CAPTREE STATE BOARDWALK – SUFFOLK, NY

PROJECT PROFILE

To whom it may concern,

Chesterfield Associates, Inc. has done business with Tropical Forest Products for over two decades and the relationship between us is a solid one. We have placed very large orders with Tropical Forest Products and they have come through on the lead times as promised.

The hardwood business seems to be an uncertain one and it is important to us to be able to rely on an established firm who has a strong relationship with the mills and shippers to ensure that we get our materials on time.

I am available for any questions you may have about Tropical Forest Products past performance or business ethics.

Regards,
Jeffrey E. Grube, General Manager
Chesterfield Associates, Inc.
