 1955, or with respect to which notice of intention to negotiate was published in the Federal Register on November 16, 1954, decreasing by more than 50 per centum any rate of duty existing on January 1, 1945.

(D) In order to carry out a foreign trade agreement entered into by the President on or after June 12, 1955, and before July 1, 1958, decreasing (except as provided in subparagraph (C) of this paragraph) any rate of duty below the lowest of the following rates:

(i) The rate 15 per centum below the rate existing on January 1, 1955.

(ii) In the case of any article subject to an ad valorem rate of duty above 50 per centum (or a combination of ad valorem rates aggregating more than 50 per centum), the rate 50 per centum ad valorem (or a combination of ad valorem rates aggregating 50 per centum). In the case of any article subject to a specific rate of duty (or a combination of rates including a specific rate) the ad valorem equivalent of which has been determined by the President to have been above 50 per centum during a period determined by the President to be a representative period, the rate 50 per centum ad valorem or the rate (or a combination of rates), however stated, the ad valorem equivalent of which the President determines would have been 50 per centum during such period. The standards of valuation contained in section 1401a of this title (as in effect, with respect to the article concerned, during the representative period) shall be utilized by the President, to the maximum extent he finds such utilization practicable, in making the determinations under the preceding sentence.

(E) In order to carry out a foreign trade agreement entered into by the President on or after July 1, 1958, decreasing any rate of duty below the lowest of the rates provided for in paragraph (4)(A) of this subsection.

(3)(A) Subject to the provisions of subparagraphs (B) and (C) of this paragraph and of subparagraph (B) of paragraph (4) of this subsection, the provisions of any proclamation made under paragraph (1)(B) of this subsection, and the provisions of any proclamation of suspension under paragraph (5) of this subsection, shall be in effect from and after such time as is specified in the proclamation.

(B) In the case of any decrease in duty to which paragraph (2)(D) of this subsection applies—

(i) if the total amount of the decrease under the foreign trade agreement does not exceed 15 per centum of the rate existing on January 1, 1955, the amount of decrease becoming initially effective at one time shall not exceed 5 per centum of the rate existing on January 1, 1955;

(ii) except as provided in clause (i), not more than one-third of the total amount of the decrease under the foreign trade agreement shall become initially effective at one time; and

(iii) no part of the decrease after the first part shall become initially effective until the immediately previous part shall have been in effect for a period or periods aggregating not less than one year.

(C) No part of any decrease in duty to which the alternative specified in paragraph (2)(D)(i) of this subsection applies shall become initially effective after the expiration of the three-year pe-

riod which begins on July 1, 1955. If any part of such decrease has become effective, then for purposes of this subparagraph any time thereafter during which such part of the decrease is not in effect by reason of legislation of the United States or action thereunder shall be excluded in determining when the three-year period expires.

(D) If (in order to carry out a foreign trade agreement entered into by the President on or after June 12, 1955) the President determines that such action will simplify the computation of the amount of duty imposed with respect to an article, he may exceed any limitation specified in paragraph (2)(C) or (D) or paragraph (4)(A) or (B) of this subsection or subparagraph (B) of this paragraph by not more than whichever of the following is lesser:

- (i) The difference between the limitation and the next lower whole number, or
- (ii) One-half of 1 per centum ad valorem.

In the case of a specific rate (or of a combination of rates which includes a specific rate), the one-half of 1 per centum specified in clause (ii) of the preceding sentence shall be determined in the same manner as the ad valorem equivalent of rates not stated wholly in ad valorem terms is determined for the purposes of paragraph (2)(D)(ii) of this subsection.

(4)(A) No proclamation pursuant to paragraph (1)(B) of this subsection shall be made, in order to carry out a foreign trade agreement entered into by the President on or after July 1, 1958, decreasing any rate of duty below the lowest of the following rates:

- (i) The rate which would result from decreasing the rate existing on July 1, 1958, by 20 per centum of such rate.
- (ii) Subject to paragraph (2)(B) of this subsection, the rate 2 per centum ad valorem below the rate existing on July 1, 1958.
- (iii) The rate 50 per centum ad valorem or, in the case of any article subject to a specific rate of duty or to a combination of rates including a specific rate, any rate (or combination of rates), however stated, the ad valorem equivalent of which has been determined as 50 per centum ad valorem.

The provisions of clauses (ii) and (iii) of this subparagraph and of subparagraph (B)(ii) of this paragraph shall, in the case of any article, subject to a combination of ad valorem rates of duty, apply to the aggregate of such rates; and, in the case of any article, subject to a specific rate of duty or to a combination of rates including a specific rate, such provisions shall apply on the basis of the ad valorem equivalent of such rate or rates, during a representative period (whether or not such period includes July 1, 1958), determined in the same manner as the ad valorem equivalent of rates not stated wholly in ad valorem terms is determined for the purpose of paragraph (2)(D)(ii) of this subsection.

(B)(i) In the case of any decrease in duty to which clause (i) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed 10 per centum of the rate of duty existing on July 1, 1958, or, in any case in which the rate has been

increased since that date, exceed such 10 per centum or one-third of the total amount of the decrease under the foreign trade agreement, whichever is the greater.

(ii) In the case of any decrease in duty to which clause (ii) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed 1 per centum ad valorem or, in any case in which the rate has been increased since July 1, 1958, exceed such 1 per centum or one-third of the total amount of the decrease under the foreign trade agreement, whichever is the greater.

(iii) In the case of any decrease in duty to which clause (iii) of subparagraph (A) of this paragraph applies, such decrease shall become initially effective in not more than four annual stages, and no amount of decrease becoming initially effective at one time shall exceed one-third of the total amount of the decrease under the foreign trade agreement.

(C) In the case of any decrease in duty to which subparagraph (A) of this paragraph applies (i) no part of a decrease after the first part shall become initially effective until the immediately previous part shall have been in effect for a period or periods aggregating not less than one year, nor after the first part shall have been in effect for a period or periods aggregating more than three years, and (ii) no part of a decrease shall become initially effective after the expiration of the four-year period which begins on July 1, 1962. If any part of a decrease has become effective, then for the purposes of clauses (i) and (ii) of the preceding sentence any time thereafter during which such part of the decrease is not in effect by reason of legislation of the United States or action thereunder shall be excluded in determining when the three-year period or the four-year period, as the case may be, expires.

(5) Repealed. Pub. L. 87-794, title II, §257(b), Oct. 11, 1962, 76 Stat. 882.

(6) The President may at any time terminate, in whole or in part, any proclamation made pursuant to this section.

(b) Cuba; preferential customs treatment; decrease of rates

Nothing in this section or the Trade Expansion Act of 1962 [19 U.S.C. 1801 et seq.] shall be construed to prevent the application, with respect to rates of duty established under this section or the Trade Expansion Act of 1962 pursuant to agreements with countries other than Cuba, of the provisions of the treaty of commercial reciprocity concluded between the United States and the Republic of Cuba on December 11, 1902, or to preclude giving effect to an agreement with Cuba concluded under this section or the Trade Expansion Act of 1962, modifying the existing preferential customs treatment of any article the growth, produce, or manufacture of Cuba. Nothing in this chapter or the Trade Expansion Act of 1962 shall be construed to preclude the application to any product of Cuba (including products preferentially free of duty) of a rate of duty not higher than the rate applicable to the like products of other foreign countries

(except the Philippines), whether or not the application of such rate involves any preferential customs treatment. No rate of duty on products of Cuba shall be decreased—

(1) In order to carry out a foreign trade agreement entered into by the President before June 12, 1955, by more than 50 per centum of the rate of duty existing on January 1, 1945, with respect to products of Cuba.

(2) In order to carry out a foreign trade agreement entered into by the President on or after June 12, 1955, and before July 1, 1962, below the applicable alternative specified in subsection (a)(2)(C) or (D) or (4)(A) of this section (subject to the applicable provisions of subsection (a)(3)(B), (C), and (D) and (4)(B) and (C) of this section), each such alternative to be read for the purposes of this paragraph as relating to the rate of duty applicable to products of Cuba. With respect to products of Cuba, the limitation of subsection (a)(2)(D)(ii) or (4)(A)(iii) of this section may be exceeded to such extent as may be required to maintain an absolute margin of preference to which such products are entitled.

(3) In order to carry out a foreign trade agreement entered into after June 30, 1962, and before July 1, 1967, below the lowest rate permissible by applying title II of the Trade Expansion Act of 1962 [19 U.S.C. 1821 et seq.] to the rate of duty (however established, and even though temporarily suspended by Act of Congress or otherwise) existing on July 1, 1962, with respect to such product.

(c) Definitions

(2) For purposes of this section—

(A) Except as provided in subsection (d) of this section, the terms “existing on July 1, 1934”, “existing on January 1, 1945”, “existing on January 1, 1955”, and “existing on July 1, 1958” refer to rates of duty (however established, and even though temporarily suspended by Act of Congress or otherwise) existing on the date specified, except rates in effect by reason of action taken pursuant to section 1362 of this title.

(B) The term “existing” without the specification of any date, when used with respect to any matter relating to the conclusion of, or proclamation to carry out, a foreign trade agreement, means existing on the day on which that trade agreement is entered into.

(d) Rate basis for additional increases or decreases; restoration of terminated treaties forbidden

(1) When any rate of duty has been increased or decreased for the duration of war or an emergency, by agreement or otherwise, any further increase or decrease shall be computed upon the basis of the post-war or post-emergency rate carried in such agreement or otherwise.

(2) Where under a foreign trade agreement the United States has reserved the unqualified right

to withdraw or modify, after the termination of war or an emergency, a rate on a specific commodity, the rate on such commodity to be considered as “existing on January 1, 1945” for the purpose of this section shall be the rate which would have existed if the agreement had not been entered into.

(3) No proclamation shall be made pursuant to this section for the purpose of carrying out any foreign trade agreement the proclamation with respect to which has been terminated in whole by the President prior to July 5, 1945.

(e) Repealed. Pub. L. 87-794, title II, § 257(b), Oct. 11, 1962, 76 Stat. 882

§ 1360. Investigation before trade negotiations

(a) Report by International Trade Commission

Before entering into negotiations concerning any proposed foreign trade agreement under section 1351 of this title, the President shall furnish the United States International Trade Commission (hereinafter in sections 1352(a), (c), 1354, and 1360 to 1367 of this title, and section 624(b) of title 7, referred to as the “Commission”) with a list of all articles imported into the United States to be considered for possible modification of duties and other import restrictions, imposition of additional import restrictions, or continuance of existing customs or excise treatment. Upon receipt of such list the Commission shall make an investigation and report to the President the findings of the Commission with

respect to each such article as to (1) the limit to which such modification, imposition, or continuance may be extended in order to carry out the purpose of said section without causing or threatening serious injury to the domestic industry producing like or directly competitive articles; and (2) if increases in duties or additional import restrictions are required to avoid serious injury to the domestic industry producing like or directly competitive articles the minimum increases in duties or additional import restrictions required. Such report shall be made by the Commission to the President not later than six months after the receipt of such list by the Commission. No such foreign trade agreement shall be entered into until the Commission has made its report to the President or until the expiration of the six-month period.

(b) Procedures and determinations

(1) In the course of any investigation pursuant to this section the Commission shall hold hearings and give reasonable public notice thereof, and shall afford reasonable opportunity for parties interested to be present, to produce evidence, and to be heard at such hearings. If in the course of any such investigation the Commission shall find with respect to any article on the list upon which a tariff concession has been granted that an increase in duty or additional import restriction is required to avoid serious injury to the domestic industry producing like or directly competitive articles, the Commission shall promptly institute an investigation with respect to that article pursuant to section 1364 of this title.

(2) In each such investigation the Commission shall, to the extent practicable and without excluding other factors, ascertain for the last calendar year preceding the investigation the average invoice price on a country-of-origin basis (converted into currency of the United States in accordance with the provisions of section 5151 of title 31) at which the foreign article was sold for export to the United States, and the average prices at which the like or directly competitive domestic articles were sold at wholesale in the principal markets of the United States. The Commission shall also, to the extent practicable, estimate for each article on the list the maximum increase in annual imports which may occur without causing serious injury to the domestic industry producing like or directly competitive articles. The Commission shall request the executive departments and agencies for information in their possession concerning prices and other economic data from the principal supplier foreign country of each such article.

The Customs Administrative Act of June 10, 1890, as originally enacted and as amended previous to the Payne-Aldrich Tariff Act, consisted of thirty sections, of which section 30 prescribed the time when the act should go into effect. Of the preceding twenty-nine sections of the original act, section 15 providing for review by the courts of decisions of the Board of General Appraisers, was omitted from the act as further amended by the Payne-Aldrich Tariff Act, and the remaining twenty-eight sections were amended thereby, constituting sections 1-28 thereof. § 1401a. Value

(a) Generally

(1) Except as otherwise specifically provided for in this chapter, imported merchandise shall be appraised, for the purposes of this chapter, on the basis of the following:

(A) The transaction value provided for under subsection (b) of this section.

(B) The transaction value of identical merchandise provided for under subsection (c) of this section, if the value referred to in subparagraph (A) cannot be determined, or can be determined but cannot be used by reason of subsection (b)(2) of this section.

(C) The transaction value of similar merchandise provided for under subsection (c) of this section, if the value referred to in subparagraph (B) cannot be determined.

(D) The deductive value provided for under subsection (d) of this section, if the value referred to in subparagraph (C) cannot be determined and if the importer does not request alternative valuation under paragraph (2).

(E) The computed value provided for under subsection (e) of this section, if the value referred to in subparagraph (D) cannot be determined.

(F) The value provided for under subsection (f) of this section, if the value referred to in subparagraph (E) cannot be determined.

(2) If the value referred to in paragraph (1)(C) cannot be determined with respect to imported merchandise, the merchandise shall be appraised on the basis of the computed value provided for under paragraph (1)(E), rather than the deductive value provided for under paragraph (1)(D), if the importer makes a request to that effect to the customs officer concerned within such time as the Secretary shall prescribe. If the computed value of the merchandise cannot subsequently be determined, the merchandise may not be appraised on the basis of the value referred to in paragraph (1)(F) unless the deductive value of the merchandise cannot be determined under paragraph (1)(D).

(3) Upon written request therefor by the importer of merchandise, and subject to provisions of law regarding the disclosure of information, the customs officer concerned shall provide the importer with a written explanation of how the value of that merchandise was determined under this section.

(b) Transaction value of imported merchandise

(1) The transaction value of imported merchandise is the price actually paid or payable for the merchandise when sold for exportation to the United States, plus amounts equal to—

(A) the packing costs incurred by the buyer with respect to the imported merchandise;

(B) any selling commission incurred by the buyer with respect to the imported merchandise;

(C) the value, apportioned as appropriate, of any assist;

(D) any royalty or license fee related to the imported merchandise that the buyer is required to pay, directly or indirectly, as a condition of the sale of the imported merchandise for exportation to the United States; and

(E) the proceeds of any subsequent resale, disposal, or use of the imported merchandise that accrue, directly or indirectly, to the seller.

The price actually paid or payable for imported merchandise shall be increased by the amounts attributable to the items (and no others) described in subparagraphs (A) through (E) only to the extent that each such amount (i) is not otherwise included within the price actually paid or payable; and (ii) is based on sufficient information. If sufficient information is not available, for any reason, with respect to any amount referred to in the preceding sentence, the transaction value of the imported merchandise concerned shall be treated, for purposes of this section, as one that cannot be determined.

(2)(A) The transaction value of imported merchandise determined under paragraph (1) shall be the appraised value of that merchandise for the purposes of this chapter only if—

(i) there are no restrictions on the disposition or use of the imported merchandise by the buyer other than restrictions that—

(I) are imposed or required by law,

(II) limit the geographical area in which the merchandise may be resold, or

(III) do not substantially affect the value of the merchandise;

(ii) the sale of, or the price actually paid or payable for, the imported merchandise is not subject to any condition or consideration for which a value cannot be determined with respect to the imported merchandise;

(iii) no part of the proceeds of any subsequent resale, disposal, or use of the imported merchandise by the buyer will accrue directly or indirectly to the seller, unless an appropriate adjustment therefor can be made under paragraph (1)(E); and

(iv) the buyer and seller are not related, or the buyer and seller are related but the transaction value is acceptable, for purposes of this subsection, under subparagraph (B).

(B) The transaction value between a related buyer and seller is acceptable for the purposes of this subsection if an examination of the circumstances of the sale of the imported merchandise indicates that the relationship between such buyer and seller did not influence the price actually paid or payable; or if the transaction value of the imported merchandise closely approximates—

(i) the transaction value of identical merchandise, or of similar merchandise, in sales to unrelated buyers in the United States; or

(ii) the deductive value or computed value for identical merchandise or similar merchandise;

but only if each value referred to in clause (i) or (ii) that is used for comparison relates to mer-

chandise that was exported to the United States at or about the same time as the imported merchandise.

(C) In applying the values used for comparison purposes under subparagraph (B), there shall be taken into account differences with respect to the sales involved (if such differences are based on sufficient information whether supplied by the buyer or otherwise available to the customs officer concerned) in—

(i) commercial levels;

(ii) quantity levels;

(iii) the costs, commissions, values, fees, and proceeds described in paragraph (1); and

(iv) the costs incurred by the seller in sales in which he and the buyer are not related that are not incurred by the seller in sales in which he and the buyer are related.

(3) The transaction value of imported merchandise does not include any of the following, if identified separately from the price actually paid or payable and from any cost or other item referred to in paragraph (1):

(A) Any reasonable cost or charge that is incurred for—

(i) the construction, erection, assembly, or maintenance of, or the technical assistance provided with respect to, the merchandise after its importation into the United States; or

(ii) the transportation of the merchandise after such importation.

(B) The customs duties and other Federal taxes currently payable on the imported merchandise by reason of its importation, and any Federal excise tax on, or measured by the value of, such merchandise for which vendors in the United States are ordinarily liable.

(4) For purposes of this subsection—

(A) The term “price actually paid or payable” means the total payment (whether direct or indirect, and exclusive of any costs, charges, or expenses incurred for transportation, insurance, and related services incident to the international shipment of the merchandise from the country of exportation to the place of importation in the United States) made, or to be made, for imported merchandise by the buyer to, or for the benefit of, the seller.

(B) Any rebate of, or other decrease in, the price actually paid or payable that is made or otherwise effected between the buyer and seller after the date of the importation of the merchandise into the United States shall be disregarded in determining the transaction value under paragraph (1).

(c) Transaction value of identical merchandise and similar merchandise

(1) The transaction value of identical merchandise, or of similar merchandise, is the transaction value (acceptable as the appraised value for purposes of this chapter under subsection (b) of this section but adjusted under paragraph (2) of this subsection) of imported merchandise that is—

(A) with respect to the merchandise being appraised, either identical merchandise or similar merchandise, as the case may be; and

(B) exported to the United States at or about the time that the merchandise being appraised is exported to the United States.

(2) Transaction values determined under this subsection shall be based on sales of identical merchandise or similar merchandise, as the case may be, at the same commercial level and in substantially the same quantity as the sales of the merchandise being appraised. If no such sale is found, sales of identical merchandise or similar merchandise at either a different commercial level or in different quantities, or both, shall be used, but adjusted to take account of any such difference. Any adjustment made under this paragraph shall be based on sufficient information. If in applying this paragraph with respect to any imported merchandise, two or more transaction values for identical merchandise, or for similar merchandise, are determined, such imported merchandise shall be appraised on the basis of the lower or lowest of such values.

(d) Deductive value

(1) For purposes of this subsection, the term “merchandise concerned” means the merchandise being appraised, identical merchandise, or similar merchandise.

(2)(A) The deductive value of the merchandise being appraised is whichever of the following prices (as adjusted under paragraph (3)) is appropriate depending upon when and in what condition the merchandise concerned is sold in the United States:

(i) If the merchandise concerned is sold in the condition as imported at or about the date of importation of the merchandise being appraised, the price is the unit price at which the merchandise concerned is sold in the greatest aggregate quantity at or about such date.

(ii) If the merchandise concerned is sold in the condition as imported but not sold at or about the date of importation of the merchandise being appraised, the price is the unit price at which the merchandise concerned is sold in the greatest aggregate quantity after the date of importation of the merchandise being appraised but before the close of the 90th day after the date of such importation.

(iii) If the merchandise concerned was not sold in the condition as imported and not sold before the close of the 90th day after the date of importation of the merchandise being appraised, the price is the unit price at which the merchandise being appraised, after further processing, is sold in the greatest aggregate quantity before the 180th day after the date of such importation. This clause shall apply to appraisement of merchandise only if the importer so elects and notifies the customs officer concerned of that election within such time as shall be prescribed by the Secretary.

(B) For purposes of subparagraph (A), the unit price at which merchandise is sold in the greatest aggregate quantity is the unit price at which such merchandise is sold to unrelated persons, at the first commercial level after importation (in cases to which subparagraph (A)(i) or (ii) applies) or after further processing (in cases to

which subparagraph (A)(iii) applies) at which such sales take place, in a total volume that is (i) greater than the total volume sold at any other unit price, and (ii) sufficient to establish the unit price.

(3)(A) the price determined under paragraph (2) shall be reduced by an amount equal to—

(i) any commission usually paid or agreed to be paid, or the addition usually made for profit and general expenses, in connection with sales in the United States of imported merchandise that is of the same class or kind, regardless of the country of exportation, as the merchandise concerned;

(ii) the actual costs and associated costs of transportation and insurance incurred with respect to international shipments of the merchandise concerned from the country of exportation to the United States;

(iii) the usual costs and associated costs of transportation and insurance incurred with respect to shipments of such merchandise from the place of importation to the place of delivery in the United States, if such costs are not included as a general expense under clause (i);

(iv) the customs duties and other Federal taxes currently payable on the merchandise concerned by reason of its importation, and any Federal excise tax on, or measured by the value of, such merchandise for which vendors in the United States are ordinarily liable; and

(v) (but only in the case of a price determined under paragraph (2)(A)(iii)) the value added by the processing of the merchandise after importation to the extent that the value is based on sufficient information relating to cost of such processing.

(B) For purposes of applying paragraph (A)—

(i) the deduction made for profits and general expenses shall be based upon the importer's profits and general expenses, unless such profits and general expenses are inconsistent with those reflected in sales in the United States of imported merchandise of the same class or kind, in which case the deduction shall be based on the usual profit and general expenses reflected in such sales, as determined from sufficient information; and

(ii) any State or local tax imposed on the importer with respect to the sale of imported merchandise shall be treated as a general expense.

(C) The price determined under paragraph (2) shall be increased (but only to the extent that such costs are not otherwise included) by an amount equal to the packing costs incurred by the importer or the buyer, as the case may be, with respect to the merchandise concerned.

(D) For purposes of determining the deductive value of imported merchandise, any sale to a person who supplies any assist for use in connection with the production or sale for export of the merchandise concerned shall be disregarded.

(e) Computed value

(1) The computed value of imported merchandise is the sum of—

(A) the cost or value of the materials and the fabrication and other processing of any kind employed in the production of the imported merchandise;

(B) an amount for profit and general expenses equal to that usually reflected in sales of merchandise of the same class or kind as the imported merchandise that are made by the producers in the country of exportation for export to the United States;

(C) any assist, if its value is not included under subparagraph (A) or (B); and

(D) the packing costs.

(2) For purposes of paragraph (1)—

(A) the cost or value of materials under paragraph (1)(A) shall not include the amount of any internal tax imposed by the country of exportation that is directly applicable to the materials or their disposition if the tax is remitted or refunded upon the exportation of the merchandise in the production of which the materials were used; and

(B) the amount for profit and general expenses under paragraph (1)(B) shall be based upon the producer's profits and expenses, unless the producer's profits and expenses are inconsistent with those usually reflected in sales of merchandise of the same class or kind as the imported merchandise that are made by producers in the country of exportation for export to the United States, in which case the amount under paragraph (1)(B) shall be based on the usual profit and general expenses of such producers in such sales, as determined from sufficient information.

(f) Value if other values cannot be determined or used

(1) If the value of imported merchandise cannot be determined, or otherwise used for the purposes of this chapter, under subsections (b) through (e) of this section, the merchandise shall be appraised for the purposes of this chapter on the basis of a value that is derived from the methods set forth in such subsections, with such methods being reasonably adjusted to the extent necessary to arrive at a value.

(2) Imported merchandise may not be appraised, for the purposes of this chapter, on the basis of—

(A) the selling price in the United States of merchandise produced in the United States;

(B) a system that provides for the appraisal of imported merchandise at the higher of two alternative values;

(C) the price of merchandise in the domestic market of the country of exportation;

(D) a cost of production, other than a value determined under subsection (e) of this section for merchandise that is identical merchandise or similar merchandise to the merchandise being appraised;

(E) the price of merchandise for export to a country other than the United States;

(F) minimum values for appraisal; or

(G) arbitrary or fictitious values.

This paragraph shall not apply with respect to the ascertainment, determination, or estimation of foreign market value or United States price under subtitle IV of this chapter.

(g) Special rules

(1) For purposes of this section, the persons specified in any of the following subparagraphs shall be treated as persons who are related:

(A) Members of the same family, including brothers and sisters (whether by whole or half blood), spouse, ancestors, and lineal descendants.

(B) Any officer or director of an organization and such organization.

(C) An officer or director of an organization and an officer or director of another organization, if each such individual is also an officer or director in the other organization.

(D) Partners.

(E) Employer and employee.

(F) Any person directly or indirectly owning, controlling, or holding with power to vote, 5 percent or more of the outstanding voting stock or shares of any organization and such organization.

(G) Two or more persons directly or indirectly controlling, controlled by, or under common control with, any person.

(2) For purposes of this section, merchandise (including, but not limited to, identical merchandise and similar merchandise) shall be treated as being of the same class or kind as other merchandise if it is within a group or range of merchandise produced by a particular industry or industry sector.

(3) For purposes of this section, information that is submitted by an importer, buyer, or producer in regard to the appraisal of merchandise may not be rejected by the customs officer concerned on the basis of the accounting method by which that information was prepared, if the preparation was in accordance with generally accepted accounting principles. The term “generally accepted accounting principles” refers to any generally recognized consensus or substantial authoritative support regarding—

(A) which economic resources and obligations should be recorded as assets and liabilities;

(B) which changes in assets and liabilities should be recorded;

(C) how the assets and liabilities and changes in them should be measured;

(D) what information should be disclosed and how it should be disclosed; and

(E) which financial statements should be prepared.

The applicability of a particular set of generally accepted accounting principles will depend upon the basis on which the value of the merchandise is sought to be established.

(h) Definitions

As used in this section—

(1)(A) The term “assist” means any of the following if supplied directly or indirectly, and free of charge or at reduced cost, by the buyer of imported merchandise for use in connection with the production or the sale for export to the United States of the merchandise:

(i) Materials, components, parts, and similar items incorporated in the imported merchandise.

(ii) Tools, dies, molds, and similar items used in the production of the imported merchandise.

(iii) Merchandise consumed in the production of the imported merchandise.

(iv) Engineering, development, artwork, design work, and plans and sketches that are undertaken elsewhere than in the United States and are necessary for the production of the imported merchandise.

(B) No service or work to which subparagraph (A)(iv) applies shall be treated as an assist for purposes of this section if such service or work—

(i) is performed by an individual who is domiciled within the United States;

(ii) is performed by that individual while he is acting as an employee or agent of the buyer of the imported merchandise; and

(iii) is incidental to other engineering, development, artwork, design work, or plans or sketches that are undertaken within the United States.

(C) For purposes of this section, the following apply in determining the value of assists described in subparagraph (A)(iv):

(i) The value of an assist that is available in the public domain is the cost of obtaining copies of the assist.

(ii) If the production of an assist occurred in the United States and one or more foreign countries, the value of the assist is the value thereof that is added outside the United States.

(2) The term “identical merchandise” means—

(A) merchandise that is identical in all respects to, and was produced in the same country and by the same person as, the merchandise being appraised; or

(B) if merchandise meeting the requirements under subparagraph (A) cannot be found (or for purposes of applying subsection (b)(2)(B)(i) of this section, regardless of whether merchandise meeting such requirements can be found), merchandise that is identical in all respects to, and was produced in the same country as, but not produced by the same person as, the merchandise being appraised.

Such term does not include merchandise that incorporates or reflects any engineering, development, artwork, design work, or plan or sketch that—

(I) was supplied free or at reduced cost by the buyer of the merchandise for use in connection with the production or the sale for export to the United States of the merchandise; and

(II) is not an assist because undertaken within the United States.

(3) The term “packing costs” means the cost of all containers and coverings of whatever nature and of packing, whether for labor or materials, used in placing merchandise in condition, packed ready for shipment to the United States.

(4) The term “similar merchandise” means—

(A) merchandise that—

(i) was produced in the same country and by the same person as the merchandise being appraised,

(ii) is like the merchandise being appraised in characteristics and component material, and

(iii) is commercially interchangeable with the merchandise being appraised; or

(B) if merchandise meeting the requirements under subparagraph (A) cannot be found (or for purposes of applying subsection (b)(2)(B)(i) of this section, regardless of whether merchandise meeting such requirements can be found), merchandise that—

(i) was produced in the same country as, but not produced by the same person as, the merchandise being appraised, and

(ii) meets the requirement set forth in subparagraph (A)(ii) and (iii).

Such term does not include merchandise that incorporates or reflects any engineering, development, artwork, design work, or plan or sketch that—

(I) was supplied free or at reduced cost by the buyer of the merchandise for use in connection with the production or the sale for export to the United States of the merchandise; and

(II) is not an assist because undertaken within the United States.

(5) The term “sufficient information”, when required under this section for determining—

(A) any amount—

(i) added under subsection (b)(1) of this section to the price actually paid or payable,

(ii) deducted under subsection (d)(3) of this section as profit or general expense or value from further processing, or

(iii) added under subsection (e)(2) of this section as profit or general expense;

(B) any difference taken into account for purposes of subsection (b)(2)(C) of this section; or

(C) any adjustment made under subsection (c)(2) of this section;

1980—Subsec. (b)(2)(B). Pub. L. 96-490 amended par. (B) generally, omitting cl. (iii) which provided that “No two sales to unrelated buyers may be used for comparison for purposes of clause (iii) unless the sellers are unrelated.”

1979—Pub. L. 96-39 completely revised statutory standards for appraising the value of imported merchandise to conform to Customs Valuation Agreement, incorporating, as part of that revision, a new format of five methods of determining customs value in subsecs. “(a) The Secretary of the Treasury shall determine and make public a list of the articles which shall be valued in accordance with section 402a, Tariff Act of 1930, as amended by this Act [former section 1402 of this title], as follows:

“As soon as practicable after the enactment of this Act [Aug. 2, 1956] the Secretary shall make public a preliminary list of the imported articles which he shall have determined, after such investigation as he deems necessary, would have been appraised in accordance with section 402 of the Tariff Act of 1930, as amended by this Act [this section], at average values for each article which are 95 (or less) per centum of the average values at which such article was actually appraised during the fiscal year 1954. If within sixty days after the publication of such preliminary list any manufacturer, producer, or wholesaler in the United States presents to the Secretary his reason for belief that any imported articles not specified in such list and like or similar to articles manufactured, produced, or sold at wholesale by him would have been appraised in accordance with such section 402 [section 1401a of this title] at average values which are 95 (or less) per centum of the average values at which they were or would have been appraised under section 402a, Tariff Act of 1930, as amended by this Act, the Secretary shall cause such investigation of the matter to be made as he deems necessary. (C) The Secretary, in prescribing regulations to carry out this subsection, shall establish procedures which insure the accuracy and timeliness of import statistics, particularly statistics relevant to the classification and valuation of imports. Corrections of errors in such statistical data shall be transmitted immediately to the Director of the Bureau of the Census, who shall make corrections in the statistics maintained by the Bureau. The Secretary shall also provide, to the maximum extent practicable, for the protection of the revenue, the enforcement of laws governing the importation and exportation of merchandise, the facilitation of the commerce of the United States, and the equal treatment of all importers of record of imported merchandise.

(b) Reconciliation

(1) In general

A party may elect to file a reconciliation with regard to such entry elements as are identified by the party pursuant to regulations prescribed by the Secretary. If the party so

elects, the party shall declare that a reconciliation will be filed. The declaration shall be made in such manner as the Secretary shall prescribe and at the time the documentation or information required by subsection (a)(1)(B) of this section or the import activity summary statement is filed with, or transmitted to, the Customs Service, or at such later time as the Customs Service may, in its discretion, permit. The reconciliation shall be filed by the importer of record at such time and in such manner as the Secretary prescribes but not later than 21 months after the date the importer declares his intent to file the reconciliation. In the case of reconciling issues relating to the assessment of antidumping and countervailing duties, the reconciliation shall be filed not later than 90 days after the date the Customs Service advises the importer that the period of review for antidumping or countervailing duty purposes has been completed. Before filing a reconciliation, an importer of record shall post bond or other security pursuant to such regulations as the Secretary may prescribe.

(2) Regulations regarding AD/CV duties

The Secretary shall prescribe, in consultation with the Secretary of Commerce, such regulations as are necessary to adapt the reconciliation process for use in the collection of antidumping and countervailing duties.

(c) Release of merchandise

The Customs Service may permit the entry and release of merchandise from customs custody in accordance with such regulations as the Secretary may prescribe. No officer of the Customs Service shall be liable to any person with respect to the delivery of merchandise released from customs custody in accordance with such regulations.

(d) Signing and contents

(1) Entries shall be signed by the importer of record, or his agent, unless filed pursuant to an electronic data interchange system. If electronically filed, each transmission of data shall be certified by an importer of record or his agent, one of whom shall be resident in the United States for purposes of receiving service of process, as being true and correct to the best of his knowledge and belief, and such transmission shall be binding in the same manner and to the same extent as a signed document. The entry shall set forth such facts in regard to the importation as the Secretary may require and shall be accompanied by such invoices, bills of lading, certificates, and documents, or their electronically submitted equivalents, as are required by regulation.

(2) The Secretary, in prescribing regulations governing the content of entry documentation, shall require that entry documentation contain such information as may be necessary to determine whether the imported merchandise bears an infringing trademark in violation of section 1124 of title 15 or any other applicable law, including a trademark appearing on the goods or packaging.

(e) Production of invoice

The Secretary may provide by regulation for the production of an invoice, parts thereof, or

the electronic equivalents thereof, in such manner and form, and under such terms and conditions, as the Secretary considers necessary.

(f) Statistical enumeration

The Secretary, the Secretary of Commerce, and the United States International Trade Commission shall establish from time to time for statistical purposes an enumeration of articles in such detail as in their judgment may be necessary, comprehending all merchandise imported into the United States and exported from the United States, and shall seek, in conjunction with statistical programs for domestic production and programs for achieving international harmonization of trade statistics, to establish the comparability thereof with such enumeration of articles. All import entries and export declarations shall include or have attached thereto an accurate statement specifying, in terms of such detailed enumeration, the kinds and quantities of all merchandise imported and exported and the value of the total quantity of each kind of article.

(g) Statement of cost of production

Under such regulations as the Secretary may prescribe, the Customs Service may require a verified statement from the manufacturer or producer showing the cost of producing the imported merchandise, if the Customs Service considers such verification necessary for the appraisal of such merchandise.

(h) Admissibility of data electronically transmitted

Any entry or other information transmitted by means of an authorized electronic data interchange system shall be admissible in any and all administrative and judicial proceedings as evidence of such entry or information.

(i) Special rule for foreign trade zone operations

(1) In general

Notwithstanding any other provision of law and except as provided in paragraph (3), all merchandise (including merchandise of different classes, types, and categories), withdrawn from a foreign trade zone during any 7-day period, shall, at the option of the operator or user of the zone, be the subject of a single estimated entry or release filed on or before the first day of the 7-day period in which the merchandise is to be withdrawn from the zone. The estimated entry or release shall be treated as a single entry and a single release of merchandise for purposes of section 58c(a)(9)(A) of this title and all fee exclusions and limitations of such section 58c of this title shall apply, including the maximum and minimum fee amounts provided for under subsection (b)(8)(A)(i) of such section. The entry summary for the estimated entry or release shall cover only the merchandise actually withdrawn from the foreign trade zone during the 7-day period.

(2) Other requirements

The Secretary of the Treasury may require that the operator or user of the zone—

(A) use an electronic data interchange approved by the Customs Service—

(i) to file the entries described in paragraph (1); and

(ii) to pay the applicable duties, fees, and taxes with respect to the entries; and

(B) satisfy the Customs Service that accounting, transportation, and other controls over the merchandise are adequate to protect the revenue and meet the requirements of other Federal agencies.

(3) Exception

The provisions of paragraph (1) shall not apply to merchandise the entry of which is prohibited by law or merchandise for which the filing of an entry summary is required before the merchandise is released from customs custody.

(4) Foreign trade zone; zone

In this subsection, the terms “foreign trade zone” and “zone” mean a zone established pursuant to the Act of June 18, 1934, commonly known as the Foreign Trade Zones Act (19 U.S.C. 81a et seq.).

(j) Treatment of multiple entries of merchandise as single transaction

In the case of merchandise that is purchased and invoiced as a single entity but—

(1) is shipped in an unassembled or disassembled condition in separate shipments due to the size or nature of the merchandise, or

(2) is shipped in separate shipments due to the inability of the carrier to include all of the merchandise in a single shipment (at the instruction of the carrier),

the Customs Service may, upon application by an importer in advance, treat such separate shipments for entry purposes as a single transaction.

REFERENCES IN TEXT

The Foreign Trade Zones Act, referred to in subsection (i)(4), is act June 18, 1934, ch. 590, 48 Stat. 998, as amended, which is classified generally to chapter 1A (§ 81a et seq.) of this title. For complete classification of this Act to the Code, see Tables.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in act Sept. 21, 1922, ch. 356, title IV, § 484, 42 Stat. 960. That section was superseded by section 484 of act June 17, 1930, comprising this section, and repealed by section 651(a)(1) of the 1930 act.

Provisions requiring entry of goods, and prescribing the manner of making it, the documents to be produced, etc., were contained in R.S. §2785. Provision for entry when the particulars of the merchandise were unknown was made by R.S. §2788. A special provision regarding entry of distilled spirits and wines was contained in R.S. §2794. All of these sections were repealed by act Sept. 21, 1922, ch. 356, title IV, §642, 42 Stat. 989.

Provisions relating to the production of certified invoices were contained in act Oct. 3, 1913, ch. 16, §III, E, 38 Stat. 182, which reenacted the provisions of the Payne-Aldrich Tariff Act of Aug. 5, 1909, ch. 6, §28, 36 Stat. 92, which amended Customs Administrative Act of June 10, 1890, ch. 407, §4, 26 Stat. 131. Said section III, E, was repealed by act Sept. 21, 1922, ch. 356, title IV, §643, 42 Stat. 989. Earlier provisions were contained in R.S. §2860, and act June 22, 1874, ch. 391, §§9, 10, and 11, all repealed by act June 10, 1890, ch. 407, §29, 26 Stat. 141.

R.S. §2842 required bond for the production of an invoice duly certified by the oath of the owner or one of them, in the case of merchandise belonging to a resident of the United States absent from the place of entry. R.S. §2852, provided that when merchandise was admitted to entry on invoice, the collector should certify the same, and no other evidence of value should be admitted on the part of the owner, except in corroboration of the entry. R.S. §2859, made special provision for entry of merchandise from countries where there was no United States consul, etc. These sections were all repealed by act Sept. 21, 1922, ch. 356, title IV, §642, 42 Stat. 989.

R.S. §§2847 and 2848 authorized the Secretary of the Treasury to admit to entry in certain cases merchandise subject to ad valorem duty, belonging to a person not residing in the United States, not accompanied with an invoice verified and authenticated as required by preceding section. They became inoperative by the repeal of R.S. §§2843, 2845, by the Customs Administrative Act of June 10, 1890, ch. 407, §29, 26 Stat. 141, reenacted by the Payne-Aldrich Tariff Act of Aug. 5, 1909, ch. 6, §28, 36 Stat. 104, and the enactment of provisions for entry of goods without invoice by section 4 of said Customs Administrative Act amended by the Payne-Aldrich Tariff Act, and further amended by the Underwood Tariff Act of Oct. 3, 1913, ch. 16, §III, E, and were repealed by act Sept. 21, 1922, ch. 356, title IV, §642, 42 Stat. 989.

R.S. §2858, provided that the Secretary of the Treasury, whenever it had become impracticable for the person desiring to make entry of merchandise to produce any invoice thereof, might authorize the entry thereof, and remit forfeitures in such cases, as in other cases under the revenue laws. It was repealed by the Customs Administrative Act of June 10, 1890, ch. 407, §29, 26 Stat. 141, reenacted by the Payne-Aldrich Act of Aug. 5, 1909, ch. 6, §28, 36 Stat. 104.

A provision relating to statistical enumeration of merchandise, except that the "accurate statement" was to be a part of the declaration therein provided for, and a further provision making it the duty of the consular officer to whom the invoice should be produced to require the information to be given, were contained in act Oct. 3, 1913, ch. 16, §III, F, 38 Stat. 182, amending the Customs Administrative Act of June 10, 1890, ch. 407, §5, 26 Stat. 132, as previously amended by Payne-Aldrich Tariff Act of Aug. 5, 1909, ch. 6, §28, 36 Stat. 95. Said section III, F, was repealed by act Sept. 21, 1922, ch. 356, title IV, §643, 42 Stat. 989.

Prior provisions on the subject of subsequent entry of part of merchandise and separate entry of packages contained in packages for delivery to others were contained in act May 1, 1876, ch. 89, §1, 19 Stat. 49, which was repealed by act Sept. 21, 1922, ch. 356, title IV, §643, 42 Stat. 989; and in act Oct. 3, 1913, ch. 16, §III, F, 38 Stat. 182, amending Customs Administrative Act of June 10, 1890, ch. 407, §5, 26 Stat. 132, as previously amended by Payne-Aldrich Tariff Act of Aug. 5, 1909, ch. 6, §28, 36 Stat. 95. Notwithstanding any other provision of law, any vessel meeting the definition of a large yacht as provided in subsection (b) of this section and which is otherwise dutiable may be imported without the payment of duty if imported with the intention to offer for sale at a boat show in the United States. Payment of duty shall be deferred, in accordance with this section, until such large yacht is sold.

As used in this section, the term “large yacht” means a vessel that exceeds 79 feet in length, is used primarily for recreation or pleasure, and has been previously sold by a manufacturer or dealer to a retail consumer.

(c) Deferral of duty

At the time of importation of any large yacht, if such large yacht is imported for sale at a boat show in the United States and is otherwise dutiable, duties shall not be assessed and collected if the importer of record—

(1) certifies to the Customs Service that the large yacht is imported pursuant to this section for sale at a boat show in the United States; and

(2) posts a bond, which shall have a duration of 6 months after the date of importation, in an amount equal to twice the amount of duty on the large yacht that would otherwise be imposed under subheading 8903.91.00 or 8903.92.00 of the Harmonized Tariff Schedule of the United States.

(d) Procedures upon sale

(1)¹ Deposit of duty

If any large yacht (which has been imported for sale at a boat show in the United States with the deferral of duties as provided in this section) is sold within the 6-month period after importation—

(A) entry shall be completed and duty (calculated at the applicable rates provided for under subheading 8903.91.00 or 8903.92.00 of the Harmonized Tariff Schedule of the United States and based upon the value of the large yacht at the time of importation) shall be deposited with the Customs Service; and

(a) Appraisal and sale of unclaimed merchandise

Any entered or unentered merchandise (except merchandise entered under section 1557 of this title, but including merchandise entered for transportation in bond or for exportation) which shall remain in a bonded warehouse pursuant to section 1490 of this title for 6 months from the date of importation thereof, without all estimated duties, taxes, fees, interest, storage, or other charges thereon having been paid, shall be considered unclaimed and abandoned to the Government and shall be appraised and sold by the Customs Service at public auction under such regulations as the Secretary of the Treasury shall prescribe. All gunpowder and other explosive substances and merchandise liable to depreciation in value by damage, leakage, or other cause to such extent that the proceeds of sale thereof may be insufficient to pay the duties, taxes, fees, interest, storage, and other charges, if permitted to remain in¹ pursuant to section 1490 of this title in a bonded warehouse for 6 months, may be sold forthwith, under such regulations as the Secretary of the Treasury may prescribe. Merchandise subject to sale hereunder or under section 1559 of this title may be entered or withdrawn for consumption at any time prior to such sale upon payment of all duties, taxes, fees, interest, storage, and other charges, and expenses that may have accrued thereon, but such merchandise after becoming subject to sale may not be exported prior to sale without the payment of such duties, taxes, fees, interest, charges, and expenses nor may it be entered for warehouse. The computation of duties, taxes, interest, and fees for the purposes of this section and sections 1493 and 1559 of this title shall be at the rate or rates applicable at the time the merchandise becomes subject to sale.

