**Tropical Forest Products Itauba Deck Tiles**

Tropical Forest Products offers Tropical Forest Products Itauba Deck Tiles in 24"x24" for those customers looking for a value engineered tile option.

Itauba has a walnut color very similar to Ipe with occasional spots called stones. Itauba will weather naturally to a grey patina over time if left un-finished.

The Itauba tree is a smaller tree which makes it ideal for deck tile production and has Class 1 Durability and Class A Fire Rating. Tiles are designed to span 24" at 100psf live load.