(b) Notice of title vesting in United States

At the end of the 6-month period referred to in subsection (a) of this section, the Customs Service may, in lieu of sale of the merchandise, provide notice to all known interested parties that the title to such merchandise shall be considered to vest in the United States free and clear of any liens or encumbrances, on the 30th day after the date of the notice unless, before such 30th day—

(1) the subject merchandise is entered or withdrawn for consumption; and

(2) payment is made of all duties, taxes, fees, transfer and storage charges, and other expenses that may have accrued thereon.

¹ So in original. The word “in” probably should not appear.

(c) Retention, transfer, destruction, or other disposition

If title to any merchandise vests in the United States by operation of subsection (b) of this section, such merchandise may be retained by the Customs Service for official use, transferred to any other Federal agency or to any State or local agency, destroyed, or otherwise disposed of in accordance with such regulations as the Secretary shall prescribe. All transfer and storage charges or expenses accruing on retained or transferred merchandise shall be paid by the receiving agency.

(d) Petition

Whenever any party, having lost a substantial interest in merchandise by virtue of title vesting in the United States under subsection (b) of this section, can establish such title or interest to the satisfaction of the Secretary within 30 days after the day on which title vests in the United States under subsection (b) of this section, or can establish to the satisfaction of the Secretary that the party did not receive notice under subsection (b) of this section, the Secretary may, upon receipt of a timely and proper petition and upon finding that the facts and circumstances warrant, pay such party out of the Treasury of the United States the amount the Secretary believes the party would have received under section 1493 of this title had the merchandise been sold and a proper claim filed. The decision of the Secretary with respect to any such petition is final and conclusive on all parties.

(e) Appraisal and sale or other disposition of forfeited distilled spirits, wines, and malt liquor

All distilled spirits, wines, and malt liquor forfeited to the Government summarily or by order of court, under any provision of law administered by the United States Customs Service, shall be appraised and disposed of by—

(2) gifts to such eleemosynary institutions as, in the opinion of the Secretary, have a need for such distilled spirits, wines, and malt liquor for medical purposes;

(3) sale by Customs Service at public auction under such regulations as the Secretary shall prescribe, except that before making any such sale the Secretary shall determine that no Government agency or eleemosynary institution has established a need for such spirits, wines, and malt liquor under paragraph (1) or (2); or

(4) destruction.

§ 1499. Examination of merchandise

(a) Entry examination

(1) In general

Imported merchandise that is required by law or regulation to be inspected, examined, or appraised shall not be delivered from customs custody (except under such bond or other security as may be prescribed by the Secretary to assure compliance with all applicable laws, regulations, and instructions which the Secretary or the Customs Service is authorized to enforce) until the merchandise has been inspected, appraised, or examined and is reported by the Customs Service to have been truly and correctly invoiced and found to comply with the requirements of the laws of the United States.

(2) Examination

The Customs Service—

(A) shall designate the packages or quantities of merchandise covered by any invoice or entry which are to be opened and examined for the purpose of appraisal or otherwise;

(B) shall order such packages or quantities to be sent to such place as is designated by the Secretary by regulation for such purpose;

(C) may require such additional packages or quantities as the Secretary considers necessary for such purpose; and

(D) shall inspect a sufficient number of shipments, and shall examine a sufficient number of entries, to ensure compliance with the laws enforced by the Customs Service.

(3) Unspecified articles

If any package contains any article not specified in the invoice or entry and, in the opinion of the Customs Service, the article was omitted from the invoice or entry—

(A) with fraudulent intent on the part of the seller, shipper, owner, agent, importer of record, or entry filer, the contents of the entire package in which such article is found shall be subject to seizure; or

(B) without fraudulent intent, the value of the article shall be added to the entry and the duties, fees, and taxes thereon paid accordingly.

(4) Deficiency

If a deficiency is found in quantity, weight, or measure in the examination of any package, the person finding the deficiency shall make a report thereof to the Customs Service. The Customs Service shall make allowance for the deficiency in the liquidation of duties.

(5) Information required for release

If an examination is conducted, any information required for release shall be provided, either electronically or in paper form, to the Customs Service at the port of examination.

The absence of such information does not limit the authority of the Customs Service to conduct an examination.

(b) Testing laboratories

(1) Accreditation of private testing laboratories

The Customs Service shall establish and implement a procedure, under regulations promulgated by the Secretary, for accrediting private laboratories within the United States which may be used to perform tests (that would otherwise be performed by Customs Service laboratories) to establish the characteristics, quantities, or composition of imported merchandise. Such regulations—

(A) shall establish the conditions required for the laboratories to receive and maintain accreditation for purposes of this subsection;

(B) shall establish the conditions regarding the suspension and revocation of accreditation, which may include the imposition of a monetary penalty not to exceed \$100,000 and such penalty is in addition to the recovery, from a gauger or laboratory accredited under paragraph (1), of any loss of revenue that may have occurred, but the Customs Service—

(i) may seek to recover lost revenue only in cases where the gauger or laboratory intentionally falsified the analysis or gauging report in collusion with the importer; and

(ii) shall neither assess penalties nor seek to recover lost revenue because of a good faith difference of professional opinion; and

(C) may provide for the imposition of a reasonable charge for accreditation and periodic reaccreditation.

The collection of any charge for accreditation and reaccreditation under this section is not prohibited by section 58c(e)(6) of this title.

(2) Appeal of adverse accreditation decisions

A laboratory applying for accreditation, or that is accredited, under this section may contest any decision or order of the Customs Service denying, suspending, or revoking accreditation, or imposing a monetary penalty, by commencing an action in accordance with chapter 169 of title 28 in the Court of International Trade within 60 days after issuance of the decision or order.

(3) Testing by accredited laboratories

When requested by an importer of record of merchandise, the Customs Service shall authorize the release to the importer of a representative sample of the merchandise for testing, at the expense of the importer, by a laboratory accredited under paragraph (1). The testing results from a laboratory accredited under paragraph (1) that are submitted by an importer of record with respect to merchandise in an entry shall, in the absence of testing results obtained from a Customs Service laboratory, be accepted by the Customs Service if the importer of record certifies that the sample tested was taken from the merchandise in the entry. Nothing in this subsection shall be construed to limit in any way or preclude the

authority of the Customs Service to test or analyze any sample or merchandise independently.

(4) Availability of testing procedure, methodologies, and information

Testing procedures and methodologies used by the Customs Service, and information resulting from any testing conducted by the Customs Service, shall be made available as follows:

(A) Testing procedures and methodologies shall be made available upon request to any person unless the procedures or methodologies are—

(i) proprietary to the holder of a copyright or patent related to such procedures or methodologies, or

(ii) developed by the Customs Service for enforcement purposes.

(B) Information resulting from testing shall be made available upon request to the importer of record and any agent thereof unless the information reveals information which is—

(i) proprietary to the holder of a copyright or patent; or

(ii) developed by the Customs Service for enforcement purposes.

(5) Miscellaneous provisions

For purposes of this subsection—

(A) any reference to a private laboratory includes a reference to a private gauger; and

(B) accreditation of private laboratories extends only to the performance of functions by such laboratories that are within the scope of those responsibilities for determinations of the elements relating to admissibility, quantity, composition, or characteristics of imported merchandise that are vested in, or delegated to, the Customs Service.

(c) Detentions

Except in the case of merchandise with respect to which the determination of admissibility is vested in an agency other than the Customs Service, the following apply:

(1) In general

Within the 5-day period (excluding weekends and holidays) following the date on which merchandise is presented for customs examination, the Customs Service shall decide whether to release or detain the merchandise. Merchandise which is not released within such 5-day period shall be considered to be detained merchandise.

(2) Notice of detention

The Customs Service shall issue a notice to the importer or other party having an interest in detained merchandise no later than 5 days, excluding weekends and holidays, after the decision to detain the merchandise is made. The notice shall advise the importer or other interested party of—

(A) the initiation of the detention;

(B) the specific reason for the detention;

(C) the anticipated length of the detention;

(D) the nature of the tests or inquiries to be conducted; and

(E) the nature of any information which, if supplied to the Customs Service, may accelerate the disposition of the detention.

(3) Testing results

Upon request by the importer or other party having an interest in detained merchandise, the Customs Service shall provide the party with copies of the results of any testing conducted by the Customs Service on the merchandise and a description of the testing procedures and methodologies (unless such procedures or methodologies are proprietary to the holder of a copyright or patent or were developed by the Customs Service for enforcement purposes). The results and test description shall be in sufficient detail to permit the duplication and analysis of the testing and the results.

(4) Seizure and forfeiture

If otherwise provided by law, detained merchandise may be seized and forfeited.

(5) Effect of failure to make determination

(A) The failure by the Customs Service to make a final determination with respect to the admissibility of detained merchandise within 30 days after the merchandise has been presented for customs examination, or such longer period if specifically authorized by law, shall be treated as a decision of the Customs Service to exclude the merchandise for purposes of section 1514(a)(4) of this title.

(B) For purposes of section 1581 of title 28, a protest against the decision to exclude the merchandise which has not been allowed or denied in whole or in part before the 30th day after the day on which the protest was filed shall be treated as having been denied on such 30th day.

(C) Notwithstanding section 2639 of title 28, once an action respecting a detention is commenced, unless the Customs Service establishes by a preponderance of the evidence that an admissibility decision has not been reached for good cause, the court shall grant the appropriate relief which may include, but is not limited to, an order to cancel the detention and release the merchandise.

(D) if a reconciliation is filed, or should have been filed, the date of the filing under section 1484 of this title or the date the reconciliation should have been filed, whichever is earlier; or

(E)¹ if a reconfigured entry is filed under an import activity summary statement, the date the import activity summary statement is filed or should have been filed, whichever is earlier;

Notwithstanding section 1500(e) of this title, notice of liquidation need not be given of an entry deemed liquidated.

(B) Unliquidated imports

An entry or claim for drawback whose designated or identified import entries have not been liquidated and become final within the

1-year period described in subparagraph (A), or within the 1-year period described in subparagraph (C), shall be deemed liquidated upon the deposit of estimated duties on the unliquidated imported merchandise, and upon the filing with the Customs Service of a written request for the liquidation of the drawback entry or claim. (2) the importer of record or drawback claimant, as the case may be, requests such extension and shows good cause therefor.

The Secretary shall give notice of an extension under this subsection to the importer of record or drawback claimant, as the case may be, and the surety of such importer of record or drawback claimant. Notice shall be in such form and manner (which may include electronic transmittal) as the Secretary shall by regulation prescribe. § 1505. Payment of duties and fees

(a) Deposit of estimated duties and fees

Unless the entry is subject to a periodic payment referred to in this subsection or the mer-

chandise is entered for warehouse or transportation, or under bond, the importer of record shall deposit with the Customs Service at the time of entry, or at such later time as the Secretary may prescribe by regulation (but not later than 12 working days after entry or release) the amount of duties and fees estimated to be payable on such merchandise. As soon as a periodic payment module of the Automated Commercial Environment is developed, but no later than October 1, 2004, the Secretary shall promulgate regulations, after testing the module, permitting a participating importer of record to deposit estimated duties and fees for entries of merchandise, other than merchandise entered for warehouse, transportation, or under bond, no later than the 15 working days following the month in which the merchandise is entered or released, whichever comes first.

The Secretary may prescribe an alternative mid-point interest accounting methodology, which may be employed by the importer, based upon aggregate data in lieu of accounting for such interest from each deposit data provided in this subsection.

(d) Delinquency

If duties, fees, and interest determined to be due or refunded are not paid in full within the 30-day period specified in subsection (b) of this section, any unpaid balance shall be considered delinquent and bear interest by 30-day periods, at a rate determined by the Secretary, from the date of liquidation or reliquidation until the full balance is paid. (1) examine, or cause to be examined, upon reasonable notice, any record (which for purposes of this section, includes, but is not limited to, any statement, declaration, document, or electronically generated or machine readable data) described in the notice with reasonable specificity, which may be relevant to such investigation or inquiry, except that—

(A) if such record is required by law or regulation for the entry of the merchandise (whether or not the Customs Service required its presentation at the time of entry) it shall be provided to the Customs Service within a reasonable time after demand for its production is made, taking into consideration the number, type, and age of the item demanded; and

(B) if a person of whom demand is made under subparagraph (A) fails to comply with the demand, the person may be subject to penalty under subsection (g) of this section;

(2) summon, upon reasonable notice—

(A) the person who—

(i) imported, or knowingly caused to be imported, merchandise into the customs territory of the United States,

(ii) exported merchandise, or knowingly caused merchandise to be exported, to a NAFTA country (as defined in section 3301(4) of this title) or to Canada during such time as the United States-Canada Free-Trade Agreement is in force with respect to, and the United States applies that Agreement to, Canada,

territory of the United States specified in the summons (except that no witness may be required to appear at any place more than one hundred miles distant from the place where he was served with the summons), to produce records, as defined in subsection (d)(1)(A) of this section, and to give such testimony, under oath, as may be relevant to such investigation or inquiry; and

(3) take, or cause to be taken, such testimony of the person concerned, under oath, as may be relevant to such investigation or inquiry.

(b) Regulatory audit procedures

(1) In conducting a regulatory audit under this section (which does not include a quantity verification for a customs bonded warehouse or general purpose foreign trade zone), the Customs Service auditor shall provide the person being audited, in advance of the audit, with a reasonable estimate of the time to be required for the audit. If in the course of an audit it becomes apparent that additional time will be required, the Customs Service auditor shall immediately provide a further estimate of such additional time.

(2) Before commencing an audit, the Customs Service auditor shall inform the party to be audited of his right to an entry conference at which time the purpose will be explained and an estimated termination date set. Upon completion of on-site audit activities, the Customs Service auditor shall schedule a closing conference to explain the preliminary results of the audit.

(3) Except as provided in paragraph (5), if the estimated or actual termination date for an audit passes without the Customs Service auditor providing a closing conference to explain the results of the audit, the person being audited may petition in writing for such a conference to the officer designated pursuant to regulations, who, upon receipt of such a request, shall provide for such a conference to be held within 15 days after the date of receipt.

(4) Except as provided in paragraph (5), the Customs Service auditor shall complete the formal written audit report within 90 days following the closing conference unless the officer designated pursuant to regulations provides written notice to the person being audited of the reason for any delay and the anticipated completion date. After application of any exemption contained in section 552 of title 5, a copy of the formal written audit report shall be sent to the person audited no later than 30 days following completion of the report.

(5) Paragraphs (3) and (4) shall not apply after the Customs Service commences a formal investigation with respect to the issue involved.

(6)(A) If during the course of any audit concluded under this subsection, the Customs Service identifies overpayments of duties or fees or over-declarations of quantities or values that are within the time period and scope of the audit that the Customs Service has defined, then in calculating the loss of revenue or monetary penalties under section 1592 of this title, the Customs Service shall treat the overpayments or over-declarations on finally liquidated entries as an offset to any underpayments or

underdeclarations also identified on finally liquidated entries, if such overpayments or over-declarations were not made by the person being audited for the purpose of violating any provision of law.

(B) Nothing in this paragraph shall be construed to authorize a refund not otherwise authorized under section 1520 of this title.

(c) Service of summons

A summons issued pursuant to this section may be served by any person designated in the summons to serve it. Service upon a natural person may be made by personal delivery of the summons to him. Service may be made upon a domestic or foreign corporation or upon a partnership or other unincorporated association which is subject to suit under a common name, by delivering the summons to an officer, or managing or general agent, or to any other agent authorized by appointment or by law to receive service of process. The certificate of service signed by the person serving the summons is prima facie evidence of the facts it states on the hearing of an application for the enforcement of the summons. When the summons requires the production of records, such records shall be described in the summons with reasonable specificity.

(d) Special procedures for third-party summonses

(1) For purposes of this subsection—

(A) The term “records” includes those—

(i) required to be kept under section 1508 of this title; or

(ii) regarding which there is probable cause to believe that they pertain to merchandise the importation of which into the United States is prohibited.

(B) The term “summons” means any summons issued under subsection (a) of this section which requires the production of records or the giving of testimony relating to records. Such term does not mean any summons issued to aid in the collection of the liability of any person against whom an assessment has been made or judgment rendered.

(C) The term “third-party recordkeeper” means—

(i) any customhouse broker, unless such customhouse broker is the importer of record on an entry;

(ii) any attorney; and

(iii) any accountant.

(2) If—

(A) any summons is served on any person who is a third-party recordkeeper; and

(B) the summons requires the production of, or the giving of testimony relating to, any portion of records made or kept of the transactions described in section 1508 of this title of any person (other than the person summoned) who is identified in the description of the records contained in such summons;

then notice of such summons shall be given to any persons so identified within a reasonable time before the day fixed in the summons as the day upon which such records are to be examined or testimony given. Such notice shall be accom-

panied by a copy of the summons which has been served and shall contain directions for staying compliance with the summons under paragraph (5)(B) of this subsection.

(3) Any notice required under paragraph (2) of this subsection shall be sufficient if such notice is served in the manner provided in subsection (b) of this section upon the person entitled to notice, or is mailed by certified or registered mail to the last known address of such person.

(4) Paragraph (2) of this subsection shall not apply to any summons—

(A) served on the person with respect to whose liability for duties, fees, or taxes the summons is issued, or any officer or employee of such person; or

(B) to determine whether or not records of the transactions described in section 1508 of this title of an identified person have been made or kept.

(5) Notwithstanding any other law or rule of law, any person who is entitled to notice of a summons under paragraph (2) of this subsection shall have the right—

(A) to intervene in any proceeding with respect to the enforcement of such summons under section 1510 of this title; and

(B) to stay compliance with the summons if, not later than the day before the day fixed in the summons as the day upon which the records are to be examined or testimony given—

(i) notice in writing is given to the person summoned not to comply with the summons; and

(ii) a copy of such notice not to comply with the summons is mailed by registered or certified mail to such person and to such office as the Secretary may direct in the notice referred to in paragraph (2) of this subsection.

(6) No examination of any records required to be produced under a summons as to which notice is required under paragraph (2) of this subsection may be made—

(A) before the expiration of the period allowed for the notice not to comply under paragraph (5)(B) of this subsection, or

(B) if the requirements of such paragraph (5)(B) have been met, except in accordance with an order issued by a court of competent jurisdiction authorizing examination of such records or with the consent of the person staying compliance.

(7) The provisions of paragraphs (2) and (5) of this subsection shall not apply with respect to any summons if, upon petition by the Secretary, the court determines, on the basis of the facts and circumstances alleged, that there is reasonable cause to believe the giving of notice may lead to attempts to conceal, destroy, or alter records relevant to the examination, to prevent the communication of information from other persons through intimidation, bribery, or collusion, or to flee to avoid prosecution, testifying, or production of records.

(e) List of records and information

The Customs Service shall identify and publish a list of the records or entry information that is required to be maintained and produced under subsection (a)(1)(A) of this section.

(f) Recordkeeping compliance program

(1) In general

After consultation with the importing community, the Customs Service shall by regulation establish a recordkeeping compliance program which the parties listed in section 1508(a) of this title may participate in after being certified by the Customs Service under paragraph (2). Participation in the recordkeeping compliance program by recordkeepers is voluntary.

(2) Certification

A recordkeeper may be certified as a participant in the recordkeeping compliance program after meeting the general recordkeeping requirements established under the program or after negotiating an alternative program suited to the needs of the recordkeeper and the Customs Service. Certification requirements shall take into account the size and nature of the importing business and the volume of imports. In order to be certified, the recordkeeper must be able to demonstrate that it—

(A) understands the legal requirements for recordkeeping, including the nature of the records required to be maintained and produced and the time periods involved;

(B) has in place procedures to explain the recordkeeping requirements to those employees who are involved in the preparation, maintenance, and production of required records;

(C) has in place procedures regarding the preparation and maintenance of required records, and the production of such records to the Customs Service;

(D) has designated a dependable individual or individuals to be responsible for recordkeeping compliance under the program and whose duties include maintaining familiarity with the recordkeeping requirements of the Customs Service;

(E) has a record maintenance procedure approved by the Customs Service for original records, or, if approved by the Customs Service, for alternative records or recordkeeping formats other than the original records; and

(F) has procedures for notifying the Customs Service of occurrences of variances to, and violations of, the requirements of the recordkeeping compliance program or the negotiated alternative programs, and for taking corrective action when notified by the Customs Service of violations or problems regarding such program.

(g) Penalties

(1) “Information” defined

For purposes of this subsection, the term “information” means any record, statement, declaration, document, or electronically stored or transmitted information or data referred to in subsection (a)(1)(A) of this section.

(2) Effects of failure to comply with demand

Except as provided in paragraph (4), if a person fails to comply with a lawful demand for information under subsection (a)(1)(A) of this section the following provisions apply:

(A) If the failure to comply is a result of the willful failure of the person to maintain,

store, or retrieve the demanded information, such person shall be subject to a penalty, for each release of merchandise, not to exceed \$100,000, or an amount equal to 75 percent of the appraised value of the merchandise, whichever amount is less.

(B) If the failure to comply is a result of the negligence of the person in maintaining, storing, or retrieving the demanded information, such person shall be subject to a penalty, for each release of merchandise, not to exceed \$10,000, or an amount equal to 40 percent of the appraised value of the merchandise, whichever amount is less.

(C) In addition to any penalty imposed under subparagraph (A) or (B) regarding demanded information, if such information related to the eligibility of merchandise for a column 1 special rate of duty under title I, the entry of such merchandise—

(i) if unliquidated, shall be liquidated at the applicable column 1 general rate of duty; or

(ii) if liquidated within the 2-year period preceding the date of the demand, shall be reliquidated, notwithstanding the time limitation in section 1514 or 1520 of this title, at the applicable column 1 general rate of duty;

except that any liquidation or reliquidation under clause (i) or (ii) shall be at the applicable column 2 rate of duty if the Customs Service demonstrates that the merchandise should be dutiable at such rate.

(3) Avoidance of penalty

No penalty may be assessed under this subsection if the person can show—

(A) that the loss of the demanded information was the result of an act of God or other natural casualty or disaster beyond the fault of such person or an agent of the person;

(B) on the basis of other evidence satisfactory to the Customs Service, that the demand was substantially complied with; or

(C) the information demanded was presented to and retained by the Customs Service at the time of entry or submitted in response to an earlier demand.

(4) Penalties not exclusive

Any penalty imposed under this subsection shall be in addition to any other penalty provided by law except for—

(A) a penalty imposed under section 1592 of this title for a material omission of the demanded information, or

(B) disciplinary action taken under section 1641 of this title.

(5) Remission or mitigation

A penalty imposed under this section may be remitted or mitigated under section 1618 of this title.

(6) Customs summons

Nothing in this subsection shall limit or preclude the Customs Service from issuing, or seeking the enforcement of, a customs summons.

(7) Alternatives to penalties

(A) In general

When a recordkeeper who—

(i) has been certified as a participant in the recordkeeping compliance program under subsection (f) of this section; and

(ii) is generally in compliance with the appropriate procedures and requirements of the program;

does not produce a demanded record or information for a specific release or provide the information by acceptable alternative means, the Customs Service, in the absence of willfulness or repeated violations, shall issue a written notice of the violation to the recordkeeper in lieu of a monetary penalty. Repeated violations by the recordkeeper may result in the issuance of penalties and removal of certification under the program until corrective action, satisfactory to the Customs Service, is taken.

(B) Contents of notice

A notice of violation issued under subparagraph (A) shall—

(i) state that the recordkeeper has violated the recordkeeping requirements;

(ii) indicate the record or information which was demanded; and

(iii) warn the recordkeeper that future failures to produce demanded records or information may result in the imposition of monetary penalties.

(C) Response to notice

Within a reasonable time after receiving written notice under subparagraph (A), the recordkeeper shall notify the Customs Service of the steps it has taken to prevent a recurrence of the violation.

(D) Regulations

The Secretary shall promulgate regulations to implement this paragraph. Such regulations may specify the time periods for compliance with a demand for information and provide guidelines which define repeated violations for purposes of this paragraph. Any penalty issued for a recordkeeping violation shall take into account the degree of compliance compared to the total number of importations, the nature of the demanded records and the recordkeeper's cooperation.

Thereafter, any duties, charge, or exaction found to have been assessed or collected in excess shall be remitted or refunded and any drawback found due shall be paid. Upon the request of the protesting party, filed within the time allowed for the filing of a protest under section 1514 of this title, a protest may be subject to further review by another appropriate customs officer, under the circumstances and in the form and manner that may be prescribed by the Secretary in regulations, but subject to the two-year limitation prescribed in the first sentence of this subsection. Within 30 days from the date an application for further review is filed, the appropriate customs officer shall allow or deny the application and, if allowed, the protest shall be forwarded to the customs officer who will be conducting the further review. Notice of the denial of any protest shall be mailed in the form and manner prescribed by the Secretary. Such notice shall include a statement of the reasons for the denial, as well as a statement informing the protesting party of his right to file a civil action contesting the denial of a protest under section 1514 of this title.

Such request must be filed within 60 days after the date of the notice of the denial. The Commissioner of Customs may review such request and, based solely on the information before the Customs Service at the time the application for further review was denied, may set aside the denial of the application for further review and void the denial of protest, if appro-

priate. If the Commissioner of Customs fails to act within 60 days after the date of the request, the request shall be considered denied. All denials of protests are effective from the date of original denial for purposes of section 2636 of title 28. If an action is commenced in the Court of International Trade that arises out of a protest or an application for further review, all administrative action pertaining to such protest or application shall terminate and any administrative action taken subsequent to the commencement of the action is null and void.

(d) Voiding denial of protest

If a protest is timely and properly filed, but is denied contrary to proper instructions, the Customs Service may on its own initiative, or pursuant to a written request by the protesting party filed with the appropriate port director within 90 days after the date of the protest denial, void the denial of the protest.

PRIOR PROVISIONS

This section, as originally enacted, contained a paragraph (b) making a permanent appropriation of the

Provisions concerning the refund of moneys collected as duties in accordance with any decision, etc., of the Secretary of the Treasury, with provisos concerning reliquidations, correction of errors, household effects and other articles exempt from duty, were contained in act March 3, 1875, ch. 136, 18 Stat. 469, which was also repealed by section 643 of the act of Sept. 21, 1922.

R.S. § 3011 (as amended by act Feb. 27, 1877, ch. 69, § 1, 19 Stat. 247, and act Feb. 1, 1888, ch. 4, 25 Stat. 6) and section 3012, relative to actions to recover duties paid under protest, and sections 3012½ and 3013, relative to refunds, were repealed by the Customs Administrative Act of June 10, 1890, ch. 407, § 29, 26 Stat. 141.

Act June 7, 1924, ch. 357, 43 Stat. 660, authorizing the remission of unpaid customs duties on material belonging to the United States and theretofore imported by the War Department, was omitted from the Code as temporary.

§ 1553. Entry for transportation and exportation; lottery material from Canada

(a) Any merchandise, other than explosives and merchandise the importation of which is prohibited, shown by the manifest, bill of lading, shipping receipt, or other document to be destined to a foreign country, may be entered for transportation in bond through the United States by a bonded carrier without appraisalment or the payment of duties and exported under such regulations as the Secretary of the Treasury shall prescribe; and any baggage or personal effects not containing merchandise the importation of which is prohibited arriving in the United States destined to a foreign country may, upon the request of the owner or carrier having the same in possession for transpor-

tation, be entered for transportation in bond through the United States by a bonded carrier without appraisement or the payment of duty, under such regulations as the Secretary of the Treasury may prescribe. In places where no bonded common-carrier facilities are reasonably available, such merchandise may be so transported otherwise than by a bonded common carrier under such regulations as the Secretary of the Treasury shall prescribe.

(b) Notwithstanding subsection (a) of this section, the entry for transportation in bond through the United States of any lottery ticket, printed paper that may be used as a lottery ticket, or any advertisement of any lottery, that is printed in Canada, shall be permitted without appraisement or the payment of duties under such regulations as the Secretary of the Treasury may prescribe, except that such regulations shall not permit the transportation of lottery materials in the personal baggage of a traveler.

§ 1555. Bonded warehouses

(a) Designation; preconditions; bonding requirements; supervision

Subject to subsection (b) of this section, buildings or parts of buildings and other enclosures may be designated by the Secretary of the Treasury as bonded warehouses for the storage of imported merchandise entered for warehousing, or taken possession of by the appropriate customs officer, or under seizure, or for the manufacture of merchandise in bond, or for the repacking, sorting, or cleaning of imported merchandise. Such warehouses may be bonded for the storing of such merchandise only as shall belong or be consigned to the owners or proprietors thereof and be known as private bonded warehouses, or for the storage of imported merchandise generally and be known as public bonded warehouses. Before any imported merchandise not finally released from customs custody shall be stored in any such premises, the owner or lessee thereof shall give a bond in such sum and with such sureties as may be approved by the Secretary of the Treasury to secure the Government against any loss or expense connected with or arising from the deposit, storage, or manipulation of merchandise in such warehouse. Except as otherwise provided in this chapter, bonded warehouses shall be used solely for the storage of imported merchandise and shall be placed in charge of a proper officer of the customs, who, together with the proprietor thereof, shall have joint custody of all merchandise stored in the warehouse; and all labor on the merchandise so stored shall be performed by the owner or proprietor of the warehouse, under supervision of the officer of the customs in charge of the same, at the expense of the owner or proprietor. The compensation of such officer of the customs and other customs employees appointed to supervise the receipt of merchandise into any such warehouse and deliveries therefrom shall be reimbursed to the Government by the proprietor of such warehouse.

(b) Duty-free sales enterprises

(1) Duty-free sales enterprises may sell and deliver for export from the customs territory duty-free merchandise in accordance with this subsection and such regulations as the Secretary may prescribe to carry out this subsection.

(2) A duty-free sales enterprise may be located anywhere within—

(A) the same port of entry, as established under section 1 of the Act of August 24, 1912 (37 Stat. 434), from which a purchaser of duty-free merchandise departs the customs territory; or

¹ So in original. Probably should not be capitalized.

(B) 25 statute miles from the exit point through which the purchaser of duty-free merchandise will depart the customs territory; or

(C) a port of entry, as established under section 1 of the Act of August 24, 1912 (37 Stat. 434), or within 25 statute miles of a staffed port of entry if reasonable assurance can be provided that duty-free merchandise sold by the enterprise will be exported by individuals departing from the customs territory through an international airport located within the customs territory.

(3) Each duty-free sales enterprise—

(A) shall establish procedures to provide reasonable assurance that duty-free merchandise sold by the enterprise will be exported from the customs territory;

(B) if the duty-free sales enterprise is an airport store, shall establish and enforce, in accordance with such regulations as the Secretary may prescribe, restrictions on the sale of duty-free merchandise to any one individual to personal use quantities;

(C) shall display in prominent places within its place of business notices which state clearly that any duty-free merchandise purchased from the enterprise—

(i) has not been subject to any Federal duty or tax,

(ii) if brought back into the customs territory, must be declared and is subject to Federal duty and tax, and

(iii) is subject to the customs laws and regulation of any foreign country to which it is taken;

(D) shall not be required to mark or otherwise place a distinguishing identifier on individual items of merchandise to indicate that the items were sold by a duty-free sales enterprise, unless the Secretary finds a pattern in which such items are being brought back into the customs territory without declaration;

(E) may unpack merchandise into saleable units after it has been entered for warehouse and placed in a duty-free sales enterprise, without requirement of further permits; and

(F) shall deliver duty-free merchandise—

(i) in the case of a duty-free sales enterprise that is an airport store—

(I) to the purchaser (or a family member or companion traveling with the purchaser) in an area that is within the airport and to which access to passengers is restricted to those departing from the customs territory;

(II) to the purchaser (or a family member or companion traveling with the purchaser) at the exit point of a specific departing flight;

(III) by placing the merchandise within the aircraft on which the purchaser will depart for carriage as passenger baggage; or

(IV) if the duty-free sales enterprise has made a good faith effort to effect delivery for exportation through one of the methods described in subclause (I), (II), or (III) but is unable to do so, by any other reasonable method to effect delivery; or

(ii) in the case of a duty-free sales enterprise that is a border store—

(I) at a merchandise storage location at or beyond the exit point; or

(II) at any location approved by the Secretary before the date of enactment of the Omnibus Trade Act of 1987.

(4) If a State or local or other governmental authority, incident to its jurisdiction over any airport, seaport, or other exit point facility, requires that a concession or other form of approval be obtained from that authority with respect to the operation of a duty-free sales enterprise under which merchandise is delivered to or through such facility for exportation, merchandise incident to such operation may not be withdrawn from a bonded warehouse and transferred to or through such facility unless the operator of the duty-free sales enterprise demonstrates to the Secretary that the concession or approval required for the enterprise has been obtained.

(5) This subsection does not prohibit a duty-free sales enterprise from offering for sale and delivering to, or on behalf of, individuals departing from the customs territory merchandise other than duty-free merchandise, except that such other merchandise may not be stored in a bonded warehouse facility other than a bonded facility used for retail sales.

(6)(A) Except as provided in subparagraph (B), merchandise that is purchased in a duty-free sales enterprise is not eligible for exemption from duty under subchapter IV of chapter 98 of the Harmonized Tariff Schedule of the United States if such merchandise is brought back to the customs territory.

(B) Except in the case of travel involving transit to, from, or through an insular possession of the United States, merchandise described in subparagraph (A) that is purchased by a United States resident shall be eligible for exemption from duty under subheadings 9804.00.65, 9804.00.70, and 9804.00.72 of the Harmonized Tariff Schedule of the United States upon the United States resident's return to the customs territory of the United States, if the resident meets the eligibility requirements for the exemption claimed. Notwithstanding any other provision of law, such merchandise shall be considered to be an article acquired abroad as an incident of the journey from which the resident is returning, for purposes of determining eligibility for any such exemption.

(7) The Secretary shall by regulation establish a separate class of bonded warehouses for duty-free sales enterprises. Regulations issued to carry out this paragraph shall take into account the unique characteristics of the different types of duty-free sales enterprises.

(8) For purposes of this subsection—

The warehouse proprietor’s bond shall also secure the manipulation of international travel merchandise in a staging area.

(B) A transfer of liability from the international carrier to the warehouse proprietor occurs when the carrier assigns custody of international travel merchandise to the warehouse proprietor for purposes of entry into warehouse or for manipulation in the staging area.

Such merchandise may be withdrawn, at any time within 5 years from the date of importation, or such longer period of time as the Bureau of Customs and Border Protection may at its discretion permit upon proper request being filed and good cause shown, for consumption upon payment of the duties and charges accruing thereon at the rate of duty imposed by law upon such merchandise at the date of withdrawal; or may be with-

(A) the total period of time for which such merchandise may remain in bonded warehouse shall not exceed 5 years from the date of importation or such longer period of time as the Bureau of Customs and Border Protection may at its discretion permit upon proper request being filed and good cause shown; and

(B) turbine fuel may be withdrawn for use under section 1309 of this title without the payment of duty if an amount equal to the quantity of fuel withdrawn is shown to be used within 30 days after the day of withdrawal, but duties (together with interest payable from the date of the withdrawal at the rate of interest established under section 6621 of title 26) shall be deposited by the 40th day after the day of withdrawal on fuel that was withdrawn in excess of the quantity shown to have been so used during such 30-day period.

(2) Merchandise upon which the duties have been paid and which shall have remained continuously in bonded warehouse or otherwise in the custody and under the control of customs officers, may be entered or withdrawn at any time within 5 years after the date of importation, or such longer period of time as the Bureau of Customs and Border Protection may at its discretion permit upon proper request being filed and good cause shown, for exportation or for transportation and exportation to a foreign country, or for shipment or for transportation and shipment to the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, Johnston Island, or the island of Guam, under such regulations as the Secretary of the Treasury shall prescribe, and upon such entry or withdrawal, and exportation or shipment, the duties thereon shall be refunded.

The bond shall include an obligation to pay, with respect to the merchandise the subject of the transfer, all unpaid regular, increased, and additional duties, all unpaid taxes imposed upon or by reason of importation, and all unpaid charges and exactions. Such transfers shall be irrevocable, shall relieve the transferor from all customs liability with respect to obligations assumed by the transferee under the bond herein provided for, and shall confer upon the transferee all rights to the privileges provided for in this section and in sections 1562 and 1563 of this title which were vest-

The transferee shall also have the right to receive all lawful refunds of money paid by him to the United States with respect to the merchandise the subject of the transfer, and shall have the right to file a protest under section 1514 of this title to the same extent that such right would have been available to the transferor. Notice of liquidation shall be given to the transferee in the form and manner prescribed by the Secretary of the Treasury. A transferee may further transfer the right to withdraw merchandise, subject to the provisions of this subsection relating to original transfers.

(c) Destruction of merchandise at request of consignee

Merchandise entered under bond, under any provision of law, may, upon payment of all charges other than duty on the merchandise, be destroyed, at the request and at the expense of the consignee, within the bonded period under customs supervision, in lieu of exportation, and upon such destruction the entry of such merchandise shall be liquidated without payment of duty and any duties collected shall be refunded.

§ 1560. Leasing of warehouses

The Secretary of the Treasury may cause to be set aside any available space in a building used as a customhouse for the storage of bonded merchandise or may lease premises for the storage of unclaimed merchandise or other imported merchandise required to be stored by the Government, and set aside a portion of such leased premises for the storage of bonded merchandise: *Provided*, That no part of any premises owned or leased by the Government may be used for the storage of bonded merchandise at any port at which a public bonded warehouse has been established and is in operation. All the premises so leased shall be leased on public account and the storage and other charges shall be deposited and accounted for as customs receipts, and the rates therefor shall not be less than the charges for storage and similar services made at such port of entry by commercial concerns for the storage and handling of merchandise. No officer of the customs shall own, in whole or in part, any bonded warehouse or enter into any contract or agreement for the lease or use of any building to be thereafter erected as a public store or warehouse. No lease of any building to be so used shall be taken for a longer period than three years, nor shall rent for any such premises be paid, in whole or in part, in advance.

§ 1562. Manipulation in warehouse

Merchandise shall only be withdrawn from a bonded warehouse in such quantity and in such condition as the Secretary of the Treasury shall by regulation prescribe. Upon permission being granted by the Secretary of the Treasury, and under customs supervision, at the expense of the proprietor, merchandise may be cleaned, sorted, repacked, or otherwise changed in condition, but not manufactured, in bonded warehouses established for that purpose and be withdrawn therefrom—

(1) without payment of duties for exportation to a NAFTA country, as defined in section 3301(4) of this title, if the merchandise is of a kind described in any of paragraphs (1) through (8) of section 3333(a) of this title;

(2) for exportation to a NAFTA country if the merchandise consists of goods subject to NAFTA drawback, as defined in section 3333(a) of this title, except that—

(A) the merchandise may not be withdrawn from warehouse without assessment of a duty on the merchandise in its condition and quantity, and at its weight, at the time of withdrawal from the warehouse with such additions to or deductions from the final appraised value as may be necessary by reason of change in condition, and

(B) duty shall be paid on the merchandise before the 61st day after the date of exportation, but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the merchandise, the customs duty may be waived or reduced (subject to section 1508(b)(2)(B) of this title) in an amount that does not exceed the lesser of—

(i) the total amount of customs duties paid or owed on the merchandise on importation into the United States, or

(ii) the total amount of customs duties paid on the merchandise to the NAFTA country;

(3) without payment of duties for exportation to any foreign country other than to Chile, to a NAFTA country, or to Canada when exports to that country are subject to paragraph (4);

(4) without payment of duties for exportation to Canada (if that country ceases to be a NAFTA country and the suspension of the operation of the United States-Canada Free-Trade Agreement thereafter terminates), but the exemption from the payment of duties under this paragraph applies only in the case of an exportation during the period such Agreement is in operation of merchandise that—

(A) is only cleaned, sorted, or repacked in a bonded warehouse, or

(B) is a drawback eligible good under section 204(a) of the United States-Canada Free-Trade Agreement Implementation Act of 1988;

(5) without payment of duties for shipment to the Virgin Islands, American Samoa, Wake Island, Midway Island, Kingman Reef, Johnston Island or the island of Guam; and

(6)(A) without payment of duties for exportation to Chile, if the merchandise is of a kind described in any of paragraphs (1) through (5) of section 203(a) of the United States-Chile Free Trade Agreement Implementation Act; and

(B) for exportation to Chile if the merchandise consists of goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, except that—

(i) the merchandise may not be withdrawn from warehouse without assessment of a duty on the merchandise in its condition and quantity, and at its weight, at the time of withdrawal from the warehouse with such additions to, or deductions from, the final appraised value as may be necessary by reason of a change in condition, and

(ii) duty shall be paid on the merchandise before the 61st day after the date of exportation, except that such duties may be waived or reduced by—

(I) 100 percent during the 8-year period beginning on January 1, 2004,

(II) 75 percent during the 1-year period beginning on January 1, 2012,

(III) 50 percent during the 1-year period beginning on January 1, 2013, and

(IV) 25 percent during the 1-year period beginning on January 1, 2014.

Merchandise may be withdrawn from bonded warehouse for consumption, or for exportation to Canada if the duty exemption under paragraph (4) of the preceding sentence does not apply, upon the payment of duties accruing thereon, in its condition and quantity, and at its weight, at the time of withdrawal from warehouse, with such additions to or deductions from the final appraised value as may be necessary by reason of change in condition. The basis for the assessment of duties on such merchandise so withdrawn for consumption shall be the adjusted final appraised value, and if the rate of duty is based upon or regulated in any manner by the value of the merchandise, such rate shall be based upon or regulated by such adjusted final appraised value. The scouring or carbonizing of wool shall not be considered a process of manufacture within the provisions of this section. Under such regulations as the Secretary of the Treasury shall prescribe, imported merchandise which has been entered and which has remained in continuous customs custody may be manipulated in accordance with the provisions of this section under customs supervision and at the risk and expense of the consignee, but elsewhere than in a bonded warehouse, in cases where neither the protection of the revenue nor the proper conduct of customs business requires that such manipulation be done in bonded warehouse.

In no case shall there be any abatement or allowance made in the duties for any injury, deterioration, loss, or damage sustained by any merchandise while remaining in customs custody, except that the Secretary of the Treasury is authorized, upon production of proof satisfactory to him of the loss or theft of any merchandise

while in the appraiser's stores, or of the actual injury or destruction, in whole or in part, of any merchandise by accidental fire or other casualty, while in bonded warehouse, or in the appraiser's stores, or while in transportation under bond, or while in the custody of the officers of the customs, although not in bond, or while within the limits of any port of entry and before having been landed under the supervision of the officers of the customs, to abate or refund, as the case may be, the duties upon such merchandise, in whole or in part, and to pay any such refund out of any moneys in the Treasury not otherwise appropriated, and to cancel any warehouse bond or bonds, or enter satisfaction thereon in whole or in part, as the case may be, but no abatement or refund shall be made in respect of injury or destruction of any merchandise in bonded warehouse occurring after the expiration of three years from the date of importation. § 1584. Falsity or lack of manifest; penalties

(a) General rule

(1) Any master of any vessel and any person in charge of any vehicle bound to the United States who does not produce the manifest to the officer (whether of the Customs Service or the Coast Guard) demanding the same shall be liable to a penalty of \$1,000, and if any merchandise, including sea stores, is found on board of or after having been unladen from such vessel or vehicle which is not included or described in said manifest or does not agree therewith, the master of such vessel or the person in charge of such vehicle or the owner of such vessel or vehicle or any person directly or indirectly responsible for any discrepancy between the merchandise and said manifest shall be liable to a penalty equal to the lesser of \$10,000 or the domestic value of the merchandise so found or unladen, and any such merchandise belonging or consigned to the master or other officer or to any of the crew of such vessel, or to the owner or person in charge of such vehicle, shall be subject to forfeiture, and if any merchandise described in such manifest is not found on board the vessel

or vehicle the master or other person in charge or the owner of such vessel or vehicle or any person directly or indirectly responsible for any discrepancy between the merchandise and said manifest shall be subject to a penalty of \$1,000: *Provided*, That if the Customs Service shall be satisfied that the manifest was lost or mislaid without intentional fraud, or was defaced by accident, or is incorrect by reason of clerical error or other mistake and that no part of the merchandise not found on board was unshipped or discharged except as specified in the report of the master, said penalties shall not be incurred. For purposes of this subsection, the term “clerical error” means a nonnegligent, inadvertent, or typographical mistake in the preparation, assembly, or submission (electronically or otherwise) of the manifest.

(2) If any of such merchandise so found consists of heroin, morphine, cocaine, isonipecaine, or opiate, the master of such vessel or person in charge of such vehicle or the owner of such vessel or vehicle or any person directly or indirectly responsible for heroin, morphine, cocaine, isonipecaine, or opiate being in such merchandise shall be liable to a penalty of \$1,000 for each ounce thereof so found. If any of such merchandise so found consists of crude opium, the master of such vessel or person in charge of such vehicle or the owner of such vessel or vehicle or any person directly or indirectly responsible for crude opium being in such merchandise shall be liable to a penalty of \$200 for each ounce thereof so found. Such penalties shall, notwithstanding the proviso in section 1594 of this title (relating to the immunity of vessels or vehicles used as common carriers), constitute a lien upon such vessel which may be enforced by a libel in rem; except that the master or owner of a vessel used by any person as a common carrier in the transaction of business as such common carrier shall not be liable to such penalties and the vessel shall not be held subject to the lien, if it appears to the satisfaction of the court that neither the master nor any of the officers (including licensed and unlicensed officers and petty officers) nor the owner of the vessel knew, and could not, by the exercise of the highest degree of care and diligence, have known, that such narcotic drugs were on board. Clearance of any such vessel may be withheld until such penalties are paid or until a bond, satisfactory to the Customs Service, is given for the payment thereof. The provisions of this paragraph shall not prevent the forfeiture of any such vessel or vehicle under any other provision of law. As used in this paragraph, the terms “opiate” and “marihuana” shall have the same meaning given those terms by sections 802(18) and 802(16), respectively, of title 21.

(3) If any of such merchandise (sea stores excepted), the importation of which into the

United States is prohibited, be so found upon any vessel not exceeding five hundred net tons, the vessel shall, in addition to any other penalties herein or by law provided, be seized and forfeited.

(b) Procedures

(1) If the Customs Service has reasonable cause to believe that there has been a violation of subsection (a)(1) of this section and determines that further proceedings are warranted, the Customs Service shall issue or electronically transmit to the person concerned a notice of intent to issue or electronically transmit a claim for a monetary penalty. Such notice shall—

(A) describe the merchandise;

(B) set forth the details of the error in the manifest;

(C) specify all laws and regulations allegedly violated;

(D) disclose all the material facts which establish the alleged violation;

(E) state the estimated loss of lawful duties, if any, and, taking into account all of the circumstances, the amount of the proposed monetary penalty; and

(F) inform such person that he will have a reasonable opportunity to make representations, both oral and written, as to why such penalty claim should not be issued.

No notice is required under this subsection for any violation of subsection (a)(1) of this section for which the proposed penalty is \$1,000 or less.

(2) After considering representations, if any, made by the person concerned pursuant to the notice issued under paragraph (1), the Customs Service shall determine whether any violation of subsection (a)(1) of this section, as alleged in the notice, has occurred. If the Customs Service determines that there was no violation, the Customs Service shall promptly issue or electronically transmit a statement of the determination to the person to whom the notice was sent. If the Customs Service determines that there was a violation, the Customs Service shall issue or electronically transmit a penalty claim to such person. The penalty claim shall specify all changes in the information provided under subparagraphs (A) through (E) of paragraph (1).

§ 1592a. Special provisions regarding certain violations

(a) Publication of names of certain violators

(1) Publication

The Secretary of the Treasury is authorized to publish in the Federal Register a list of the name of any producer, manufacturer, supplier, seller, exporter, or other person located outside the customs territory of the United States—

(A) against whom the Customs Service has issued a penalty claim under section 1592 of this title, and

(B) if a petition with respect to that claim has been filed under section 1618 of this title, against whom a final decision has been issued under such section after exhaustion of administrative remedies,

citing any of the violations of the customs laws referred to in paragraph (2). Such list shall be published not later than March 31 and September 30 of each year.

(2) Violations

The violations of the customs laws referred to in paragraph (1) are the following:

(A) Using documentation, or providing documentation subsequently used by the importer of record, which indicates a false or fraudulent country of origin or source of textile or apparel products.

(B) Using counterfeit visas, licenses, permits, bills of lading, or similar documentation, or providing counterfeit visas, licenses, permits, bills of lading, or similar documentation that is subsequently used by the importer of record, with respect to the entry into the customs territory of the United States of textile or apparel products.

(C) Manufacturing, producing, supplying, or selling textile or apparel products which are falsely or fraudulently labelled as to country of origin or source.

(D) Engaging in practices which aid or abet the transshipment, through a country other than the country of origin, of textile or apparel products in a manner which conceals the true origin of the textile or apparel products or permits the evasion of quotas on, or voluntary restraint agreements with respect to, imports of textile or apparel products.

(3) Removal from list

Any person whose name has been included in a list published under paragraph (1) may petition the Secretary to be removed from such list. If the Secretary finds that such person has not committed any violations described in paragraph (2) for a period of not less than 3 years after the date on which the person's name was so published, the Secretary shall remove such person from the list as of the next publication of the list under paragraph (1).

(4) Reasonable care required for subsequent imports

(A) Responsibility of importers and others

After the name of a person has been published under paragraph (1), the Secretary of the Treasury shall require any importer of record entering, introducing, or attempting to introduce into the commerce of the United States textile or apparel products that were either directly or indirectly produced, manufactured, supplied, sold, exported, or transported by such named person to show, to the satisfaction of the Secretary, that such importer has exercised reasonable care to ensure that the textile or apparel products are accompanied by documentation, packaging, and labelling that are accurate as to its origin. Such reasonable care shall not include reliance solely on a source of information which is the named person.

(B) Failure to exercise reasonable care

If the Customs Service determines that merchandise is not from the country claimed on the documentation accompanying the merchandise, the failure to exercise reasonable care described in subparagraph (A) shall be considered when the Customs Service determines whether the importer of record is in violation of section 1484(a) of this title.

(b) List of high risk countries**(1) List**

The President or his designee, upon the advice of the Secretaries of Commerce and Treasury, and the heads of other appropriate departments and agencies, is authorized to publish a list of countries in which illegal activities have occurred involving transshipped textile or apparel products or activities designed to evade quotas of the United States on textile or apparel products, if those countries fail to demonstrate a good faith effort to cooperate with United States authorities in ceasing such activities. Such list shall be published in the Federal Register not later than March 31 of each year. Any country that is on the list and that subsequently demonstrates a good faith effort to cooperate with United States authorities in ceasing illegal activities described in the first sentence shall be removed from the list, and such removal shall be published in the Federal Register as soon as practicable.

(2) Reasonable care required for subsequent imports**(A) Responsibility of importers of record**

The Secretary of the Treasury shall require any importer of record entering, introducing, or attempting to introduce into the commerce of the United States textile or apparel products indicated, on the documentation, packaging, or labelling accompanying such products, to be from any country on the list published under paragraph (1) to show, to the satisfaction of the Secretary, that such importer, consignee, or purchaser has exercised reasonable care to ascertain the true country of origin of the textile or apparel products.

(B) Failure to exercise reasonable care

If the Customs Service determines that merchandise is not from the country claimed on the documentation accompanying the merchandise, the failure to exercise reasonable care described in subparagraph (A) shall be considered when the Customs Service determines whether the importer of record is in violation of section 1484(a) of this title.

(3) "Country" defined

For purposes of this subsection, the term "country" means a foreign country or territory, including any overseas dependent territory or possession of a foreign country.

§ 1593. Repealed. June 25, 1948, ch. 645, § 21, 62 Stat. 862, eff. Sept. 1, 1948

Section, act June 17, 1930, ch. 497, title IV, § 593, 46 Stat. 751, related to smuggling and clandestine importations. See section 545 of Title 18, Crimes and Criminal Procedure.

§ 1593a. Penalties for false drawback claims**(a) Prohibition****(1) General rule**

No person, by fraud, or negligence—

(A) may seek, induce or affect, or attempt to seek, induce, or affect, the payment or credit to that person or others of any drawback claim by means of—

(i) any document, written or oral statement, or electronically transmitted data or information, or act which is material and false, or

(ii) any omission which is material; or

(B) may aid or abet any other person to violate subparagraph (A).

(2) Exception

Clerical errors or mistakes of fact are not violations of paragraph (1) unless they are part of a pattern of negligent conduct. The mere nonintentional repetition by an electronic system of an initial clerical error does not constitute a pattern of negligent conduct.

(b) Procedures**(1) Prepenalty notice****(A) In general**

If the Customs Service has reasonable cause to believe that there has been a violation of subsection (a) of this section and determines that further proceedings are warranted, the Customs Service shall issue to the person concerned a written notice of intent to issue a claim for a monetary penalty. Such notice shall—

(i) identify the drawback claim;

(ii) set forth the details relating to the seeking, inducing, or affecting, or the attempted seeking, inducing, or affecting, or the aiding or procuring of, the drawback claim;

(iii) specify all laws and regulations allegedly violated;

(iv) disclose all the material facts which establish the alleged violation;

(v) state whether the alleged violation occurred as a result of fraud or negligence;

(vi) state the estimated actual or potential loss of revenue due to the drawback claim, and, taking into account all circumstances, the amount of the proposed monetary penalty; and

(vii) inform such person that he shall have a reasonable opportunity to make representations, both oral and written, as to why a claim for a monetary penalty should not be issued in the amount stated.

(B) Exceptions

The Customs Service may not issue a prepenalty notice if the amount of the penalty in the penalty claim issued under paragraph (2) is \$1,000 or less. In such cases, the Customs Service may proceed directly with a penalty claim.

(C) Prior approval

No prepenalty notice in which the alleged violation occurred as a result of fraud shall be issued without the prior approval of Customs Headquarters.

(2) Penalty claim

After considering representations, if any, made by the person concerned pursuant to the notice issued under paragraph (1), the Customs Service shall determine whether any violation of subsection (a) of this section, as alleged in the notice, has occurred. If the Customs Service determines that there was no violation, the Customs Service shall promptly issue a written statement of the determination to the person to whom the notice was sent. If the Customs Service determines that there was a violation, Customs shall issue a written penalty claim to such person. The written penalty claim shall specify all changes in the information provided under clauses (i) through (vii) of paragraph (1)(A). Such person shall have a reasonable opportunity under section 1618 of this title to make representations, both oral and written, seeking remission or mitigation of the monetary penalty. At the conclusion of any proceeding under section 1618 of this title, the Customs Service shall provide to the person concerned a written statement which sets forth the final determination, and the findings of fact and conclusions of law on which such determination is based.

(c) Maximum penalties

(1) Fraud

A fraudulent violation of subsection (a) of this section is punishable by a civil penalty in an amount not to exceed 3 times the actual or potential loss of revenue.

(2) Negligence

(A) In general

A negligent violation of subsection (a) of this section is punishable by a civil penalty in an amount not to exceed 20 percent of the actual or potential loss of revenue for the 1st violation.

(B) Repetitive violations

If the Customs Service determines that a repeat negligent violation occurs relating to

the same issue, the penalty amount for the 2d violation shall be in an amount not to exceed 50 percent of the total actual or potential loss of revenue. The penalty amount for each succeeding repetitive negligent violation shall be in an amount not to exceed the actual or potential loss of revenue. If the same party commits a nonrepetitive violation, that violation shall be subject to a penalty not to exceed 20 percent of the actual or potential loss of revenue.

(3) Prior disclosure

(A) In general

Subject to subparagraph (B), if the person concerned discloses the circumstances of a violation of subsection (a) of this section before, or without knowledge of the commencement of, a formal investigation of such violation, the monetary penalty assessed under this subsection may not exceed—

(i) if the violation resulted from fraud, an amount equal to the actual or potential revenue of which the United States is or may be deprived as a result of overpayment of the claim; or

(ii) if the violation resulted from negligence, an amount equal to the interest computed on the basis of the prevailing rate of interest applied under section 6621 of title 26 on the amount of actual revenue of which the United States is or may be deprived during the period that—

(I) begins on the date of the overpayment of the claim; and

(II) ends on the date on which the person concerned tenders the amount of the overpayment.

(B) Condition affecting penalty limitations

The limitations in subparagraph (A) on the amount of the monetary penalty to be assessed under this subsection apply only if the person concerned tenders the amount of the overpayment made on the claim at the time of disclosure, or within 30 days (or such longer period as the Customs Service may provide), after notice by the Customs Service of its calculation of the amount of the overpayment.

(C) Burden of proof

The person asserting lack of knowledge of the commencement of a formal investigation has the burden of proof in establishing such lack of knowledge.

(4) Commencement of investigation

For purposes of this section, a formal investigation of a violation is considered to be commenced with regard to the disclosing party and the disclosed information on the date recorded in writing by the Customs Service as the date on which facts and circumstances were discovered or information was received which caused the Customs Service to believe that a possibility of a violation of subsection (a) of this section existed.

(5) Exclusivity

Penalty claims under this section shall be the exclusive civil remedy for any drawback

related violation of subsection (a) of this section.

(d) Deprivation of lawful revenue

Notwithstanding section 1514 of this title, if the United States has been deprived of lawful duties and taxes resulting from a violation of subsection (a) of this section, the Customs Service shall require that such duties and taxes be restored whether or not a monetary penalty is assessed.

(e) Drawback compliance program

(1) In general

After consultation with the drawback trade community, the Customs Service shall establish a drawback compliance program in which claimants and other parties in interest may participate after being certified by the Customs Service under paragraph (2). Participation in the drawback compliance program is voluntary.

(2) Certification

A party may be certified as a participant in the drawback compliance program after meeting the general requirements established under the program or after negotiating an alternative program suited to the needs of the party and the Customs Service. Certification requirements shall take into account the size and nature of the party's drawback program and the volume of claims. In order to be certified, the participant must be able to demonstrate that it—

(A) understands the legal requirements for filing claims, including the nature of the records required to be maintained and produced and the time periods involved;

(B) has in place procedures to explain the Customs Service requirements to those employees that are involved in the preparation of claims, and the maintenance and production of required records;

(C) has in place procedures regarding the preparation of claims and maintenance of required records, and the production of such records to the Customs Service;

(D) has designated a dependable individual or individuals to be responsible for compliance under the program and whose duties include maintaining familiarity with the drawback requirements of the Customs Service;

(E) has a record maintenance procedure approved by the Customs Service for original records, or, if approved by the Customs Service, for alternate records or record-keeping formats other than the original records; and

(F) has procedures for notifying the Customs Service of variances to, and violations of, the requirements of the drawback compliance program or any negotiated alternative programs, and for taking corrective action when notified by the Customs Service for violations or problems regarding such program.

(f) Alternatives to penalties

(1) In general

When a party that—

(A) has been certified as a participant in the drawback compliance program under subsection (e) of this section; and

(B) is generally in compliance with the appropriate procedures and requirements of the program;

commits a violation of subsection (a) of this section, the Customs Service, shall, in the absence of fraud or repeated violations, and in lieu of a monetary penalty, issue a written notice of the violation to the party. Repeated violations by a party may result in the issuance of penalties and removal of certification under the program until corrective action, satisfactory to the Customs Service, is taken.

(2) Contents of notice

A notice of violation issued under paragraph (1) shall—

(A) state that the party has violated subsection (a) of this section;

(B) explain the nature of the violation; and

(C) warn the party that future violations of subsection (a) of this section may result in the imposition of monetary penalties.

(3) Response to notice

Within a reasonable time after receiving written notice under paragraph (1), the party shall notify the Customs Service of the steps it has taken to prevent a recurrence of the violation.

(g) Repetitive violations

(1) A party who has been issued a written notice under subsection (f)(1) of this section and subsequently commits a repeat negligent violation involving the same issue is subject to the following monetary penalties:

(A) 2d violation

An amount not to exceed 20 percent of the loss of revenue.

(B) 3rd violation

An amount not to exceed 50 percent of the loss of revenue.

(C) 4th and subsequent violations

An amount not to exceed 100 percent of the loss of revenue.

(2) If a party that has been certified as a participant in the drawback compliance program under subsection (e) of this section commits an alleged violation which was not repetitive, the party shall be issued a “warning letter”, and, for any subsequent violation, shall be subject to the same maximum penalty amounts stated in paragraph (1).

(h) Regulation

The Secretary shall promulgate regulations and guidelines to implement this section. Such regulations shall specify that for purposes of subsections (c) and (g) of this section, a repeat negligent violation involving the same issue shall be treated as a repetitive violation for a maximum period of 3 years.

(i) Court of International Trade proceedings

Notwithstanding any other provision of law, in any proceeding commenced by the United States in the Court of International Trade for the re-

covery of any monetary penalty claimed under this section—

(1) all issues, including the amount of the penalty, shall be tried de novo;

(2) if the monetary penalty is based on fraud, the United States shall have the burden of proof to establish the alleged violation by clear and convincing evidence; and

(3) if the monetary penalty is based on negligence, the United States shall have the burden of proof to establish the act or omission constituting the violation, and the alleged violator shall have the burden of providing evidence that the act or omission did not occur as a result of negligence.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in act Sept. 21, 1922, ch. 356, title IV, §619, 42 Stat. 988. That section was superseded by section 619 of act June 17, 1930, comprising this section, and repealed by section 651(a)(1) of the 1930 act.

Provisions somewhat similar to those in this section, but applicable in part to any officer of the customs or other person, were contained in act June 22, 1874, ch. 391, §4, 18 Stat. 186. Section 3 of the 1874 act required the Secretary of the Treasury to make suitable compensation in certain cases, as thereafter provided, made an appropriation and required payments to be reported to Congress. Section 6 required claims to compensation to be established to the satisfaction of the court or judge, and required satisfactory proof when the fine, etc., was collected without judicial proceed-

This last provision was omitted from the Code as superseded by section 527 of this title (act Mar. 4, 1907, ch. 2918, § 1, 34 Stat. 1315).

Section 26 of that Act repealed inconsistent laws and saved existing rights. It was omitted from the Code as temporary and executed.

R.S. § 2948, providing that additional duties were not to be deemed fines, etc., for distribution to customs officers, became inoperative by the repeal of all provisions for payment of moieties of fines, etc., to informers or officers, by the act of June 2, 1874, ch. 391, § 2, and was repealed by act Sept. 21, 1922, ch. 356, title IV, § 642, 42 Stat. 989.

An appropriation for compensation in lieu of moieties was made by act Mar. 2, 1926, ch. 43, § 1, 44 Stat. 141. Similar appropriations were contained in prior acts.

retary of the Treasury or the Customs Service is authorized to enforce, the Secretary of the Treasury may—

AUTHORITY FOR THE ESTABLISHMENT OF INTEGRATED BORDER INSPECTION AREAS AT THE UNITED STATES-CANADA BORDER

Pub. L. 108-429, title I, § 1560, Dec. 3, 2004, 118 Stat. 2580, provided that:

“(a) FINDINGS.—Congress makes the following findings:

“(1) The increased security and safety concerns that developed in the aftermath of the terrorist attacks in the United States on September 11, 2001, need to be addressed.

“(2) One concern that has come to light is the vulnerability of the international bridges and tunnels along the United States borders.

“(3) It is necessary to ensure that potentially dangerous vehicles are inspected prior to crossing these bridges and tunnels; however, currently these vehicles are not inspected until after they have crossed into the United States.

“(4) Establishing Integrated Border Inspection Areas (IBIAs) would address these concerns by inspecting vehicles before they gained access to the infrastructure of international bridges and tunnels joining the United States and Canada.

“(b) CREATION OF INTEGRATED BORDER INSPECTION AREAS.—

“(1) IN GENERAL.—The Commissioner of the Customs Service [Bureau of Customs and Border Protection], in consultation with the Canadian Customs and Revenue Agency (CCRA), shall seek to establish Integrated Border Inspection Areas (IBIAs), such as areas on either side of the United States-Canada border, in which United States Customs officers can inspect vehicles entering the United States from Canada before they enter the United States, or Canadian Customs officers can inspect vehicles entering Canada from the United States before they enter Canada. Such inspections may include, where appropriate, employment of reverse inspection techniques.

“(2) ADDITIONAL REQUIREMENT.—The Commissioner of Customs, in consultation with the Administrator of the General Services Administration when appropriate, shall seek to carry out paragraph (1) in a manner that minimizes adverse impacts on the surrounding community.

“(3) ELEMENTS OF THE PROGRAM.—Using the authority granted by this section and under section 629 of the Tariff Act of 1930 [19 U.S.C. 1629], the Commissioner of Customs, in consultation with the Canadian Customs and Revenue Agency, shall seek to—

“(A) locate Integrated Border Inspection Areas in areas with bridges or tunnels with high traffic volume, significant commercial activity, and that have experienced backups and delays since September 11, 2001;

“(B) ensure that United States Customs officers stationed in any such IBIA on the Canadian side of the border are vested with the maximum authority to carry out their duties and enforce United States law;

“(C) ensure that United States Customs officers stationed in any such IBIA on the Canadian side of the border shall possess the same immunity that they would possess if they were stationed in the United States; and

“(D) encourage appropriate officials of the United States to enter into an agreement with Canada permitting Canadian Customs officers stationed in any such IBIA on the United States side of the border to enjoy such immunities as permitted in Canada.”

The notice shall advise the customs broker of the allegations or complaints against him and shall explain that the broker has a right to respond to the allegations or complaints in writing within 30 days of the date of the notice. Before imposing a monetary penalty, the customs officer shall consider the allegations or complaints and any timely response made by the customs broker and issue a written decision. A customs broker against whom a monetary penalty has been issued under this section shall have a reasonable opportunity under section 1618 of this title to make representations seeking remission or mitigation of the monetary penalty. Following the conclusion of any proceeding under section 1618 of this title, the appropriate customs officer shall provide to the customs broker a written statement which sets forth the final determination and the findings of fact and conclusions of law on which such determination is based.

(B) Revocation or suspension

The Customs Service may, for good and sufficient reason, serve notice in writing upon any customs broker to show cause why a license or permit issued under this section should not be revoked or suspended. The notice shall be in the form of a statement specifically setting forth the grounds of the

complaint, and shall allow the customs broker 30 days to respond. If no response is filed, or the Customs Service determines that the revocation or suspension is still warranted, it shall notify the customs broker in writing of a hearing to be held within 30 days, or at a later date if the broker requests an extension and shows good cause therefor, before an administrative law judge appointed pursuant to section 3105 of title 5 who shall serve as the hearing officer. If the customs broker waives the hearing, or the broker or his designated representative fails to appear at the appointed time and place, the hearing officer shall make findings and recommendations based on the record submitted by the parties. At the hearing, the customs broker may be represented by counsel, and all proceedings, including the proof of the charges and the response thereto shall be presented with testimony taken under oath and the right of cross-examination accorded to both parties. A transcript of the hearing shall be made and a copy will be provided to the Customs Service and the customs broker; which shall thereafter be provided reasonable opportunity to file a post-hearing brief. Following the conclusion of the hearing, the hearing officer shall transmit promptly the record of the hearing along with the findings of fact and recommendations to the Secretary for decision. The Secretary will issue a written decision, based solely on the record, setting forth the findings of fact and the reasons for the decision. Such decision may provide for the sanction contained in the notice to show cause or any lesser sanction authorized by this subsection, including a monetary penalty not to exceed \$30,000, than was contained in the notice to show cause.

(3) Settlement and compromise

The Secretary may settle and compromise any disciplinary proceeding which has been instituted under this subsection according to the terms and conditions agreed to by the parties, including but not limited to the reduction of any proposed suspension or revocation to a monetary penalty.

(4) Limitation of actions

Notwithstanding section 1621 of this title, no proceeding under this subsection or subsection (b)(6) of this section shall be commenced unless such proceeding is instituted by the appropriate service of written notice within 5 years from the date the alleged violation was committed; except that if the alleged violation consists of fraud, the 5-year period of limitation shall commence running from the time such alleged violation was discovered.

(e) Judicial appeal

(1) In general

A customs broker, applicant, or other person directly affected may appeal any decision of the Secretary denying or revoking a license or permit under subsection (b) or (c) of this section, or revoking or suspending a license or permit or imposing a monetary penalty in lieu thereof under subsection (d)(2)(B) of this sec-

tion, by filing in the Court of International Trade, within 60 days after the issuance of the decision or order, a written petition requesting that the decision or order be modified or set aside in whole or in part. A copy of the petition shall be transmitted promptly by the clerk of the court to the Secretary or his designee. In cases involving revocation or suspension of a license or permit or imposition of a monetary penalty in lieu thereof under subsection (d)(2)(B) of this section, after receipt of the petition, the Secretary shall file in court the record upon which the decision or order complained of was entered, as provided in section 2635(d) of title 28.

(2) Consideration of objections

The court shall not consider any objection to the decision or order of the Secretary, or to the introduction of evidence or testimony, unless that objection was raised before the hearing officer in suspension or revocation proceedings unless there were reasonable grounds for failure to do so.

(3) Conclusiveness of findings

The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive.

(4) Additional evidence

If any party applies to the court for leave to present additional evidence and the court is satisfied that the additional evidence is material and that reasonable grounds existed for the failure to present the evidence in the proceedings before the hearing officer, the court may order the additional evidence to be taken before the hearing officer and to be presented in a manner and upon the terms and conditions prescribed by the court. The Secretary may modify the findings of facts on the basis of the additional evidence presented. The Secretary shall then file with the court any new or modified findings of fact which shall be conclusive if supported by substantial evidence, together with a recommendation, if any, for the modification or setting aside of the original decision or order.

(5) Effect of proceedings

The commencement of proceedings under this subsection shall, unless specifically ordered by the court, operate as a stay of the decision of the Secretary except in the case of a denial of a license or permit.

(6) Failure to appeal

If an appeal is not filed within the time limits specified in this section, the decision by the Secretary shall be final and conclusive. In the case of a monetary penalty imposed under subsection (d)(2)(B) of this section, if the amount is not tendered within 60 days after the decision becomes final, the license shall automatically be suspended until payment is made to the Customs Service.

(f) Regulations by the Secretary

The Secretary may prescribe such rules and regulations relating to the customs business of customs brokers as the Secretary considers necessary to protect importers and the revenue of

the United States, and to carry out the provisions of this section, including rules and regulations governing the licensing of or issuance of permits to customs brokers, the keeping of books, accounts, and records by customs brokers, and documents and correspondence, and the furnishing by customs brokers of any other information relating to their customs business to any duly accredited officer or employee of the Customs Service. The Secretary may not prohibit customs brokers from limiting their liability to other persons in the conduct of customs business. For purposes of this subsection or any other provision of this chapter pertaining to recordkeeping, all data required to be retained by a customs broker may be kept on microfilm, optical disc, magnetic tapes, disks or drums, video files or any other electrically generated medium. Pursuant to such regulations as the Secretary shall prescribe, the conversion of data to such storage medium may be accomplished at any time subsequent to the relevant customs transaction and the data may be retained in a centralized basis according to such broker's business system.

(g) Triennial reports by customs brokers

(1) In general

On February 1, 1985, and on February 1 of each third year thereafter, each person who is licensed under subsection (b) of this section shall file with the Secretary of the Treasury a report as to—

(A) whether such person is actively engaged in business as a customs broker; and

(B) the name under, and the address at, which such business is being transacted.

(2) Suspension and revocation

If a person licensed under subsection (b) of this section fails to file the required report by March 1 of the reporting year, the license is suspended, and may be thereafter revoked subject to the following procedures:

(A) The Secretary shall transmit written notice of suspension to the licensee no later than March 31 of the reporting year.

(B) If the licensee files the required report within 60 days of receipt of the Secretary's notice, the license shall be reinstated.

(C) In the event the required report is not filed within the 60-day period, the license shall be revoked without prejudice to the filing of an application for a new license.

(h) Fees and charges

The Secretary may prescribe reasonable fees and charges to defray the costs of the Customs Service in carrying out the provisions of this section, including, but not limited to, a fee for licenses issued under subsection (b) of this section and fees for any test administered by him or under his direction; except that no separate fees shall be imposed to defray the costs of an individual audit or of individual disciplinary proceedings of any nature.

(3) A person violating a regulation made applicable under paragraph (1)(E) of this subsection

or an immigration regulation prescribed under paragraph (1)(E) is liable to the Government for a civil penalty of \$5,000 for each violation. The Secretary of the Treasury or the Attorney General may remit or mitigate a penalty under this paragraph.

(4) In addition to any other penalty, when a controlled substance described in section 1584 of this title is found on, or to have been unloaded from, an aircraft to which this subsection applies, the owner of, or individual commanding, the aircraft is liable to the Government for the penalties provided in section 1584 of this title for each violation unless the owner or individual, by a preponderance of the evidence, demonstrates that the owner or individual did not know, and by exercising the highest degree of care and diligence, could not have known, that a controlled substance was on the aircraft.

(5) If a violation under this subsection is by the owner or operator of, or individual commanding, the aircraft, the aircraft is subject to a lien for the penalty.

A civil penalty under this section may be collected by bringing a civil action against the person subject to the penalty, a civil action in rem against an aircraft subject to a lien for a penalty, or both. The action shall conform as nearly as practicable to a civil action in admiralty, regardless of the place an aircraft in a civil action in rem is seized. SUBTITLE IV—COUNTERVAILING AND ANTIDUMPING DUTIES

PART I—IMPOSITION OF COUNTERVAILING DUTIES

CODIFICATION

The designations “SUBTITLE IV” and “PART I” were in the original “TITLE VII” and “Subtitle A” respectively, and were editorially changed in order to conform the numbering format of this subtitle to the usages employed in the codification of the remainder of the Tariff Act of 1930 as originally enacted.

§ 1671. Countervailing duties imposed

(a) General rule

If—

(1) the administering authority determines that the government of a country or any public entity within the territory of a country is providing, directly or indirectly, a countervailable subsidy with respect to the manufacture, production, or export of a class or kind of merchandise imported, or sold (or likely to be sold) for importation, into the United States, and

(2) in the case of merchandise imported from a Subsidies Agreement country, the Commission determines that—

(A) an industry in the United States—

(i) is materially injured, or

(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of that merchandise or by reason of sales (or the likelihood of sales) of that merchandise for importation,

then there shall be imposed upon such merchandise a countervailing duty, in addition to any other duty imposed, equal to the amount of the net countervailable subsidy. For purposes of this subsection and section 1671d(b)(1) of this title, a reference to the sale of merchandise includes the entering into of any leasing arrangement regarding the merchandise that is equivalent to the sale of the merchandise.

(b) Subsidies Agreement country

For purposes of this subtitle, the term “Subsidies Agreement country” means—

(1) a WTO member country,

(2) a country which the President has determined has assumed obligations with respect to the United States which are substantially equivalent to the obligations under the Subsidies Agreement, or

(3) a country with respect to which the President determines that—

(A) there is an agreement in effect between the United States and that country which—

(i) was in force on December 8, 1994, and

(ii) requires unconditional most-favored-nation treatment with respect to articles imported into the United States, and

(B) the agreement described in subparagraph (A) does not expressly permit—

(i) actions required or permitted by the GATT 1947 or GATT 1994, as defined in section 3501(1) of this title, or required by the Congress, or

(ii) nondiscriminatory prohibitions or restrictions on importation which are designed to prevent deceptive or unfair practices.

(c) Countervailing duty investigations involving imports not entitled to a material injury determination

In the case of any article or merchandise imported from a country which is not a Subsidies Agreement country—

(1) no determination by the Commission under section 1671b(a), 1671c, or 1671d(b) of this title shall be required,

(2) an investigation may not be suspended under section 1671c(c) or 1671c(l) of this title,

(3) no determination as to the presence of critical circumstances shall be made under section 1671b(e) or 1671d(a)(2) of this title,

(4) section 1671e(c) of this title shall not apply,

(5) any reference to a determination described in paragraph (1) or (3), or to the suspension of an investigation under section 1671c(c) or 1671c(l) of this title, shall be disregarded, and

(6) section 1675(c) of this title shall not apply.

(d) Treatment of international consortia

For purposes of this part, if the members (or other participating entities) of an international consortium that is engaged in the production of subject merchandise receive countervailable subsidies from their respective home countries to assist, permit, or otherwise enable their participation in that consortium through production or manufacturing operations in their respective home countries, then the administering authority shall cumulate all such countervailable subsidies, as well as countervailable subsidies provided directly to the international consortium, in determining any countervailing duty upon such merchandise.

(e) Upstream subsidies

Whenever the administering authority has reasonable grounds to believe or suspect that an upstream subsidy, as defined in section 1677-1(a)(1)¹ of this title, is being paid or bestowed, the administering authority shall investigate whether an upstream subsidy has in fact been paid or bestowed, and if so, shall include the amount of the upstream subsidy as provided in section 1677-1(a)(3)² of this title.

“(3) The administering authority may delay implementation of any of the amendments referred to in subsections (a) and (b)(1) with respect to any investigation in progress on the date of enactment of this Act [Oct. 30, 1984] if the administering authority determines that immediate implementation would prevent compliance with a statutory deadline in title VII of the Tariff Act of 1930 [this subtitle] that is applicable to that investigation.

“(4) The amendment made by section 621 [amending section 1677g of this title] shall apply with respect to merchandise that is unliquidated on or after November 4, 1984.

“(c)(1) No provision of title VII of the Tariff Act of 1930 [this subtitle] shall be interpreted to prevent the refile of a petition under section 702 or 732 of that title [sections 1671a and 1673a of this title] that was filed before the date of the enactment of this title, if the purpose of such refile is to avail the petitioner of the amendment made by section 612(a)(1) [amending section 1677(4)(A) of this title].

“(2) The amendment made by section 612(a)(1) shall not apply with respect to petitions filed (or refiled under paragraph (1)) under section 702 or 732 of the Tariff Act of 1930 after September 30, 1986.”

“(a) PENDING INVESTIGATIONS OF BOUNTIES OR GRANTS.—If, on the effective date of the application of title VII of the Tariff Act of 1930 [see Effective Date note set out above] to imports from a country, there is an investigation in progress under section 303 of that Act [section 1303 of this title] as to whether a bounty or grant is being paid or bestowed on imports from such country, then:

“(1) If the Secretary of the Treasury has not yet made a preliminary determination under section 303 of that Act [section 1303 of this title] as to whether a bounty or grant is being paid or bestowed, he shall terminate the investigation under section 303 [section 1303 of this title] and the matter previously under investigation shall be subject to this title [this subtitle] as if the affirmative determination called for in section 702 of that Act [section 1671a of this title] were made with respect to that matter on the effective date of the application of title VII of that Act [this subtitle] to such country.

“(2) If the Secretary has made a preliminary determination under such section 303 [section 1303 of this title], but not a final determination, as to whether a bounty or grant is being paid or bestowed, he shall terminate the investigation under such section 303 [section 1303 of this title] and the matter previously under investigation shall be subject to the provisions of title VII of that Act [this subtitle] as if the preliminary determination under section 303 [section 1303 of this title] were a preliminary determination under section 703 of that title [section 1671b of this title] made on the effective date of the application of that title [this subtitle] to such country.

“(b) PENDING INVESTIGATIONS OF LESS-THAN-FAIR-VALUE SALES.—If, on the effective date of title VII of the Tariff Act of 1930 [see Effective Date note set out above], there is an investigation in progress under the Antidumping Act, 1921 [sections 160 to 171 of this title], as to whether imports from a country are being, or are likely to be, sold in the United States or elsewhere at less than fair value, then:

“(1) If the Secretary has not yet made a preliminary determination under the Antidumping Act, 1921 [sections 160 to 171 of this title], as to the question of less-than-fair-value sales, he shall terminate the investigation and the United States International Trade Commission shall terminate any investigation under section 201(c)(2) of the Antidumping Act, 1921 [section 160(c)(2) of this title], and the matter previously under investigation shall be subject to the provisions of title VII of the Tariff Act of 1930 [this subtitle] as if the affirmative determination called for in section 732 [section 1673a of this title] were made with respect to such matter on the effective date of title VII of the Tariff Act of 1930.

“(2) If the Secretary has made under the Antidumping Act, 1921 [sections 160 to 171 of this title], a preliminary determination, but not a final determination, that imports from such country are being or are likely to be sold in the United States or elsewhere at less than fair value, the investigation shall be terminated and the matter previously under investigation shall be subject to the provisions of title VII of the Tariff Act of 1930 [this subtitle] as if the preliminary determination under the Antidumping Act, 1921 [sec-

tions 160 to 171 of this title], were a preliminary determination under section 733 of that title [section 1673b of this title] made on the effective date of title VII of the Tariff Act of 1930 [see Effective Date note set out above].

“(c) PENDING INVESTIGATIONS OF INJURY.—If, on the effective date of the application of title VII of the Tariff Act of 1930 [see Effective Date note set out above] to imports from a country, the United States International Trade Commission is conducting an investigation under section 303 of the Tariff Act of 1930 [section 1303 of this title] or section 201(a) of the Antidumping Act, 1921 [section 160(a) of this title], as to whether an industry in the United States is being, or is likely to be injured, or is prevented from being established, it shall terminate any such investigation and initiate an investigation, under subtitle A or B of title VII of the Tariff Act of 1930 [part I or II of this subtitle], which shall be completed within 75 days, and—

“(1) treat any final determination of the Secretary of the Treasury under section 303 [section 1303 of this title] as a final determination under section 705(a) of the Tariff Act of 1930 [section 1671d(a) of this title] and consider the net amount of the bounty or grant estimated or determined under section 303 [section 1303 of this title] as the net subsidy amount under subtitle A of that title [part I of this subtitle]; and

“(2) treat any final determination of the Secretary of the Treasury under the Antidumping Act, 1921 [sections 160 to 171 of this title], as a final determination under section 735(a) of the Tariff Act of 1930 [section 1673d(a) of this title].”

Section 104 of Pub. L. 96–39, as amended by Pub. L. 98–573, title VI, § 611(c), Oct. 30, 1984, 98 Stat. 3033, provided that:

“(a) WAIVED COUNTERVAILING DUTY ORDERS.—

“(1) NOTIFICATION OF COMMISSION.—The administering authority shall notify the United States International Trade Commission by January 7, 1980, of any countervailing duty order in effect on January 1, 1980—

“(A)(i) for which the Secretary of the Treasury has waived the imposition of countervailing duties under section 303(d) of the Tariff Act of 1930 (19 U.S.C. 1303(d)), and

“(ii) which applies to merchandise other than quota cheese (as defined in section 701(c)(1) of this Act) [subsec. (c)(1) of this section], which is a product of a country under the Agreement,

“(B) published on or after the date of the enactment of this Act [July 26, 1979], and before January 1, 1980, with respect to products of a country under the Agreement (as defined in section 701(b) of the Tariff Act of 1930) [subsec. (b) of this section], or

“(C) applicable to frozen, boneless beef from the European Communities under Treasury Decision 76–109,

and shall furnish to the Commission the most current information it has with respect to the net subsidy benefitting the merchandise subject to the countervailing duty order.

“(2) DETERMINATION BY THE COMMISSION.—Within 180 days after the date on which it receives the information from the administering authority under paragraph (1), the Commission shall make a determination of whether—

“(A) an industry in the United States—

“(i) is materially injured, or

“(ii) is threatened with material injury, or

“(B) the establishment of an industry in the United States is materially retarded, by reason of imports of the merchandise subject to the order.

“(3) EFFECT OF DETERMINATION.—

“(A) AFFIRMATIVE DETERMINATION.—Upon being notified by the Commission of an affirmative determination under paragraph (2), the administering authority shall terminate the waiver of imposition

of countervailing duties for merchandise subject to the order, if any. The countervailing duty order under section 303 of the Tariff Act of 1930 [section 1303 of this title] which applies to that merchandise shall remain in effect until revoked, in whole or in part, under section 751(d) of such Act [section 1675(d) of this title].

“(B) NEGATIVE DETERMINATION.—Upon being notified by the Commission of a negative determination under paragraph (2), the administering authority shall revoke the countervailing duty order, and publish notice in the Federal Register of the revocation.

“(b) OTHER COUNTERVAILING DUTY ORDERS.—

“(1) REVIEW BY COMMISSION UPON REQUEST.—In the case of a countervailing duty order issued under section 303 of the Tariff Act of 1930 (19 U.S.C. 1303)—

“(A) which is not a countervailing duty order to which subsection (a) applies,

“(B) which applies to merchandise which is the product of a country under the Agreement, and

“(C) which is in effect on January 1, 1980, or which is issued pursuant to court order in an action brought under section 516(d) of that Act [section 1516(d) of this title] before that date, the Commission, upon the request of the government of such a country or of exporters accounting for a significant proportion of exports to the United States of merchandise which is covered by the order, submitted within 3 years after the effective date of title VII of the Tariff Act of 1930 [see Effective Date note set out above] shall make a determination under paragraph (2) of this subsection.

“(2) DETERMINATION BY THE COMMISSION.—In a case described in paragraph (1) with respect to which it has received a request for review, the Commission shall commence an investigation to determine whether—

“(A) an industry in the United States—

“(i) would be materially injured, or

“(ii) would be threatened with material injury,

or

“(B) the establishment of an industry in the United States would be materially retarded,

by reason of imports of the merchandise covered by the countervailing duty order if the order were to be revoked. A negative determination by the Commission under this paragraph shall not be based, in whole or in part, on any export taxes, duties, or other charges levied on the export of merchandise to the United States specifically intended to offset the subsidy received.

“(3) SUSPENSION OF LIQUIDATION; INVESTIGATION TIME LIMITS.—Whenever the Commission receives a request under paragraph (1), it shall promptly notify the administering authority and the administering authority shall suspend liquidation of entries of the affected merchandise made on or after the date of receipt of the Commission's notification, or in the case of butter from Australia, entries of merchandise subject to the assessment of countervailing duties under Treasury Decision 42937, as amended, and collect estimated countervailing duties pending the determination of the Commission. The Commission shall issue its determination in any investigation under this subsection not later than 3 years after the date of commencement of such investigation.

“(4) EFFECT OF DETERMINATION.—

“(A) AFFIRMATIVE DETERMINATION.—Upon being notified of an affirmative determination under paragraph (2) by the Commission, the administering authority shall liquidate entries of merchandise the liquidation of which was suspended under paragraph (3) of this subsection and impose countervailing duties in the amount of the estimated duties required to be deposited. The countervailing duty order shall remain in effect until revoked, in whole or in part, under section 751(c) of the Tariff Act of 1930 [section 1675(c) of this title].

“(B) NEGATIVE DETERMINATION.—Upon being notified of a negative determination under paragraph

(2) by the Commission, the administering authority shall revoke the countervailing duty order then in effect, publish notice thereof in the Federal Register, and refund, without payment of interest, any estimated countervailing duties collected during the period of suspension of liquidation.

“(c) ALL OUTSTANDING COUNTERVAILING DUTY ORDERS.—Subject to the provisions of subsections (a) and (b), any countervailing duty order issued under section 303 of the Tariff Act of 1930 [section 1303 of this title] which is—

“(1) in effect on the effective date of title VII of the Tariff Act of 1930 [see Effective Date note set out above] (as added by section 101 of this Act), or

“(2) issued pursuant to court order in a proceeding brought before that date under section 516(d) of the Tariff Act of 1930 [section 1516(d) of this title], shall remain in effect after that date and shall be subject to review under section 751 of the Tariff Act of 1930 [section 1675 of this title].

“(d) PUBLICATION OF NOTICE OF DETERMINATIONS.—Whenever the Commission makes a determination under subsection (a) or (b), it shall publish notice of that determination in the Federal Register and notify the administering authority of its determination.

“(e) DEFINITIONS.—Whenever any term which is defined in section 771 of the Tariff Act of 1930 [section 1677 of this title] is used in this section, it has the same meaning as when it is used in title VII of that Act [this subtitle].”

§ 1671a. Procedures for initiating a countervailing duty investigation

(a) Initiation by administering authority

A countervailing duty investigation shall be initiated whenever the administering authority determines, from information available to it, that a formal investigation is warranted into the question of whether the elements necessary for the imposition of a duty under section 1671(a) of this title exist.

(b) Initiation by petition

(1) Petition requirements

A countervailing duty proceeding shall be initiated whenever an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title files a petition with the administering authority, on behalf of an industry, which alleges the elements necessary for the imposition of the duty imposed by section 1671(a) of this title, and which is accompanied by information reasonably available to the petitioner supporting those allegations. The petition may be amended at such time, and upon such conditions, as the administering authority and the Commission may permit.

(2) Simultaneous filing with Commission

The petitioner shall file a copy of the petition with the Commission on the same day as it is filed with the administering authority.

(3) Petition based upon a derogation of an international undertaking on official export credits

If the sole basis of a petition filed under paragraph (1) is the derogation of an international undertaking on official export credits, the Administering Authority shall immediately notify the Secretary of the Treasury who shall, in consultation with the Administering Authority, within 5 days after the

date on which the administering authority initiates an investigation under subsection (c) of this section, determine the existence and estimated value of the derogation, if any, and shall publish such determination in the Federal Register.

(4) Action with respect to petitions

(A) Notification of governments

Upon receipt of a petition filed under paragraph (1), the administering authority shall—

(i) notify the government of any exporting country named in the petition by delivering a public version of the petition to an appropriate representative of such country; and

(ii) provide the government of any exporting country named in the petition that is a Subsidies Agreement country an opportunity for consultations with respect to the petition.

(B) Acceptance of communications

The administering authority shall not accept any unsolicited oral or written communication from any person other than an interested party described in section 1677(9)(C), (D), (E), (F), or (G) of this title before the administering authority makes its decision whether to initiate an investigation, except as provided in subparagraph (A)(ii) and subsection (c)(4)(D) of this section, and except for inquiries regarding the status of the administering authority's consideration of the petition.

(C) Nondisclosure of certain information

The administering authority and the Commission shall not disclose information with regard to any draft petition submitted for review and comment before it is filed under paragraph (1).

(c) Petition determination

(1) In general

(A) Time for initial determination

Except as provided in subparagraph (B), within 20 days after the date on which a petition is filed under subsection (b) of this section, the administering authority shall—

(i) after examining, on the basis of sources readily available to the administering authority, the accuracy and adequacy of the evidence provided in the petition, determine whether the petition alleges the elements necessary for the imposition of a duty under section 1671(a) of this title and contains information reasonably available to the petitioner supporting the allegations, and

(ii) determine if the petition has been filed by or on behalf of the industry.

(B) Extension of time

In any case in which the administering authority is required to poll or otherwise determine support for the petition by the industry under paragraph (4)(D), the administering authority may, in exceptional circumstances, apply subparagraph (A) by substituting “a maximum of 40 days” for “20 days”.

(C) Time limits where petition involves same merchandise as an order that has been revoked

If a petition is filed under this section with respect to merchandise that was the subject merchandise of—

(i) a countervailing duty order that was revoked under section 1675(d) of this title in the 24 months preceding the date the petition is filed, or

(ii) a suspended investigation that was terminated under section 1675(d) of this title in the 24 months preceding the date the petition is filed,

the administering authority and the Commission shall, to the maximum extent practicable, expedite any investigation initiated under this section with respect to the petition.

(2) Affirmative determinations

If the determinations under clauses (i) and (ii) of paragraph (1)(A) are affirmative, the administering authority shall initiate an investigation to determine whether a countervailable subsidy is being provided with respect to the subject merchandise.

(3) Negative determinations

If the determination under clause (i) or (ii) of paragraph (1)(A) is negative, the administering authority shall dismiss the petition, terminate the proceeding, and notify the petitioner in writing of the reasons for the determination.

(4) Determination of industry support

(A) General rule

For purposes of this subsection, the administering authority shall determine that the petition has been filed by or on behalf of the industry, if—

(i) the domestic producers or workers who support the petition account for at least 25 percent of the total production of the domestic like product, and

(ii) the domestic producers or workers who support the petition account for more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for or opposition to the petition.

(B) Certain positions disregarded

(i) Producers related to foreign producers

In determining industry support under subparagraph (A), the administering authority shall disregard the position of domestic producers who oppose the petition, if such producers are related to foreign producers, as defined in section 1677(4)(B)(ii) of this title, unless such domestic producers demonstrate that their interests as domestic producers would be adversely affected by the imposition of a countervailing duty order.

(ii) Producers who are importers

The administering authority may disregard the position of domestic producers of a domestic like product who are importers of the subject merchandise.

(C) Special rule for regional industries

If the petition alleges that the industry is a regional industry, the administering authority shall determine whether the petition has been filed by or on behalf of the industry by applying subparagraph (A) on the basis of production in the region.

(D) Polling the industry

If the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the administering authority shall—

(i) poll the industry or rely on other information in order to determine if there is support for the petition as required by subparagraph (A), or

(ii) if there is a large number of producers in the industry, the administering authority may determine industry support for the petition by using any statistically valid sampling method to poll the industry.

(E) Comments by interested parties

Before the administering authority makes a determination with respect to initiating an investigation, any person who would qualify as an interested party under section 1677(9) of this title if an investigation were initiated, may submit comments or information on the issue of industry support. After the administering authority makes a determination with respect to initiating an investigation, the determination regarding industry support shall not be reconsidered.

(5) “Domestic producers or workers” defined

For purposes of this subsection, the term “domestic producers or workers” means those interested parties who are eligible to file a petition under subsection (b)(1) of this section.

(d) Notification to Commission of determination

The administering authority shall—

(1) notify the Commission immediately of any determination it makes under subsection (a) or (c) of this section, and

(2) if the determination is affirmative, make available to the Commission such information as it may have relating to the matter under investigation, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

(e) Information regarding critical circumstances

If, at any time after the initiation of an investigation under this part, the administering authority finds a reasonable basis to suspect that the alleged countervailable subsidy is inconsistent with the Subsidies Agreement, the administering authority may request the Commissioner of Customs to compile information on an expedited basis regarding entries of the subject merchandise. Upon receiving such request, the Commissioner of Customs shall collect information regarding the volume and value of entries

of the subject merchandise and shall transmit such information to the administering authority at such times as the administering authority shall direct (at least once every 30 days), until a final determination is made under section 1671d(a) of this title, the investigation is terminated, or the administering authority withdraws the request.

L. 99-514 require an amendment to any plan, such plan amendment shall not be required to be made before the first plan year beginning on or after Jan. 1, 1989, see section 1140 of Pub. L. 99-514, as amended, set out as a note under section 401 of Title 26, Internal Revenue Code.

§ 1671b. Preliminary determinations

(a) Determination by Commission of reasonable indication of injury

(1) General rule

Except in the case of a petition dismissed by the administering authority under section 1671a(c)(3) of this title, the Commission, within the time specified in paragraph (2), shall determine, based on the information available to it at the time of the determination, whether there is a reasonable indication that—

(A) an industry in the United States—

- (i) is materially injured, or
- (ii) is threatened with material injury,

or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of the subject merchandise and that imports of the subject merchandise are not negligible. If the Commission finds that imports of the subject merchandise are negligible or otherwise makes a negative determination under this paragraph, the investigation shall be terminated.

(2) Time for Commission determination

The Commission shall make the determination described in paragraph (1)—

(A) in the case of a petition filed under section 1671a(b) of this title—

- (i) within 45 days after the date on which the petition is filed, or
- (ii) if the time has been extended pursuant to section 1671a(c)(1)(B) of this title, within 25 days after the date on which the

Commission receives notice from the administering authority of initiation of the investigation, and

(B) in the case of an investigation initiated under section 1671a(a) of this title, within 45 days after the date on which the Commission receives notice from the administering authority that an investigation has been initiated under such section.

(b) Preliminary determination by administering authority; expedited determinations; waiver of verification

(1) Within 65 days after the date on which the administering authority initiates an investigation under section 1671a(c) of this title, or an investigation is initiated under section 1671a(a) of this title, but not before an affirmative determination by the Commission under subsection (a) of this section, the administering authority shall make a determination, based upon the information available to it at the time of the determination, of whether there is a reasonable basis to believe or suspect that a counter-vailable subsidy is being provided with respect to the subject merchandise.

(2) Notwithstanding paragraph (1), when the petition is one subject to section 1671a(b)(3) of this title, the Administering Authority shall, taking into account the nature of the counter-vailable subsidy concerned, make the determination required by paragraph (1) on an expedited basis and within 65 days after the date on which the administering authority initiates an investigation under section 1671a(c) of this title unless the provisions of subsection (c) of this section apply.

(3) Within 55 days after the initiation of an investigation the administering authority shall cause an official designated for such purpose to review the information concerning the case received during the first 50 days of the investigation, and, if there appears to be sufficient information available upon which the determination can reasonably be based, to disclose to the petitioner and any interested party, then a party to the proceedings that requests such disclosure, all available nonconfidential information and all other information which is disclosed pursuant to section 1677f of this title. Within 3 days (not counting Saturdays, Sundays, or legal public holidays) after such disclosure, the petitioner and each party which is an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title to whom such disclosure was made may furnish to the administering authority an irrevocable written waiver of verification of the information received by the authority, and an agreement that it is willing to have a determination made on the basis of the record then available to the authority. If a timely waiver and agreement have been received from the petitioner and each party which is an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title to whom the disclosure was made, and the authority finds that sufficient information is then available upon which the preliminary determination can reasonably be based, a preliminary determination shall be made on an expedited basis on the basis of the record established

during the first 50 days after the investigation was initiated.

(4) **DE MINIMIS COUNTERVAILABLE SUBSIDY.**—

(A) **GENERAL RULE.**—In making a determination under this subsection, the administering authority shall disregard any de minimis countervailable subsidy. For purposes of the preceding sentence, a countervailable subsidy is de minimis if the administering authority determines that the aggregate of the net countervailable subsidies is less than 1 percent ad valorem or the equivalent specific rate for the subject merchandise.

(B) **EXCEPTION FOR DEVELOPING COUNTRIES.**—In the case of subject merchandise imported from a Subsidies Agreement country (other than a country to which subparagraph (C) applies) designated by the Trade Representative as a developing country in accordance with section 1677(36) of this title, a countervailable subsidy is de minimis if the administering authority determines that the aggregate of the net countervailable subsidies does not exceed 2 percent ad valorem or the equivalent specific rate for the subject merchandise.

(C) **CERTAIN OTHER DEVELOPING COUNTRIES.**—In the case of subject merchandise imported from a Subsidies Agreement country that is—

- (i) a least developed country, as determined by the Trade Representative in accordance with section 1677(36) of this title, or
- (ii) a developing country with respect to which the Trade Representative has notified the administering authority that the country has eliminated its export subsidies on an expedited basis within the meaning of Article 27.11 of the Subsidies Agreement,

subparagraph (B) shall be applied by substituting “3 percent” for “2 percent”.

(D) **LIMITATIONS ON APPLICATION OF SUBPARAGRAPH (C).**—

(i) **IN GENERAL.**—In the case of a country described in subparagraph (C)(i), the provisions of subparagraph (C) shall not apply after the date that is 8 years after the date the WTO Agreement enters into force.

(ii) **SPECIAL RULE FOR SUBPARAGRAPH (C)(ii) COUNTRIES.**—In the case of a country described in subparagraph (C)(ii), the provisions of subparagraph (C) shall not apply after the earlier of—

- (I) the date that is 8 years after the date the WTO Agreement enters into force, or
- (II) the date on which the Trade Representative notifies the administering authority that such country is providing an export subsidy.

(5) **NOTIFICATION OF ARTICLE 8 VIOLATION.**—If the only subsidy under investigation is a subsidy with respect to which the administering authority received notice from the Trade Representative of a violation of Article 8 of the Subsidies Agreement, paragraph (1) shall be applied by substituting “60 days” for “65 days”.

(c) Extension of period in extraordinarily complicated cases

(1) In general

If—

- (A) the petitioner makes a timely request for an extension of the period within which

the determination must be made under subsection (b) of this section, or

(B) the administering authority concludes that the parties concerned are cooperating and determines that—

(i) the case is extraordinarily complicated by reason of—

(I) the number and complexity of the alleged countervailable subsidy practices;

(II) the novelty of the issues presented;

(III) the need to determine the extent to which particular countervailable subsidies are used by individual manufacturers, producers, and exporters; or

(IV) the number of firms whose activities must be investigated; and

(ii) additional time is necessary to make the preliminary determination,

then the administering authority may postpone making the preliminary determination under subsection (b) of this section until not later than the 130th day after the date on which the administering authority initiates an investigation under section 1671a(c) of this title, or an investigation is initiated under section 1671a(a) of this title.

(2) Notice of postponement

The administering authority shall notify the parties to the investigation, not later than 20 days before the date on which the preliminary determination would otherwise be required under subsection (b) of this section, if it intends to postpone making the preliminary determination under paragraph (1). The notification shall include an explanation of the reasons for the postponement. Notice of the postponement shall be published in the Federal Register.

(d) Effect of determination by the administering authority

If the preliminary determination of the administering authority under subsection (b) of this section is affirmative, the administering authority—

(1)(A) shall—

(i) determine an estimated individual countervailable subsidy rate for each exporter and producer individually investigated, and, in accordance with section 1671d(c)(5) of this title, an estimated all-others rate for all exporters and producers not individually investigated and for new exporters and producers within the meaning of section 1675(a)(2)(B) of this title, or

(ii) if section 1677f-1(e)(2)(B) of this title applies, determine a single estimated country-wide subsidy rate, applicable to all exporters and producers, and

(B) shall order the posting of a cash deposit, bond, or other security, as the administering authority deems appropriate, for each entry of the subject merchandise in an amount based on the estimated individual countervailable subsidy rate, the estimated all-others rate, or the estimated country-wide subsidy rate, whichever is applicable,

(2) shall order the suspension of liquidation of all entries of merchandise subject to the de-

termination which are entered, or withdrawn from warehouse, for consumption on or after the later of—

(A) the date on which notice of the determination is published in the Federal Register, or

(B) the date that is 60 days after the date on which notice of the determination to initiate the investigation is published in the Federal Register, and

(3) shall make available to the Commission all information upon which its determination was based and which the Commission considers relevant to its injury determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

The instructions of the administering authority under paragraphs (1) and (2) may not remain in effect for more than 4 months.

(e) Critical circumstances determinations

(1) In general

If a petitioner alleges critical circumstances in its original petition, or by amendment at any time more than 20 days before the date of a final determination by the administering authority, then the administering authority shall promptly (at any time after the initiation of the investigation under this part) determine, on the basis of the information available to it at that time, whether there is a reasonable basis to believe or suspect that—

(A) the alleged countervailable subsidy is inconsistent with the Subsidies Agreement, and

(B) there have been massive imports of the subject merchandise over a relatively short period.

(2) Suspension of liquidation

If the determination of the administering authority under paragraph (1) is affirmative, then any suspension of liquidation ordered under subsection (d)(2) of this section shall apply, or, if notice of such suspension of liquidation is already published, be amended to apply, to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of—

(A) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or

(B) the date on which notice of the determination to initiate the investigation is published in the Federal Register.

(f) Notice of determination

Whenever the Commission or the administering authority makes a determination under this section, the Commission or the administering authority, as the case may be, shall notify the petitioner, and other parties to the investigation, and the Commission or the administering authority (whichever is appropriate) of its determination. The administering authority shall include with such notification the facts and con-

clusions on which its determination is based. Not later than 5 days after the date on which the determination is required to be made under subsection (a)(2) of this section, the Commission shall transmit to the administering authority the facts and conclusions on which its determination is based.

(g) Time period where upstream subsidization is involved

(1) In general

Whenever the administering authority concludes prior to a preliminary determination under subsection (b) of this section, that there is a reasonable basis to believe or suspect that an upstream subsidy is being bestowed, the time period within which a preliminary determination must be made shall be extended to 250 days after the filing of a petition under section 1671a(b) of this title or initiation of an investigation under section 1671a(a) of this title (310 days in cases declared extraordinarily complicated under subsection (c) of this section), if the administering authority concludes that such additional time is necessary to make the required determination concerning upstream subsidization.

(2) Exceptions

Whenever the administering authority concludes, after a preliminary determination under subsection (b) of this section, that there is a reasonable basis to believe or suspect that an upstream subsidy is being bestowed—

(A) in cases in which the preliminary determination was negative, the time period within which a final determination must be made shall be extended to 165 or 225 days, as appropriate, under section 1671d(a)(1) of this title; or

(B) in cases in which the preliminary determination is affirmative, the determination concerning upstream subsidization—

(i) need not be made until the conclusion of the first annual review under section 1675 of this title of any eventual Countervailing Duty Order, or, at the option of the petitioner, or

(ii) will be made in the investigation and the time period within which a final determination must be made shall be extended to 165 or 225 days, as appropriate, under section 1671d(a)(1) of this title, as appropriate,¹ except that the suspension of liquidation ordered in the preliminary determination shall terminate at the end of 120 days from the date of publication of that determination and not be resumed unless and until the publication of a Countervailing Duty Order under section 1671e(a) of this title.

There may be an extension of time for the making of a final determination under this subsection only if the administering authority determines that such additional time is necessary to make the required determination concerning upstream subsidization.

PLAN AMENDMENTS NOT REQUIRED UNTIL
JANUARY 1, 1989

For provisions directing that if any amendments made by subtitle A or subtitle C of title XI [§§ 1101-1147 and 1171-1177] or title XVIII [§§ 1801-1899A] of Pub. L. 99-514 require an amendment to any plan, such plan amendment shall not be required to be made before the first plan year beginning on or after Jan. 1, 1989, see section 1140 of Pub. L. 99-514, as amended, set out as a note under section 401 of Title 26, Internal Revenue Code.

§ 1671c. Termination or suspension of investigation**(a) Termination of investigation upon withdrawal of petition****(1) In general****(A) Withdrawal of petition**

Except as provided in paragraphs (2) and (3), an investigation under this part may be terminated by either the administering authority or the Commission, after notice to all parties to the investigation, upon withdrawal of the petition by the petitioner or by the administering authority if the investigation was initiated under section 1671a(a) of this title.

(B) Refiling of petition

If, within 3 months after the withdrawal of a petition under subparagraph (A), a new petition is filed seeking the imposition of duties on both the subject merchandise of the withdrawn petition and the subject merchandise from another country, the administering authority and the Commission may use in the investigation initiated pursuant to the new petition any records compiled in an investigation conducted pursuant to the withdrawn petition. This subparagraph applies only with respect to the first withdrawal of a petition.

(2) Special rules for quantitative restriction agreements**(A) In general**

Subject to subparagraphs (B) and (C), the administering authority may not terminate an investigation under paragraph (1) by accepting, with the government of the country

in which the countervailable subsidy practice is alleged to occur, an understanding or other kind of agreement to limit the volume of imports into the United States of the subject merchandise unless the administering authority is satisfied that termination on the basis of that agreement is in the public interest.

(B) Public interest factors

In making a decision under subparagraph (A) regarding the public interest, the administering authority shall take into account—

(i) whether, based upon the relative impact on consumer prices and the availability of supplies of the merchandise, the agreement would have a greater adverse impact on United States consumers than the imposition of countervailing duties;

(ii) the relative impact on the international economic interests of the United States; and

(iii) the relative impact on the competitiveness of the domestic industry producing the like merchandise, including any such impact on employment and investment in that industry.

(C) Prior consultations

Before making a decision under subparagraph (A) regarding the public interest, the administering authority shall, to the extent practicable, consult with—

(i) potentially affected consuming industries; and

(ii) potentially affected producers and workers in the domestic industry producing the like merchandise, including producers and workers not party to the investigation.

(3) Limitation on termination by Commission

The Commission may not terminate an investigation under paragraph (1) before a preliminary determination is made by the administering authority under section 1671b(b) of this title.

(b) Agreements to eliminate or offset completely a countervailable subsidy or to cease exports of subject merchandise

The administering authority may suspend an investigation if the government of the country in which the countervailable subsidy practice is alleged to occur agrees, or exporters who account for substantially all of the imports of the subject merchandise agree—

(1) to eliminate the countervailable subsidy completely or to offset completely the amount of the net countervailable subsidy, with respect to that merchandise exported directly or indirectly to the United States, within 6 months after the date on which the investigation is suspended, or

(2) to cease exports of that merchandise to the United States within 6 months after the date on which the investigation is suspended.

(c) Agreements eliminating injurious effect**(1) General rule**

If the administering authority determines that extraordinary circumstances are present

in a case, it may suspend an investigation upon the acceptance of an agreement from a government described in subsection (b) of this section, or from exporters described in subsection (b) of this section, if the agreement will eliminate completely the injurious effect of exports to the United States of the subject merchandise.

(2) Certain additional requirements

Except in the case of an agreement by a foreign government to restrict the volume of imports of the subject merchandise into the United States, the administering authority may not accept an agreement under this subsection unless—

(A) the suppression or undercutting of price levels of domestic products by imports of that merchandise will be prevented, and

(B) at least 85 percent of the net countervailable subsidy will be offset.

(3) Quantitative restrictions agreements

The administering authority may accept an agreement with a foreign government under this subsection to restrict the volume of imports of subject merchandise into the United States, but it may not accept such an agreement with exporters.

(4) Definition of extraordinary circumstances

(A) Extraordinary circumstances

For purposes of this subsection, the term “extraordinary circumstances” means circumstances in which—

(i) suspension of an investigation will be more beneficial to the domestic industry than continuation of the investigation, and

(ii) the investigation is complex.

(B) Complex

For purposes of this paragraph, the term “complex” means—

(i) there are a large number of alleged countervailable subsidy practices and the practices are complicated,

(ii) the issues raised are novel, or

(iii) the number of exporters involved is large.

(d) Additional rules and conditions

(1) Public interest; monitoring

The administering authority shall not accept an agreement under subsection (b) or (c) of this section unless—

(A) it is satisfied that suspension of the investigation is in the public interest, and

(B) effective monitoring of the agreement by the United States is practicable.

Where practicable, the administering authority shall provide to the exporters who would have been subject to the agreement the reasons for not accepting the agreement and, to the extent possible, an opportunity to submit comments thereon. In applying subparagraph (A) with respect to any quantitative restriction agreement under subsection (c) of this section, the administering authority shall take into account, in addition to such other factors as are considered necessary or appropriate, the factors set forth in subsection

(a)(2)(B)(i), (ii), and (iii) of this section as they apply to the proposed suspension and agreement, after consulting with the appropriate consuming industries, producers, and workers referred to in subsection (a)(2)(C)(i) and (ii) of this section.

(2) Exports of merchandise to United States not to increase during interim period

The administering authority may not accept any agreement under subsection (b) of this section unless that agreement provides a means of ensuring that the quantity of the merchandise covered by that agreement exported to the United States during the period provided for elimination or offset of the countervailable subsidy or cessation of exports does not exceed the quantity of such merchandise exported to the United States during the most recent representative period determined by the administering authority.

(3) Regulations governing entry or withdrawals

In order to carry out an agreement concluded under subsection (b) or (c) of this section, the administering authority is authorized to prescribe regulations governing the entry, or withdrawal from warehouse, for consumption of subject merchandise.

(e) Suspension of investigation procedure

Before an investigation may be suspended under subsection (b) or (c) of this section the administering authority shall—

(1) notify the petitioner of, and consult with the petitioner concerning, its intention to suspend the investigation, and notify other parties to the investigation and the Commission not less than 30 days before the date on which it suspends the investigation,

(2) provide a copy of the proposed agreement to the petitioner at the time of the notification, together with an explanation of how the agreement will be carried out and enforced (including any action required of foreign governments), and of how the agreement will meet the requirements of subsections (b) and (d) or (c) and (d) of this section, and

(3) permit all interested parties described in section 1677(9) of this title to submit comments and information for the record before the date on which notice of suspension of the investigation is published under subsection (f)(1)(A) of this section.

(f) Effects of suspension of investigation

(1) In general

If the administering authority determines to suspend an investigation upon acceptance of an agreement described in subsection (b) or (c) of this section, then—

(A) it shall suspend the investigation, publish notice of suspension of the investigation, and issue an affirmative preliminary determination under section 1671b(b) of this title with respect to the subject merchandise, unless it has previously issued such a determination in the same investigation,

(B) the Commission shall suspend any investigation it is conducting with respect to that merchandise, and

(C) the suspension of investigation shall take effect on the day on which such notice is published.

(2) Liquidation of entries

(A) Cessation of exports; complete elimination of net countervailable subsidy

If the agreement accepted by the administering authority is an agreement described in subsection (b) of this section, then—

(i) notwithstanding the affirmative preliminary determination required under paragraph (1)(A), the liquidation of entries of subject merchandise shall not be suspended under section 1671b(d)(2) of this title,

(ii) if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case with respect to such merchandise, that suspension of liquidation shall terminate, and

(iii) the administering authority shall refund any cash deposit and release any bond or other security deposited under section 1671b(d)(1)(B) of this title.

(B) Other agreements

If the agreement accepted by the administering authority is an agreement described in subsection (c) of this section, then the liquidation of entries of the subject merchandise shall be suspended under section 1671b(d)(2) of this title, or, if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case, that suspension of liquidation shall continue in effect, subject to subsection (h)(3) of this section, but the security required under section 1671b(d)(1)(B) of this title may be adjusted to reflect the effect of the agreement.

(3) Where investigation is continued

If, pursuant to subsection (g) of this section, the administering authority and the Commission continue an investigation in which an agreement has been accepted under subsection (b) or (c) of this section, then—

(A) if the final determination by the administering authority or the Commission under section 1671d of this title is negative, the agreement shall have no force or effect and the investigation shall be terminated, or

(B) if the final determinations by the administering authority and the Commission under such section are affirmative, the agreement shall remain in force, but the administering authority shall not issue a countervailing duty order in the case so long as—

(i) the agreement remains in force,

(ii) the agreement continues to meet the requirements of subsections (b) and (d) or (c) and (d) of this section, and

(iii) the parties to the agreement carry out their obligations under the agreement in accordance with its terms.

(g) Investigation to be continued upon request

If the administering authority, within 20 days after the date of publication of the notice of suspension of an investigation, receives a request for the continuation of the investigation from—

(1) the government of the country in which the countervailable subsidy practice is alleged to occur, or

(2) an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title which is a party to the investigation,

then the administering authority and the Commission shall continue the investigation.

(h) Review of suspension

(1) In general

Within 20 days after the suspension of an investigation under subsection (c) of this section, an interested party which is a party to the investigation and which is described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title may, by petition filed with the Commission and with notice to the administering authority, ask for a review of the suspension.

(2) Commission investigation

Upon receipt of a review petition under paragraph (1), the Commission shall, within 75 days after the date on which the petition is filed with it, determine whether the injurious effect of imports of the subject merchandise is eliminated completely by the agreement. If the Commission's determination under this subsection is negative, the investigation shall be resumed on the date of publication of notice of such determination as if the affirmative preliminary determination under section 1671b(b) of this title had been made on that date.

(3) Suspension of liquidation to continue during review period

The suspension of liquidation of entries of the subject merchandise shall terminate at the close of the 20-day period beginning on the day after the date on which notice of suspension of the investigation is published in the Federal Register, or, if a review petition is filed under paragraph (1) with respect to the suspension of the investigation, in the case of an affirmative determination by the Commission under paragraph (2), the date on which notice of the affirmative determination by the Commission is published. If the determination of the Commission under paragraph (2) is affirmative, then the administering authority shall—

(A) terminate the suspension of liquidation under section 1671b(d)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit, required under section 1671b(d)(1)(B) of this title.

(i) Violation of agreement

(1) In general

If the administering authority determines that an agreement accepted under subsection (b) or (c) of this section is being, or has been, violated, or no longer meets the requirements of such subsection (other than the requirement, under subsection (c)(1) of this section, of elimination of injury) and subsection (d) of this section, then, on the date of publication of its determination, it shall—

(A) suspend liquidation under section 1671b(d)(2) of this title of unliquidated entries of the merchandise made on or after the later of—

(i) the date which is 90 days before the date of publication of the notice of suspension of liquidation, or

(ii) the date on which the merchandise, the sale or export to the United States of which was in violation of the agreement, or under an agreement which no longer meets the requirements of subsections (b) and (d) or (c) and (d) of this section, was first entered, or withdrawn from warehouse, for consumption,

(B) if the investigation was not completed, resume the investigation as if its affirmative preliminary determination under section 1671b(b) of this title were made on the date of its determination under this paragraph,

(C) if the investigation was completed under subsection (g) of this section, issue a countervailing duty order under section 1671e(a) of this title effective with respect to entries of merchandise the liquidation of which was suspended,

(D) if it considers the violation to be intentional, notify the Commissioner of Customs who shall take appropriate action under paragraph (2), and

(E) notify the petitioner, interested parties who are or were parties to the investigation, and the Commission of its action under this paragraph.

(2) Intentional violation to be punished by civil penalty

Any person who intentionally violates an agreement accepted by the administering authority under subsection (b) or (c) of this section shall be subject to a civil penalty assessed in the same amount, in the same manner, and under the same procedure, as the penalty imposed for a fraudulent violation of section 1592(a) of this title.

(j) Determination not to take agreement into account

In making a final determination under section 1671d of this title, or in conducting a review under section 1675 of this title, in a case in which the administering authority has terminated a suspension of investigation under subsection (i)(1) of this section, or continued an investigation under subsection (g) of this section, the Commission and the administering authority shall consider all of the subject merchandise, without regard to the effect of any agreement under subsection (b) or (c) of this section.

(k) Termination of investigations initiated by administering authority

The administering authority may terminate any investigation initiated by the administering authority under section 1671a(a) of this title after providing notice of such termination to all parties to the investigation.

(l) Special rule for regional industry investigations

(1) Suspension agreements

If the Commission makes a regional industry determination under section 1677(4)(C) of

this title, the administering authority shall offer exporters of the subject merchandise who account for substantially all exports of that merchandise for sale in the region concerned the opportunity to enter into an agreement described in subsection (b) or (c) of this section.

(2) Requirements for suspension agreements

Any agreement described in paragraph (1) shall be subject to all the requirements imposed under this section for other agreements under subsection (b) or (c) of this section, except that if the Commission makes a regional industry determination described in paragraph (1) in the final affirmative determination under section 1671d(b) of this title but not in the preliminary affirmative determination under section 1671b(a) of this title, any agreement described in paragraph (1) may be accepted within 60 days after the countervailing duty order is published under section 1671e of this title.

(3) Effect of suspension agreement on countervailing duty order

If an agreement described in paragraph (1) is accepted after the countervailing duty order is published, the administering authority shall rescind the order, refund any cash deposit and release any bond or other security deposited under section 1671b(d)(1)(B) of this title, and instruct the Customs Service that entries of the subject merchandise that were made during the period that the order was in effect shall be liquidated without regard to countervailing duties.

§ 1671d. Final determinations

(a) Final determination by administering authority

(1) In general

Within 75 days after the date of the preliminary determination under section 1671b(b) of this title, the administering authority shall make a final determination of whether or not

a countervailable subsidy is being provided with respect to the subject merchandise; except that when an investigation under this part is initiated simultaneously with an investigation under part II of this subtitle, which involves imports of the same class or kind of merchandise from the same or other countries, the administering authority, if requested by the petitioner, shall extend the date of the final determination under this paragraph to the date of the final determination of the administering authority in such investigation initiated under part II of this subtitle.

(2) Critical circumstances determinations

If the final determination of the administering authority is affirmative, then that determination, in any investigation in which the presence of critical circumstances has been alleged under section 1671b(e) of this title, shall also contain a finding as to whether—

(A) the countervailable subsidy is inconsistent with the Subsidies Agreement, and

(B) there have been massive imports of the subject merchandise over a relatively short period.

Such findings may be affirmative even though the preliminary determination under section 1671b(e)(1) of this title was negative.

(3) De minimis countervailable subsidy

In making a determination under this subsection, the administering authority shall disregard any countervailable subsidy that is de minimis as defined in section 1671b(b)(4) of this title.

(b) Final determination by Commission

(1) In general

The Commission shall make a final determination of whether—

(A) an industry in the United States—

(i) is materially injured, or
(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports, or sales (or the likelihood of sales) for importation, of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a) of this section. If the Commission determines that imports of the subject merchandise are negligible, the investigation shall be terminated.

(2) Period for injury determination following affirmative preliminary determination by administering authority

If the preliminary determination by the administering authority under section 1671b(b) of this title is affirmative, then the Commission shall make the determination required by paragraph (1) before the later of—

(A) the 120th day after the day on which the administering authority makes its affirmative preliminary determination under section 1671b(b) of this title, or

(B) the 45th day after the day on which the administering authority makes its affirmative final determination under subsection (a) of this section.

(3) Period for injury determination following negative preliminary determination by administering authority

If the preliminary determination by the administering authority under section 1671b(b) of this title is negative, and its final determination under subsection (a) of this section is affirmative, then the final determination by the Commission under this subsection shall be made within 75 days after the date of that affirmative final determination.

(4) Certain additional findings

(A) COMMISSION STANDARD FOR RETROACTIVE APPLICATION.—

(i) IN GENERAL.—If the finding of the administering authority under subsection (a)(2) of this section is affirmative, then the final determination of the Commission shall include a finding as to whether the imports subject to the affirmative determination under subsection (a)(2) of this section are likely to undermine seriously the remedial effect of the countervailing duty order to be issued under section 1671e of this title.

(ii) FACTORS TO CONSIDER.—In making the evaluation under clause (i), the Commission shall consider, among other factors it considers relevant—

(I) the timing and the volume of the imports,

(II) any rapid increase in inventories of the imports, and

(III) any other circumstances indicating that the remedial effect of the countervailing duty order will be seriously undermined.

(B) If the final determination of the Commission is that there is no material injury but that there is threat of material injury, then its determination shall also include a finding as to whether material injury by reason of imports of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a) of this section would have been found but for any suspension of liquidation of entries of that merchandise.

(c) Effect of final determinations

(1) Effect of affirmative determination by the administering authority

If the determination of the administering authority under subsection (a) of this section is affirmative, then—

(A) the administering authority shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority,

(B)(i) the administering authority shall—

(I) determine an estimated individual countervailable subsidy rate for each exporter and producer individually inves-

tigated, and, in accordance with paragraph (5), an estimated all-others rate for all exporters and producers not individually investigated and for new exporters and producers within the meaning of section 1675(a)(2)(B) of this title, or

(II) if section 1677f-1(e)(2)(B) of this title applies, determine a single estimated country-wide subsidy rate, applicable to all exporters and producers,

(ii) shall order the posting of a cash deposit, bond, or other security, as the administering authority deems appropriate, for each entry of the subject merchandise in an amount based on the estimated individual countervailable subsidy rate, the estimated all-others rate, or the estimated country-wide subsidy rate, whichever is applicable, and

(C) in cases where the preliminary determination by the administering authority under section 1671b(b) of this title was negative, the administering authority shall order the suspension of liquidation under paragraph (2) of section 1671b(d) of this title.

(2) Issuance of order; effect of negative determination

If the determinations of the administering authority and the Commission under subsections (a)(1) and (b)(1) of this section are affirmative, then the administering authority shall issue a countervailing duty order under section 1671e(a) of this title. If either of such determinations is negative, the investigation shall be terminated upon the publication of notice of that negative determination and the administering authority shall—

(A) terminate the suspension of liquidation under section 1671b(d)(2) of this title, and

(B) release any bond or other security and refund any cash deposit required under section 1671b(d)(1)(B) of this title.

(3) Effect of negative determinations under subsections (a)(2) and (b)(4)(A) of this section

If the determination of the administering authority or the Commission under subsection (a)(2) and (b)(4)(A) of this section, respectively, is negative, then the administering authority shall—

(A) terminate any retroactive suspension of liquidation required under paragraph (4) or section 1671b(e)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit required, under section 1671b(d)(1)(B) of this title with respect to entries of the merchandise the liquidation of which was suspended retroactively under section 1671b(e)(2) of this title.

(4) Effect of affirmative determination under subsection (a)(2) of this section

If the determination of the administering authority under subsection (a)(2) of this section is affirmative, then the administering authority shall—

(A) in cases where the preliminary determinations by the administering authority under sections 1671b(b) and 1671b(e)(1) of this

title were both affirmative, continue the retroactive suspension of liquidation and the posting of a cash deposit, bond, or other security previously ordered under section 1671b(e)(2) of this title;

(B) in cases where the preliminary determination by the administering authority under section 1671b(b) of this title was affirmative, but the preliminary determination under section 1671b(e)(1) of this title was negative, shall modify any suspension of liquidation and security requirement previously ordered under section 1671b(d) of this title to apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation was first ordered; or

(C) in cases where the preliminary determination by the administering authority under section 1671b(b) of this title was negative, shall apply any suspension of liquidation and security requirement ordered under subsection (c)(1)(B) of this section to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation is first ordered.

(5) Method for determining the all-others rate and the country-wide subsidy rate

(A) All-others rate

(i) General rule

For purposes of this subsection and section 1671b(d) of this title, the all-others rate shall be an amount equal to the weighted average countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero and de minimis countervailable subsidy rates, and any rates determined entirely under section 1677e of this title.

(ii) Exception

If the countervailable subsidy rates established for all exporters and producers individually investigated are zero or de minimis rates, or are determined entirely under section 1677e of this title, the administering authority may use any reasonable method to establish an all-others rate for exporters and producers not individually investigated, including averaging the weighted average countervailable subsidy rates determined for the exporters and producers individually investigated.

(B) Country-wide subsidy rate

The administering authority may calculate a single country-wide subsidy rate, applicable to all exporters and producers, if the administering authority limits its examination pursuant to section 1677f-1(e)(2)(B) of this title. The estimated country-wide rate determined under section 1671b(d)(1)(A)(ii) of this title or paragraph (1)(B)(i)(II) of this subsection shall be based on industry-wide data regarding the use of subsidies determined to be countervailable.

(d) Publication of notice of determinations

Whenever the administering authority or the Commission makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

(e) Correction of ministerial errors

The administering authority shall establish procedures for the correction of ministerial errors in final determinations within a reasonable time after the determinations are issued under this section. Such procedures shall ensure opportunity for interested parties to present their views regarding any such errors. As used in this subsection, the term “ministerial error” includes errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.

§ 1671e. Assessment of duty**(a) Publication of countervailing duty order**

Within 7 days after being notified by the Commission of an affirmative determination under section 1671d(b) of this title, the administering authority shall publish a countervailing duty order which—

(1) directs customs officers to assess a countervailing duty equal to the amount of the net countervailable subsidy determined or estimated to exist, within 6 months after the date

on which the administering authority receives satisfactory information upon which the assessment may be based, but in no event later than 12 months after the end of the annual accounting period of the manufacturer or exporter within which the merchandise is entered, or withdrawn from warehouse, for consumption,

(2) includes a description of the subject merchandise, in such detail as the administering authority deems necessary, and

(3) requires the deposit of estimated countervailing duties pending liquidation of entries of merchandise at the same time as estimated normal customs duties on that merchandise are deposited.

(b) Imposition of duties

(1) General rule

If the Commission, in its final determination under section 1671d(b) of this title, finds material injury or threat of material injury which, but for the suspension of liquidation under section 1671b(d)(2) of this title, would have led to a finding of material injury, then entries of the merchandise subject to the countervailing duty order, the liquidation of which has been suspended under section 1671b(d)(2) of this title, shall be subject to the imposition of countervailing duties under section 1671(a) of this title.

(c) Special rule for regional industries

(1) In general

In an investigation under this part in which the Commission makes a regional industry determination under section 1677(4)(C) of this title, the administering authority shall, to the maximum extent possible, direct that duties be assessed only on the subject merchandise of the specific exporters or producers that exported the subject merchandise for sale in the region concerned during the period of investigation.

(2) Exception for new exporters and producers

After publication of the countervailing duty order, if the administering authority finds that a new exporter or producer is exporting the subject merchandise for sale in the region

concerned, the administering authority shall direct that duties be assessed on the subject merchandise of the new exporter or producer consistent with the provisions of section 1675(a)(2)(B) of this title.

PART II—IMPOSITION OF ANTIDUMPING DUTIES

CODIFICATION

The designation “PART II” was in the original “Sub-title B” and was editorially changed in order to conform the numbering format of this subtitle to the usages employed in the codification of the remainder of the Tariff Act of 1930 as originally enacted.

§ 1673. Imposition of antidumping duties

If—

(1) the administering authority determines that a class or kind of foreign merchandise is being, or is likely to be, sold in the United States at less than its fair value, and

(2) the Commission determines that—

(A) an industry in the United States—

(i) is materially injured, or

(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of that merchandise or by reason of sales (or the likelihood of sales) of that merchandise for importation,

then there shall be imposed upon such merchandise an antidumping duty, in addition to any other duty imposed, in an amount equal to the amount by which the normal value exceeds the export price (or the constructed export price) for the merchandise. For purposes of this section and section 1673d(b)(1) of this title, a reference to the sale of foreign merchandise includes the entering into of any leasing arrangement regarding the merchandise that is equivalent to the sale of the merchandise.

(June 17, 1930, ch. 497, title VII, §731, as added Pub. L. 96-39, title I, §101, July 26, 1979, 93 Stat. 162; amended Pub. L. 98-573, title VI, §602(b), Oct. 30, 1984, 98 Stat. 3024; Pub. L. 103-465, title II, §233(a)(1)(A), (2)(A)(i), Dec. 8, 1994, 108 Stat. 4898.)

1994—Pub. L. 103-465 substituted “normal value exceeds the export price (or the constructed export price)” for “foreign market value exceeds the United States price” in concluding provisions.

1984—Pub. L. 98-573 inserted “or by reason of sales (or the likelihood of sales) of that merchandise for importation” after “by reason of imports of that merchandise” in par. (2), and inserted sentence at end providing that for purposes of this section and section 1673d(b)(1) of this title, a reference to the sale of foreign merchandise includes the entering into of any leasing arrangement regarding the merchandise that is equivalent to the sale of the merchandise.

EFFECTIVE DATE OF 1994 AMENDMENT

Amendment by Pub. L. 103-465 effective, except as otherwise provided, on the date on which the WTO Agreement enters into force with respect to the United States [Jan. 1, 1995], and applicable with respect to investigations, reviews, and inquiries initiated and petitions filed under specified provisions of this chapter after such date, see section 291 of Pub. L. 103-465, set out as a note under section 1671 of this title.

§ 1673a. Procedures for initiating an antidumping duty investigation**(a) Initiation by administering authority****(1) In general**

An antidumping duty investigation shall be initiated whenever the administering authority determines, from information available to it, that a formal investigation is warranted into the question of whether the elements necessary for the imposition of a duty under section 1673 of this title exist.

(2) Cases involving persistent dumping**(A) Monitoring**

The administering authority may establish a monitoring program with respect to imports of a class or kind of merchandise from any additional supplier country for a period not to exceed one year if—

(i) more than one antidumping order is in effect with respect to that class or kind of merchandise;

(ii) in the judgment of the administering authority there is reason to believe or suspect an extraordinary pattern of persistent injurious dumping from one or more additional supplier countries; and

(iii) in the judgment of the administering authority this extraordinary pattern is causing a serious commercial problem for the domestic industry.

(B) Initiation of investigation

If during the period of monitoring referred to in subparagraph (A), the administering authority determines that there is sufficient information to initiate a formal investigation under this subsection regarding an additional supplier country, the administering authority shall immediately initiate such an investigation.

(C) Definition

For purposes of this paragraph, the term “additional supplier country” means a country regarding which no antidumping investigation is currently pending, and no antidumping duty order is currently in effect, with respect to imports of the class or kind of merchandise covered by subparagraph (A).

(D) Expeditious action

The administering authority and the Commission, to the extent practicable, shall expedite proceedings under this part undertaken as a result of a formal investigation initiated under subparagraph (B).

An antidumping proceeding shall be initiated whenever an interested party described in subparagraph (C), (D), (E), (F), or (G) of sec-

tion 1677(9) of this title files a petition with the administering authority, on behalf of an industry, which alleges the elements necessary for the imposition of the duty imposed by section 1673 of this title, and which is accompanied by information reasonably available to the petitioner supporting those allegations. The petition may be amended at such time, and upon such conditions, as the administering authority and the Commission may permit.

(2) Simultaneous filing with Commission

The petitioner shall file a copy of the petition with the Commission on the same day as it is filed with the administering authority.

(3) Action with respect to petitions

(A) Notification of governments

Upon receipt of a petition filed under paragraph (1), the administering authority shall notify the government of any exporting country named in the petition by delivering a public version of the petition to an appropriate representative of such country.

(B) Acceptance of communications

The administering authority shall not accept any unsolicited oral or written communication from any person other than an interested party described in section 1677(9)(C), (D), (E), (F), or (G) of this title before the administering authority makes its decision whether to initiate an investigation, except as provided in subsection (c)(4)(D) of this section, and except for inquiries regarding the status of the administering authority's consideration of the petition.

(C) Nondisclosure of certain information

The administering authority and the Commission shall not disclose information with regard to any draft petition submitted for review and comment before it is filed under paragraph (1).

(c) Petition determination

(1) In general

(A) Time for initial determination

Except as provided in subparagraph (B), within 20 days after the date on which a petition is filed under subsection (b) of this section, the administering authority shall—

(i) after examining, on the basis of sources readily available to the administering authority, the accuracy and adequacy of the evidence provided in the petition, determine whether the petition alleges the elements necessary for the imposition of a duty under section 1673 of this title and contains information reasonably available to the petitioner supporting the allegations, and

(ii) determine if the petition has been filed by or on behalf of the industry.

(B) Extension of time

In any case in which the administering authority is required to poll or otherwise determine support for the petition by the industry under paragraph (4)(D), the administering authority may, in exceptional cir-

cumstances, apply subparagraph (A) by substituting “a maximum of 40 days” for “20 days”.

(C) Time limits where petition involves same merchandise as an order that has been revoked

If a petition is filed under this section with respect to merchandise that was the subject merchandise of—

(i) an antidumping duty order or finding that was revoked under section 1675(d) of this title in the 24 months preceding the date the petition is filed, or

(ii) a suspended investigation that was terminated under section 1675(d) of this title in the 24 months preceding the date the petition is filed,

the administering authority and the Commission shall, to the maximum extent practicable, expedite any investigation initiated under this section with respect to the petition.

(2) Affirmative determinations

If the determinations under clauses (i) and (ii) of paragraph (1)(A) are affirmative, the administering authority shall initiate an investigation to determine whether the subject merchandise is being, or is likely to be, sold in the United States at less than its fair value.

(3) Negative determinations

If the determination under clause (i) or (ii) of paragraph (1)(A) is negative, the administering authority shall dismiss the petition, terminate the proceeding, and notify the petitioner in writing of the reasons for the determination.

(4) Determination of industry support

(A) General rule

For purposes of this subsection, the administering authority shall determine that the petition has been filed by or on behalf of the industry, if—

(i) the domestic producers or workers who support the petition account for at least 25 percent of the total production of the domestic like product, and

(ii) the domestic producers or workers who support the petition account for more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for or opposition to the petition.

(B) Certain positions disregarded

(i) Producers related to foreign producers

In determining industry support under subparagraph (A), the administering authority shall disregard the position of domestic producers who oppose the petition, if such producers are related to foreign producers, as defined in section 1677(4)(B)(ii) of this title, unless such domestic producers demonstrate that their interests as domestic producers would be adversely affected by the imposition of an antidumping duty order.

(ii) Producers who are importers

The administering authority may disregard the position of domestic producers

of a domestic like product who are importers of the subject merchandise.

(C) Special rule for regional industries

If the petition alleges the industry is a regional industry, the administering authority shall determine whether the petition has been filed by or on behalf of the industry by applying subparagraph (A) on the basis of production in the region.

(D) Polling the industry

If the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the administering authority shall—

(i) poll the industry or rely on other information in order to determine if there is support for the petition as required by subparagraph (A), or

(ii) if there is a large number of producers in the industry, the administering authority may determine industry support for the petition by using any statistically valid sampling method to poll the industry.

(E) Comments by interested parties

Before the administering authority makes a determination with respect to initiating an investigation, any person who would qualify as an interested party under section 1677(9) of this title if an investigation were initiated, may submit comments or information on the issue of industry support. After the administering authority makes a determination with respect to initiating an investigation, the determination regarding industry support shall not be reconsidered.

(5) “Domestic producers or workers” defined

For purposes of this subsection, the term “domestic producers or workers” means those interested parties who are eligible to file a petition under subsection (b)(1) of this section.

(d) Notification to Commission of determination

The administering authority shall—

(1) notify the Commission immediately of any determination it makes under subsection (a) or (c) of this section, and

(2) if the determination is affirmative, make available to the Commission such information as it may have relating to the matter under investigation, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

(e) Information regarding critical circumstances

If, at any time after the initiation of an investigation under this part, the administering authority finds a reasonable basis to suspect that—

(1) there is a history of dumping in the United States or elsewhere of the subject merchandise, or

(2) the person by whom, or for whose account, the merchandise was imported knew, or

should have known, that the exporter was selling the subject merchandise at less than its fair value,

the administering authority may request the Commissioner of Customs to compile information on an expedited basis regarding entries of the subject merchandise. Upon receiving such request, the Commissioner of Customs shall collect information regarding the volume and value of entries of the subject merchandise and shall transmit such information to the administering authority at such times as the administering authority shall direct (at least once every 30 days), until a final determination is made under section 1673d(a) of this title, the investigation is terminated, or the administering authority withdraws the request.

§ 1673b. Preliminary determinations

(a) Determination by Commission of reasonable indication of injury

(1) General rule

Except in the case of a petition dismissed by the administering authority under section 1673a(c)(3) of this title, the Commission, within the time specified in paragraph (2), shall determine, based on the information available to

it at the time of the determination, whether there is a reasonable indication that—

(A) an industry in the United States—

(i) is materially injured, or

(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of the subject merchandise and that imports of the subject merchandise are not negligible. If the Commission finds that imports of the subject merchandise are negligible or otherwise makes a negative determination under this paragraph, the investigation shall be terminated.

(2) Time for Commission determination

The Commission shall make the determination described in paragraph (1)—

(A) in the case of a petition filed under section 1673a(b) of this title—

(i) within 45 days after the date on which the petition is filed, or

(ii) if the time has been extended pursuant to section 1673a(c)(1)(B) of this title, within 25 days after the date on which the Commission receives notice from the administering authority of initiation of the investigation, and

(B) in the case of an investigation initiated under section 1673a(a) of this title, within 45 days after the date on which the Commission receives notice from the administering authority that an investigation has been initiated under such section.

(b) Preliminary determination by administering authority

(1) Period of antidumping duty investigation

(A) In general

Except as provided in subparagraph (B), within 140 days after the date on which the administering authority initiates an investigation under section 1673a(c) of this title, or an investigation is initiated under section 1673a(a) of this title, but not before an affirmative determination by the Commission under subsection (a) of this section, the administering authority shall make a determination, based upon the information available to it at the time of the determination, of whether there is a reasonable basis to believe or suspect that the merchandise is being sold, or is likely to be sold, at less than fair value.

(B) If certain short life cycle merchandise involved

If a petition filed under section 1673a(b) of this title, or an investigation initiated under section 1673a(a) of this title, concerns short life cycle merchandise that is included in a product category established under section 1673h(a) of this title, subparagraph (A) shall be applied—

(i) by substituting “100 days” for “140 days” if manufacturers that are second offenders account for a significant proportion of the merchandise under investigation, and

(ii) by substituting “80 days” for “140 days” if manufacturers that are multiple offenders account for a significant proportion of the merchandise under investigation.

(C) Definitions of offenders

For purposes of subparagraph (B)—

(i) The term “second offender” means a manufacturer that is specified in 2 affirmative dumping determinations (within the meaning of section 1673h of this title) as the manufacturer of short life cycle merchandise that is—

(I) specified in both such determinations, and

(II) within the scope of the product category referred to in subparagraph (B).

(ii) The term “multiple offender” means a manufacturer that is specified in 3 or more affirmative dumping determinations (within the meaning of section 1673h of this title) as the manufacturer of short life cycle merchandise that is—

(I) specified in each of such determinations, and

(II) within the scope of the product category referred to in subparagraph (B).

(2) Preliminary determination under waiver of verification

Within 75 days after the initiation of an investigation, the administering authority shall cause an official designated for such purpose to review the information concerning the case received during the first 60 days of the investigation, and, if there appears to be sufficient information available upon which the preliminary determination can reasonably be based, to disclose to the petitioner and any interested party, then a party to the proceedings that requests such disclosure, all available nonconfidential information and all other information which is disclosed pursuant to section 1677f of this title. Within 3 days (not counting Saturdays, Sundays, or legal public holidays) after such disclosure, the petitioner and each party which is an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title to whom such disclosure was made may furnish to the administering authority an irrevocable written waiver of verification of the information received by the authority, and an agreement that it is willing to have a preliminary determination made on the basis of the record then available to the authority. If a timely waiver and agreement have been received from the petitioner and each party which is an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title to whom the disclosure was made, and the authority finds that sufficient information is then available upon which the preliminary determination can reasonably be based, a preliminary determination shall be made within 90 days after the initiation of the investigation on the basis of the record established during the first 60 days after the investigation was initiated.

(3) De minimis dumping margin

In making a determination under this subsection, the administering authority shall disregard any weighted average dumping margin that is de minimis. For purposes of the preceding sentence, a weighted average dumping margin is de minimis if the administering authority determines that it is less than 2 percent ad valorem or the equivalent specific rate for the subject merchandise.

(c) Extension of period in extraordinarily complicated cases

(1) In general

If—

(A) the petitioner makes a timely request for an extension of the period within which the determination must be made under subsection (b)(1) of this section, or

(B) the administering authority concludes that the parties concerned are cooperating and determines that—

(i) the case is extraordinarily complicated by reason of—

(I) the number and complexity of the transactions to be investigated or adjustments to be considered,

(II) the novelty of the issues presented, or

(III) the number of firms whose activities must be investigated, and

(ii) additional time is necessary to make the preliminary determination,

then the administering authority may postpone making the preliminary determination under subsection (b)(1) of this section until not later than the 190th day after the date on which the administering authority initiates an investigation under section 1673a(c) of this title, or an investigation is initiated under section 1673a(a) of this title. No extension of a determination date may be made under this paragraph for any investigation in which a determination date provided for in subsection (b)(1)(B) of this section applies unless the petitioner submits written notice to the administering authority of its consent to the extension.

(2) Notice of postponement

The administering authority shall notify the parties to the investigation, not later than 20 days before the date on which the preliminary determination would otherwise be required under subsection (b)(1) of this section, if it intends to postpone making the preliminary determination under paragraph (1). The notification shall include an explanation of the reasons for the postponement, and notice of the postponement shall be published in the Federal Register.

(d) Effect of determination by the administering authority

If the preliminary determination of the administering authority under subsection (b) of this section is affirmative, the administering authority—

(1)(A) shall—

(i) determine an estimated weighted average dumping margin for each exporter and producer individually investigated, and

(ii) determine, in accordance with section 1673d(c)(5) of this title, an estimated all-others rate for all exporters and producers not individually investigated, and

(B) shall order the posting of a cash deposit, bond, or other security, as the administering authority deems appropriate, for each entry of the subject merchandise in an amount based on the estimated weighted average dumping margin or the estimated all-others rate, whichever is applicable,

(2) shall order the suspension of liquidation of all entries of merchandise subject to the determination which are entered, or withdrawn from warehouse, for consumption on or after the later of—

(A) the date on which notice of the determination is published in the Federal Register, or

(B) the date that is 60 days after the date on which notice of the determination to initiate the investigation is published in the Federal Register, and

(3) shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its injury determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

The instructions of the administering authority under paragraphs (1) and (2) may not remain in effect for more than 4 months, except that the administering authority may, at the request of exporters representing a significant proportion of exports of the subject merchandise, extend that 4-month period to not more than 6 months.

(c) Critical circumstances determinations

(1) In general

If a petitioner alleges critical circumstances in its original petition, or by amendment at any time more than 20 days before the date of a final determination by the administering authority, then the administering authority shall promptly (at any time after the initiation of the investigation under this part) determine, on the basis of the information available to it at that time, whether there is a reasonable basis to believe or suspect that—

(A)(i) there is a history of dumping and material injury by reason of dumped imports in the United States or elsewhere of the subject merchandise, or

(ii) the person by whom, or for whose account, the merchandise was imported knew or should have known that the exporter was selling the subject merchandise at less than its fair value and that there was likely to be material injury by reason of such sales, and

(B) there have been massive imports of the subject merchandise over a relatively short period.

The administering authority shall be treated as having made an affirmative determination

under subparagraph (A) in any investigation to which subsection (b)(1)(B) of this section is applied.

(2) Suspension of liquidation

If the determination of the administering authority under paragraph (1) is affirmative, then any suspension of liquidation ordered under subsection (d)(2) of this section shall apply, or, if notice of such suspension of liquidation is already published, be amended to apply, to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of—

(A) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or

(B) the date on which notice of the determination to initiate the investigation is published in the Federal Register.

(f) Notice of determination

Whenever the Commission or the administering authority makes a determination under this section, the Commission or the administering authority, as the case may be, shall notify the petitioner, and other parties to the investigation, and the Commission or the administering authority (whichever is appropriate) of its determination. The administering authority shall include with such notification the facts and conclusions on which its determination is based. Not later than 5 days after the date on which the determination is required to be made under subsection (a)(2) of this section, the Commission shall transmit to the administering authority the facts and conclusions on which its determination is based.

§ 1673c. Termination or suspension of investigation

(a) Termination of investigation upon withdrawal of petition

(1) In general

(A) Withdrawal of petition

Except as provided in paragraphs (2) and (3), an investigation under this part may be terminated by either the administering authority or the Commission, after notice to all parties to the investigation, upon withdrawal of the petition by the petitioner or

by the administering authority if the investigation was initiated under section 1673a(a) of this title.

(B) Refiling of petition

If, within 3 months after the withdrawal of a petition under subparagraph (A), a new petition is filed seeking the imposition of duties on both the subject merchandise of the withdrawn petition and the subject merchandise from another country, the administering authority and the Commission may use in the investigation initiated pursuant to the new petition any records compiled in an investigation conducted pursuant to the withdrawn petition. This subparagraph applies only with respect to the first withdrawal of a petition.

(2) Special rules for quantitative restriction agreements

(A) In general

Subject to subparagraphs (B) and (C), the administering authority may not terminate an investigation under paragraph (1) by accepting an understanding or other kind of agreement to limit the volume of imports into the United States of the subject merchandise unless the administering authority is satisfied that termination on the basis of that agreement is in the public interest.

(B) Public interest factors

In making a decision under subparagraph (A) regarding the public interest the administering authority shall take into account—

- (i) whether, based upon the relative impact on consumer prices and the availability of supplies of the merchandise, the agreement would have a greater adverse impact on United States consumers than the imposition of antidumping duties;
- (ii) the relative impact on the international economic interests of the United States; and
- (iii) the relative impact on the competitiveness of the domestic industry producing the like merchandise, including any such impact on employment and investment in that industry.

(C) Prior consultations

Before making a decision under subparagraph (A) regarding the public interest, the administering authority shall, to the extent practicable, consult with—

- (i) potentially affected consuming industries; and
- (ii) potentially affected producers and workers in the domestic industry producing the like merchandise, including producers and workers not party to the investigation.

(3) Limitation on termination by Commission

The Commission may not terminate an investigation under paragraph (1) before a preliminary determination is made by the administering authority under section 1673b(b) of this title.

(b) Agreements to eliminate completely sales at less than fair value or to cease exports of merchandise

The administering authority may suspend an investigation if the exporters of the subject merchandise who account for substantially all of the imports of that merchandise agree—

- (1) to cease exports of the merchandise to the United States within 6 months after the date on which the investigation is suspended, or
- (2) to revise their prices to eliminate completely any amount by which the normal value of the merchandise which is the subject of the agreement exceeds the export price (or the constructed export price) of that merchandise.

(c) Agreements eliminating injurious effect

(1) General rule

If the administering authority determines that extraordinary circumstances are present in a case, it may suspend an investigation upon the acceptance of an agreement to revise prices from exporters of the subject merchandise who account for substantially all of the imports of that merchandise into the United States, if the agreement will eliminate completely the injurious effect of exports to the United States of that merchandise and if—

- (A) the suppression or undercutting of price levels of domestic products by imports of that merchandise will be prevented, and
- (B) for each entry of each exporter the amount by which the estimated normal value exceeds the export price (or the constructed export price) will not exceed 15 percent of the weighted average amount by which the estimated normal value exceeded the export price (or the constructed export price) for all less-than-fair-value entries of the exporter examined during the course of the investigation.

(2) “Extraordinary circumstances” defined

(A) Extraordinary circumstances

For purposes of this subsection, the term “extraordinary circumstances” means circumstances in which—

- (i) suspension of an investigation will be more beneficial to the domestic industry than continuation of the investigation, and
- (ii) the investigation is complex.

(B) “Complex” defined

For purposes of this paragraph, the term “complex” means—

- (i) there are a large number of transactions to be investigated or adjustments to be considered,
- (ii) the issues raised are novel, or
- (iii) the number of firms involved is large.

(d) Additional rules and conditions

The administering authority may not accept an agreement under subsection (b) or (c) of this section unless—

- (1) it is satisfied that suspension of the investigation is in the public interest, and
- (2) effective monitoring of the agreement by the United States is practicable.

Where practicable, the administering authority shall provide to the exporters who would have been subject to the agreement the reasons for not accepting the agreement and, to the extent possible, an opportunity to submit comments thereon.

(e) Suspension of investigation procedure

Before an investigation may be suspended under subsection (b) or (c) of this section the administering authority shall—

(1) notify the petitioner of, and consult with the petitioner concerning, its intention to suspend the investigation, and notify other parties to the investigation and the Commission not less than 30 days before the date on which it suspends the investigation,

(2) provide a copy of the proposed agreement to the petitioner at the time of the notification, together with an explanation of how the agreement will be carried out and enforced, and of how the agreement will meet the requirements of subsections (b) and (d) or (c) and (d) of this section, and

(3) permit all interested parties described in section 1677(9) of this title to submit comments and information for the record before the date on which notice of suspension of the investigation is published under subsection (f)(1)(A) of this section.

(f) Effects of suspension of investigation

(1) In general

If the administering authority determines to suspend an investigation upon acceptance of an agreement described in subsection (b) or (c) of this section, then—

(A) it shall suspend the investigation, publish notice of suspension of the investigation, and issue an affirmative preliminary determination under section 1673b(b) of this title with respect to the subject merchandise, unless it has previously issued such a determination in the same investigation,

(B) the Commission shall suspend any investigation it is conducting with respect to that merchandise, and

(C) the suspension of investigation shall take effect on the day on which such notice is published.

(2) Liquidation of entries

(A) Cessation of exports; complete elimination of dumping margin

If the agreement accepted by the administering authority is an agreement described in subsection (b) of this section, then—

(i) notwithstanding the affirmative preliminary determination required under paragraph (1)(A), the liquidation of entries of subject merchandise shall not be suspended under section 1673b(d)(2) of this title,

(ii) if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case with respect to such merchandise, that suspension of liquidation shall terminate, and

(iii) the administering authority shall refund any cash deposit and release any

bond or other security deposited under section 1673b(d)(1)(B) of this title.

(B) Other agreements

If the agreement accepted by the administering authority is an agreement described in subsection (c) of this section, the liquidation of entries of the subject merchandise shall be suspended under section 1673b(d)(2) of this title, or, if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case, that suspension of liquidation shall continue in effect, subject to subsection (h)(3) of this section, but the security required under section 1673b(d)(1)(B) of this title may be adjusted to reflect the effect of the agreement.

(3) Where investigation is continued

If, pursuant to subsection (g) of this section, the administering authority and the Commission continue an investigation in which an agreement has been accepted under subsection (b) or (c) of this section, then—

(A) if the final determination by the administering authority or the Commission under section 1673d of this title is negative, the agreement shall have no force or effect and the investigation shall be terminated, or

(B) if the final determinations by the administering authority and the Commission under such section are affirmative, the agreement shall remain in force, but the administering authority shall not issue an antidumping duty order in the case so long as—

(i) the agreement remains in force,

(ii) the agreement continues to meet the requirements of subsections (b) and (d), or (c) and (d) of this section, and

(iii) the parties to the agreement carry out their obligations under the agreement in accordance with its terms.

(g) Investigation to be continued upon request

If the administering authority, within 20 days after the date of publication of the notice of suspension of an investigation, receives a request for the continuation of the investigation from—

(1) an exporter or exporters accounting for a significant proportion of exports to the United States of the subject merchandise, or

(2) an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title which is a party to the investigation,

then the administering authority and the Commission shall continue the investigation.

(h) Review of suspension

(1) In general

Within 20 days after the suspension of an investigation under subsection (c) of this section, an interested party which is a party to the investigation and which is described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title may, by petition filed with the Commission and with notice to the administering authority, ask for a review of the suspension.

(2) Commission investigation

Upon receipt of a review petition under paragraph (1), the Commission shall, within 75 days after the date on which the petition is filed with it, determine whether the injurious effect of imports of the subject merchandise is eliminated completely by the agreement. If the Commission's determination under this subsection is negative, the investigation shall be resumed on the date of publication of notice of such determination as if the affirmative preliminary determination under section 1673b(b) of this title had been made on that date.

(3) Suspension of liquidation to continue during review period

The suspension of liquidation of entries of the subject merchandise shall terminate at the close of the 20-day period beginning on the day after the date on which notice of suspension of the investigation is published in the Federal Register, or, if a review petition is filed under paragraph (1) with respect to the suspension of the investigation, in the case of an affirmative determination by the Commission under paragraph (2), the date on which notice of an affirmative determination by the Commission is published. If the determination of the Commission under paragraph (2) is affirmative, then the administering authority shall—

(A) terminate the suspension of liquidation under section 1673b(d)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit, required under section 1673b(d)(1)(B) of this title.

(i) Violation of agreement**(1) In general**

If the administering authority determines that an agreement accepted under subsection (b) or (c) of this section is being, or has been, violated, or no longer meets the requirements of such subsection (other than the requirement, under subsection (c)(1) of this section, of elimination of injury) and subsection (d) of this section, then, on the date of publication of its determination, it shall—

(A) suspend liquidation under section 1673b(d)(2) of this title of unliquidated entries of the merchandise made on the later of—

(i) the date which is 90 days before the date of publication of the notice of suspension of liquidation, or

(ii) the date on which the merchandise, the sale or export to the United States of which was in violation of the agreement, or under an agreement which no longer meets the requirements of subsections (b) and (d), or (c) and (d) of this section, was first entered, or withdrawn from warehouse, for consumption,

(B) if the investigation was not completed, resume the investigation as if its affirmative preliminary determination were made on the date of its determination under this paragraph,

(C) if the investigation was completed under subsection (g) of this section, issue an

antidumping duty order under section 1673e(a) of this title effective with respect to entries of merchandise liquidation of which was suspended,

(D) if it considers the violation to be intentional, notify the Commissioner of Customs who shall take appropriate action under paragraph (2), and

(E) notify the petitioner, interested parties who are or were parties to the investigation, and the Commission of its action under this paragraph.

(2) Intentional violation to be punished by civil penalty

Any person who intentionally violates an agreement accepted by the administering authority under subsection (b) or (c) of this section shall be subject to a civil penalty assessed in the same amount, in the same manner, and under the same procedures, as the penalty imposed for a fraudulent violation of section 1592(a) of this title.

(j) Determination not to take agreement into account

In making a final determination under section 1673d of this title, or in conducting a review under section 1675 of this title, in a case in which the administering authority has terminated a suspension of investigation under subsection (i)(1) of this section, or continued an investigation under subsection (g) of this section, the Commission and the administering authority shall consider all of the subject merchandise without regard to the effect of any agreement under subsection (b) or (c) of this section.

(k) Termination of investigation initiated by administering authority

The administering authority may terminate any investigation initiated by the administering authority under section 1673a(a) of this title after providing notice of such termination to all parties to the investigation.

(l) Special rule for nonmarket economy countries**(1) In general**

The administering authority may suspend an investigation under this part upon acceptance of an agreement with a nonmarket economy country to restrict the volume of imports into the United States of the merchandise under investigation only if the administering authority determines that—

(A) such agreement satisfies the requirements of subsection (d) of this section, and

(B) will prevent the suppression or undercutting of price levels of domestic products by imports of the merchandise under investigation.

(2) Failure of agreements

If the administering authority determines that an agreement accepted under this subsection no longer prevents the suppression or undercutting of domestic prices of merchandise manufactured in the United States, the provisions of subsection (i) of this section shall apply.

(m) Special rule for regional industry investigations

(1) Suspension agreements

If the Commission makes a regional industry determination under section 1677(4)(C) of this title, the administering authority shall offer exporters of the subject merchandise who account for substantially all exports of that merchandise for sale in the region concerned the opportunity to enter into an agreement described in subsection (b), (c), or (l) of this section.

(2) Requirements for suspension agreements

Any agreement described in paragraph (1) shall be subject to all the requirements imposed under this section for other agreements under subsection (b), (c), or (l) of this section, except that if the Commission makes a regional industry determination described in paragraph (1) in the final affirmative determination under section 1673d(b) of this title but not in the preliminary affirmative determination under section 1673b(a) of this title, any agreement described in paragraph (1) may be accepted within 60 days after the antidumping order is published under section 1673e of this title.

(3) Effect of suspension agreement on antidumping duty order

If an agreement described in paragraph (1) is accepted after the antidumping duty order is published, the administering authority shall rescind the order, refund any cash deposit and release any bond or other security deposited under section 1673b(d)(1)(B) of this title, and instruct the Customs Service that entries of the subject merchandise that were made during the period that the order was in effect shall be liquidated without regard to antidumping duties.

§ 1673d. Final determinations

(a) Final determination by administering authority

(1) General rule

Within 75 days after the date of its preliminary determination under section 1673b(b) of this title, the administering authority shall make a final determination of whether the subject merchandise is being, or is likely to be, sold in the United States at less than its fair value.

(2) Extension of period for determination

The administering authority may postpone making the final determination under paragraph (1) until not later than the 135th day after the date on which it published notice of its preliminary determination under section 1673b(b) of this title if a request in writing for such a postponement is made by—

(A) exporters who account for a significant proportion of exports of the merchandise which is the subject of the investigation, in a proceeding in which the preliminary determination by the administering authority under section 1673b(b) of this title was affirmative, or

(B) the petitioner, in a proceeding in which the preliminary determination by the administering authority under section 1673b(b) of this title was negative.

(3) Critical circumstances determinations

If the final determination of the administering authority is affirmative, then that determination, in any investigation in which the presence of critical circumstances has been alleged under section 1673b(e) of this title, shall also contain a finding of whether—

(A)(i) there is a history of dumping and material injury by reason of dumped imports in the United States or elsewhere of the subject merchandise, or

(ii) the person by whom, or for whose account, the merchandise was imported knew

or should have known that the exporter was selling the subject merchandise at less than its fair value and that there would be material injury by reason of such sales, and

(B) there have been massive imports of the subject merchandise over a relatively short period.

Such findings may be affirmative even though the preliminary determination under section 1673b(e)(1) of this title was negative.

(4) De minimis dumping margin

In making a determination under this subsection, the administering authority shall disregard any weighted average dumping margin that is de minimis as defined in section 1673b(b)(3) of this title.

(b) Final determination by Commission

(1) In general

The Commission shall make a final determination of whether—

(A) an industry in the United States—

(i) is materially injured, or

(ii) is threatened with material injury, or

(B) the establishment of an industry in the United States is materially retarded,

by reason of imports, or sales (or the likelihood of sales) for importation, of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a)(1) of this section. If the Commission determines that imports of the subject merchandise are negligible, the investigation shall be terminated.

(2) Period for injury determination following affirmative preliminary determination by administering authority

If the preliminary determination by the administering authority under section 1673b(b) of this title is affirmative, then the Commission shall make the determination required by paragraph (1) before the later of—

(A) the 120th day after the day on which the administering authority makes its affirmative preliminary determination under section 1673b(b) of this title, or

(B) the 45th day after the day on which the administering authority makes its affirmative final determination under subsection (a) of this section.

(3) Period for injury determination following negative preliminary determination by administering authority

If the preliminary determination by the administering authority under section 1673b(b) of this title is negative, and its final determination under subsection (a) of this section is affirmative, then the final determination by the Commission under this subsection shall be made within 75 days after the date of that affirmative final determination.

(4) Certain additional findings

(A) COMMISSION STANDARD FOR RETROACTIVE APPLICATION.—

(i) IN GENERAL.—If the finding of the administering authority under subsection

(a)(3) of this section is affirmative, then the final determination of the Commission shall include a finding as to whether the imports subject to the affirmative determination under subsection (a)(3) of this section are likely to undermine seriously the remedial effect of the antidumping duty order to be issued under section 1673e of this title.

(ii) **FACTORS TO CONSIDER.**—In making the evaluation under clause (i), the Commission shall consider, among other factors it considers relevant—

(I) the timing and the volume of the imports,

(II) a rapid increase in inventories of the imports, and

(III) any other circumstances indicating that the remedial effect of the antidumping order will be seriously undermined.

(B) If the final determination of the Commission is that there is no material injury but that there is threat of material injury, then its determination shall also include a finding as to whether material injury by reason of the imports of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a) of this section would have been found but for any suspension of liquidation of entries of the merchandise.

(c) Effect of final determinations

(1) Effect of affirmative determination by the administering authority

If the determination of the administering authority under subsection (a) of this section is affirmative, then—

(A) the administering authority shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information as to which confidential treatment has been given by the administering authority,

(B)(i) the administering authority shall—

(I) determine the estimated weighted average dumping margin for each exporter and producer individually investigated, and

(II) determine, in accordance with paragraph (5), the estimated all-others rate for all exporters and producers not individually investigated, and

(ii) the administering authority shall order the posting of a cash deposit, bond, or other security, as the administering authority deems appropriate, for each entry of the subject merchandise in an amount based on the estimated weighted average dumping margin or the estimated all-others rate, whichever is applicable, and

(C) in cases where the preliminary determination by the administering authority under section 1673b(b) of this title was negative, the administering authority shall order

the suspension of liquidation under section 1673b(d)(2) of this title.

(2) Issuance of order; effect of negative determination

If the determinations of the administering authority and the Commission under subsections (a)(1) and (b)(1) of this section are affirmative, then the administering authority shall issue an antidumping duty order under section 1673e(a) of this title. If either of such determinations is negative, the investigation shall be terminated upon the publication of notice of that negative determination and the administering authority shall—

(A) terminate the suspension of liquidation under section 1673b(d)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit, required under section 1673b(d)(1)(B) of this title.

(3) Effect of negative determinations under subsections (a)(3) and (b)(4)(A) of this section

If the determination of the administering authority or the Commission under subsection (a)(3) or (b)(4)(A) of this section, respectively, is negative, then the administering authority shall—

(A) terminate any retroactive suspension of liquidation required under paragraph (4) or section 1673b(e)(2) of this title, and

(B) release any bond or other security, and refund any cash deposit required, under section 1673b(d)(1)(B) of this title with respect to entries of the merchandise the liquidation of which was suspended retroactively under section 1673b(e)(2) of this title.

(4) Effect of affirmative determination under subsection (a)(3) of this section

If the determination of the administering authority under subsection (a)(3) of this section is affirmative, then the administering authority shall—

(A) in cases where the preliminary determinations by the administering authority under sections 1673b(b) and 1673b(e)(1) of this title were both affirmative, continue the retroactive suspension of liquidation and the posting of a cash deposit, bond, or other security previously ordered under section 1673b(e)(2) of this title;

(B) in cases where the preliminary determination by the administering authority under section 1673b(b) of this title was affirmative, but the preliminary determination under section 1673b(e)(1) of this title was negative, shall modify any suspension of liquidation and security requirement previously ordered under section 1673b(d) of this title to apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation was first ordered; or

(C) in cases where the preliminary determination by the administering authority under section 1673b(b) of this title was negative, shall apply any suspension of liquida-

tion and security requirement ordered under subsection (c)(1)(B) of this section to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation is first ordered.

(5) Method for determining estimated all-others rate

(A) General rule

For purposes of this subsection and section 1673b(d) of this title, the estimated all-others rate shall be an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero and de minimis margins, and any margins determined entirely under section 1677e of this title.

(B) Exception

If the estimated weighted average dumping margins established for all exporters and producers individually investigated are zero or de minimis margins, or are determined entirely under section 1677e of this title, the administering authority may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated.

(d) Publication of notice of determinations

Whenever the administering authority or the Commission makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

(e) Correction of ministerial errors

The administering authority shall establish procedures for the correction of ministerial errors in final determinations within a reasonable time after the determinations are issued under this section. Such procedures shall ensure opportunity for interested parties to present their views regarding any such errors. As used in this subsection, the term “ministerial error” includes errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.

§ 1673e. Assessment of duty

(a) Publication of antidumping duty order

Within 7 days after being notified by the Commission of an affirmative determination under section 1673d(b) of this title, the administering authority shall publish an antidumping duty order which—

(1) directs customs officers to assess an antidumping duty equal to the amount by which the normal value of the merchandise exceeds the export price (or the constructed export price) of the merchandise, within 6 months after the date on which the administering authority receives satisfactory information upon which the assessment may be based, but in no event later than—

(A) 12 months after the end of the annual accounting period of the manufacturer or exporter within which the merchandise is entered, or withdrawn from warehouse, for consumption, or

(B) in the case of merchandise not sold prior to its importation into the United States, 12 months after the end of the annual accounting period of the manufacturer or exporter within which it is sold in the United States to a person who is not the exporter of that merchandise,

(2) includes a description of the subject merchandise, in such detail as the administering authority deems necessary, and

(3) requires the deposit of estimated antidumping duties pending liquidation of entries of merchandise at the same time as estimated normal customs duties on that merchandise are deposited.

(b) Imposition of duty

(1) General rule

If the Commission, in its final determination under section 1673d(b) of this title, finds material injury or threat of material injury which, but for the suspension of liquidation under section 1673b(d)(2) of this title would have led to a finding of material injury, then entries of the subject merchandise, the liquidation of which has been suspended under section

1673b(d)(2) of this title, shall be subject to the imposition of antidumping duties under section 1673 of this title.

(2) Special rule

If the Commission, in its final determination under section 1673d(b) of this title, finds threat of material injury, other than threat of material injury described in paragraph (1), or material retardation of the establishment of an industry in the United States, then subject merchandise which is entered, or withdrawn from warehouse, for consumption on or after the date of publication of notice of an affirmative determination of the Commission under section 1673d(b) of this title shall be subject to the assessment of antidumping duties under section 1673 of this title, and the administering authority shall release any bond or other security, and refund any cash deposit made, to secure the payment of antidumping duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption before that date.

(c) Security in lieu of estimated duty pending early determination of duty

(1) Conditions for waiver of deposit of estimated duties

The administering authority may permit, for not more than 90 days after the date of publication of an order under subsection (a) of this section, the posting of a bond or other security in lieu of the deposit of estimated antidumping duties required under subsection (a)(3) of this section if—

(A) the investigation has not been designated as extraordinarily complicated by reason of—

(i) the number and complexity of the transactions to be investigated or adjustments to be considered,

(ii) the novelty of the issues presented, or

(iii) the number of firms whose activities must be investigated,

(B) the final determination in the investigation has not been postponed under section 1673d(a)(2)(A) of this title;

(C) on the basis of information presented to the administering authority by any manufacturer, producer, or exporter in such form and within such time as the administering authority may require, the administering authority is satisfied that a determination will be made, within 90 days after the date of publication of an order under subsection (a) of this section, of the normal value and the export price (or the constructed export price) for all merchandise of such manufacturer, producer, or exporter described in that order which was entered, or withdrawn from warehouse, for consumption on or after the date of publication of—

(i) an affirmative preliminary determination by the administering authority under section 1673b(b) of this title, or

(ii) if its determination under section 1673b(b) of this title was negative, an affirmative final determination by the administering authority under section 1673d(a) of this title,

and before the date of publication of the affirmative final determination by the Commission under section 1673d(b) of this title;

(D) the party described in subparagraph (C) provides credible evidence that the amount by which the normal value of the merchandise exceeds the export price (or the constructed export price) of the merchandise is significantly less than the amount of such excess specified in the antidumping duty order published under subsection (a) of this section; and

(E) the data concerning the normal value and the export price (or the constructed export price) apply to sales in the usual commercial quantities and in the ordinary course of trade and the number of such sales are sufficient to form an adequate basis for comparison.

(2) Notice; hearing

If the administering authority permits the posting of a bond or other security in lieu of the deposit of estimated antidumping duties under paragraph (1), it shall—

(A) publish notice of its action in the Federal Register, and

(B) upon the request of any interested party, hold a hearing in accordance with section 1677c of this title before determining the normal value and the export price (or the constructed export price) of the merchandise.

(3) Determinations to be basis of antidumping duty

The administering authority shall publish notice in the Federal Register of the results of its determination of normal value and export price (or the constructed export price), and that determination shall be the basis for the assessment of antidumping duties on entries of merchandise to which the notice under this subsection applies and also shall be the basis for the deposit of estimated antidumping duties on future entries of merchandise of manufacturers, producers, or exporters described in paragraph (1) to which the order issued under subsection (a) of this section applies.

(4) Provision of business proprietary information; written comments

Before determining whether to permit the posting of bond or other security under paragraph (1) in lieu of the deposit of estimated antidumping duties, the administering authority shall—

(A) make all business proprietary information supplied to the administering authority under paragraph (1) available under a protective order in accordance with section 1677f(c) of this title to all interested parties described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title, and

(B) afford all interested parties an opportunity to file written comments on whether the posting of bond or other security under paragraph (1) in lieu of the deposit of estimated antidumping duties should be permitted.

(d) Special rule for regional industries

(1) In general

In an investigation in which the Commission makes a regional industry determination under section 1677(4)(C) of this title, the administering authority shall, to the maximum extent possible, direct that duties be assessed only on the subject merchandise of the specific exporters or producers that exported the subject merchandise for sale in the region concerned during the period of investigation.

(2) Exception for new exporters and producers

After publication of the antidumping duty order, if the administering authority finds that a new exporter or producer is exporting the subject merchandise for sale in the region concerned, the administering authority shall direct that duties be assessed on the subject merchandise of the new exporter or producer consistent with the provisions of section 1675(a)(2)(B) of this title.

§ 1673g. Conditional payment of antidumping duty

(a) General rule

For all entries, or withdrawals from warehouse, for consumption of merchandise subject to an antidumping duty order on or after the date of publication of such order, no customs officer may deliver merchandise of that class or kind to the person by whom or for whose account it was imported unless that person complies with the requirements of subsection (b) of this section and deposits with the appropriate customs officer an estimated antidumping duty in an amount determined by the administering authority.

(b) Importer requirements

In order to meet the requirements of this subsection, a person shall—

(1) furnish, or arrange to have furnished, to the appropriate customs officer such information as the administering authority deems necessary for determining the export price (or the constructed export price) of the merchandise imported by or for the account of that person, and such other information as the administering authority deems necessary for ascertaining any antidumping duty to be imposed under this subtitle;

(2) maintain and furnish to the customs officer such records concerning the sale of the merchandise as the administering authority, by regulation, requires;

(3) state under oath before the customs officer that he is not an exporter, or if he is an exporter, declare under oath at the time of entry the constructed export price of the merchandise to the customs officer if it is then known, or, if not, so declare within 30 days after the merchandise has been sold, or has been made the subject of an agreement to be sold, in the United States; and

(4) pay, or agree to pay on demand, to the customs officer the amount of antidumping duty imposed under section 1673 of this title on that merchandise.

§ 1673h. Establishment of product categories for short life cycle merchandise

(a) Establishment of product categories

(1) Petitions

(A) In general

An eligible domestic entity may file a petition with the Commission requesting that a product category be established with respect to short life cycle merchandise at any time after the merchandise becomes the subject of 2 or more affirmative dumping determinations.

(B) Contents

A petition filed under subparagraph (A) shall—

- (i) identify the short life cycle merchandise that is the subject of the affirmative dumping determinations,
- (ii) specify the short life cycle merchandise that the petitioner seeks to have included in the same product category as the merchandise that is subject to the affirmative dumping determinations,
- (iii) specify any short life cycle merchandise the petitioner particularly seeks to have excluded from the product category,
- (iv) provide reasons for the inclusions and exclusions specified under clauses (ii) and (iii), and
- (v) identify such merchandise in terms of the designations used in the Harmonized Tariff Schedule of the United States.

(2) Determinations on sufficiency of petition

Upon receiving a petition under paragraph (1), the Commission shall—

- (A) request the administering authority to confirm promptly the affirmative determinations on which the petition is based, and
- (B) upon receipt of such confirmation, determine whether the merchandise covered by the confirmed affirmative determinations is short life cycle merchandise and whether the petitioner is an eligible domestic entity.

(3) Notice; hearings

If the determinations under paragraph (2)(B) are affirmative, the Commission shall—

- (A) publish notice in the Federal Register that the petition has been received, and
- (B) provide opportunity for the presentation of views regarding the establishment of the requested product category, including a public hearing if requested by any interested person.

(4) Determinations

(A) In general

By no later than the date that is 90 days after the date on which a petition is filed under paragraph (1), the Commission shall determine the scope of the product category into which the short life cycle merchandise that is the subject of the affirmative dumping determinations identified in such petition shall be classified for purposes of this section.

(B) Modifications not requested by petition

(i) In general

The Commission may, on its own initiative, make a determination modifying the scope of any product category established under subparagraph (A) at any time.

(ii) Notice and hearing

Determinations may be made under clause (i) only after the Commission has—

- (I) published in the Federal Register notice of the proposed modification, and
- (II) provided interested parties an opportunity for a hearing, and a period for the submission of written comments, on the classification of merchandise into the product categories to be affected by such determination.

(C) Basis of determinations

In making determinations under subparagraph (A) or (B), the Commission shall ensure that each product category consists of similar short life cycle merchandise which is produced by similar processes under similar circumstances and has similar uses.

(b) Definitions

For purposes of this section—

(1) Eligible domestic entity

The term “eligible domestic entity” means a manufacturer or producer in the United States, or a certified union or recognized union or group of workers which is representative of an industry in the United States, that manufactures or produces short life cycle merchandise that is—

- (A) like or directly competitive with other merchandise that is the subject of 2 or more affirmative dumping determinations, or
- (B) is similar enough to such other merchandise as to be considered for inclusion with such merchandise in a product monitoring category established under this section.

(2) Affirmative dumping determination

The term “affirmative dumping determination” means—

- (A) any affirmative final determination made by the administering authority under section 1673d(a) of this title during the 8-year period preceding the filing of the petition under this section that results in the issuance of an antidumping duty order under section 1673e of this title which requires the deposit of estimated antidumping duties at a rate of not less than 15 percent ad valorem, or

(B) any affirmative preliminary determination that—

(i) is made by the administering authority under section 1673b(b) of this title during the 8-year period preceding the filing of the petition under this section in the course of an investigation for which no final determination is made under section 1673d of this title by reason of a suspension of the investigation under section 1673c of this title, and

(ii) includes a determination that the estimated average amount by which the normal value of the merchandise exceeds the export price (or the constructed export price) of the merchandise is not less than 15 percent ad valorem.

(3) Subject of affirmative dumping determination

(A) In general

Short life cycle merchandise of a manufacturer shall be treated as being the subject of an affirmative dumping determination only if the administering authority—

(i) makes a separate determination of the amount by which the normal value of such merchandise of the manufacturer exceeds the export price (or the constructed export price) of such merchandise of the manufacturer, and

(ii) specifically identifies the manufacturer by name with such amount in the affirmative dumping determination or in an antidumping duty order issued as a result of the affirmative dumping determination.

(B) Exclusion

Short life cycle merchandise of a manufacturer shall not be treated as being the subject of an affirmative dumping determination if—

(i) such merchandise of the manufacturer is part of a group of merchandise to which the administering authority assigns (in lieu of making separate determinations described in subparagraph (A)(i)(I)) an amount determined to be the amount by which the normal value of the merchandise in such group exceeds the export price (or the constructed export price) of the merchandise in such group, and

(ii) the merchandise and the manufacturer are not specified by name in the affirmative dumping determination or in any antidumping duty order issued as a result of such affirmative dumping determination.

(4) Short life cycle merchandise

The term “short life cycle merchandise” means any product that the Commission determines is likely to become outmoded within 4 years, by reason of technological advances, after the product is commercially available. For purposes of this paragraph, the term “outmoded” refers to a kind of style that is no longer state-of-the-art.

(c) Transitional rules

(1) For purposes of this section and section 1673b(b)(1)(B) and (C) of this title, all affirmative

dumping determinations described in subsection (b)(2)(A) of this section that were made after December 31, 1980, and before August 23, 1988, and all affirmative dumping determinations described in subsection (b)(2)(B) of this section that were made after December 31, 1984, and before August 23, 1988, with respect to each category of short life cycle merchandise of the same manufacturer shall be treated as one affirmative dumping determination with respect to that category for that manufacturer which was made on the date on which the latest of such determinations was made.

(2) No affirmative dumping determination that—

(A) is described in subsection (b)(2)(A) of this section and was made before January 1, 1981, or

(B) is described in subsection (b)(2)(B) of this section and was made before January 1, 1985,

may be taken into account under this section or section 1673b(b)(1)(B) and (C) of this title.

PART III—REVIEWS; OTHER ACTIONS REGARDING
AGREEMENTS

CODIFICATION

The designation “PART III” was in the original “Subtitle C” and was editorially changed in order to conform the numbering format of this subtitle to the usages employed in the codification of the remainder of the Tariff Act of 1930 as originally enacted.

SUBPART A—REVIEW OF AMOUNT OF DUTY AND
AGREEMENTS OTHER THAN QUANTITATIVE RE-
STRICTION AGREEMENTS

§ 1675. Administrative review of determinations

(a) Periodic review of amount of duty

(1) In general

At least once during each 12-month period beginning on the anniversary of the date of publication of a countervailing duty order under this subtitle or under section 1303¹ of this title, an antidumping duty order under this subtitle or a finding under the Antidumping Act, 1921, or a notice of the suspension of an investigation, the administering authority, if a request for such a review has been received and after publication of notice of such review in the Federal Register, shall—

(A) review and determine the amount of any net countervailable subsidy,

(B) review, and determine (in accordance with paragraph (2)), the amount of any antidumping duty, and

(C) review the current status of, and compliance with, any agreement by reason of which an investigation was suspended, and review the amount of any net countervailable subsidy or dumping margin involved in the agreement,

and shall publish in the Federal Register the results of such review, together with notice of any duty to be assessed, estimated duty to be deposited, or investigation to be resumed.

(2) Determination of antidumping duties

(A) In general

For the purpose of paragraph (1)(B), the administering authority shall determine—

(i) the normal value and export price (or constructed export price) of each entry of the subject merchandise, and

(ii) the dumping margin for each such entry.

(B) Determination of antidumping or countervailing duties for new exporters and producers

(i) In general

If the administering authority receives a request from an exporter or producer of the subject merchandise establishing that—

(I) such exporter or producer did not export the merchandise that was the subject of an antidumping duty or countervailing duty order to the United States (or, in the case of a regional industry, did not export the subject mer-

chandise for sale in the region concerned) during the period of investigation, and

(II) such exporter or producer is not affiliated (within the meaning of section 1677(33) of this title) with any exporter or producer who exported the subject merchandise to the United States (or in the case of a regional industry, who exported the subject merchandise for sale in the region concerned) during that period,

the administering authority shall conduct a review under this subsection to establish an individual weighted average dumping margin or an individual countervailing duty rate (as the case may be) for such exporter or producer.

(ii) Time for review under clause (i)

The administering authority shall commence a review under clause (i) in the calendar month beginning after—

(I) the end of the 6-month period beginning on the date of the countervailing duty or antidumping duty order under review, or

(II) the end of any 6-month period occurring thereafter,

if the request for the review is made during that 6-month period.

(iii) Posting bond or security

The administering authority shall, at the time a review under this subparagraph is initiated, direct the Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise.

(iv) Time limits

The administering authority shall make a preliminary determination in a review conducted under this subparagraph within 180 days after the date on which the review is initiated, and a final determination within 90 days after the date the preliminary determination is issued, except that if the administering authority concludes that the case is extraordinarily complicated, it may extend the 180-day period to 300 days and may extend the 90-day period to 150 days.

(C) Results of determinations

The determination under this paragraph shall be the basis for the assessment of countervailing or antidumping duties on entries of merchandise covered by the determination and for deposits of estimated duties.

(3) Time limits

(A) Preliminary and final determinations

The administering authority shall make a preliminary determination under subparagraph (A), (B), or (C) of paragraph (1) within 245 days after the last day of the month in which occurs the anniversary of the date of publication of the order, finding, or suspension agreement for which the review under

¹ See References in Text note below.

paragraph (1) is requested, and a final determination under paragraph (1) within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within the foregoing time, the administering authority may extend that 245-day period to 365 days and may extend that 120-day period to 180 days. The administering authority may extend the time for making a final determination without extending the time for making a preliminary determination, if such final determination is made not later than 300 days after the date on which the preliminary determination is published.

(B) Liquidation of entries

If the administering authority orders any liquidation of entries pursuant to a review under paragraph (1), such liquidation shall be made promptly and, to the greatest extent practicable, within 90 days after the instructions to Customs are issued. In any case in which liquidation has not occurred within that 90-day period, the Secretary of the Treasury shall, upon the request of the affected party, provide an explanation thereof.

(C) Effect of pending review under section 1516a

In a case in which a final determination under paragraph (1) is under review under section 1516a of this title and a liquidation of entries covered by the determination is enjoined under section 1516a(c)(2) of this title or suspended under section 1516a(g)(5)(C) of this title, the administering authority shall, within 10 days after the final disposition of the review under section 1516a of this title, transmit to the Federal Register for publication the final disposition and issue instructions to the Customs Service with respect to the liquidation of entries pursuant to the review. In such a case, the 90-day period referred to in subparagraph (B) shall begin on the day on which the administering authority issues such instructions.

(4) Absorption of antidumping duties

During any review under this subsection initiated 2 years or 4 years after the publication of an antidumping duty order under section 1673e(a) of this title, the administering authority, if requested, shall determine whether antidumping duties have been absorbed by a foreign producer or exporter subject to the order if the subject merchandise is sold in the United States through an importer who is affiliated with such foreign producer or exporter. The administering authority shall notify the Commission of its findings regarding such duty absorption for the Commission to consider in conducting a review under subsection (c) of this section.

(b) Reviews based on changed circumstances

(1) In general

Whenever the administering authority or the Commission receives information concerning, or a request from an interested party for a review of—

(A) a final affirmative determination that resulted in an antidumping duty order under this subtitle or a finding under the Antidumping Act, 1921, or in a countervailing duty order under this subtitle or section 1303¹ of this title,

(B) a suspension agreement accepted under section 1671c or 1673c of this title, or

(C) a final affirmative determination resulting from an investigation continued pursuant to section 1671c(g) or 1673c(g) of this title,

which shows changed circumstances sufficient to warrant a review of such determination or agreement, the administering authority or the Commission (as the case may be) shall conduct a review of the determination or agreement after publishing notice of the review in the Federal Register.

(2) Commission review

In conducting a review under this subsection, the Commission shall—

(A) in the case of a countervailing duty order or antidumping duty order or finding, determine whether revocation of the order or finding is likely to lead to continuation or recurrence of material injury,

(B) in the case of a determination made pursuant to section 1671c(h)(2) or 1673c(h)(2) of this title, determine whether the suspension agreement continues to eliminate completely the injurious effects of imports of the subject merchandise, and

(C) in the case of an affirmative determination resulting from an investigation continued under section 1671c(g) or 1673c(g) of this title, determine whether termination of the suspended investigation is likely to lead to continuation or recurrence of material injury.

(3) Burden of persuasion

During a review conducted by the Commission under this subsection—

(A) the party seeking revocation of an order or finding described in paragraph (1)(A) shall have the burden of persuasion with respect to whether there are changed circumstances sufficient to warrant such revocation, and

(B) the party seeking termination of a suspended investigation or a suspension agreement shall have the burden of persuasion with respect to whether there are changed circumstances sufficient to warrant such termination.

(4) Limitation on period for review

In the absence of good cause shown—

(A) the Commission may not review a determination made under section 1671d(b) or 1673d(b) of this title, or an investigation suspended under section 1671c or 1673c of this title, and

(B) the administering authority may not review a determination made under section 1671d(a) or 1673d(a) of this title, or an investigation suspended under section 1671c or 1673c of this title,

less than 24 months after the date of publication of notice of that determination or suspension.

(c) Five-year review**(1) In general**

Notwithstanding subsection (b) of this section and except in the case of a transition order defined in paragraph (6), 5 years after the date of publication of—

(A) a countervailing duty order (other than a countervailing duty order to which subparagraph (B) applies or which was issued without an affirmative determination of injury by the Commission under section 1303¹ of this title), an antidumping duty order, or a notice of suspension of an investigation, described in subsection (a)(1) of this section,

(B) a notice of injury determination under section 1675b of this title with respect to a countervailing duty order, or

(C) a determination under this section to continue an order or suspension agreement,

the administering authority and the Commission shall conduct a review to determine, in accordance with section 1675a of this title, whether revocation of the countervailing or antidumping duty order or termination of the investigation suspended under section 1671c or 1673c of this title would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

(2) Notice of initiation of review

Not later than 30 days before the fifth anniversary of the date described in paragraph (1), the administering authority shall publish in the Federal Register a notice of initiation of a review under this subsection and request that interested parties submit—

(A) a statement expressing their willingness to participate in the review by providing information requested by the administering authority and the Commission,

(B) a statement regarding the likely effects of revocation of the order or termination of the suspended investigation, and

(C) such other information or industry data as the administering authority or the Commission may specify.

(3) Responses to notice of initiation**(A) No response**

If no interested party responds to the notice of initiation under this subsection, the administering authority shall issue a final determination, within 90 days after the initiation of a review, revoking the order or terminating the suspended investigation to which such notice relates. For purposes of this paragraph, an interested party means a party described in section 1677(9)(C), (D), (E), (F), or (G) of this title.

(B) Inadequate response

If interested parties provide inadequate responses to a notice of initiation, the administering authority, within 120 days after the initiation of the review, or the Commission, within 150 days after such initiation, may issue, without further investigation, a final determination based on the facts available, in accordance with section 1677e of this title.

(4) Waiver of participation by certain interested parties**(A) In general**

An interested party described in section 1677(9)(A) or (B) of this title may elect not to participate in a review conducted by the administering authority under this subsection and to participate only in the review conducted by the Commission under this subsection.

(B) Effect of waiver

In a review in which an interested party waives its participation pursuant to this paragraph, the administering authority shall conclude that revocation of the order or termination of the investigation would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) with respect to that interested party.

(5) Conduct of review**(A) Time limits for completion of review**

Unless the review has been completed pursuant to paragraph (3) or paragraph (4) applies, the administering authority shall make its final determination pursuant to section 1675a(b) or (c) of this title within 240 days after the date on which a review is initiated under this subsection. If the administering authority makes a final affirmative determination, the Commission shall make its final determination pursuant to section 1675a(a) of this title within 360 days after the date on which a review is initiated under this subsection.

(B) Extension of time limit

The administering authority or the Commission (as the case may be) may extend the period of time for making their respective determinations under this subsection by not more than 90 days, if the administering authority or the Commission (as the case may be) determines that the review is extraordinarily complicated. In a review in which the administering authority extends the time for making a final determination, but the Commission does not extend the time for making a determination, the Commission's determination shall be made not later than 120 days after the date on which the final determination of the administering authority is published.

(C) Extraordinarily complicated

For purposes of this subsection, the administering authority or the Commission (as the case may be) may treat a review as extraordinarily complicated if—

(i) there is a large number of issues,

(ii) the issues to be considered are complex,

(iii) there is a large number of firms involved,

(iv) the orders or suspended investigations have been grouped as described in subparagraph (D), or

(v) it is a review of a transition order.

(D) Grouped reviews

The Commission, in consultation with the administering authority, may group orders

or suspended investigations for review if it considers that such grouping is appropriate and will promote administrative efficiency. Where orders or suspended investigations have been grouped, the Commission shall, subject to subparagraph (B), make its final determination under this subsection not later than 120 days after the date that the administering authority publishes notice of its final determination with respect to the last order or agreement in the group.

(6) Special transition rules

(A) Schedule for reviews of transition orders

(i) Initiation

The administering authority shall begin its review of transition orders in the 42d calendar month after the date such orders are issued. A review of all transition orders shall be initiated not later than the 5th anniversary after the date such orders are issued.

(ii) Completion

A review of a transition order shall be completed not later than 18 months after the date such review is initiated. Reviews of all transition orders shall be completed not later than 18 months after the 5th anniversary of the date such orders are issued.

(iii) Subsequent reviews

The time limits set forth in clauses (i) and (ii) shall be applied to all subsequent 5-year reviews of transition orders by substituting “date of the determination to continue such orders” for “date such orders are issued”.

(iv) Revocation and termination

No transition order may be revoked under this subsection before the date that is 5 years after the date the WTO Agreement enters into force with respect to the United States.

(B) Sequence of transition reviews

The administering authority, in consultation with the Commission, shall determine such sequence of review of transition orders as it deems appropriate to promote administrative efficiency. To the extent practicable, older orders shall be reviewed first.

(C) “Transition order” defined

For purposes of this section, the term “transition order” means—

- (i) a countervailing duty order under this subtitle or under section 1303² of this title,
- (ii) an antidumping duty order under this subtitle or a finding under the Antidumping Act, 1921, or
- (iii) a suspension of an investigation under section 1671c or 1673c of this title,

which is in effect on the date the WTO Agreement enters into force with respect to the United States.

(D) Issue date for transition orders

For purposes of this subsection, a transition order shall be treated as issued on the

date the WTO Agreement enters into force with respect to the United States, if such order is based on an investigation conducted by both the administering authority and the Commission.

(7) Exclusions from computations

(A) In general

Subject to subparagraph (B), there shall be excluded from the computation of the 5-year period described in paragraph (1) and the periods described in paragraph (6) any period during which the importation of the subject merchandise is prohibited on account of the imposition, under the International Emergency Economic Powers Act [50 U.S.C. 1701 et seq.] or other provision of law, of sanctions by the United States against the country in which the subject merchandise originates.

(B) Application of exclusion

Subparagraph (A) shall apply only with respect to subject merchandise which originates in a country that is not a WTO member.

(d) Revocation of order or finding; termination of suspended investigation

(1) In general

The administering authority may revoke, in whole or in part, a countervailing duty order or an antidumping duty order or finding, or terminate a suspended investigation, after review under subsection (a) or (b) of this section. The administering authority shall not revoke, in whole or in part, a countervailing duty order or terminate a suspended investigation on the basis of any export taxes, duties, or other charges levied on the export of the subject merchandise to the United States which are specifically intended to offset the countervailable subsidy received.

(2) Five-year reviews

In the case of a review conducted under subsection (c) of this section, the administering authority shall revoke a countervailing duty order or an antidumping duty order or finding, or terminate a suspended investigation, unless—

(A) the administering authority makes a determination that dumping or a countervailable subsidy, as the case may be, would be likely to continue or recur, and

(B) the Commission makes a determination that material injury would be likely to continue or recur as described in section 1675a(a) of this title.

(3) Application of revocation or termination

A determination under this section to revoke an order or finding or terminate a suspended investigation shall apply with respect to unliquidated entries of the subject merchandise which are entered, or withdrawn from warehouse, for consumption on or after the date determined by the administering authority.

(e) Hearings

Whenever the administering authority or the Commission conducts a review under this sec-

² See References in Text note below.

tion, it shall, upon the request of an interested party, hold a hearing in accordance with section 1677c(b) of this title in connection with that review.

(f) Determination that basis for suspension no longer exists

If the determination of the Commission under subsection (b)(2)(B) of this section is negative, the suspension agreement shall be treated as not accepted, beginning on the date of publication of the Commission's determination, and the administering authority and the Commission shall proceed, under section 1671c(i) or 1673c(i) of this title, as if the suspension agreement had been violated on that date, except that no duty under any order subsequently issued shall be assessed on merchandise entered, or withdrawn from warehouse, for consumption before that date.

(g) Reviews to implement results of subsidies enforcement proceeding

(1) Violations of article 8 of the subsidies agreement

If—

(A) the administering authority receives notice from the Trade Representative of a violation of Article 8 of the Subsidies Agreement,

(B) the administering authority has reason to believe that merchandise subject to an existing countervailing duty order or suspended investigation is benefiting from the subsidy or subsidy program found to have been in violation of Article 8 of the Subsidies Agreement, and

(C) no review pursuant to subsection (a)(1) of this section is in progress,

the administering authority shall conduct a review of the order or suspended investigation to determine whether the subject merchandise benefits from the subsidy or subsidy program found to have been in violation of Article 8 of the Subsidies Agreement. If the administering authority determines that the subject merchandise is benefiting from the subsidy or subsidy program, it shall make appropriate adjustments in the estimated duty to be deposited or appropriate revisions to the terms of the suspension agreement.

(2) Withdrawal of subsidy or imposition of countermeasures

If the Trade Representative notifies the administering authority that, pursuant to Article 4 or Article 7 of the Subsidies Agreement—

(A)(i) the United States has imposed countermeasures, and

(ii) such countermeasures are based on the effects in the United States of imports of merchandise that is the subject of a countervailing duty order, or

(B) a WTO member country has withdrawn a countervailable subsidy provided with respect to merchandise subject to a countervailing duty order,

the administering authority shall conduct a review to determine if the amount of the estimated duty to be deposited should be adjusted or the order should be revoked.

(3) Expedited review

The administering authority shall conduct reviews under this subsection on an expedited basis, and shall publish the results of such reviews in the Federal Register.

(h) Correction of ministerial errors

The administering authority shall establish procedures for the correction of ministerial errors in final determinations within a reasonable time after the determinations are issued under this section. Such procedures shall ensure opportunity for interested parties to present their views regarding any such errors. As used in this subsection, the term “ministerial error” includes errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.

§ 1675a. Special rules for section 1675(b) and 1675(c) reviews

(a) Determination of likelihood of continuation or recurrence of material injury

(1) In general

In a review conducted under section 1675(b) or (c) of this title, the Commission shall determine whether revocation of an order, or termination of a suspended investigation, would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. The Commission shall consider the likely volume, price effect, and impact of imports of the subject merchandise on the industry if the order is revoked or the suspended investigation is terminated. The Commission shall take into account—

(A) its prior injury determinations, including the volume, price effect, and impact of imports of the subject merchandise on the industry before the order was issued or the suspension agreement was accepted,

(B) whether any improvement in the state of the industry is related to the order or the suspension agreement,

(C) whether the industry is vulnerable to material injury if the order is revoked or the suspension agreement is terminated, and

(D) in an antidumping proceeding under section 1675(c) of this title, the findings of the administering authority regarding duty absorption under section 1675(a)(4) of this title.

(2) Volume

In evaluating the likely volume of imports of the subject merchandise if the order is revoked or the suspended investigation is terminated, the Commission shall consider whether the likely volume of imports of the subject merchandise would be significant if the order is revoked or the suspended investigation is terminated, either in absolute terms or relative to production or consumption in the United States. In so doing, the Commission shall consider all relevant economic factors, including—

(A) any likely increase in production capacity or existing unused production capacity in the exporting country,

(B) existing inventories of the subject merchandise, or likely increases in inventories,

(C) the existence of barriers to the importation of such merchandise into countries other than the United States, and

(D) the potential for product-shifting if production facilities in the foreign country, which can be used to produce the subject merchandise, are currently being used to produce other products.

(3) Price

In evaluating the likely price effects of imports of the subject merchandise if the order is revoked or the suspended investigation is terminated, the Commission shall consider whether—

(A) there is likely to be significant price underselling by imports of the subject merchandise as compared to domestic like products, and

(B) imports of the subject merchandise are likely to enter the United States at prices that otherwise would have a significant depressing or suppressing effect on the price of domestic like products.

(4) Impact on the industry

In evaluating the likely impact of imports of the subject merchandise on the industry if the order is revoked or the suspended investigation is terminated, the Commission shall consider all relevant economic factors which are likely to have a bearing on the state of the industry in the United States, including, but not limited to—

(A) likely declines in output, sales, market share, profits, productivity, return on investments, and utilization of capacity,

(B) likely negative effects on cash flow, inventories, employment, wages, growth, ability to raise capital, and investment, and

(C) likely negative effects on the existing development and production efforts of the industry, including efforts to develop a derivative or more advanced version of the domestic like product.

The Commission shall evaluate all relevant economic factors described in this paragraph within the context of the business cycle and the conditions of competition that are distinctive to the affected industry.

(5) Basis for determination

The presence or absence of any factor which the Commission is required to consider under this subsection shall not necessarily give decisive guidance with respect to the Commission's determination of whether material injury is likely to continue or recur within a reasonably foreseeable time if the order is revoked or the suspended investigation is terminated. In making that determination, the Commission shall consider that the effects of revocation or termination may not be imminent, but may manifest themselves only over a longer period of time.

(6) Magnitude of margin of dumping and net countervailable subsidy; nature of countervailable subsidy

In making a determination under section 1675(b) or (c) of this title, the Commission may consider the magnitude of the margin of dumping or the magnitude of the net countervailable subsidy. If a countervailable subsidy is involved the Commission shall consider information regarding the nature of the countervailable subsidy and whether the subsidy is a subsidy described in Article 3 or 6.1 of the Subsidies Agreement.

(7) Cumulation

For purposes of this subsection, the Commission may cumulatively assess the volume and effect of imports of the subject merchandise from all countries with respect to which reviews under section 1675(b) or (c) of this title were initiated on the same day, if such imports would be likely to compete with each other and with domestic like products in the United States market. The Commission shall not cumulatively assess the volume and ef-

fects of imports of the subject merchandise in a case in which it determines that such imports are likely to have no discernible adverse impact on the domestic industry.

(8) Special rule for regional industries

In a review under section 1675(b) or (c) of this title involving a regional industry, the Commission may base its determination on the regional industry defined in the original investigation under this subtitle, another region that satisfies the criteria established in section 1677(4)(C) of this title, or the United States as a whole. In determining if a regional industry analysis is appropriate for the determination in the review, the Commission shall consider whether the criteria established in section 1677(4)(C) of this title are likely to be satisfied if the order is revoked or the suspended investigation is terminated.

(b) Determination of likelihood of continuation or recurrence of a countervailable subsidy

(1) In general

In a review conducted under section 1675(c) of this title, the administering authority shall determine whether revocation of a countervailing duty order or termination of a suspended investigation under section 1671c of this title would be likely to lead to continuation or recurrence of a countervailable subsidy. The administering authority shall consider—

(A) the net countervailable subsidy determined in the investigation and subsequent reviews, and

(B) whether any change in the program which gave rise to the net countervailable subsidy described in subparagraph (A) has occurred that is likely to affect that net countervailable subsidy.

(2) Consideration of other factors

If good cause is shown, the administering authority shall also consider—

(A) programs determined to provide countervailable subsidies in other investigations or reviews under this subtitle, but only to the extent that such programs—

(i) can potentially be used by the exporters or producers subject to the review under section 1675(c) of this title, and

(ii) did not exist at the time that the countervailing duty order was issued or the suspension agreement was accepted, and

(B) programs newly alleged to provide countervailable subsidies but only to the extent that the administering authority makes an affirmative countervailing duty determination with respect to such programs and with respect to the exporters or producers subject to the review.

(3) Net countervailable subsidy

The administering authority shall provide to the Commission the net countervailable subsidy that is likely to prevail if the order is revoked or the suspended investigation is terminated. The administering authority shall normally choose a net countervailable subsidy that was determined under section 1671d of

this title or subsection (a) or (b)(1) of section 1675 of this title.

(4) Special rule

(A) Treatment of zero and de minimis rates

A net countervailable subsidy described in paragraph (1)(A) that is zero or de minimis shall not by itself require the administering authority to determine that revocation of a countervailing duty order or termination of a suspended investigation would not be likely to lead to continuation or recurrence of a countervailable subsidy.

(B) Application of de minimis standards

For purposes of this paragraph, the administering authority shall apply the de minimis standards applicable to reviews conducted under subsections (a) and (b)(1) of section 1675 of this title.

(c) Determination of likelihood of continuation or recurrence of dumping

(1) In general

In a review conducted under section 1675(c) of this title, the administering authority shall determine whether revocation of an antidumping duty order or termination of a suspended investigation under section 1673c of this title would be likely to lead to continuation or recurrence of sales of the subject merchandise at less than fair value. The administering authority shall consider—

(A) the weighted average dumping margins determined in the investigation and subsequent reviews, and

(B) the volume of imports of the subject merchandise for the period before and the period after the issuance of the antidumping duty order or acceptance of the suspension agreement.

(2) Consideration of other factors

If good cause is shown, the administering authority shall also consider such other price, cost, market, or economic factors as it deems relevant.

(3) Magnitude of the margin of dumping

The administering authority shall provide to the Commission the magnitude of the margin of dumping that is likely to prevail if the order is revoked or the suspended investigation is terminated. The administering authority shall normally choose a margin that was determined under section 1673d of this title or under subsection (a) or (b)(1) of section 1675 of this title.

(4) Special rule

(A) Treatment of zero or de minimis margins

A dumping margin described in paragraph (1)(A) that is zero or de minimis shall not by itself require the administering authority to determine that revocation of an antidumping duty order or termination of a suspended investigation would not be likely to lead to continuation or recurrence of sales at less than fair value.

(B) Application of de minimis standards

For purposes of this paragraph, the administering authority shall apply the de minimis

standards applicable to reviews conducted under subsections (a) and (b) of section 1675 of this title.

(June 17, 1930, ch. 497, title VII, §752, as added Pub. L. 103-465, title II, §221(a), Dec. 8, 1994, 108 Stat. 4865.)

EFFECTIVE DATE

Section effective, except as otherwise provided, on the date on which the WTO Agreement enters into force with respect to the United States [Jan. 1, 1995], and applicable with respect to investigations, reviews, and inquiries initiated and petitions filed under specified provisions of this chapter after such date, see section 291 of Pub. L. 103-465, set out as an Effective Date of 1994 Amendment note under section 1671 of this title.

§ 1675b. Special rules for injury investigations for certain section 1303 or section 1671(c) countervailing duty orders and investigations

(a) In general

(1) Investigation by the commission upon request

In the case of a countervailing duty order described in paragraph (2), which—

(A) applies to merchandise that is the product of a Subsidies Agreement country, and

(B)(i) is in effect on the date on which such country becomes a Subsidies Agreement country, or

(ii) is issued on a date that is after the date described in clause (i) pursuant to a court order in an action brought under section 1516a of this title,

the Commission, upon receipt of a request from an interested party described in section 1677(9)(C), (D), (E), (F), or (G) of this title for an injury investigation with respect to such order, shall initiate an investigation and shall determine whether an industry in the United States is likely to be materially injured by reason of imports of the subject merchandise if the order is revoked.

(2) Description of countervailing duty orders

A countervailing duty order described in this paragraph is an order issued under section 1303¹ of this title or section 1671(c) of this title with respect to which the requirement of an affirmative determination of material injury was not applicable at the time such order was issued.

(3) Requirements of request for investigation

A request for an investigation under this subsection shall be submitted—

(A) in the case of an order described in paragraph (1)(B)(i), within 6 months after the date on which the country described in paragraph (1)(A) becomes a Subsidies Agreement country, or

(B) in the case of an order described in paragraph (1)(B)(ii), within 6 months after the date the order is issued.

(4) Suspension of liquidation

With respect to entries of subject merchandise made on or after—

¹ See References in Text note below.

(A) in the case of an order described in paragraph (1)(B)(i), the date on which the country described in paragraph (1)(A) becomes a Subsidies Agreement country, or

(B) in the case of an order described in paragraph (1)(B)(ii), the date on which the order is issued,

liquidation shall be suspended at the cash deposit rate in effect on the date described in subparagraph (A) or (B) (whichever is applicable).

(b) Investigation procedure and schedule

(1) Commission procedure

(A) In general

Except as otherwise provided in this section, the provisions of this subtitle regarding evidence in and procedures for investigations conducted under part I of this subtitle shall apply to investigations conducted by the Commission under this section.

(B) Time for Commission determination

Except as otherwise provided in subparagraph (C), the Commission shall issue its determination under subsection (a)(1) of this section, to the extent possible, not later than 1 year after the date on which the investigation is initiated under this section.

(C) Special rule to permit administrative flexibility

In the case of requests for investigations received under this section within 1 year after the date on which the WTO Agreement enters into force with respect to the United States, the Commission may, after consulting with the administering authority, initiate its investigations in a manner that results in determinations being made in all such investigations during the 4-year period beginning on such date.

(2) Net countervailable subsidy; nature of subsidy

(A) Net countervailable subsidy

The administering authority shall provide to the Commission the net countervailable subsidy that is likely to prevail if the order which is the subject of the investigation is revoked. The administering authority normally shall choose a net countervailable subsidy that was determined under section 1671d of this title or subsection (a) or (b)(1) of section 1675 of this title. If the Commission considers the magnitude of the net countervailable subsidy in making its determination under this section, the Commission shall use the net countervailable subsidy provided by the administering authority.

(B) Nature of subsidy

The administering authority shall inform the Commission of, and the Commission, in making its determination under this section, shall consider, the nature of the countervailable subsidy and whether the countervailable subsidy is a subsidy described in Article 3 or Article 6.1 of the Subsidies Agreement.

(3) Effect of Commission determination

(A) Affirmative determination

Upon being notified by the Commission that it has made an affirmative determination under subsection (a)(1) of this section—

(i) the administering authority shall order the termination of the suspension of liquidation required pursuant to subsection (a)(4) of this section, and

(ii) the countervailing duty order shall remain in effect until revoked, in whole or in part, under section 1675(d) of this title.

For purposes of section 1675(c) of this title, a countervailing duty order described in this section shall be treated as issued on the date of publication of the Commission's determination under this subsection.

(B) Negative determination

(i) In general

Upon being notified by the Commission that it has made a negative determination under subsection (a)(1) of this section, the administering authority shall revoke the countervailing duty order, and shall refund, with interest, any estimated countervailing duties collected during the period liquidation was suspended pursuant to subsection (a)(4) of this section.

(ii) Limitation on negative determination

A determination by the Commission that revocation of the order is not likely to result in material injury to an industry by reason of imports of the subject merchandise shall not be based, in whole or in part, on any export taxes, duties, or other charges levied on the export of the subject merchandise to the United States that were specifically intended to offset the countervailable subsidy received.

(4) Countervailing duty orders with respect to which no request for injury investigation is made

If, with respect to a countervailing duty order described in subsection (a) of this section, a request for an investigation is not made within the time required by subsection (a)(3) of this section, the Commission shall notify the administering authority that a negative determination has been made under subsection (a) of this section and the provisions of paragraph (3)(B) shall apply with respect to the order.

(c) Pending and suspended countervailing duty investigations

If, on the date on which a country becomes a Subsidies Agreement country, there is a countervailing duty investigation in progress or suspended under section 1303² of this title or section 1671(c) of this title that applies to merchandise which is a product of that country and with respect to which the requirement of an affirmative determination of material injury was not applicable at the time the investigation was initiated, the Commission shall—

(1) in the case of an investigation in progress, make a final determination under

² See References in Text note below.

section 1671d(b) of this title within 75 days after the date of an affirmative final determination, if any, by the administering authority,

(2) in the case of a suspended investigation to which section 1671c(i)(1)(B) of this title applies, make a final determination under section 1671d(b) of this title within 120 days after receiving notice from the administering authority of the resumption of the investigation pursuant to section 1671c(i) of this title, or within 45 days after the date of an affirmative final determination, if any, by the administering authority, whichever is later, or

(3) in the case of a suspended investigation to which section 1671c(i)(1)(C) of this title applies, treat the countervailing duty order issued pursuant to such section as if it were—

(A) an order issued under subsection (a)(1)(B)(ii) of this section for purposes of subsection (a)(3) of this section; and

(B) an order issued under subsection (a)(1)(B)(i) of this section for purposes of subsection (a)(4) of this section.

(d) Publication in Federal Register

The administering authority or the Commission, as the case may be, shall publish in the Federal Register a notice of the initiation of any investigation, and a notice of any determination or revocation, made pursuant to this section.

(e) Request for simultaneous expedited review under section 1675(c)

(1) General rule

(A) Requests for reviews

Notwithstanding section 1675(c)(6)(A) of this title and except as provided in subparagraph (B), an interested party may request a review of an order under section 1675(c) of this title at the same time the party requests an investigation under subsection (a) of this section, if the order involves the same or comparable subject merchandise. Upon receipt of such request, the administering authority, after consulting with the Commission, shall initiate a review of the order under section 1675(c) of this title. The Commission shall combine such review with the investigation under this section.

(B) Exception

If the administering authority determines that the interested party who requested an investigation under this section is a related party or an importer within the meaning of section 1677(4)(B) of this title, the administering authority may decline a request by such party to initiate a review of an order under section 1675(c) of this title which involves the same or comparable subject merchandise.

(2) Cumulation

If a review under section 1675(c) of this title is initiated under paragraph (1), such review shall be treated as having been initiated on the same day as the investigation under this section, and the Commission may, in accordance with section 1677(7)(G) of this title, cumulatively assess the volume and effect of im-

ports of the subject merchandise from all countries with respect to which such investigations are treated as initiated on the same day.

(3) Time and procedure for Commission determination

The Commission shall render its determination in the investigation conducted under this section at the same time as the Commission's determination is made in the review under section 1675(c) of this title that is initiated pursuant to this subsection. The Commission shall in all other respects apply the procedures and standards set forth in section 1675(c) of this title to such section 1675(c) of this title reviews.

(1) eliminating the countervailable subsidy completely, or

(2) reducing the net countervailable subsidy to a level that eliminates completely the injurious effect of exports to the United States of the merchandise.

(1) the administering authority shall, at the direction of the President, initiate a proceeding to determine whether any countervailable subsidy is being provided with respect to the subject merchandise and, if being so provided, the net countervailable subsidy; and

(2) if the administering authority initiates a proceeding under paragraph (1), the Commis-

sion shall determine whether imports of the merchandise of the kind subject to the agreement will, upon termination of the agreement, materially injure, or threaten with material injury, an industry in the United States or materially retard the establishment of such an industry.

(b) Determinations

The determinations required to be made by the administering authority and the Commission under subsection (a) of this section shall be made under such procedures as the administering authority and the Commission, respectively, shall by regulation prescribe, and shall be treated as final determinations made under section 1671d of this title for purposes of judicial review under section 1516a of this title. PART IV—GENERAL PROVISIONS

CODIFICATION

The designation “PART IV” was in the original “Subtitle D” and was editorially changed in order to conform the numbering format of this subtitle to the usages employed in the codification of the remainder of the Tariff Act of 1930 as originally enacted.

§ 1677. Definitions; special rules

For purposes of this subtitle—

(1) Administering authority

The term “administering authority” means the Secretary of Commerce, or any other officer of the United States to whom the responsibility for carrying out the duties of the administering authority under this subtitle are transferred by law.

(2) Commission

The term “Commission” means the United States International Trade Commission.

(3) Country

The term “country” means a foreign country, a political subdivision, dependent territory, or possession of a foreign country, and, except for the purpose of antidumping proceedings, may include an association of 2 or more foreign countries, political subdivisions, dependent territories, or possessions of countries into a customs union outside the United States.

(4) Industry

(A) In general

The term “industry” means the producers as a whole of a domestic like product, or those producers whose collective output of a domestic like product constitutes a major proportion of the total domestic production of the product.

(B) Related parties

(i) If a producer of a domestic like product and an exporter or importer of the subject merchandise are related parties, or if a producer of the domestic like product is also an importer of the subject merchandise, the producer may, in appropriate circumstances, be excluded from the industry.

(ii) For purposes of clause (i), a producer and an exporter or importer shall be considered to be related parties, if—

(I) the producer directly or indirectly controls the exporter or importer,

(II) the exporter or importer directly or indirectly controls the producer,

(III) a third party directly or indirectly controls the producer and the exporter or importer, or

(IV) the producer and the exporter or importer directly or indirectly control a third party and there is reason to believe that the relationship causes the producer to act differently than a nonrelated producer.

For purposes of this subparagraph, a party shall be considered to directly or indirectly control another party if the party is legally or operationally in a position to exercise restraint or direction over the other party.

(C) Regional industries

In appropriate circumstances, the United States, for a particular product market, may be divided into 2 or more markets and the producers within each market may be treated as if they were a separate industry if—

(i) the producers within such market sell all or almost all of their production of the domestic like product in question in that market, and

(ii) the demand in that market is not supplied, to any substantial degree, by producers of the product in question located elsewhere in the United States.

In such appropriate circumstances, material injury, the threat of material injury, or material retardation of the establishment of an industry may be found to exist with respect to an industry even if the domestic industry as a whole, or those producers whose collective output of a domestic like product constitutes a major proportion of the total domestic production of that product, is not injured, if there is a concentration of dumped imports or imports of merchandise benefiting from a countervailable subsidy into such an isolated market and if the producers of all, or almost all, of the production within that market are being materially injured or threatened by material injury, or if the establishment of an industry is being materially retarded, by reason of the dumped imports or imports of merchandise benefiting from a countervailable subsidy. The term “regional industry” means the domestic producers within a region who are treated as a separate industry under this subparagraph.

(D) Product lines

The effect of dumped imports or imports of merchandise benefiting from a countervailable subsidy shall be assessed in relation to the United States production of a domestic like product if available data permit the separate identification of production in terms of such criteria as the production process or the producer's profits. If the domestic production of the domestic like product has no separate identity in terms of such criteria, then the effect of the dumped imports or imports of merchandise benefiting from a countervailable subsidy shall be assessed by the examination of the production of the narrowest group or range of products, which includes a domestic like product, for which the necessary information can be provided.

(E) Industry producing processed agricultural products**(i) In general**

Subject to clause (v), in an investigation involving a processed agricultural product produced from any raw agricultural product, the producers or growers of the raw agricultural product may be considered part of the industry producing the processed product if—

(I) the processed agricultural product is produced from the raw agricultural product through a single continuous line of production; and

(II) there is a substantial coincidence of economic interest between the producers or growers of the raw agricultural product and the processors of the processed agricultural product based upon relevant economic factors, which may, in the discretion of the Commission, include price, added market value, or other economic interrelationships (regardless of whether such coincidence of economic interest is based upon any legal relationship).

(ii) Processing

For purposes of this subparagraph, the processed agricultural product shall be considered to be processed from a raw agricultural product through a single continuous line of production if—

(I) the raw agricultural product is substantially or completely devoted to the production of the processed agricultural product; and

(II) the processed agricultural product is produced substantially or completely from the raw product.

(iii) Relevant economic factors

For purposes of clause (i)(II), in addition to such other factors it considers relevant to the question of coincidence of economic interest, the Commission shall—

(I) if price is taken into account, consider the degree of correlation between the price of the raw agricultural product and the price of the processed agricultural product; and

(II) if added market value is taken into account, consider whether the value of the raw agricultural product constitutes a significant percentage of the value of the processed agricultural product.

(iv) Raw agricultural product

For purposes of this subparagraph, the term “raw agricultural product” means any farm or fishery product.

(v) Termination of this subparagraph

This subparagraph shall cease to have effect if the United States Trade Representative notifies the administering authority and the Commission that the application of this subparagraph is inconsistent with the international obligations of the United States.

(5) Countervailable subsidy**(A) In general**

Except as provided in paragraph (5B), a countervailable subsidy is a subsidy described in this paragraph which is specific as described in paragraph (5A).

(B) Subsidy described

A subsidy is described in this paragraph in the case in which an authority—

(i) provides a financial contribution,

(ii) provides any form of income or price support within the meaning of Article XVI of the GATT 1994, or

(iii) makes a payment to a funding mechanism to provide a financial con-

tribution, or entrusts or directs a private entity to make a financial contribution, if providing the contribution would normally be vested in the government and the practice does not differ in substance from practices normally followed by governments,

to a person and a benefit is thereby conferred. For purposes of this paragraph and paragraphs (5A) and (5B), the term “authority” means a government of a country or any public entity within the territory of the country.

(C) Other factors

The determination of whether a subsidy exists shall be made without regard to whether the recipient of the subsidy is publicly or privately owned and without regard to whether the subsidy is provided directly or indirectly on the manufacture, production, or export of merchandise. The administering authority is not required to consider the effect of the subsidy in determining whether a subsidy exists under this paragraph.

(D) Financial contribution

The term “financial contribution” means—

- (i) the direct transfer of funds, such as grants, loans, and equity infusions, or the potential direct transfer of funds or liabilities, such as loan guarantees,
- (ii) foregoing or not collecting revenue that is otherwise due, such as granting tax credits or deductions from taxable income,
- (iii) providing goods or services, other than general infrastructure, or
- (iv) purchasing goods.

(E) Benefit conferred

A benefit shall normally be treated as conferred where there is a benefit to the recipient, including—

- (i) in the case of an equity infusion, if the investment decision is inconsistent with the usual investment practice of private investors, including the practice regarding the provision of risk capital, in the country in which the equity infusion is made,
- (ii) in the case of a loan, if there is a difference between the amount the recipient of the loan pays on the loan and the amount the recipient would pay on a comparable commercial loan that the recipient could actually obtain on the market,
- (iii) in the case of a loan guarantee, if there is a difference, after adjusting for any difference in guarantee fees, between the amount the recipient of the guarantee pays on the guaranteed loan and the amount the recipient would pay for a comparable commercial loan if there were no guarantee by the authority, and
- (iv) in the case where goods or services are provided, if such goods or services are provided for less than adequate remuneration, and in the case where goods are purchased, if such goods are purchased for more than adequate remuneration.

For purposes of clause (iv), the adequacy of remuneration shall be determined in rela-

tion to prevailing market conditions for the good or service being provided or the goods being purchased in the country which is subject to the investigation or review. Prevailing market conditions include price, quality, availability, marketability, transportation, and other conditions of purchase or sale.

(F) Change in ownership

A change in ownership of all or part of a foreign enterprise or the productive assets of a foreign enterprise does not by itself require a determination by the administering authority that a past countervailable subsidy received by the enterprise no longer continues to be countervailable, even if the change in ownership is accomplished through an arm’s length transaction.

(5A) Specificity

(A) In general

A subsidy is specific if it is an export subsidy described in subparagraph (B) or an import substitution subsidy described in subparagraph (C), or if it is determined to be specific pursuant to subparagraph (D).

(B) Export subsidy

An export subsidy is a subsidy that is, in law or in fact, contingent upon export performance, alone or as 1 of 2 or more conditions.

(C) Import substitution subsidy

An import substitution subsidy is a subsidy that is contingent upon the use of domestic goods over imported goods, alone or as 1 of 2 or more conditions.

(D) Domestic subsidy

In determining whether a subsidy (other than a subsidy described in subparagraph (B) or (C)) is a specific subsidy, in law or in fact, to an enterprise or industry within the jurisdiction of the authority providing the subsidy, the following guidelines shall apply:

- (i) Where the authority providing the subsidy, or the legislation pursuant to which the authority operates, expressly limits access to the subsidy to an enterprise or industry, the subsidy is specific as a matter of law.
- (ii) Where the authority providing the subsidy, or the legislation pursuant to which the authority operates, establishes objective criteria or conditions governing the eligibility for, and the amount of, a subsidy, the subsidy is not specific as a matter of law, if—
 - (I) eligibility is automatic,
 - (II) the criteria or conditions for eligibility are strictly followed, and
 - (III) the criteria or conditions are clearly set forth in the relevant statute, regulation, or other official document so as to be capable of verification.

For purposes of this clause, the term “objective criteria or conditions” means criteria or conditions that are neutral and that do not favor one enterprise or industry over another.

- (iii) Where there are reasons to believe that a subsidy may be specific as a matter

of fact, the subsidy is specific if one or more of the following factors exist:

(I) The actual recipients of the subsidy, whether considered on an enterprise or industry basis, are limited in number.

(II) An enterprise or industry is a predominant user of the subsidy.

(III) An enterprise or industry receives a disproportionately large amount of the subsidy.

(IV) The manner in which the authority providing the subsidy has exercised discretion in the decision to grant the subsidy indicates that an enterprise or industry is favored over others.

In evaluating the factors set forth in subclauses (I), (II), (III), and (IV), the administering authority shall take into account the extent of diversification of economic activities within the jurisdiction of the authority providing the subsidy, and the length of time during which the subsidy program has been in operation.

(iv) Where a subsidy is limited to an enterprise or industry located within a designated geographical region within the jurisdiction of the authority providing the subsidy, the subsidy is specific.

For purposes of this paragraph and paragraph (5B), any reference to an enterprise or industry is a reference to a foreign enterprise or foreign industry and includes a group of such enterprises or industries.

(5B) Categories of noncountervailable subsidies

(A) In general

Notwithstanding the provisions of paragraphs (5) and (5A), in the case of merchandise imported from a Subsidies Agreement country, a subsidy shall be treated as noncountervailable if the administering authority determines in an investigation under part I of this subtitle or a review under part III of this subtitle that the subsidy meets all of the criteria described in subparagraph (B), (C), or (D), as the case may be, or the provisions of subparagraph (E)(i) apply.

(B) Research subsidy

(i) In general

Except for a subsidy provided on the manufacture, production, or export of civil aircraft, a subsidy for research activities conducted by a person, or by a higher education or research establishment on a contract basis with a person, shall be treated as noncountervailable, if the subsidy covers not more than 75 percent of the costs of industrial research or not more than 50 percent of the costs of precompetitive development activity, and such subsidy is limited exclusively to—

(I) the costs of researchers, technicians, and other supporting staff employed exclusively in the research activity,

(II) the costs of instruments, equipment, land, or buildings that are used ex-

clusively and permanently (except when disposed of on a commercial basis) for the research activity,

(III) the costs of consultancy and equivalent services used exclusively for the research activity, including costs for bought-in research, technical knowledge, and patents,

(IV) additional overhead costs incurred directly as a result of the research activity, and

(V) other operating costs (such as materials and supplies) incurred directly as a result of the research activity.

(ii) Definitions

For purposes of this subparagraph—

(I) Industrial research

The term “industrial research” means planned search or critical investigation aimed at the discovery of new knowledge, with the objective that such knowledge may be useful in developing new products, processes, or services, or in bringing about a significant improvement to existing products, processes, or services.

(II) Precompetitive development activity

The term “precompetitive development activity” means the translation of industrial research findings into a plan, blueprint, or design for new, modified, or improved products, processes, or services, whether intended for sale or use, including the creation of a first prototype that would not be capable of commercial use. The term also may include the conceptual formulation and design of products, processes, or services alternatives and initial demonstration or pilot projects, if these same projects cannot be converted or used for industrial application or commercial exploitation. The term does not include routine or periodic alterations to existing products, production lines, manufacturing processes, services, or other ongoing operations even if those alterations may represent improvements.

(iii) Calculation rules

(I) In general

In the case of a research activity that spans both industrial research and precompetitive development activity, the allowable level of the noncountervailable subsidy shall not exceed 62.5 percent of the costs set forth in subclauses (I), (II), (III), (IV), and (V) of clause (i).

(II) Total eligible costs

The allowable level of a noncountervailable subsidy described in clause (i) shall be based on the total eligible costs incurred over the duration of a particular project.

(C) Subsidy to disadvantaged regions

(i) In general

A subsidy provided, pursuant to a general framework of regional development,

to a person located in a disadvantaged region within a country shall be treated as noncountervailable, if it is not specific (within the meaning of paragraph (5A)) within eligible regions and if the following conditions are met:

(I) Each region identified as disadvantaged within the territory of a country is a clearly designated, contiguous geographical area with a definable economic and administrative identity.

(II) Each region is considered a disadvantaged region on the basis of neutral and objective criteria indicating that the region is disadvantaged because of more than temporary circumstances, and such criteria are clearly stated in the relevant statute, regulation, or other official document so as to be capable of verification.

(III) The criteria described in subclause (II) include a measurement of economic development.

(IV) Programs provided within a general framework of regional development include ceilings on the amount of assistance that can be granted to a subsidized project. Such ceilings are differentiated according to the different levels of development of assisted regions, and are expressed in terms of investment costs or costs of job creation. Within such ceilings, the distribution of assistance is sufficiently broad and even to avoid the predominant use of a subsidy by, or the provision of disproportionately large amounts of a subsidy to, an enterprise or industry as described in paragraph (5A)(D).

(ii) Measurement of economic development

For purposes of clause (i), the measurement of economic development shall be based on one or more of the following factors:

(I) Per capita income, household per capita income, or per capita gross domestic product that does not exceed 85 percent of the average for the country subject to investigation or review.

(II) An unemployment rate that is at least 110 percent of the average unemployment rate for the country subject to investigation or review.

The measurement of economic development shall cover a 3-year period, but may be a composite measurement and may include factors other than those set forth in this clause.

(iii) Definitions

For purposes of this subparagraph—

(I) General framework of regional development

The term “general framework of regional development” means that the regional subsidy programs are part of an internally consistent and generally applicable regional development policy, and that regional development subsidies are not granted in isolated geographical

points having no, or virtually no, influence on the development of a region.

(II) Neutral and objective criteria

The term “neutral and objective criteria” means criteria that do not favor certain regions beyond what is appropriate for the elimination or reduction of regional disparities within the framework of the regional development policy.

(D) Subsidy for adaptation of existing facilities to new environmental requirements

(i) In general

A subsidy that is provided to promote the adaptation of existing facilities to new environmental requirements that are imposed by statute or by regulation, and that result in greater constraints and financial burdens on the recipient of the subsidy, shall be treated as noncountervailable, if the subsidy—

(I) is a one-time nonrecurring measure,

(II) is limited to 20 percent of the cost of adaptation,

(III) does not cover the cost of replacing and operating the subsidized investment, a cost that must be fully borne by the recipient,

(IV) is directly linked and proportionate to the recipient's planned reduction of nuisances and pollution, and does not cover any manufacturing cost savings that may be achieved, and

(V) is available to all persons that can adopt the new equipment or production processes.

(ii) Existing facilities

For purposes of this subparagraph, the term “existing facilities” means facilities that have been in operation for at least 2 years before the date on which the new environmental requirements are imposed.

(E) Notified subsidy program

(i) General rule

If a subsidy is provided pursuant to a program that has been notified in accordance with Article 8.3 of the Subsidies Agreement, the subsidy shall be treated as noncountervailable and shall not be subject to investigation or review under this subtitle.

(ii) Exception

Notwithstanding clause (i), a subsidy shall be treated as countervailable if—

(I) the Trade Representative notifies the administering authority that a determination has been made pursuant to Article 8.4 or 8.5 of the Subsidies Agreement that the subsidy, or the program pursuant to which the subsidy was provided, does not satisfy the conditions and criteria of Article 8.2 of the Subsidies Agreement; and

(II) the subsidy is specific within the meaning of paragraph (5A).

(F) Certain subsidies on agricultural products

Domestic support measures that are provided with respect to products listed in

Annex 1 to the Agreement on Agriculture, and that the administering authority determines conform fully to the provisions of Annex 2 to that Agreement, shall be treated as noncountervailable. Upon request by the administering authority, the Trade Representative shall provide advice regarding the interpretation and application of Annex 2.

(G) Provisional application

(i) Subparagraphs (B), (C), (D), and (E) shall not apply on or after the first day of the month that is 66 months after the WTO Agreement enters into force, unless the provisions of such subparagraphs are extended pursuant to section 3572(c) of this title.

(ii) Subparagraph (F) shall not apply to imports from a WTO member country at the end of the 9-year period beginning on January 1, 1995. The Trade Representative shall determine the precise termination date for each WTO member country in accordance with paragraph (i) of Article 1 of the Agreement on Agriculture and such date shall be notified to the administering authority.

(6) Net countervailable subsidy

For the purpose of determining the net countervailable subsidy, the administering authority may subtract from the gross countervailable subsidy the amount of—

(A) any application fee, deposit, or similar payment paid in order to qualify for, or to receive, the benefit of the countervailable subsidy,

(B) any loss in the value of the countervailable subsidy resulting from its deferred receipt, if the deferral is mandated by Government order, and

(C) export taxes, duties, or other charges levied on the export of merchandise to the United States specifically intended to offset the countervailable subsidy received.

(7) Material injury

(A) In general

The term “material injury” means harm which is not inconsequential, immaterial, or unimportant.

(B) Volume and consequent impact

In making determinations under sections 1671b(a), 1671d(b), 1673b(a), and 1673d(b) of this title, the Commission, in each case—

(i) shall consider—

(I) the volume of imports of the subject merchandise,

(II) the effect of imports of that merchandise on prices in the United States for domestic like products, and

(III) the impact of imports of such merchandise on domestic producers of domestic like products, but only in the context of production operations within the United States; and

(ii) may consider such other economic factors as are relevant to the determination regarding whether there is material injury by reason of imports.

In the notification required under section 1671d(d) or 1673d(d) of this title, as the case

may be, the Commission shall explain its analysis of each factor considered under clause (i), and identify each factor considered under clause (ii) and explain in full its relevance to the determination.

(C) Evaluation of relevant factors

For purposes of subparagraph (B)—

(i) Volume

In evaluating the volume of imports of merchandise, the Commission shall consider whether the volume of imports of the merchandise, or any increase in that volume, either in absolute terms or relative to production or consumption in the United States, is significant.

(ii) Price

In evaluating the effect of imports of such merchandise on prices, the Commission shall consider whether—

(I) there has been significant price underselling by the imported merchandise as compared with the price of domestic like products of the United States, and

(II) the effect of imports of such merchandise otherwise depresses prices to a significant degree or prevents price increases, which otherwise would have occurred, to a significant degree.

(iii) Impact on affected domestic industry

In examining the impact required to be considered under subparagraph (B)(i)(III), the Commission shall evaluate all relevant economic factors which have a bearing on the state of the industry in the United States, including, but not limited to—

(I) actual and potential decline in output, sales, market share, profits, productivity, return on investments, and utilization of capacity,

(II) factors affecting domestic prices,

(III) actual and potential negative effects on cash flow, inventories, employment, wages, growth, ability to raise capital, and investment,

(IV) actual and potential negative effects on the existing development and production efforts of the domestic industry, including efforts to develop a derivative or more advanced version of the domestic like product, and

(V) in a proceeding under part II of this subtitle, the magnitude of the margin of dumping.

The Commission shall evaluate all relevant economic factors described in this clause within the context of the business cycle and conditions of competition that are distinctive to the affected industry.

(iv) Captive production

If domestic producers internally transfer significant production of the domestic like product for the production of a downstream article and sell significant production of the domestic like product in the merchant market, and the Commission finds that—

(I) the domestic like product produced that is internally transferred for processing into that downstream article does not enter the merchant market for the domestic like product,

(II) the domestic like product is the predominant material input in the production of that downstream article, and

(III) the production of the domestic like product sold in the merchant market is not generally used in the production of that downstream article,

then the Commission, in determining market share and the factors affecting financial performance set forth in clause (iii), shall focus primarily on the merchant market for the domestic like product.

(D) Special rules for agricultural products

(i) The Commission shall not determine that there is no material injury or threat of material injury to United States producers of an agricultural commodity merely because the prevailing market price is at or above the minimum support price.

(ii) In the case of agricultural products, the Commission shall consider any increased burden on government income or price support programs.

(E) Special rules

For purposes of this paragraph—

(i) Nature of countervailable subsidy

In determining whether there is a threat of material injury, the Commission shall consider information provided to it by the administering authority regarding the nature of the countervailable subsidy granted by a foreign country (particularly whether the countervailable subsidy is a subsidy described in Article 3 or 6.1 of the Subsidies Agreement) and the effects likely to be caused by the countervailable subsidy.

(ii) Standard for determination

The presence or absence of any factor which the Commission is required to evaluate under subparagraph (C) or (D) shall not necessarily give decisive guidance with respect to the determination by the Commission of material injury.

(F) Threat of material injury

(i) In general

In determining whether an industry in the United States is threatened with material injury by reason of imports (or sales for importation) of the subject merchandise, the Commission shall consider, among other relevant economic factors—

(I) if a countervailable subsidy is involved, such information as may be presented to it by the administering authority as to the nature of the subsidy (particularly as to whether the countervailable subsidy is a subsidy described in Article 3 or 6.1 of the Subsidies Agreement), and whether imports of the subject merchandise are likely to increase,

(II) any existing unused production capacity or imminent, substantial increase

in production capacity in the exporting country indicating the likelihood of substantially increased imports of the subject merchandise into the United States, taking into account the availability of other export markets to absorb any additional exports,

(III) a significant rate of increase of the volume or market penetration of imports of the subject merchandise indicating the likelihood of substantially increased imports,

(IV) whether imports of the subject merchandise are entering at prices that are likely to have a significant depressing or suppressing effect on domestic prices, and are likely to increase demand for further imports,

(V) inventories of the subject merchandise,

(VI) the potential for product-shifting if production facilities in the foreign country, which can be used to produce the subject merchandise, are currently being used to produce other products,

(VII) in any investigation under this subtitle which involves imports of both a raw agricultural product (within the meaning of paragraph (4)(E)(iv)) and any product processed from such raw agricultural product, the likelihood that there will be increased imports, by reason of product shifting, if there is an affirmative determination by the Commission under section 1671d(b)(1) or 1673d(b)(1) of this title with respect to either the raw agricultural product or the processed agricultural product (but not both),

(VIII) the actual and potential negative effects on the existing development and production efforts of the domestic industry, including efforts to develop a derivative or more advanced version of the domestic like product, and

(IX) any other demonstrable adverse trends that indicate the probability that there is likely to be material injury by reason of imports (or sale for importation) of the subject merchandise (whether or not it is actually being imported at the time).

(ii) Basis for determination

The Commission shall consider the factors set forth in clause (i) as a whole in making a determination of whether further dumped or subsidized imports are imminent and whether material injury by reason of imports would occur unless an order is issued or a suspension agreement is accepted under this subtitle. The presence or absence of any factor which the Commission is required to consider under clause (i) shall not necessarily give decisive guidance with respect to the determination. Such a determination may not be made on the basis of mere conjecture or supposition.

(iii) Effect of dumping in third-country markets

(I) In general

In investigations under part II of this subtitle, the Commission shall consider whether dumping in the markets of foreign countries (as evidenced by dumping findings or antidumping remedies in other WTO member markets against the same class or kind of merchandise manufactured or exported by the same party as under investigation) suggests a threat of material injury to the domestic industry. In the course of its investigation, the Commission shall request information from the foreign manufacturer, exporter, or United States importer concerning this issue.

(II) WTO member market

For purposes of this clause, the term “WTO member market” means the market of any country which is a WTO member.

(III) European Communities

For purposes of this clause, the European Communities shall be treated as a foreign country.

(G) Cumulation for determining material injury

(i) In general

For purposes of clauses (i) and (ii) of subparagraph (C), and subject to clause (ii), the Commission shall cumulatively assess the volume and effect of imports of the subject merchandise from all countries with respect to which—

(I) petitions were filed under section 1671a(b) or 1673a(b) of this title on the same day,

(II) investigations were initiated under section 1671a(a) or 1673a(a) of this title on the same day, or

(III) petitions were filed under section 1671a(b) or 1673a(b) of this title and investigations were initiated under section 1671a(a) or 1673a(a) of this title on the same day,

if such imports compete with each other and with domestic like products in the United States market.

(ii) Exceptions

The Commission shall not cumulatively assess the volume and effect of imports under clause (i)—

(I) with respect to which the administering authority has made a preliminary negative determination, unless the administering authority subsequently made a final affirmative determination with respect to those imports before the Commission’s final determination is made;

(II) from any country with respect to which the investigation has been terminated;

(III) from any country designated as a beneficiary country under the Caribbean

Basin Economic Recovery Act (19 U.S.C. 2701 et seq.) for purposes of making a determination with respect to that country, except that the volume and effect of imports of the subject merchandise from such country may be cumulatively assessed with imports of the subject merchandise from any other country designated as such a beneficiary country to the extent permitted by clause (i); or

(IV) from any country that is a party to an agreement with the United States establishing a free trade area, which entered into force and effect before January 1, 1987, unless the Commission determines that a domestic industry is materially injured or threatened with material injury by reason of imports from that country.

(iii) Records in final investigations

In each final determination in which it cumulatively assesses the volume and effect of imports under clause (i), the Commission shall make its determinations based on the record compiled in the first investigation in which it makes a final determination, except that when the administering authority issues its final determination in a subsequently completed investigation, the Commission shall permit the parties in the subsequent investigation to submit comments concerning the significance of the administering authority’s final determination, and shall include such comments and the administering authority’s final determination in the record for the subsequent investigation.

(iv) Regional industry determinations

In an investigation which involves a regional industry, and in which the Commission decides that the volume and effect of imports should be cumulatively assessed under this subparagraph, such assessment shall be based upon the volume and effect of imports into the region or regions determined by the Commission. The provisions of clause (iii) shall apply to such investigations.

(H) Cumulation for determining threat of material injury

To the extent practicable and subject to subparagraph (G)(ii), for purposes of clause (i)(III) and (IV) of subparagraph (F), the Commission may cumulatively assess the volume and price effects of imports of the subject merchandise from all countries with respect to which—

(i) petitions were filed under section 1671a(b) or 1673a(b) of this title on the same day,

(ii) investigations were initiated under section 1671a(a) or 1673a(a) of this title on the same day, or

(iii) petitions were filed under section 1671a(b) or 1673a(b) of this title and investigations were initiated under section 1671a(a) or 1673a(a) of this title on the same day,

if such imports compete with each other and with domestic like products in the United States market.

(I) Consideration of post-petition information

The Commission shall consider whether any change in the volume, price effects, or impact of imports of the subject merchandise since the filing of the petition in an investigation under part I or II of this subtitle is related to the pendency of the investigation and, if so, the Commission may reduce the weight accorded to the data for the period after the filing of the petition in making its determination of material injury, threat of material injury, or material retardation of the establishment of an industry in the United States.

(8) Subsidies Agreement; Agreement on Agriculture

(A) Subsidies Agreement

The term “Subsidies Agreement” means the Agreement on Subsidies and Countervailing Measures referred to in section 3511(d)(12) of this title.

(C) a manufacturer, producer, or wholesaler in the United States of a domestic like product,

(D) a certified union or recognized union or group of workers which is representative of an industry engaged in the manufacture, production, or wholesale in the United States of a domestic like product,

(F) an association, a majority of whose members is composed of interested parties described in subparagraph (C), (D), or (E) with respect to a domestic like product, and

(G) in any investigation under this subtitle involving an industry engaged in producing a processed agricultural product, as defined in paragraph (4)(E), a coalition or trade association which is representative of either—

- (i) processors,
- (ii) processors and producers, or
- (iii) processors and growers,

but this subparagraph shall cease to have effect if the United States Trade Representative notifies the administering authority and the Commission that the application of

this subparagraph is inconsistent with the international obligations of the United States.

(10) Domestic like product

The term “domestic like product” means a product which is like, or in the absence of like, most similar in characteristics and uses with, the article subject to an investigation under this subtitle.

(11) Affirmative determinations by divided Commission

If the Commissioners voting on a determination by the Commission, including a determination under section 1675 of this title, are evenly divided as to whether the determination should be affirmative or negative, the Commission shall be deemed to have made an affirmative determination. For the purpose of applying this paragraph when the issue before the Commission is to determine whether there is—

(A) material injury to an industry in the United States,

(B) threat of material injury to such an industry, or

(C) material retardation of the establishment of an industry in the United States,

by reason of imports of the merchandise, an affirmative vote on any of the issues shall be treated as a vote that the determination should be affirmative.

(12) Attribution of merchandise to country of manufacture or production

For purposes of part I of this subtitle, merchandise shall be treated as the product of the country in which it was manufactured or produced without regard to whether it is imported directly from that country and without regard to whether it is imported in the same condition as when exported from that country or in a changed condition by reason of re-manufacture or otherwise.

(13) Repealed. Pub. L. 103-465, title II, § 222(i)(2), Dec. 8, 1994, 108 Stat. 4876

(14) Sold or, in the absence of sales, offered for sale

The term “sold or, in the absence of sales, offered for sale” means sold or, in the absence of sales, offered—

(A) to all purchasers in commercial quantities, or

(B) in the ordinary course of trade to one or more selected purchasers in commercial quantities at a price which fairly reflects the market value of the merchandise,

without regard to restrictions as to the disposition or use of the merchandise by the purchaser except that, where such restrictions are found to affect the market value of the merchandise, adjustment shall be made therefor in calculating the price at which the merchandise is sold or offered for sale.

(15) Ordinary course of trade

The term “ordinary course of trade” means the conditions and practices which, for a reasonable time prior to the exportation of the

subject merchandise, have been normal in the trade under consideration with respect to merchandise of the same class or kind. The administering authority shall consider the following sales and transactions, among others, to be outside the ordinary course of trade:

(A) Sales disregarded under section 1677b(b)(1) of this title.

(B) Transactions disregarded under section 1677b(f)(2) of this title.

(B) Merchandise—

(i) produced in the same country and by the same person as the subject merchandise,

(ii) like that merchandise in component material or materials and in the purposes for which used, and

(iii) approximately equal in commercial value to that merchandise.

(i) produced in the same country and by the same person and of the same general class or kind as the subject merchandise,

(ii) like that merchandise in the purposes for which used, and

(iii) which the administering authority determines may reasonably be compared with that merchandise.

(17) Usual commercial quantities

The term “usual commercial quantities”, in any case in which the subject merchandise is sold in the market under consideration at different prices for different quantities, means the quantities in which such merchandise is there sold at the price or prices for one quantity in an aggregate volume which is greater than the aggregate volume sold at the price or prices for any other quantity.

(18) Nonmarket economy country

(A) In general

The term “nonmarket economy country” means any foreign country that the administering authority determines does not operate on market principles of cost or pricing structures, so that sales of merchandise in such country do not reflect the fair value of the merchandise.

(B) Factors to be considered

In making determinations under subparagraph (A) the administering authority shall take into account—

(i) the extent to which the currency of the foreign country is convertible into the currency of other countries;¹

(ii) the extent to which wage rates in the foreign country are determined by free

bargaining between labor and management,

(iii) the extent to which joint ventures or other investments by firms of other foreign countries are permitted in the foreign country,

(iv) the extent of government ownership or control of the means of production,

(v) the extent of government control over the allocation of resources and over the price and output decisions of enterprises, and

(vi) such other factors as the administering authority considers appropriate.

(C) Determination in effect

(i) Any determination that a foreign country is a nonmarket economy country shall remain in effect until revoked by the administering authority.

(ii) The administering authority may make a determination under subparagraph (A) with respect to any foreign country at any time.

(E) Collection of information

Upon request by the administering authority, the Commissioner of Customs shall provide the administering authority a copy of all public and proprietary information submitted to, or obtained by, the Commissioner of Customs that the administering authority considers relevant to proceedings involving merchandise from nonmarket economy countries. The administering authority shall protect proprietary information obtained under this section from public disclosure in accordance with section 1677f of this title.

(19) Equivalency of leases to sales

In determining whether a lease is equivalent to a sale for purposes of this subtitle, the administering authority shall consider—

(A) the terms of the lease,

(B) commercial practice within the industry,

(C) the circumstances of the transaction,

(D) whether the product subject to the lease is integrated into the operations of the lessee or importer,

(E) whether in practice there is a likelihood that the lease will be continued or renewed for a significant period of time, and

(F) other relevant factors, including whether the lease transaction would permit avoidance of antidumping or countervailing duties.

(20) Application to governmental importations

(A) In general

Except as otherwise provided by this paragraph, merchandise imported by, or for the use of, a department or agency of the United States Government (including merchandise

¹ So in original. The semicolon probably should be a comma.

provided for under chapter 98 of the Harmonized Tariff Schedule of the United States) is subject to the imposition of countervailing duties or antidumping duties under this subtitle or section 1303 of this title.

(B) Exceptions

Merchandise imported by, or for the use of, the Department of Defense shall not be subject to the imposition of countervailing or antidumping duties under this subtitle if—

(i) the merchandise is acquired by, or for use of, such Department—

(I) from a country with which such Department had a Memorandum of Understanding which was in effect on January 1, 1988, and has continued to have a comparable agreement (including renewals) or superceding agreements, and

The term “entry” includes, in appropriate circumstances as determined by the administering authority, a reconciliation entry created under a reconciliation process, defined in section 1401(s) of this title, that is initiated by an importer. The liability of an importer under an antidumping or countervailing duty proceeding for entries of merchandise subject to the proceeding will attach to the corresponding reconciliation entry or entries. Suspension of liquidation of the reconciliation entry or entries, for the purpose of enforcing this subtitle, is equivalent to the suspension of liquidation of the corresponding individual entries; but the suspension of liquidation of the reconciliation entry or entries for such purpose does not preclude liquidation for any other purpose.

(24) Negligible imports

(A) In general

(i) Less than 3 percent

Except as provided in clauses (ii) and (iv), imports from a country of merchandise corresponding to a domestic like product identified by the Commission are “negligible” if such imports account for less than 3 percent of the volume of all such merchandise imported into the United States in the most recent 12-month period for which data are available that precedes—

(I) the filing of the petition under section 1671a(b) or 1673a(b) of this title, or

(II) the initiation of the investigation, if the investigation was initiated under section 1671a(a) or 1673a(a) of this title.

(ii) Exception

Imports that would otherwise be negligible under clause (i) shall not be negligible if the aggregate volume of imports of the merchandise from all countries described in clause (i) with respect to which investigations were initiated on the same day exceeds 7 percent of the volume of all such merchandise imported into the United States during the applicable 12-month period.

(iii) Determination of aggregate volume

In determining aggregate volume under clause (ii) or (iv), the Commission shall not consider imports from any country specified in paragraph (7)(G)(ii).

(iv) Negligibility in threat analysis

Notwithstanding clauses (i) and (ii), the Commission shall not treat imports as negligible if it determines that there is a potential that imports from a country described in clause (i) will imminently account for more than 3 percent of the volume of all such merchandise imported into the United States, or that the aggregate volumes of imports from all countries described in clause (ii) will imminently exceed 7 percent of the volume of all such merchandise imported into the United States. The Commission shall consider such imports only for purposes of determining threat of material injury.

(B) Negligibility for certain countries in countervailing duty investigations

In the case of an investigation under section 1671 of this title, subparagraph (A) shall be applied to imports of subject merchandise from developing countries by substituting “4 percent” for “3 percent” in subparagraph (A)(i) and by substituting “9 percent” for “7 percent” in subparagraph (A)(ii).

(C) Computation of import volumes

In computing import volumes for purposes of subparagraphs (A) and (B), the Commission may make reasonable estimates on the basis of available statistics.

(D) Regional industries

In an investigation in which the Commission makes a regional industry determination under paragraph (4)(C), the Commission’s examination under subparagraphs (A) and (B) shall be based upon the volume of subject merchandise exported for sale in the regional market in lieu of the volume of all subject merchandise imported into the United States.

(25) Subject merchandise

For purposes of section 1677b of this title, the term “exporter or producer” includes both the exporter of the subject merchandise and the producer of the same subject merchandise to the extent necessary to accurately calculate the total amount incurred and realized for costs, expenses, and profits in connection with production and sale of that merchandise.

(A) Dumping margin

The term “dumping margin” means the amount by which the normal value exceeds the export price or constructed export price of the subject merchandise.

(B) Weighted average dumping margin

The term “weighted average dumping margin” is the percentage determined by dividing the aggregate dumping margins determined for a specific exporter or producer by the aggregate export prices and constructed export prices of such exporter or producer.

- (i) a country referred to as a least developed country within the meaning of paragraph (a) of Annex VII to the Subsidies Agreement, or
- (ii) any other country listed in Annex VII to the Subsidies Agreement, but only if the country has a per capita gross national product of less than \$1,000 per annum as measured by the most recent data available from the World Bank.

(C) Publication of list

The Trade Representative shall publish in the Federal Register, and update as necessary, a list of—

- (i) developing countries that have eliminated their export subsidies on an expe-

dited basis within the meaning of Article 27.11 of the Subsidies Agreement, and

(ii) countries determined by the Trade Representative to be least developed or developing countries.

§ 1677-1. Upstream subsidies

(a) "Upstream subsidy" defined

The term "upstream subsidy" means any countervailable subsidy, other than an export subsidy, that—

(1) is paid or bestowed by an authority (as defined in section 1677(5) of this title) with respect to a product (hereafter in this section referred to as an "input product") that is used in the same country as the authority in the manufacture or production of merchandise which is the subject of a countervailing duty proceeding;

(2) in the judgment of the administering authority bestows a competitive benefit on the merchandise; and

(3) has a significant effect on the cost of manufacturing or producing the merchandise.

In applying this subsection, an association of two or more foreign countries, political subdivisions, dependent territories, or possessions of foreign countries organized into a customs union outside the United States shall be treated as being one country if the countervailable subsidy is provided by the customs union.

(b) Determination of competitive benefit

(1) In general

Except as provided in paragraph (2), the administering authority shall decide that a competitive benefit has been bestowed when the price for the input product referred to in subsection (a)(1) of this section for such use is lower than the price that the manufacturer or producer of merchandise which is the subject of a countervailing duty proceeding would otherwise pay for the product in obtaining it from another seller in an arms-length transaction.

(2) Adjustments

If the administering authority has determined in a previous proceeding that a countervailable subsidy is paid or bestowed on the input product that is used for comparison under paragraph (1), the administering authority may (A) where appropriate, adjust the price that the manufacturer or producer of merchandise which is the subject of such proceeding would otherwise pay for the product to reflect the effects of the countervailable subsidy, or (B) select in lieu of that price a price from another source.

(c) Inclusion of amount of countervailable subsidy

If the administering authority decides, during the course of a countervailing duty proceeding that an upstream countervailable subsidy is

being or has been paid or bestowed regarding the subject merchandise, the administering authority shall include in the amount of any countervailing duty imposed on the merchandise an amount equal to the amount of the competitive benefit referred to in subparagraph (1)(B),¹ except that in no event shall the amount be greater than the amount of the countervailable subsidy determined with respect to the upstream product.

§ 1677a. Export price and constructed export price

(a) Export price

The term “export price” means the price at which the subject merchandise is first sold (or agreed to be sold) before the date of importation by the producer or exporter of the subject merchandise outside of the United States to an unaffiliated purchaser in the United States or to an unaffiliated purchaser for exportation to the United States, as adjusted under subsection (c) of this section.

(b) Constructed export price

The term “constructed export price” means the price at which the subject merchandise is

first sold (or agreed to be sold) in the United States before or after the date of importation by or for the account of the producer or exporter of such merchandise or by a seller affiliated with the producer or exporter, to a purchaser not affiliated with the producer or exporter, as adjusted under subsections (c) and (d) of this section.

(c) Adjustments for export price and constructed export price

The price used to establish export price and constructed export price shall be—

(1) increased by—

(A) when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the subject merchandise in condition packed ready for shipment to the United States,

(B) the amount of any import duties imposed by the country of exportation which have been rebated, or which have not been collected, by reason of the exportation of the subject merchandise to the United States, and

(C) the amount of any countervailing duty imposed on the subject merchandise under part I of this subtitle to offset an export subsidy, and

(2) reduced by—

(A) except as provided in paragraph (1)(C), the amount, if any, included in such price, attributable to any additional costs, charges, or expenses, and United States import duties, which are incident to bringing the subject merchandise from the original place of shipment in the exporting country to the place of delivery in the United States, and

(B) the amount, if included in such price, of any export tax, duty, or other charge imposed by the exporting country on the exportation of the subject merchandise to the United States, other than an export tax, duty, or other charge described in section 1677(6)(C) of this title.

(d) Additional adjustments to constructed export price

For purposes of this section, the price used to establish constructed export price shall also be reduced by—

(1) the amount of any of the following expenses generally incurred by or for the account of the producer or exporter, or the affiliated seller in the United States, in selling the subject merchandise (or subject merchandise to which value has been added)—

(A) commissions for selling the subject merchandise in the United States;

(B) expenses that result from, and bear a direct relationship to, the sale, such as credit expenses, guarantees and warranties;

(C) any selling expenses that the seller pays on behalf of the purchaser; and

(D) any selling expenses not deducted under subparagraph (A), (B), or (C);

(2) the cost of any further manufacture or assembly (including additional material and labor), except in circumstances described in subsection (e) of this section; and

(3) the profit allocated to the expenses described in paragraphs (1) and (2).

(e) Special rule for merchandise with value added after importation

Where the subject merchandise is imported by a person affiliated with the exporter or producer, and the value added in the United States by the affiliated person is likely to exceed substantially the value of the subject merchandise, the administering authority shall determine the constructed export price for such merchandise by using one of the following prices if there is a sufficient quantity of sales to provide a reasonable basis for comparison and the administering authority determines that the use of such sales is appropriate:

(1) The price of identical subject merchandise sold by the exporter or producer to an unaffiliated person.

(2) The price of other subject merchandise sold by the exporter or producer to an unaffiliated person.

If there is not a sufficient quantity of sales to provide a reasonable basis for comparison under paragraph (1) or (2), or the administering authority determines that neither of the prices described in such paragraphs is appropriate, then the constructed export price may be determined on any other reasonable basis.

(f) Special rule for determining profit

(1) In general

For purposes of subsection (d)(3) of this section, profit shall be an amount determined by multiplying the total actual profit by the applicable percentage.

(2) Definitions

For purposes of this subsection:

(A) Applicable percentage

The term “applicable percentage” means the percentage determined by dividing the total United States expenses by the total expenses.

(B) Total United States expenses

The term “total United States expenses” means the total expenses described in subsection (d)(1) and (2) of this section.

(C) Total expenses

The term “total expenses” means all expenses in the first of the following categories which applies and which are incurred by or on behalf of the foreign producer and foreign exporter of the subject merchandise and by or on behalf of the United States seller affiliated with the producer or exporter with respect to the production and sale of such merchandise:

(i) The expenses incurred with respect to the subject merchandise sold in the United States and the foreign like product sold in the exporting country if such expenses were requested by the administering authority for the purpose of establishing normal value and constructed export price.

(ii) The expenses incurred with respect to the narrowest category of merchandise sold in the United States and the export-

ing country which includes the subject merchandise.

(iii) The expenses incurred with respect to the narrowest category of merchandise sold in all countries which includes the subject merchandise.

(D) Total actual profit

The term “total actual profit” means the total profit earned by the foreign producer, exporter, and affiliated parties described in subparagraph (C) with respect to the sale of the same merchandise for which total expenses are determined under such subparagraph.

1984—Subsec. (b). Pub. L. 98-573 inserted “a reseller or” before “the manufacturer”.

EFFECTIVE DATE OF 1994 AMENDMENT

Amendment by Pub. L. 103-465 effective, except as otherwise provided, on the date on which the WTO Agreement enters into force with respect to the United States [Jan. 1, 1995], and applicable with respect to investigations, reviews, and inquiries initiated and petitions filed under specified provisions of this chapter after such date, see section 291 of Pub. L. 103-465, set out as a note under section 1671 of this title.

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-573 effective Oct. 30, 1984, see section 626(a) of Pub. L. 98-573, set out as a note under section 1671 of this title.

§ 1677b. Normal value

(a) Determination

In determining under this subtitle whether subject merchandise is being, or is likely to be, sold at less than fair value, a fair comparison shall be made between the export price or constructed export price and normal value. In order to achieve a fair comparison with the export price or constructed export price, normal value shall be determined as follows:

(1) Determination of normal value

(A) In general

The normal value of the subject merchandise shall be the price described in subparagraph (B), at a time reasonably corresponding to the time of the sale used to determine the export price or constructed export price under section 1677a(a) or (b) of this title.

(B) Price

The price referred to in subparagraph (A) is—

(i) the price at which the foreign like product is first sold (or, in the absence of a sale, offered for sale) for consumption in the exporting country, in the usual commercial quantities and in the ordinary

course of trade and, to the extent practicable, at the same level of trade as the export price or constructed export price, or

(ii) in a case to which subparagraph (C) applies, the price at which the foreign like product is so sold (or offered for sale) for consumption in a country other than the exporting country or the United States, if—

(I) such price is representative,

(II) the aggregate quantity (or, if quantity is not appropriate, value) of the foreign like product sold by the exporter or producer in such other country is 5 percent or more of the aggregate quantity (or value) of the subject merchandise sold in the United States or for export to the United States, and

(III) the administering authority does not determine that the particular market situation in such other country prevents a proper comparison with the export price or constructed export price.

(C) Third country sales

This subparagraph applies when—

(i) the foreign like product is not sold (or offered for sale) for consumption in the exporting country as described in subparagraph (B)(i),

(ii) the administering authority determines that the aggregate quantity (or, if quantity is not appropriate, value) of the foreign like product sold in the exporting country is insufficient to permit a proper comparison with the sales of the subject merchandise to the United States, or

(iii) the particular market situation in the exporting country does not permit a proper comparison with the export price or constructed export price.

For purposes of clause (ii), the aggregate quantity (or value) of the foreign like product sold in the exporting country shall normally be considered to be insufficient if such quantity (or value) is less than 5 percent of the aggregate quantity (or value) of sales of the subject merchandise to the United States.

(2) Fictitious markets

No pretended sale or offer for sale, and no sale or offer for sale intended to establish a fictitious market, shall be taken into account in determining normal value. The occurrence of different movements in the prices at which different forms of the foreign like product are sold (or, in the absence of sales, offered for sale) in the exporting country after the issuance of an antidumping duty order may be considered by the administering authority as evidence of the establishment of a fictitious market for the foreign like product if the movement in such prices appears to reduce the amount by which the normal value exceeds the export price (or the constructed export price) of the subject merchandise.

(3) Exportation from an intermediate country

Where the subject merchandise is exported to the United States from an intermediate

country, normal value shall be determined in the intermediate country, except that normal value may be determined in the country of origin of the subject merchandise if—

(A) the producer knew at the time of the sale that the subject merchandise was destined for exportation;

(B) the subject merchandise is merely transshipped through the intermediate country;

(C) sales of the foreign like product in the intermediate country do not satisfy the conditions of paragraph (1)(C); or

(D) the foreign like product is not produced in the intermediate country.

(4) Use of constructed value

If the administering authority determines that the normal value of the subject merchandise cannot be determined under paragraph (1)(B)(i), then, notwithstanding paragraph (1)(B)(ii), the normal value of the subject merchandise may be the constructed value of that merchandise, as determined under subsection (e) of this section.

(5) Indirect sales or offers for sale

If the foreign like product is sold or, in the absence of sales, offered for sale through an affiliated party, the prices at which the foreign like product is sold (or offered for sale) by such affiliated party may be used in determining normal value.

(6) Adjustments

The price described in paragraph (1)(B) shall be—

(A) increased by the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the subject merchandise in condition packed ready for shipment to the United States;

(B) reduced by—

(i) when included in the price described in paragraph (1)(B), the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the foreign like product in condition packed ready for shipment to the place of delivery to the purchaser,

(ii) the amount, if any, included in the price described in paragraph (1)(B), attributable to any additional costs, charges, and expenses incident to bringing the foreign like product from the original place of shipment to the place of delivery to the purchaser, and

(iii) the amount of any taxes imposed directly upon the foreign like product or components thereof which have been rebated, or which have not been collected, on the subject merchandise, but only to the extent that such taxes are added to or included in the price of the foreign like product, and

(C) increased or decreased by the amount of any difference (or lack thereof) between the export price or constructed export price and the price described in paragraph (1)(B) (other than a difference for which allowance is otherwise provided under this section) that is established to the satisfaction of the

administering authority to be wholly or partly due to—

(i) the fact that the quantities in which the subject merchandise is sold or agreed to be sold to the United States are greater than or less than the quantities in which the foreign like product is sold, agreed to be sold, or offered for sale,

(ii) the fact that merchandise described in subparagraph (B) or (C) of section 1677(16) of this title is used in determining normal value, or

(iii) other differences in the circumstances of sale.

(7) Additional adjustments

(A) Level of trade

The price described in paragraph (1)(B) shall also be increased or decreased to make due allowance for any difference (or lack thereof) between the export price or constructed export price and the price described in paragraph (1)(B) (other than a difference for which allowance is otherwise made under this section) that is shown to be wholly or partly due to a difference in level of trade between the export price or constructed export price and normal value, if the difference in level of trade—

(i) involves the performance of different selling activities; and

(ii) is demonstrated to affect price comparability, based on a pattern of consistent price differences between sales at different levels of trade in the country in which normal value is determined.

In a case described in the preceding sentence, the amount of the adjustment shall be based on the price differences between the two levels of trade in the country in which normal value is determined.

(B) Constructed export price offset

When normal value is established at a level of trade which constitutes a more advanced stage of distribution than the level of trade of the constructed export price, but the data available do not provide an appropriate basis to determine under subparagraph (A)(ii) a level of trade adjustment, normal value shall be reduced by the amount of indirect selling expenses incurred in the country in which normal value is determined on sales of the foreign like product but not more than the amount of such expenses for which a deduction is made under section 1677a(d)(1)(D) of this title.

(8) Adjustments to constructed value

Constructed value as determined under subsection (e) of this section, may be adjusted, as appropriate, pursuant to this subsection.

(b) Sales at less than cost of production

(1) Determination; sales disregarded

Whenever the administering authority has reasonable grounds to believe or suspect that sales of the foreign like product under consideration for the determination of normal value have been made at prices which represent less than the cost of production of that product,

the administering authority shall determine whether, in fact, such sales were made at less than the cost of production. If the administering authority determines that sales made at less than the cost of production—

(A) have been made within an extended period of time in substantial quantities, and

(B) were not at prices which permit recovery of all costs within a reasonable period of time,

such sales may be disregarded in the determination of normal value. Whenever such sales are disregarded, normal value shall be based on the remaining sales of the foreign like product in the ordinary course of trade. If no sales made in the ordinary course of trade remain, the normal value shall be based on the constructed value of the merchandise.

(2) Definitions and special rules

For purposes of this subsection—

(A) Reasonable grounds to believe or suspect

There are reasonable grounds to believe or suspect that sales of the foreign like product were made at prices that are less than the cost of production of the product, if—

(i) in an investigation initiated under section 1673a of this title or a review conducted under section 1675 of this title, an interested party described in subparagraph (C), (D), (E), (F), or (G) of section 1677(9) of this title provides information, based upon observed prices or constructed prices or costs, that sales of the foreign like product under consideration for the determination of normal value have been made at prices which represent less than the cost of production of the product; or

(ii) in a review conducted under section 1675 of this title involving a specific exporter, the administering authority disregarded some or all of the exporter's sales pursuant to paragraph (1) in the investigation or if a review has been completed, in the most recently completed review.

(B) Extended period of time

The term “extended period of time” means a period that is normally 1 year, but not less than 6 months.

(C) Substantial quantities

Sales made at prices below the cost of production have been made in substantial quantities if—

(i) the volume of such sales represents 20 percent or more of the volume of sales under consideration for the determination of normal value, or

(ii) the weighted average per unit price of the sales under consideration for the determination of normal value is less than the weighted average per unit cost of production for such sales.

(D) Recovery of costs

If prices which are below the per unit cost of production at the time of sale are above the weighted average per unit cost of production for the period of investigation or review, such prices shall be considered to provide

for recovery of costs within a reasonable period of time.

(3) Calculation of cost of production

For purposes of this part, the cost of production shall be an amount equal to the sum of—

(A) the cost of materials and of fabrication or other processing of any kind employed in producing the foreign like product, during a period which would ordinarily permit the production of that foreign like product in the ordinary course of business;

(B) an amount for selling, general, and administrative expenses based on actual data pertaining to production and sales of the foreign like product by the exporter in question; and

(C) the cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the foreign like product in condition packed ready for shipment.

For purposes of subparagraph (A), if the normal value is based on the price of the foreign like product sold for consumption in a country other than the exporting country, the cost of materials shall be determined without regard to any internal tax in the exporting country imposed on such materials or their disposition which are remitted or refunded upon exportation.

(c) Nonmarket economy countries

(1) In general

If—

(A) the subject merchandise is exported from a nonmarket economy country, and

(B) the administering authority finds that available information does not permit the normal value of the subject merchandise to be determined under subsection (a) of this section,

the administering authority shall determine the normal value of the subject merchandise on the basis of the value of the factors of production utilized in producing the merchandise and to which shall be added an amount for general expenses and profit plus the cost of containers, coverings, and other expenses. Except as provided in paragraph (2), the valuation of the factors of production shall be based on the best available information regarding the values of such factors in a market economy country or countries considered to be appropriate by the administering authority.

(2) Exception

If the administering authority finds that the available information is inadequate for purposes of determining the normal value of subject merchandise under paragraph (1), the administering authority shall determine the normal value on the basis of the price at which merchandise that is—

(A) comparable to the subject merchandise, and

(B) produced in one or more market economy countries that are at a level of economic development comparable to that of the nonmarket economy country,

is sold in other countries, including the United States.

(3) Factors of production

For purposes of paragraph (1), the factors of production utilized in producing merchandise include, but are not limited to—

- (A) hours of labor required,
- (B) quantities of raw materials employed,
- (C) amounts of energy and other utilities consumed, and
- (D) representative capital cost, including depreciation.

(4) Valuation of factors of production

The administering authority, in valuing factors of production under paragraph (1), shall utilize, to the extent possible, the prices or costs of factors of production in one or more market economy countries that are—

- (A) at a level of economic development comparable to that of the nonmarket economy country, and
- (B) significant producers of comparable merchandise.

(d) Special rule for certain multinational corporations

Whenever, in the course of an investigation under this subtitle, the administering authority determines that—

(1) subject merchandise exported to the United States is being produced in facilities which are owned or controlled, directly or indirectly, by a person, firm, or corporation which also owns or controls, directly or indirectly, other facilities for the production of the foreign like product which are located in another country or countries,

(2) subsection (a)(1)(C) of this section applies, and

(3) the normal value of the foreign like product produced in one or more of the facilities outside the exporting country is higher than the normal value of the foreign like product produced in the facilities located in the exporting country,

it shall determine the normal value of the subject merchandise by reference to the normal value at which the foreign like product is sold in substantial quantities from one or more facilities outside the exporting country. The administering authority, in making any determination under this paragraph, shall make adjustments for the difference between the cost of production (including taxes, labor, materials, and overhead) of the foreign like product produced in facilities outside the exporting country and costs of production of the foreign like product produced in facilities in the exporting country, if such differences are demonstrated to its satisfaction. For purposes of this subsection, in determining the normal value of the foreign like product produced in a country outside of the exporting country, the administering authority shall determine its price at the time of exportation from the exporting country and shall make any adjustments required by subsection (a) of this section for the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the merchandise in condition packed ready for shipment to the United States by reference to such costs in the exporting country.

(e) Constructed value

For purposes of this subtitle, the constructed value of imported merchandise shall be an amount equal to the sum of—

(1) the cost of materials and fabrication or other processing of any kind employed in producing the merchandise, during a period which would ordinarily permit the production of the merchandise in the ordinary course of business;

(2)(A) the actual amounts incurred and realized by the specific exporter or producer being examined in the investigation or review for selling, general, and administrative expenses, and for profits, in connection with the production and sale of a foreign like product, in the ordinary course of trade, for consumption in the foreign country, or

(B) if actual data are not available with respect to the amounts described in subparagraph (A), then—

(i) the actual amounts incurred and realized by the specific exporter or producer being examined in the investigation or review for selling, general, and administrative expenses, and for profits, in connection with the production and sale, for consumption in the foreign country, of merchandise that is in the same general category of products as the subject merchandise,

(ii) the weighted average of the actual amounts incurred and realized by exporters or producers that are subject to the investigation or review (other than the exporter or producer described in clause (i)) for selling, general, and administrative expenses, and for profits, in connection with the production and sale of a foreign like product, in the ordinary course of trade, for consumption in the foreign country, or

(iii) the amounts incurred and realized for selling, general, and administrative expenses, and for profits, based on any other reasonable method, except that the amount allowed for profit may not exceed the amount normally realized by exporters or producers (other than the exporter or producer described in clause (i)) in connection with the sale, for consumption in the foreign country, of merchandise that is in the same general category of products as the subject merchandise; and

(3) the cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the subject merchandise in condition packed ready for shipment to the United States.

For purposes of paragraph (1), the cost of materials shall be determined without regard to any internal tax in the exporting country imposed on such materials or their disposition which are remitted or refunded upon exportation of the subject merchandise produced from such materials.

(f) Special rules for calculation of cost of production and for calculation of constructed value

For purposes of subsections (b) and (e) of this section.—

(1) Costs**(A) In general**

Costs shall normally be calculated based on the records of the exporter or producer of the merchandise, if such records are kept in accordance with the generally accepted accounting principles of the exporting country (or the producing country, where appropriate) and reasonably reflect the costs associated with the production and sale of the merchandise. The administering authority shall consider all available evidence on the proper allocation of costs, including that which is made available by the exporter or producer on a timely basis, if such allocations have been historically used by the exporter or producer, in particular for establishing appropriate amortization and depreciation periods, and allowances for capital expenditures and other development costs.

(B) Nonrecurring costs

Costs shall be adjusted appropriately for those nonrecurring costs that benefit current or future production, or both.

(C) Startup costs**(i) In general**

Costs shall be adjusted appropriately for circumstances in which costs incurred during the time period covered by the investigation or review are affected by startup operations.

(ii) Startup operations

Adjustments shall be made for startup operations only where—

(I) a producer is using new production facilities or producing a new product that requires substantial additional investment, and

(II) production levels are limited by technical factors associated with the initial phase of commercial production.

For purposes of subclause (II), the initial phase of commercial production ends at the end of the startup period. In determining whether commercial production levels have been achieved, the administering authority shall consider factors unrelated to startup operations that might affect the volume of production processed, such as demand, seasonality, or business cycles.

(iii) Adjustment for startup operations

The adjustment for startup operations shall be made by substituting the unit production costs incurred with respect to the merchandise at the end of the startup period for the unit production costs incurred during the startup period. If the startup period extends beyond the period of the investigation or review under this subtitle, the administering authority shall use the most recent cost of production data that it reasonably can obtain, analyze, and verify without delaying the timely completion of the investigation or review. For purposes of this subparagraph, the startup period ends at the point at which the level of commercial production that is characteris-

tic of the merchandise, producer, or industry concerned is achieved.

(2) Transactions disregarded

A transaction directly or indirectly between affiliated persons may be disregarded if, in the case of any element of value required to be considered, the amount representing that element does not fairly reflect the amount usually reflected in sales of merchandise under consideration in the market under consideration. If a transaction is disregarded under the preceding sentence and no other transactions are available for consideration, the determination of the amount shall be based on the information available as to what the amount would have been if the transaction had occurred between persons who are not affiliated.

(3) Major input rule

If, in the case of a transaction between affiliated persons involving the production by one of such persons of a major input to the merchandise, the administering authority has reasonable grounds to believe or suspect that an amount represented as the value of such input is less than the cost of production of such input, then the administering authority may determine the value of the major input on the basis of the information available regarding such cost of production, if such cost is greater than the amount that would be determined for such input under paragraph (2).

Fluctuations in exchange rates shall be ignored.

(b) Sustained movement in foreign currency value

§ 1677e. Determinations on basis of facts available

(a) In general

If—

(1) necessary information is not available on the record, or

(2) an interested party or any other person—

(A) withholds information that has been requested by the administering authority or the Commission under this subtitle,

(B) fails to provide such information by the deadlines for submission of the information or in the form and manner requested, subject to subsections (c)(1) and (e) of section 1677m of this title,

the administering authority and the Commission shall, subject to section 1677m(d) of this title, use the facts otherwise available in reaching the applicable determination under this subtitle.

(b) Adverse inferences

If the administering authority or the Commission (as the case may be) finds that an interested party has failed to cooperate by not acting to the best of its ability to comply with a request for information from the administering authority or the Commission, the administering authority or the Commission (as the case may be), in reaching the applicable determination under this subtitle, may use an inference that is adverse to the interests of that party in selecting from among the facts otherwise available. Such adverse inference may include reliance on information derived from—

(1) the petition,

(2) a final determination in the investigation under this subtitle,

(3) any previous review under section 1675 of this title or determination under section 1675b of this title, or

(4) any other information placed on the record.

(c) Corroboration of secondary information

When the administering authority or the Commission relies on secondary information rather than on information obtained in the course of an investigation or review, the administering authority or the Commission, as the case may be, shall, to the extent practicable, corroborate that information from independent sources that are reasonably at their disposal.

(June 17, 1930, ch. 497, title VII, § 776, as added Pub. L. 96-39, title I, § 101, July 26, 1979, 93 Stat. 186; amended Pub. L. 98-573, title VI, § 618, Oct. 30, 1984, 98 Stat. 3037; Pub. (b)(3)(A) of this section by substituting “section 1677(9)(C), (D), (E), (F), or (G) of this title” for “section 1677(9)(C), (D), (E), or (F) of this title” to reflect the probable intent of Congress.

1984—Subsec. (a). Pub. L. 98-573 amended subsec. (a) generally, which prior to amendment read as follows: “Except with respect to information the verification of which is waived under section 1673b(b)(2) of this title, the administering authority shall verify all information relied upon in making a final determination in an investigation. In publishing such a determination, the administering authority shall report the methods and procedures used to verify such information. If the administering authority is unable to verify the accuracy of the information submitted, it shall use the best information available to it as the basis for its determination, which may include the information submitted in support of the petition.”

EFFECTIVE DATE OF 1994 AMENDMENT

§ 1677f. Access to information

(a) Information generally made available

(1) Public information function

There shall be established a library of information relating to foreign subsidy practices and countervailing measures. Copies of material in the library shall be made available to the public upon payment of the costs of preparing such copies.

(2) Progress of investigation reports

The administering authority and the Commission shall, from time to time upon request, inform the parties to an investigation of the progress of that investigation.

(3) Ex parte meetings

The administering authority and the Commission shall maintain a record of any ex parte meeting between—

(A) interested parties or other persons providing factual information in connection with a proceeding, and

(B) the person charged with making the determination, or any person charged with making a final recommendation to that person, in connection with that proceeding,

if information relating to that proceeding was presented or discussed at such meeting. The record of such an ex parte meeting shall include the identity of the persons present at the meeting, the date, time, and place of the meeting, and a summary of the matters discussed or submitted. The record of the ex parte meeting shall be included in the record of the proceeding.

(4) Summaries; non-proprietary submissions

The administering authority and the Commission shall disclose—

(A) any proprietary information received in the course of a proceeding if it is disclosed in a form which cannot be associated with, or otherwise be used to identify, operations of a particular person, and

(B) any information submitted in connection with a proceeding which is not designated as proprietary by the person submitting it.

(b) Proprietary information

(1) Proprietary status maintained

(A) In general

Except as provided in subsection (a)(4)(A) of this section and subsection (c) of this section, information submitted to the administering authority or the Commission which is designated as proprietary by the person submitting the information shall not be disclosed to any person without the consent of the person submitting the information, other than—

(i) to an officer or employee of the administering authority or the Commission who is directly concerned with carrying out the investigation in connection with which the information is submitted or any review under this subtitle covering the same subject merchandise, or

(ii) to an officer or employee of the United States Customs Service who is directly involved in conducting an investigation regarding fraud under this subtitle.

(B) Additional requirements

The administering authority and the Commission shall require that information for which proprietary treatment is requested be accompanied by—

(i) either—

(I) a non-proprietary summary in sufficient detail to permit a reasonable understanding of the substance of the information submitted in confidence, or

(II) a statement that the information is not susceptible to summary accompanied by a statement of the reasons in support of the contention, and

(ii) either—

(I) a statement which permits the administering authority or the Commis-

sion to release under administrative protective order, in accordance with subsection (c) of this section, the information submitted in confidence, or

(II) a statement to the administering authority or the Commission that the business proprietary information is of a type that should not be released under administrative protective order.

(2) Unwarranted designation

If the administering authority of the Commission determines, on the basis of the nature and extent of the information or its availability from public sources, that designation of any information as proprietary is unwarranted, then it shall notify the person who submitted it and ask for an explanation of the reasons for the designation. Unless that person persuades the administering authority or the Commission that the designation is warranted, or withdraws the designation, the administering authority or the Commission, as the case may be, shall return it to the party submitting it. In a case in which the administering authority or the Commission returns the information to the person submitting it, the person may thereafter submit other material concerning the subject matter of the returned information if the submission is made within the time otherwise provided for submitting such material.

(3) Section 1675 reviews

Notwithstanding the provisions of paragraph (1), information submitted to the administering authority or the Commission in connection with a review under section 1675(b) or 1675(c) of this title which is designated as proprietary by the person submitting the information may, if the review results in the revocation of an order or finding (or termination of a suspended investigation) under section 1675(d) of this title, be used by the agency to which the information was originally submitted in any investigation initiated within 2 years after the date of the revocation or termination pursuant to a petition covering the same subject merchandise.

(c) Limited disclosure of certain proprietary information under protective order

(1) Disclosure by administering authority or Commission

(A) In general

Upon receipt of an application (before or after receipt of the information requested) which describes in general terms the information requested and sets forth the reasons for the request, the administering authority or the Commission shall make all business proprietary information presented to, or obtained by it, during a proceeding (except privileged information, classified information, and specific information of a type for which there is a clear and compelling need to withhold from disclosure) available to interested parties who are parties to the proceeding under a protective order described in subparagraph (B), regardless of when the information is submitted during a proceeding.

Customer names obtained during any investigation which requires a determination under section 1671d(b) or 1673d(b) of this title may not be disclosed by the administering authority under protective order until either an order is published under section 1671e(a) or 1673e(a) of this title as a result of the investigation or the investigation is suspended or terminated. The Commission may delay disclosure of customer names under protective order during any such investigation until a reasonable time prior to any hearing provided under section 1677c of this title.

(B) Protective order

The protective order under which information is made available shall contain such requirements as the administering authority or the Commission may determine by regulation to be appropriate. The administering authority and the Commission shall provide by regulation for such sanctions as the administering authority and the Commission determine to be appropriate, including disbarment from practice before the agency.

(C) Time limitation on determinations

The administering authority or the Commission, as the case may be, shall determine whether to make information available under this paragraph—

(i) not later than 14 days (7 days if the submission pertains to a proceeding under section 1671b(a) or 1673b(a) of this title) after the date on which the information is submitted, or

(ii) if—

(I) the person that submitted the information raises objection to its release, or

(II) the information is unusually voluminous or complex,

not later than 30 days (10 days if the submission pertains to a proceeding under section 1671b(a) or 1673b(a) of this title) after the date on which the information is submitted.

(D) Availability after determination

If the determination under subparagraph (C) is affirmative, then—

(i) the business proprietary information submitted to the administering authority or the Commission on or before the date of the determination shall be made available, subject to the terms and conditions of the protective order, on such date; and

(ii) the business proprietary information submitted to the administering authority or the Commission after the date of the determination shall be served as required by subsection (d) of this section.

(E) Failure to disclose

If a person submitting information to the administering authority refuses to disclose business proprietary information which the administering authority determines should be released under a protective order described in subparagraph (B), the administering authority shall return the information, and any nonconfidential summary thereof, to the person submitting the information and summary and shall not consider either.

(2) Disclosure under court order

If the administering authority denies a request for information under paragraph (1), then application may be made to the United States Customs Court for an order directing the administering authority or the Commission to make the information available. After notification of all parties to the investigation and after an opportunity for a hearing on the record, the court may issue an order, under such conditions as the court deems appropriate, which shall not have the effect of stopping or suspending the investigation, directing the administering authority or the Commission to make all or a portion of the requested information described in the preceding sentence available under a protective order and setting forth sanctions for violation of such order if the court finds that, under the standards applicable in proceedings of the court, such an order is warranted, and that—

(A) the administering authority or the Commission has denied access to the information under subsection (b)(1) of this section,

(B) the person on whose behalf the information is requested is an interested party who is a party to the investigation in connection with which the information was obtained or developed, and

(C) the party which submitted the information to which the request relates has been notified, in advance of the hearing, of the request made under this section and of its right to appear and be heard.

(d) Service

Any party submitting written information, including business proprietary information, to the administering authority or the Commission during a proceeding shall, at the same time, serve the information upon all interested parties who are parties to the proceeding, if the information is covered by a protective order. The administering authority or the Commission shall not accept any such information that is not accompanied by a certificate of service and a copy of the protective order version of the document containing the information. Business proprietary information shall only be served upon interested parties who are parties to the proceeding that are subject to protective order; however, a nonconfidential summary thereof shall be served upon all other interested parties who are parties to the proceeding.

(e) Repealed. Pub. L. 103-465, title II, § 231(d)(1), Dec. 8, 1994, 108 Stat. 4897

(f) Disclosure of proprietary information under protective orders issued pursuant to the North American Free Trade Agreement or the United States-Canada Agreement

(1) Issuance of protective orders**(A) In general**

If binational panel review of a determination under this subtitle is requested pursuant to article 1904 of the NAFTA or the United States-Canada Agreement, or an extraordinary challenge committee is convened under Annex 1904.13 of the NAFTA or

the United States-Canada Agreement, the administering authority or the Commission, as appropriate, may make available to authorized persons, under a protective order described in paragraph (2), a copy of all proprietary material in the administrative record made during the proceeding in question. If the administering authority or the Commission claims a privilege as to a document or portion of a document in the administrative record of the proceeding in question and a binational panel or extraordinary challenge committee finds that in camera inspection or limited disclosure of that document or portion thereof is required by United States law, the administering authority or the Commission, as appropriate, may restrict access to such document or portion thereof to the authorized persons identified by the panel or committee as requiring access and may require such persons to obtain access under a protective order described in paragraph (2).

(B) Authorized persons

For purposes of this subsection, the term “authorized persons” means—

(i) the members of, and the appropriate staff of, the binational panel or the extraordinary challenge committee, as the case may be, and the Secretariat,

(ii) counsel for parties to such panel or committee proceeding, and employees, and persons under the direction and control, of such counsel,

(iii) any officer or employee of the United States Government designated by the administering authority or the Commission, as appropriate, to whom disclosure is necessary in order to make recommendations to the Trade Representative regarding the convening of extraordinary challenge committees under chapter 19 of the NAFTA or the Agreement, and

(iv) any officer or employee of the Government of a free trade area country (as defined in section 1516a(f)(10) of this title) designated by an authorized agency of such country to whom disclosure is necessary in order to make decisions regarding the convening of extraordinary challenge committees under chapter 19 of the NAFTA or the Agreement.

(C) Review

A decision concerning the disclosure or nondisclosure of material under protective order by the administering authority or the Commission shall not be subject to judicial review, and no court of the United States shall have power or jurisdiction to review such decision on any question of law or fact by an action in the nature of mandamus or otherwise.

(2) Contents of protective order

Each protective order issued under this subsection shall be in such form and contain such requirements as the administering authority or the Commission may determine by regulation to be appropriate. The administering authority and the Commission shall ensure that

regulations issued pursuant to this paragraph shall be designed to provide an opportunity for participation in the binational panel proceeding, including any extraordinary challenge, equivalent to that available for judicial review of determinations by the administering authority or the Commission that are not subject to review by a binational panel.

(3) Prohibited acts

It is unlawful for any person to violate, to induce the violation of, or knowingly to receive information the receipt of which constitutes a violation of, any provision of a protective order issued under this subsection or to violate, to induce the violation of, or knowingly to receive information the receipt of which constitutes a violation of, any provision of an undertaking entered into with an authorized agency of a free trade area country (as defined in section 1516a(f)(10) of this title) to protect proprietary material during binational panel or extraordinary challenge committee review pursuant to article 1904 of the NAFTA or the United States-Canada Agreement.

(4) Sanctions for violation of protective orders

Any person, except a judge appointed to a binational panel or an extraordinary challenge committee under section 3432(b) of this title, who is found by the administering authority or the Commission, as appropriate, after notice and an opportunity for a hearing in accordance with section 554 of title 5 to have committed an act prohibited by paragraph (3) shall be liable to the United States for a civil penalty and shall be subject to such other administrative sanctions, including, but not limited to, debarment from practice before the administering authority or the Commission, as the administering authority or the Commission determines to be appropriate. The amount of the civil penalty shall not exceed \$100,000 for each violation. Each day of a continuing violation shall constitute a separate violation. The amount of such civil penalty and other sanctions shall be assessed by the administering authority or the Commission by written notice, except that assessment shall be made by the administering authority for violation, inducement of a violation or receipt of information with reason to know that such information was disclosed in violation, of an undertaking entered into by any person with an authorized agency of a free trade area country (as defined in section 1516a(f)(10) of this title).

(5) Review of sanctions

Any person against whom sanctions are imposed under paragraph (4) may obtain review of such sanctions by filing a notice of appeal in the United States Court of International Trade within 30 days from the date of the order imposing the sanction and by simultaneously sending a copy of such notice by certified mail to the administering authority or the Commission, as appropriate. The administering authority or the Commission shall promptly file in such court a certified copy of the record upon which such violation was

found or such sanction imposed, as provided in section 2112 of title 28. The findings and order of the administering authority or the Commission shall be set aside by the court only if the court finds that such findings and order are not supported by substantial evidence, as provided in section 706(2) of title 5.

(6) Enforcement of sanctions

If any person fails to pay an assessment of a civil penalty or to comply with other administrative sanctions after the order imposing such sanctions becomes a final and unappealable order, or after the United States Court of International Trade has entered final judgment in favor of the administering authority or the Commission, an action may be filed in such court to enforce the sanctions. In such action, the validity and appropriateness of the final order imposing the sanctions shall not be subject to review.

(7) Testimony and production of papers

(A) Authority to obtain information

For the purpose of conducting any hearing and carrying out other functions and duties under this subsection, the administering authority and the Commission, or their duly authorized agents—

(i) shall have access to and the right to copy any pertinent document, paper, or record in the possession of any individual, partnership, corporation, association, organization, or other entity,

(ii) may summon witnesses, take testimony, and administer oaths,

(iii) and may require any individual or entity to produce pertinent documents, books, or records.

Any member of the Commission, and any person so designated by the administering authority, may sign subpoenas, and members and agents of the administering authority and the Commission, when authorized by the administering authority or the Commission, as appropriate, may administer oaths and affirmations, examine witnesses, take testimony, and receive evidence.

(B) Witnesses and evidence

The attendance of witnesses who are authorized to be summoned, and the production of documentary evidence authorized to be ordered, under subparagraph (A) may be required from any place in the United States at any designated place of hearing. In the case of disobedience to a subpoena issued under subparagraph (A), an action may be filed in any district or territorial court of the United States to require the attendance and testimony of witnesses and the production of documentary evidence. Such court, within the jurisdiction of which such inquiry is carried on, may, in case of contumacy or refusal to obey a subpoena issued to any individual, partnership, corporation, association, organization or other entity, issue any order requiring such individual or entity to appear before the administering authority or the Commission, or to produce documentary evidence if so ordered or to give evidence

concerning the matter in question. Any failure to obey such order of the court may be punished by the court as a contempt thereof.

(C) Mandamus

Any court referred to in subparagraph (B) shall have jurisdiction to issue writs of mandamus commanding compliance with the provisions of this subsection or any order of the administering authority or the Commission made in pursuance thereof.

(D) Depositions

For purposes of carrying out any functions or duties under this subsection, the administering authority or the Commission may order testimony to be taken by deposition. Such deposition may be taken before any person designated by the administering authority or Commission and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition, or under the direction of such person, and shall then be subscribed by the deponent. Any individual, partnership, corporation, association, organization or other entity may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the administering authority or Commission, as provided in this paragraph.

(E) Fees and mileage of witnesses

Witnesses summoned before the administering authority or the Commission shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

(g) Information relating to violations of protective orders and sanctions

The administering authority and the Commission may withhold from disclosure any correspondence, private letters of reprimand, settlement agreements, and documents and files compiled in relation to investigations and actions involving a violation or possible violation of a protective order issued under subsection (c) or (d) of this section, and such information shall be treated as information described in section 552(b)(3) of title 5.

(h) Opportunity for comment by consumers and industrial users

The administering authority and the Commission shall provide an opportunity for industrial users of the subject merchandise and, if the merchandise is sold at the retail level, for representative consumer organizations, to submit relevant information to the administering authority concerning dumping or a countervailable subsidy, and to the Commission concerning material injury by reason of dumped or subsidized imports.

(i) Publication of determinations; requirements for final determinations

(1) In general

Whenever the administering authority makes a determination under section 1671a or 1673a of this title whether to initiate an inves-

(iv) the primary reasons for the determination; and

(B) in the case of a determination of the Commission—

(i) considerations relevant to the determination of injury, and

(ii) the primary reasons for the determination.

(3) Additional requirements for final determinations

In addition to the requirements set forth in paragraph (2)—

(A) the administering authority shall include in a final determination described in paragraph (1) an explanation of the basis for its determination that addresses relevant arguments, made by interested parties who are parties to the investigation or review (as the case may be), concerning the establishment of dumping or a countervailable subsidy, or the suspension of the investigation, with respect to which the determination is made; and

(B) the Commission shall include in a final determination of injury an explanation of the basis for its determination that address-

§ 1677f-1. Sampling and averaging; determination of weighted average dumping margin and countervailable subsidy rate

(a) In general

For purposes of determining the export price (or constructed export price) under section 1677a of this title or the normal value under section 1677b of this title, and in carrying out reviews under section 1675 of this title, the administering authority may—

(1) use averaging and statistically valid samples, if there is a significant volume of sales of the subject merchandise or a significant number or types of products, and

(2) decline to take into account adjustments which are insignificant in relation to the price or value of the merchandise.

(b) Selection of averages and samples

The authority to select averages and statistically valid samples shall rest exclusively with

the administering authority. The administering authority shall, to the greatest extent possible, consult with the exporters and producers regarding the method to be used to select exporters, producers, or types of products under this section.

(c) Determination of dumping margin

(1) General rule

In determining weighted average dumping margins under section 1673b(d), 1673d(c), or 1675(a) of this title, the administering authority shall determine the individual weighted average dumping margin for each known exporter and producer of the subject merchandise.

(2) Exception

If it is not practicable to make individual weighted average dumping margin determinations under paragraph (1) because of the large number of exporters or producers involved in the investigation or review, the administering authority may determine the weighted average dumping margins for a reasonable number of exporters or producers by limiting its examination to—

(A) a sample of exporters, producers, or types of products that is statistically valid based on the information available to the administering authority at the time of selection, or

(B) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that can be reasonably examined.

(d) Determination of less than fair value

(1) Investigations

(A) In general

In an investigation under part II of this subtitle, the administering authority shall determine whether the subject merchandise is being sold in the United States at less than fair value—

(i) by comparing the weighted average of the normal values to the weighted average of the export prices (and constructed export prices) for comparable merchandise, or

(ii) by comparing the normal values of individual transactions to the export prices (or constructed export prices) of individual transactions for comparable merchandise.

(B) Exception

The administering authority may determine whether the subject merchandise is being sold in the United States at less than fair value by comparing the weighted average of the normal values to the export prices (or constructed export prices) of individual transactions for comparable merchandise, if—

(i) there is a pattern of export prices (or constructed export prices) for comparable merchandise that differ significantly among purchasers, regions, or periods of time, and

(ii) the administering authority explains why such differences cannot be taken into

account using a method described in paragraph (1)(A)(i) or (ii).

(2) Reviews

In a review under section 1675 of this title, when comparing export prices (or constructed export prices) of individual transactions to the weighted average price of sales of the foreign like product, the administering authority shall limit its averaging of prices to a period not exceeding the calendar month that corresponds most closely to the calendar month of the individual export sale.

(e) Determination of countervailable subsidy rate

(1) General rule

In determining countervailable subsidy rates under section 1671b(d), 1671d(c), or 1675(a) of this title, the administering authority shall determine an individual countervailable subsidy rate for each known exporter or producer of the subject merchandise.

(2) Exception

If the administering authority determines that it is not practicable to determine individual countervailable subsidy rates under paragraph (1) because of the large number of exporters or producers involved in the investigation or review, the administering authority may—

(A) determine individual countervailable subsidy rates for a reasonable number of exporters or producers by limiting its examination to—

(i) a sample of exporters or producers that the administering authority determines is statistically valid based on the information available to the administering authority at the time of selection, or

(ii) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that the administering authority determines can be reasonably examined; or

(B) determine a single country-wide subsidy rate to be applied to all exporters and producers.

The individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 1671d(c)(5) of this title.

§ 1677i. Downstream product monitoring

(a) Petition requesting monitoring

(1) In general

A domestic producer of an article that is like a component part or a downstream product may petition the administering authority to designate a downstream product for monitoring under subsection (b) of this section. The petition shall specify—

(A) the downstream product,

(B) the component product incorporated into such downstream product, and

(C) the reasons for suspecting that the imposition of antidumping or countervailing duties has resulted in a diversion of exports of the component part into increased production and exportation to the United States of such downstream product.

(2) Determination regarding petition

Within 14 days after receiving a petition submitted under paragraph (1), the administering authority shall determine—

(A) whether there is a reasonable likelihood that imports into the United States of the downstream product will increase as an indirect result of any diversion with respect to the component part, and

(B) whether—

(i) the component part is already subject to monitoring to aid in the enforcement of

¹ See References in Text note below.

a bilateral arrangement (within the meaning of section 804 of the Trade and Tariff Act of 1984),

(ii) merchandise related to the component part and manufactured in the same foreign country in which the component part is manufactured has been the subject of a significant number of investigations suspended under section 1671c or 1673c of this title or countervailing or antidumping duty orders issued under this subtitle or section 1303¹ of this title, or

(iii) merchandise manufactured or exported by the manufacturer or exporter of the component part that is similar in description and use to the component part has been the subject of at least 2 investigations suspended under section 1671c or 1673c of this title or countervailing or antidumping duty orders issued under this subtitle or section 1303¹ of this title.

(3) Factors to take into account

In making a determination under paragraph (2)(A), the administering authority may, if appropriate, take into account such factors as—

(A) the value of the component part in relation to the value of the downstream product,

(B) the extent to which the component part has been substantially transformed as a result of its incorporation into the downstream product, and

(C) the relationship between the producers of component parts and producers of downstream products.

(4) Publication of determination

The administering authority shall publish in the Federal Register notice of each determination made under paragraph (2) and, if the determination made under paragraph (2)(A) and a determination made under any subparagraph of paragraph (2)(B) are affirmative, shall transmit a copy of such determinations and the petition to the Commission.

(5) Determinations not subject to judicial review

Notwithstanding any other provision of law, any determination made by the administering authority under paragraph (2) shall not be subject to judicial review.

(b) Monitoring by Commission

(1) In general

If the determination made under subsection (a)(2)(A) of this section and a determination made under any clause of subsection (a)(2)(B) of this section with respect to a petition are affirmative, the Commission shall immediately commence monitoring of trade in the downstream product that is the subject of the determination made under subsection (a)(2)(A) of this section. If the Commission finds that imports of a downstream product being monitored increased during any calendar quarter by 5 percent or more over the preceding quarter, the Commission shall analyze that increase in the context of overall economic conditions in the product sector.

(2) Reports

The Commission shall make quarterly reports to the administering authority regarding the monitoring and analyses conducted under paragraph (1). The Commission shall make the reports available to the public.

(c) Action on basis of monitoring reports

The administering authority shall review the information in the reports submitted by the Commission under subsection (b)(2) of this section and shall—

(1) consider the information in determining whether to initiate an investigation under section 1671a(a) or 1673a(a) of this title regarding any downstream product, and

(2) request the Commission to cease monitoring any downstream product if the information indicates that imports into the United States are not increasing and there is no reasonable likelihood of diversion with respect to component parts.

(d) Definitions

For purposes of this section—

(1) The term “component part” means any imported article that—

(A) during the 5-year period ending on the date on which the petition is filed under subsection (a) of this section, has been subject to—

(i) a countervailing or antidumping duty order issued under this subtitle or section 1303¹ of this title that requires the deposit of estimated countervailing or antidumping duties imposed at a rate of at least 15 percent ad valorem, or

(ii) an agreement entered into under section 1671c, 1673c, or 1303¹ of this title after a preliminary affirmative determination under section 1671b(b), 1673b(b)(1), or 1303¹ of this title was made by the administering authority which included a determination that the estimated net countervailable subsidy was at least 15 percent ad valorem or that the estimated average amount by which the normal value exceeded the export price (or the constructed export price) was at least 15 percent ad valorem, and

(B) because of its inherent characteristics, is routinely used as a major part, component, assembly, subassembly, or material in a downstream product.

(2) The term “downstream product” means any manufactured article—

(A) which is imported into the United States, and

(B) into which is incorporated any component part.

(June 17, 1930, ch. 497, title VII, § 780, as added Pub. L. 100-418, title I, § 1320(a), Aug. 23, 1988, 102 Stat. 1189; amended Pub. L. 103-465, title II, §§ 233(a)(1)(E), (2)(A)(vi), 261(d)(1)(B)(iv), 270(a)(1)(M), Dec. 8, 1994, 108 Stat. 4898, 4910, 4917.)

§ 1677j. Prevention of circumvention of anti-dumping and countervailing duty orders

(a) Merchandise completed or assembled in United States

(1) In general

If—

(A) merchandise sold in the United States is of the same class or kind as any other merchandise that is the subject of—

(i) an antidumping duty order issued under section 1673e of this title,

(ii) a finding issued under the Antidumping Act, 1921, or

(iii) a countervailing duty order issued under section 1671e of this title or section 1303¹ of this title,

(B) such merchandise sold in the United States is completed or assembled in the United States from parts or components produced in the foreign country with respect to which such order or finding applies,

(C) the process of assembly or completion in the United States is minor or insignificant, and

(D) the value of the parts or components referred to in subparagraph (B) is a significant portion of the total value of the merchandise,

the administering authority, after taking into account any advice provided by the Commission under subsection (e) of this section, may include within the scope of such order or finding the imported parts or components referred to in subparagraph (B) that are used in the completion or assembly of the merchandise in the United States at any time such order or finding is in effect.

(2) Determination of whether process is minor or insignificant

In determining whether the process of assembly or completion is minor or insignificant under paragraph (1)(C), the administering authority shall take into account—

(A) the level of investment in the United States,

(B) the level of research and development in the United States,

(C) the nature of the production process in the United States,

(D) the extent of production facilities in the United States, and

(E) whether the value of the processing performed in the United States represents a small proportion of the value of the merchandise sold in the United States.

(3) Factors to consider

In determining whether to include parts or components in a countervailing or antidumping duty order or finding under paragraph (1), the administering authority shall take into account such factors as—

(A) the pattern of trade, including sourcing patterns,

(B) whether the manufacturer or exporter of the parts or components is affiliated with the person who assembles or completes the merchandise sold in the United States from the parts or components produced in the foreign country with respect to which the order or finding described in paragraph (1) applies, and

(C) whether imports into the United States of the parts or components produced in such foreign country have increased after the initiation of the investigation which resulted in the issuance of such order or finding.

(b) Merchandise completed or assembled in other foreign countries

(1) In general

If—

(A) merchandise imported into the United States is of the same class or kind as any merchandise produced in a foreign country that is the subject of—

(i) an antidumping duty order issued under section 1673e of this title,

(ii) a finding issued under the Antidumping Act, 1921, or

(iii) a countervailing duty order issued under section 1671e of this title or section 1303¹ of this title,

(B) before importation into the United States, such imported merchandise is completed or assembled in another foreign country from merchandise which—

(i) is subject to such order or finding, or

(ii) is produced in the foreign country with respect to which such order or finding applies,

(C) the process of assembly or completion in the foreign country referred to in subparagraph (B) is minor or insignificant,

(D) the value of the merchandise produced in the foreign country to which the antidumping duty order applies is a significant

¹ See References in Text note below.

portion of the total value of the merchandise exported to the United States, and

(E) the administering authority determines that action is appropriate under this paragraph to prevent evasion of such order or finding,

the administering authority, after taking into account any advice provided by the Commission under subsection (e) of this section, may include such imported merchandise within the scope of such order or finding at any time such order or finding is in effect.

(2) Determination of whether process is minor or insignificant

In determining whether the process of assembly or completion is minor or insignificant under paragraph (1)(C), the administering authority shall take into account—

(A) the level of investment in the foreign country,

(B) the level of research and development in the foreign country,

(C) the nature of the production process in the foreign country,

(D) the extent of production facilities in the foreign country, and

(E) whether the value of the processing performed in the foreign country represents a small proportion of the value of the merchandise imported into the United States.

(3) Factors to consider

In determining whether to include merchandise assembled or completed in a foreign country in a countervailing duty order or an antidumping duty order or finding under paragraph (1), the administering authority shall take into account such factors as—

(A) the pattern of trade, including sourcing patterns,

(B) whether the manufacturer or exporter of the merchandise described in paragraph (1)(B) is affiliated with the person who uses the merchandise described in paragraph (1)(B) to assemble or complete in the foreign country the merchandise that is subsequently imported into the United States, and

(C) whether imports into the foreign country of the merchandise described in paragraph (1)(B) have increased after the initiation of the investigation which resulted in the issuance of such order or finding.

(c) Minor alterations of merchandise

(1) In general

The class or kind of merchandise subject to—

(A) an investigation under this subtitle,

(B) an antidumping duty order issued under section 1673e of this title,

(C) a finding issued under the Antidumping Act, 1921, or

(D) a countervailing duty order issued under section 1671e of this title or section 1303² of this title,

shall include articles altered in form or appearance in minor respects (including raw ag-

ricultural products that have undergone minor processing), whether or not included in the same tariff classification.

(2) Exception

Paragraph (1) shall not apply with respect to altered merchandise if the administering authority determines that it would be unnecessary to consider the altered merchandise within the scope of the investigation, order, or finding.

(d) Later-developed merchandise

(1) In general

For purposes of determining whether merchandise developed after an investigation is initiated under this subtitle or section 1303² of this title (hereafter in this paragraph referred to as the “later-developed merchandise”) is within the scope of an outstanding antidumping or countervailing duty order issued under this subtitle or section 1303² of this title as a result of such investigation, the administering authority shall consider whether—

(A) the later-developed merchandise has the same general physical characteristics as the merchandise with respect to which the order was originally issued (hereafter in this paragraph referred to as the “earlier product”),

(B) the expectations of the ultimate purchasers of the later-developed merchandise are the same as for the earlier product,

(C) the ultimate use of the earlier product and the later-developed merchandise are the same,

(D) the later-developed merchandise is sold through the same channels of trade as the earlier product, and

(E) the later-developed merchandise is advertised and displayed in a manner similar to the earlier product.

The administering authority shall take into account any advice provided by the Commission under subsection (e) of this section before making a determination under this subparagraph.

(2) Exclusion from orders

The administering authority may not exclude a later-developed merchandise from a countervailing or antidumping duty order merely because the merchandise—

(A) is classified under a tariff classification other than that identified in the petition or the administering authority’s prior notices during the proceeding, or

(B) permits the purchaser to perform additional functions, unless such additional functions constitute the primary use of the merchandise and the cost of the additional functions constitute more than a significant proportion of the total cost of production of the merchandise.

(e) Commission advice

(1) Notification to Commission of proposed action

Before making a determination—

(A) under subsection (a) of this section with respect to merchandise completed or

² See References in Text note below.

assembled in the United States (other than minor completion or assembly),

(B) under subsection (b) of this section with respect to merchandise completed or assembled in other foreign countries, or

(C) under subsection (d) of this section with respect to any later-developed merchandise which incorporates a significant technological advance or significant alteration of an earlier product,

with respect to an antidumping or countervailing duty order or finding as to which the Commission has made an affirmative injury determination, the administering authority shall notify the Commission of the proposed inclusion of such merchandise in such countervailing or antidumping order or finding. Notwithstanding any other provision of law, a decision by the administering authority regarding whether any merchandise is within a category for which notice is required under this paragraph is not subject to judicial review.

(2) Request for consultation

After receiving notice under paragraph (1), the Commission may request consultations with the administering authority regarding the inclusion. Upon the request of the Commission, the administering authority shall consult with the Commission and any such consultation shall be completed within 15 days after the date of the request.

(3) Commission advice

If the Commission believes, after consultation under paragraph (2), that a significant injury issue is presented by the proposed inclusion, the Commission may provide written advice to the administering authority as to whether the inclusion would be inconsistent with the affirmative determination of the Commission on which the order or finding is based. If the Commission decides to provide such written advice, it shall promptly notify the administering authority of its intention to do so, and must provide such advice within 60 days after the date of notification under paragraph (1). For purposes of formulating its advice with respect to merchandise completed or assembled in the United States from parts or components produced in a foreign country, the Commission shall consider whether the inclusion of such parts or components taken as a whole would be inconsistent with its prior affirmative determination.

(f) Time limits for administering authority determinations

The administering authority shall, to the maximum extent practicable, make the determinations under this section within 300 days from the date of the initiation of a countervailing duty or antidumping circumvention inquiry under this section.

§ 1677m. Conduct of investigations and administrative reviews

(a) Treatment of voluntary responses in countervailing or antidumping duty investigations and reviews

In any investigation under part I or II of this subtitle or a review under section 1675(a) of this title in which the administering authority has, under section 1677f-1(c)(2) of this title or section 1677f-1(e)(2)(A) of this title (whichever is applicable), limited the number of exporters or producers examined, or determined a single country-wide rate, the administering authority shall establish an individual countervailable subsidy rate or an individual weighted average dumping margin for any exporter or producer not initially selected for individual examination under such sections who submits to the administering authority the information requested from exporters or producers selected for examination, if—

(1) such information is so submitted by the date specified—

(A) for exporters and producers that were initially selected for examination, or

(B) for the foreign government, in a countervailing duty case where the administering authority has determined a single country-wide rate; and

(2) the number of exporters or producers who have submitted such information is not so large that individual examination of such exporters or producers would be unduly burdensome and inhibit the timely completion of the investigation.

(b) Certification of submissions

Any person providing factual information to the administering authority or the Commission in connection with a proceeding under this subtitle on behalf of the petitioner or any other interested party shall certify that such information is accurate and complete to the best of that person's knowledge.

(c) Difficulties in meeting requirements

(1) Notification by interested party

If an interested party, promptly after receiving a request from the administering authority or the Commission for information, notifies the administering authority or the Commission (as the case may be) that such party is unable to submit the information requested in the requested form and manner, together with a full explanation and suggested alternative forms in which such party is able to submit the information, the administering au-

thority or the Commission (as the case may be) shall consider the ability of the interested party to submit the information in the requested form and manner and may modify such requirements to the extent necessary to avoid imposing an unreasonable burden on that party.

(2) Assistance to interested parties

The administering authority and the Commission shall take into account any difficulties experienced by interested parties, particularly small companies, in supplying information requested by the administering authority or the Commission in connection with investigations and reviews under this subtitle, and shall provide to such interested parties any assistance that is practicable in supplying such information.

(d) Deficient submissions

If the administering authority or the Commission determines that a response to a request for information under this subtitle does not comply with the request, the administering authority or the Commission (as the case may be) shall promptly inform the person submitting the response of the nature of the deficiency and shall, to the extent practicable, provide that person with an opportunity to remedy or explain the deficiency in light of the time limits established for the completion of investigations or reviews under this subtitle. If that person submits further information in response to such deficiency and either—

- (1) the administering authority or the Commission (as the case may be) finds that such response is not satisfactory, or
- (2) such response is not submitted within the applicable time limits,

then the administering authority or the Commission (as the case may be) may, subject to subsection (e) of this section, disregard all or part of the original and subsequent responses.

(e) Use of certain information

In reaching a determination under section 1671b, 1671d, 1673b, 1673d, 1675, or 1675b of this title the administering authority and the Commission shall not decline to consider information that is submitted by an interested party and is necessary to the determination but does not meet all the applicable requirements established by the administering authority or the Commission, if—

- (1) the information is submitted by the deadline established for its submission,
- (2) the information can be verified,
- (3) the information is not so incomplete that it cannot serve as a reliable basis for reaching the applicable determination,
- (4) the interested party has demonstrated that it acted to the best of its ability in providing the information and meeting the requirements established by the administering authority or the Commission with respect to the information, and
- (5) the information can be used without undue difficulties.

(f) Nonacceptance of submissions

If the administering authority or the Commission declines to accept into the record any infor-

mation submitted in an investigation or review under this subtitle, it shall, to the extent practicable, provide to the person submitting the information a written explanation of the reasons for not accepting the information.

(g) Public comment on information

Information that is submitted on a timely basis to the administering authority or the Commission during the course of a proceeding under this subtitle shall be subject to comment by other parties to the proceeding within such reasonable time as the administering authority or the Commission shall provide. The administering authority and the Commission, before making a final determination under section 1671d, 1673d, 1675, or 1675b of this title shall cease collecting information and shall provide the parties with a final opportunity to comment on the information obtained by the administering authority or the Commission (as the case may be) upon which the parties have not previously had an opportunity to comment. Comments containing new factual information shall be disregarded.

(h) Termination of investigation or revocation of order for lack of interest

The administering authority may—

- (1) terminate an investigation under part I or II of this subtitle with respect to a domestic like product if, prior to publication of an order under section 1671e or 1673e of this title, the administering authority determines that producers accounting for substantially all of the production of that domestic like product have expressed a lack of interest in issuance of an order; and
- (2) revoke an order issued under section 1671e or 1673e of this title with respect to a domestic like product, or terminate an investigation suspended under section 1671c or 1673c of this title with respect to a domestic like product, if the administering authority determines that producers accounting for substantially all of the production of that domestic like product, have expressed a lack of interest in the order or suspended investigation.

(i) Verification

The administering authority shall verify all information relied upon in making—

- (1) a final determination in an investigation,
- (2) a revocation under section 1675(d) of this title, and
- (3) a final determination in a review under section 1675(a) of this title, if—
 - (A) verification is timely requested by an interested party as defined in section 1677(9)(C), (D), (E), (F), or (G) of this title, and
 - (B) no verification was made under this subparagraph during the 2 immediately preceding reviews and determinations under section 1675(a) of this title of the same order, finding, or notice, except that this clause shall not apply if good cause for verification is shown.

(a) Establishment; extent and duration; enforcement of laws applicable to waters adjacent to customs waters

Whenever the President finds and declares that at any place or within any area on the high seas adjacent to but outside customs waters any vessel or vessels hover or are being kept off the coast of the United States and that, by virtue of the presence of any such vessel or vessels at such place or within such area, the unlawful introduction or removal into or from the United States of any merchandise or person is being or may be occasioned, promoted, or threatened, the place or area so found and declared shall constitute a customs-enforcement area for the purposes of this Act. Only such waters on the high seas shall be within a customs-enforcement area as the President finds and declares are in such proximity to such vessel or vessels that such unlawful introduction or removal of merchandise or persons may be carried on by or to or from such vessel or vessels. No customs-enforcement area shall include any waters more than one hundred nautical miles from the place or immediate area where the President declares such vessel or vessels are hovering or are being kept and, notwithstanding the foregoing provision, shall not include any waters more than fifty nautical miles outwards from the outer limit of customs waters. Whenever the President finds that, within any customs-enforcement area, the circumstances no longer exist which gave rise to the declaration of such area as a customs-enforcement area, he shall so declare, and thereafter, and until a further finding and declaration is made under this subsection with respect to waters within such area, no waters within such area shall constitute a part of such customs-enforcement area. The provisions of law applying to the high seas adjacent to customs waters of the United States shall be enforced in a customs-enforcement area upon any vessel, merchandise, or person found therein.

(b) Boarding vessels; arrest and seizure; compliance with treaty provisions; authority of Secretary of Commerce unaffected

At any place within a customs-enforcement area the several officers of the customs may go

on board of any vessel and examine the vessel and any merchandise or person on board, and bring the same into port, and, subject to regulations of the Secretary of the Treasury, it shall be their duty to pursue and seize or arrest and otherwise enforce upon such vessel, merchandise, or person, the provisions of law which are made effective thereto in pursuance of subsection (a) of this section in the same manner as such officers are or may be authorized or required to do in like case at any place in the United States by virtue of any law respecting the revenue: *Provided*, That nothing contained in this section or in any other provision of law respecting the revenue shall be construed to authorize or to require any officer of the United States to enforce any law thereof upon the high seas upon a foreign vessel in contravention of any treaty with a foreign government enabling or permitting the authorities of the United States to board, examine, search, seize, or otherwise to enforce upon such vessel upon the high seas the laws of the United States except as such authorities are or may otherwise be enabled or permitted under special arrangement with such foreign government: *Provided further*, That none of the provisions of this Act shall be construed to relieve the Secretary of Commerce of any authority, responsibility, or jurisdiction now vested in or imposed on that officer.
